Item 1: Cover Page

This wrap fee program brochure provides information about the qualifications and business practices of Edward D. Jones & Co., L.P. (“Edward Jones,” “we” or “us”). If you have any questions about the contents of this brochure, please contact us at 800-803-3333. The information in this brochure has not been approved or verified by the U.S. Securities and Exchange Commission (“SEC”) or by any state securities authority. Registration with the SEC or any state securities authority does not imply a certain level of skill or training.

Additional information about Edward Jones is also available on the SEC’s website at www.adviserinfo.sec.gov.

Item 2: Material Changes

Below is a summary of material changes that have been made to this brochure since our last annual update filed March 30, 2023.

- We updated the brochure to reflect the availability of affiliated mutual funds in our Guided Solutions programs (previously only available in our Advisory Solutions programs). Please see Item 4: Services, Fees and Compensation, Item 5: Account Requirements and Types of Clients, and Appendix A for more information.
- We updated the brochure to describe financial advisors' eligibility to receive a newly available limited partnership profits interest in The Jones Financial Companies, L.L.P. and associated conflict of interest. Please see the Financial Advisor Compensation section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to reflect the availability of a new optional Tax Loss Harvesting service available to certain eligible taxable Advisory Solutions Fund accounts. Please see Item 4: Services, Fees and Compensation and Item 6: Advisory Solutions Fund Models Fund Investment Selection and Evaluation for more information.
- We updated the brochure to notify clients that beginning on or about June 2024, the Portfolio Strategy Fee will be eliminated, and a new Platform Fee will be charged on all accounts enrolled in Advisory Solutions Fund Models. Please refer to the Fees section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to reflect that on January 12, 2024, a Consent Order was executed between Edward Jones and the Pennsylvania Department of Banking and Securities, without admitting or denying the findings therein, for alleged violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 ("the 1972 Act"), 70 P.S. § 1-301(c.1)(1)(ii). Please see Item 9.A.: Disciplinary Information and Other Financial Industry Activities and Affiliations for more information.

Item 4: Services, Fees and Compensation

Edward Jones is a registered broker-dealer and investment adviser. As an investment adviser, Edward Jones offers several advisory programs. This brochure (“Brochure”) provides clients (“client,” “you” or “your”) with information about Edward Jones, Edward Jones Advisory Solutions® Fund Models (“Advisory Solutions Fund Models”), the fees charged for our services and our business practices. You should read this Brochure carefully and consult with your tax professional before you decide to invest in Advisory Solutions Fund Models.

Other advisory programs offered through Edward Jones are not described in this Brochure. These programs offer different services and investments and have different fees and minimum investment requirements. Certain programs or offerings are only available through select financial advisors. To learn more about other advisory programs offered by us, please ask your financial advisor or go to www.edwardjones.com/advisorybrochures to review the brochures for the available advisory programs. Because Advisory Solutions Fund Models is an investment advisory service offered by Edward Jones as an SEC-registered advisor, Edward Jones has a fiduciary duty to act in your best interest and to abide by the duties of care and loyalty under the Investment Advisers Act of 1940 when providing Advisory Solutions Fund Models to you. Other services you obtain through Edward Jones, including other investment advisory and brokerage services, are separate and distinct from Advisory Solutions Fund Models and each is governed by separate arrangements that we may have with you. Brokerage services are subject to different laws than investment advisory services. The specific services provided to you, our relationship with you and our legal duties to you in each arrangement are described in our applicable agreements with you and the disclosures we provide to you in connection with those services.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.L.P. (“JFC”), a holding company registered as a partnership with the State of Missouri. Edward Jones registered with the SEC as a broker-dealer in 1941 and as an investment adviser in 1993. Edward Jones became a member of the National Association of Securities Dealers (“NASD”) (now known as the Financial Industry Regulatory Authority (“FINRA”)) in 1939.

As of December 31, 2023, we managed \$289,673,344,599 in discretionary assets and \$402,574,903,909 in non-discretionary assets across all of our advisory programs.

The decision to invest in Advisory Solutions Fund Models is yours. Before making this decision, you and your financial advisor should discuss whether other programs or investments may be more appropriate for your investment goals or needs. If you decide to invest in Advisory Solutions Fund Models, we will not begin providing you advisory services until (a) our acceptance and approval of a written Client Services Agreement (“CSA”) between you and Edward Jones, and (b) funding of the account at the initial minimum investment as determined by Edward Jones.

Before investing in Advisory Solutions Fund Models, you should decide if you are comfortable delegating the day-to-day management of your account. Investors in Advisory Solutions Fund Models typically:

- Need advice and guidance when making investment decisions
- Are at ease with a financial professional making their day-to-day investment decisions
- Are willing to follow a disciplined investment strategy
- Are comfortable paying monthly, asset-based (percentage) fees for investments and advice rather than individual, transaction-based commissions or sales charges

In evaluating fee-based advisory programs, you should consider a number of factors. You may be able to obtain some or all of the same or similar investments and/or services available through this and other fee-based advisory programs separately at Edward Jones or through another broker-dealer or investment adviser.

You should consider that, depending on the circumstances, the aggregate fees you will pay for investing in Advisory Solutions Fund Models may be lower or higher than if you purchased the investments or services separately or through another broker-dealer or investment adviser.

Advisory Solutions Fund Models accounts and other advisory accounts offered through Edward Jones provide ongoing investment advice for an asset-based fee, rather than charging commissions for transactions in your account. Brokerage accounts, on the other hand, can charge commissions for transactions and typically provide investment advice that is point-in-time and solely incidental to the brokerage services provided. As a result, important factors to consider are the amount of trading activity you have in your accounts and the corresponding commissions that would be charged if you bought and sold individual securities in a brokerage account as well as the type of advice you desire. You also may experience different performance results or tax consequences from what you would by purchasing the investments separately or through another broker-dealer or investment adviser.

Additionally, some of the mutual funds managed by an affiliate of Edward Jones (“affiliated mutual funds”) are only available to be held or purchased in an Edward Jones investment advisory program and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Generally, Edward Jones prevents the purchase of certain affiliated mutual funds unless you already hold shares of those mutual funds and transfer them into your Guided Solutions account(s). However, Edward Jones, in its sole discretion, may make exceptions based on the particular facts and circumstances of your situation.

Advisory Solutions Fund Models Overview

Advisory Solutions Fund Models is a wrap fee program in which you can combine multiple investments in a single advisory

account. Advisory Solutions Fund Models will invest in various allocations of affiliated mutual funds, unaffiliated mutual funds, exchange-traded funds (“ETFs”) and unaffiliated money market funds (collectively referred to as “Eligible Investment”). Certain Eligible Investments are only available in taxable accounts.

Edward Jones selects the Eligible Investments that are available in Advisory Solutions Fund Models. Edward Jones categorizes these Eligible Investments by investment style, which we refer to as “Asset Allocation Categories.” Based on your selected portfolio objective for your Advisory Solutions Fund Models account (your “Account Portfolio Objective”), Advisory Solutions Fund Models will allocate a portion or percentage of your investments to the Asset Allocation Categories. Asset allocation cannot eliminate risk associated with investing, but it can help to keep your account within your stated risk tolerance range.

Your account will invest in one or more affiliated mutual funds, which consist of the Bridge Builder family of mutual funds (“Bridge Builder Funds”) and the Edward Jones Money Market Fund (“Money Market Fund”). Please read this Brochure carefully to understand the differences between affiliated mutual funds and unaffiliated mutual funds, including additional conflicts of interest that Edward Jones is subject to in connection with recommending affiliated mutual funds and how such conflicts are addressed.

Bridge Builder Funds and the Money Market Fund are affiliated with Edward Jones. The Edward Jones Money Market Fund, however, is not available to purchase as an Eligible Investment for Advisory Solutions Fund Models. However, cash balances awaiting investment or reinvestment in your account will be automatically swept into the Edward Jones Money Market Fund, where they will be held until invested in an Eligible Investment. The portion of your Advisory Solutions Fund Models account that is invested in the Edward Jones Money Market Fund will be included in the calculation of your Advisory Solutions Fund Models Fee (defined below). Please refer to Appendix A for more information about the Edward Jones Money Market Fund.

Your asset allocation may include a cash allocation held in the Money Market Fund through the cash sweep feature described above and/or invested in a third-party money market fund. In certain instances, such as instances of market volatility or uncertainty, Edward Jones may determine to increase the amount of cash you hold in your portfolio. The portion of your Advisory Solutions Fund Models account that is held in cash will be included in the calculation of your Advisory Solutions Fund Models Fee.

Some Eligible Investments are sustainable investments that are categorized as environmental, social and governance (“ESG”) investments or values-based investments. Sustainable investments have subjective qualities and characteristics and may or may not align with your beliefs, values, or desired investment performance. Please contact your financial advisor if you are interested in learning more about sustainable investments available in Advisory Solutions Fund Models and the associated risk.

We can make changes to the list of Eligible Investments at any time and can change the amount of your money that is invested in the different Asset Allocation Categories. We can also add and remove Asset Allocation Categories at any time without prior notice. These additions or removals could result in the purchase or sale of an Eligible Investment in your account. Liquidations may cause a taxable event as well as redemption fees, if applicable.

There is no guarantee that the Eligible Investments will perform in any particular manner. Details about the mutual funds and/or ETFs in your account can be found in the prospectus, statement of additional information (“SAI”) and shareholder reports for each mutual fund and ETF (collectively, “Fund prospectus and other fund documents”). It is important that you read these documents before investing. Investment restrictions may prevent or limit the purchase or continued purchase of certain Eligible Investments. Situations include but are not limited to restrictions that prevent purchases of an Eligible Investment and restrictions that only permit current holders of the Eligible Investment to continue making purchases, subject to parameters set forth by Edward Jones.

Account Portfolio Objective. In order to invest in Advisory Solutions Fund Models, you will complete a Client Profile that contains important information about your account, which generally includes either your goal or purpose for investing and your investment time horizon, risk tolerance and other financial information.

Your time horizon will reflect the expected time frame over which you plan to invest (and potentially withdraw) your assets to achieve your investment goal or purpose. Time horizon is expressed as either your life stage or the number of years you plan on accumulating and/or distributing your assets.

If your account is not assigned to a goal established at Edward Jones, then we will recommend an Account Portfolio Objective for your account based upon the level of investment risk you are willing to take (your risk tolerance or comfort with risk) and the expected time horizon for your investments. If your account is assigned to a goal established at Edward Jones, then we will recommend that you select an Account Portfolio Objective that is appropriate for the portfolio objective you selected for your goal (your “Goal Portfolio Objective”).

You may choose an alternative Account Portfolio Objective if you are willing to take more or less risk than the recommended Account Portfolio Objective. You ultimately decide whether you want to select the recommended Account Portfolio Objective or an alternative Account Portfolio Objective, if available.

Account Portfolio Objectives in Advisory Solutions Fund Models currently include:

All-Equity Focus: This portfolio objective offers the highest long-term growth and rising dividend potential. It focuses on long-term capital appreciation and provides very little to no current interest income. It also has the highest level of risk, as it contains only equity investments.

Growth Focus: This portfolio objective emphasizes higher long-term growth and rising dividend potential, while providing modest current interest income. Over the long term, it should have higher risk than portfolios with a more income-oriented objective.

Balanced toward Growth: This portfolio objective emphasizes higher long-term growth and rising dividend potential, with a secondary goal of current interest income. Over the long term, it should have moderate to higher risk.

Balanced Growth & Income: This portfolio objective has a balanced emphasis between current interest income and long-term growth with rising dividend potential. Over the long term, it should have moderate risk.

Balanced toward Income: This portfolio objective emphasizes current interest income while providing modest long-term growth and rising dividend potential. Over the long term, it should have lower to moderate risk.

Income Focus: This portfolio objective emphasizes current interest income with little long-term growth and rising dividend potential. Over the long term, it should have lower risk than portfolios with a more growth-oriented objective.

Edward Jones constructs the asset allocation for each Account Portfolio Objective using different target weightings of Asset Allocation Categories, taking into account risk tolerance, time horizon and the purpose of investing funds into Advisory Solutions Fund Models. Edward Jones is solely responsible for determining, and periodically reviewing, the Asset Allocation Category targets and ranges.

Due to various influences, such as changing market conditions, we may change the asset allocation or target weighting of an Account Portfolio Objective. If we change the asset allocation or target weighting, we will automatically rebalance your account to align with the new asset allocation or target weighting.

Once you have selected your Account Portfolio Objective, you select either a Research Model or construct a Custom Model that is consistent with your chosen Account Portfolio Objective. You can choose one of the following two investment options:

1. You invest in a defined or personalized Research Model and give Edward Jones authority to select the Eligible Investments.

In a Research Model, you give Edward Jones complete control over the management of your account (except for selecting or changing your Account Portfolio Objective). Edward Jones offers two types of Research Models: defined Research Models and personalized Research Models. In both defined Research Models and personalized Research Models, your portfolio will align with the Account Portfolio Objective you select.

A defined Research Model is pre-constructed by Edward Jones using Eligible Investments and invests your money into pre-determined percentages (target weightings) across different Asset Allocation Categories. A select list of Eligible Investments is used to construct defined Research Models.

In a personalized Research Model, Edward Jones considers factors unique to your situation such as your existing assets and their respective characteristics, potential capital gains and losses, and the characteristics of the overall portfolio to create a recommended portfolio from a broader list of Eligible Investments than the Eligible Investments used in defined Research Models and invests your money across different Asset Allocation Categories. A broader list of Eligible Investments is used to maximize incorporation of these factors while also balancing performance expectations in creating your recommended portfolio. As a result, the performance of your personalized Research Model could be better or worse than a defined Research Model you could otherwise select. Please contact your financial advisor to learn more about personalized Research Models, including their availability.

With all Research Models, we can make changes to the Eligible Investments at any time and can change the amount of your money that is invested in the different Asset Allocation Categories at any time without first giving you notice.

If your account is taxable, changes will cause transactions in the account, and these transactions will have tax consequences.

If you select a Research Model, Edward Jones has ongoing discretion regarding the Eligible Investments, asset allocation and rebalancing of your account pursuant to your chosen Account Portfolio Objective. We can remove and/or add an Eligible Investment(s) to your Research Model at any time without prior notice. If you do not wish to invest in a specific Eligible Investment(s), you must invest in a Custom Model.

2. You invest in a Custom Model and select the Eligible Investments.

If you select a Custom Model, you are responsible for choosing Eligible Investments and setting your Asset Allocation Category and target percentages within the ranges that Edward Jones has deemed acceptable for your Account Portfolio Objective. In addition, Edward Jones may, in our sole discretion, implement guidelines and/or restrictions as to the minimum and maximum number of Eligible Investments that can be held in an account at any one time, and the minimum and maximum percentage allocations to those investments held in a Custom Model.

Where Edward Jones, in our sole discretion, deems appropriate, it may deviate from the weighting ranges within a particular Account Portfolio Objective and create a Custom Model with different weighting ranges that is appropriate for a specific subset of clients within that Account Portfolio Objective. If you elect such a Custom Model, you will be expected to set Asset Allocation Category and Eligible Investments targets within the range that Edward Jones designates for that portfolio, rather than the ranges designated under the Account Portfolio Objective.

Due to various influences, such as changing market conditions, a reclassification of an Eligible Investment to a different Asset Allocation Category or a change in the securities underlying an Eligible Investment, we may change the Asset Allocation Category or Eligible Investment weighting within an Account

Portfolio Objective. If such changes conflict with your current investment selections or your chosen Asset Allocation Category or Eligible Investment targets, we will, when possible, provide you thirty (30) days' notice to modify your selection. If you do not update your selections within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice, we may trade Eligible Investments within your account, or change your Asset Allocation Category or investment targets, to bring your account back into alignment with your chosen Account Portfolio Objective. If your account is taxable, such changes will cause transactions in the account, and these transactions may have tax consequences.

If you select a Custom Model, you may not be able to purchase certain Eligible Investments in your Advisory Solutions Fund account. For example, certain mutual funds that are Eligible Investments may be closed to new accounts.

If an Eligible Investment is removed from the list of Eligible Investments for any reason, the Eligible Investment can no longer be held in your account. If we remove an Eligible Investment, we will, when possible, provide you thirty (30) days' notice and recommend another appropriate Eligible Investment (which may include affiliated mutual funds). You can choose our recommendation or another Eligible Investment from the list of Eligible Investments in the same Asset Allocation Category as the Eligible Investment being removed. If you do not select an appropriate Eligible Investment replacement within 30 days (or such shorter or longer time as may be determined at the discretion of Edward Jones) of such notice, we will liquidate the Eligible Investment being removed and use the recommended Eligible Investment as the replacement. Liquidations may cause a taxable event as well as redemption fees, if applicable.

In scenarios where an Eligible Investment changes due to fund restructuring, a spinoff, a merger, or something similar, including where such activity involves in-kind purchases or redemptions of Eligible Investments, Edward Jones has the authority to buy, sell, add or remove one or more Eligible Investments in its discretion to appropriately align your account with your selected Account Portfolio Objective and Asset Allocation Categories. This may require liquidating shares of the Eligible Investment(s) experiencing changes and/or purchasing shares of a different Eligible Investment(s). Liquidations may cause a taxable event as well as redemption fees, if applicable.

Until such Eligible Investment designated for removal is removed from your account, there is a possibility that additional shares of that Eligible Investment may be purchased. Such purchase(s) may occur in a number of instances including, but not limited to, when assets are added to your account or a rebalancing occurs. The purchase of additional shares of such Eligible Investment and the eventual mandatory removal of such shares may result in a taxable event.

The replacement Eligible Investment may be subject to higher internal expenses than the prior investment.

You cannot restrict individual securities in an Advisory Solutions Fund Models account. However, you can choose not to invest in a specific Eligible Investment by investing in a Custom Model.

Brokerage Services. Advisory Solutions Fund Models trades are typically executed through Edward Jones as a broker-dealer. You cannot request that your orders be executed through another broker-dealer. Not all investment advisers require their clients to execute their trades through a certain broker-dealer as we do.

Advisory Solutions Fund Models trades are often aggregated. This means that trades for your account are combined with other client accounts, including accounts for Edward Jones associates, and executed in a single trade or series of trades. Once the trade is executed, it is then allocated to your account in the proper amount. Trade aggregation is done to increase operational efficiencies and allows us to keep trading costs down. If we did not aggregate trades, the Program Fee could potentially be higher.

Eligible Investment trades that are aggregated are executed each trading day at times determined by Edward Jones. If an Eligible Investment trade is made after the last designated trade aggregation cutoff time, it will be executed on the next business day. You may not receive the same price as trades executed the prior trading day. As a result, trade aggregation may affect the price you pay for an Eligible Investment in your account. ETF trades will be rounded to the nearest whole share. If there is not sufficient cash or assets invested in a money market fund to cover rounding, Edward Jones is authorized to sell a sufficient amount of assets held in your account to purchase a whole ETF share. Such transactions will be effected without regard to tax consequences.

You may have to pay redemption fees to a mutual fund company if those mutual fund shares were held for only a short time. (See below for more information on redemption fees.)

Custom Models trades are not aggregated with Research Models trades when we remove an Eligible Investment from the list of Eligible Investments. Because Custom Models are typically given notice and time to select an Eligible Investment replacement other than the recommended Eligible Investment, Custom Models will normally trade after Research Models. As a result, trades placed in the same Eligible Investment may execute at different prices when purchased in Research Models versus Custom Models.

Trade Allocation. From time to time, the volume and/or number of trades that must be executed for Advisory Solutions Fund Models accounts may exceed Edward Jones' operational and technological capacities if these trades are made on a single day. This may occur if Edward Jones is removing an Eligible Investment from the list of Eligible Investments, if a large number of accounts need to be rebalanced, or by request of the manager of an Eligible Investment. In order to maintain the orderly processing of trades and to minimize the incidence of errors, Edward Jones may decide to allocate trades over an extended period of time. This may result in clients receiving different prices during such events. However, Edward Jones' allocation process

is designed to be fair and equitable over time through the use of a random allocation process conducted prior to trade execution.

In addition, if the volume or size of redemptions required to be effected as a result of the removal of an Eligible Investment from the list of Eligible Investments or the rebalancing of a large number of accounts exceeds the limits set forth in the Eligible Investment's trading policies and procedures, the Eligible Investment may exceed the standard settlement period to process redemptions or may redeem positions in-kind. In such circumstances, client assets may not be fully invested and may be subject to market risk between the redemption date and the reinvestment of the assets. Alternatively, Edward Jones may rely on the allocation process described above to effect the redemptions over time in a manner consistent with the limits set forth in the Eligible Investment's trading policies and procedures.

Trading in Advisory Solutions Fund Models is subject to the trading policies and restrictions determined by Edward Jones. Edward Jones exercises time and price discretion for all trades.

Trade Errors. In certain circumstances, trade errors may occur in your account. When a trade error occurs that is caused by the actions of Edward Jones, we will work to promptly correct the error while ensuring your account is not disadvantaged.

It is Edward Jones' policy to use an Edward Jones error account to correct trades. This may result in there being trades placed between your account and an Edward Jones error account. If the process of resolving trade errors results in a net gain in the error account, as accrued and calculated on a periodic basis, we will donate the amount of such gain to charities chosen by Edward Jones.

Tax Loss Harvesting. Edward Jones offers an optional Tax Loss Harvesting ("TLH") service that reviews Eligible Investments in certain eligible taxable accounts, on a quarterly basis, for opportunities to realize capital losses. Using trading thresholds, Edward Jones will sell a security with a loss ("Harvestable Security") and use the proceeds to purchase a different security ("Replacement Security") that will maintain the asset allocation pursuant to your chosen Account Portfolio Objective. The Replacement Security will have a similar risk profile as the Harvestable Security, as determined in Edward Jones' sole discretion. Edward Jones' use of Replacement Securities seeks to avoid triggering a wash sale within the meaning of the Internal Revenue Code of 1986, as amended, and accompanying regulations ("Tax Law"); however, there is no assurance regarding how the Internal Revenue Service ("IRS") would view these transactions. The wash-sale rule provides that a tax loss will be disallowed if a person buys the same security, a contract or option to buy the security, or a "substantially identical" security, within 30 days before or after the date they sold the loss-generating security (a 61-day period). Once the 61-day wash sale period has expired, Edward Jones will typically sell the Replacement Security, and then reinvest the proceeds back into the Eligible Investments in your account in accordance with your selected Account Portfolio Objective. Please contact your financial advisor to learn more about the TLH service, including its availability.

TLH Eligibility. The TLH service applies to Eligible Investments in an eligible taxable account ("Eligible TLH Account") within Advisory Solutions Fund Models. Although there are no required investment minimums for eligibility to elect the TLH service, your Advisory Solutions Fund Models Account that has been designated for the TLH service must continue to meet the minimum requirements to remain in the Advisory Solutions Fund Models program as described in this Brochure. Any authorized account holder may elect the TLH service for an Eligible TLH Account without the authorization of the other joint account holder(s). Similarly, any account holder may opt-out of the TLH service without the authorization of the other joint account holder(s) at any time by contacting their financial advisor.

The TLH service will exclude Eligible Investments with missing cost basis information or those Eligible Investments that do not have an alternative Replacement Security to tax loss harvest. Similarly, the TLH service will not be available to accounts that are not active or have certain restrictions in place. Any purchase or sale of Eligible Investments to rebalance your account to the target asset allocation by Edward Jones as part of a model trade will take precedence over the TLH Service.

TLH Enrollment. The timing of your enrollment will determine when your Eligible TLH Account will be initially reviewed for tax loss harvesting opportunities. Edward Jones does not guarantee that your Eligible TLH Account will be reviewed for tax loss harvesting opportunities in the same calendar quarter that you enroll for the TLH service. You may opt in or opt out of the TLH service at any time by contacting your Financial Advisor.

TLH Limitations. Edward Jones will not take into consideration securities held in other investment advisory or brokerage accounts at Edward Jones (including other Advisory Solutions Fund Models Account(s), if applicable), or other financial institutions (if applicable) when providing the TLH service. Therefore, transactions in other investment advisory or brokerage accounts at Edward Jones or other financial institutions can affect whether a capital loss that is harvested in the Eligible TLH Account will benefit the client. Accordingly, it is the client's responsibility to monitor any other accounts at Edward Jones or other financial institutions to avoid any wash sales. You should consult your tax and/or legal advisor prior to selecting the TLH service, as well as on an ongoing basis, to determine whether the wash sales rule or other tax rules apply to the trading activity in your Eligible TLH Account or in other investment advisory or brokerage accounts at Edward Jones or other financial institutions, if applicable.

TLH Frequency and Implementation. For the account(s) for which you have opted in to the TLH service, we will review Eligible Investments for capital losses on a quarterly basis. In certain circumstances (for example, if market conditions present an opportunity), we may, in our sole discretion, review and/or conduct harvesting more than once in a calendar quarter. Alternatively, we may, in our sole discretion, postpone or not conduct tax loss harvesting if, for instance, market volatility is causing excessive market movement that may impact the results of harvesting or in situations where we determine harvesting is

not appropriate. As a result, Edward Jones makes no guarantees regarding the frequency and/or timing of tax loss harvesting and will not be liable for any tax consequences, losses, or missed opportunities arising from our decisions whether to review your account(s) or conduct harvesting. Each TLH service event is pursuant to trading thresholds as established by Edward Jones through its TLH service (which include, but are not limited to minimum trade amounts, minimum loss percentages and maximum portfolio turnover percentages) and are subject to change without notice to the client. The date Edward Jones reviews your Eligible TLH Account for tax loss harvesting opportunities may not align with, or be changed for, market events that may impact, even significantly, the value of the Eligible Investments in your account. Therefore, not all losses will be realized. You will not be notified before tax loss harvesting occurs.

Edward Jones Reserve Line of Credit. Certain Advisory Solutions Fund Models non-retirement accounts may be eligible to serve as collateral in support of securities-based loans offered by Edward Jones SBL, LLC (the “Lender”), a non-investment adviser, non-bank affiliate of Edward Jones. The securities-based lending offering is called the Edward Jones Reserve Line of Credit (“Reserve Line”). The terms and conditions applicable to the Reserve Line are governed by the Edward Jones Reserve Line of Credit Agreement (“Reserve Line Agreement”) and are not included in this Brochure. Client “Obligations” (as that term is defined in the Reserve Line Agreement) are collateralized by the pledged account and the assets, including securities, within that account. If your Advisory Solutions Fund Models account is used as collateral to take an advance under the Reserve Line (a “Reserve Line Advance”), your account and assets within it are pledged to support your Obligations and you will not be permitted to withdraw securities or funds from your account unless sufficient collateral remains to support your Obligations as required under the Reserve Line Agreement. The availability of the Reserve Line will depend on whether the Lender is authorized to extend credit in the state where you reside, the value of the assets, including securities held in the pledged accounts and the eligibility guidelines set forth in the Reserve Line Agreement. The Lender at its sole discretion may refuse a request for a Reserve Line Advance. Reserve Line Advances may be used for personal and business purposes but may not be used for the purpose of purchasing securities or reducing or retiring any indebtedness incurred to purchase securities.

Before making the decision to take a Reserve Line Advance, it is important you understand the terms and conditions of the Reserve Line Agreement; the risks and costs associated with taking a Reserve Line Advance; and how the performance of your Advisory Solutions Fund Models account may be negatively affected. Please review the Reserve Line Agreement for a discussion of the risks as well as the “Reserve Line Risk” section below before taking a Reserve Line Advance. The Reserve Line Agreement also includes a discussion of the costs of these advances. You will pay interest charges on a Reserve Line Advance to the Lender, which are separate from, and in addition

to, the Advisory Solutions Fund Models Fee (defined below) you pay us. Before taking out a Reserve Line Advance, first evaluate the intended duration of the advance and your other options, including alternative loan options or liquidating securities. It is our view that the use of securities-based lending is most appropriate when short in duration. The costs of a Reserve Line Advance, including interest charges, and Advisory Solutions Fund Models Fee may be greater than the income generated by your Advisory Solutions Fund Models account and, as a result, your account’s value may decrease. To the extent that a “Maintenance Call” (as that term is defined in the Reserve Line Agreement) is triggered in connection with your Reserve Line and the Lender instructs us to liquidate any pledged collateral, we will act solely in our capacity as a broker-dealer and not as an investment adviser.

Moreover, in causing the liquidation and sale of such pledged collateral to satisfy a Maintenance Call, the Lender will prioritize its interests over your interests. Edward Jones is obligated to adhere to this order of prioritization, thus Edward Jones will address the Lender’s interests before your interests, and further, we will prioritize our interests before your interests. To learn more about the Reserve Line offering and its availability, please contact your Financial Advisor.

Custody. Assets in your account are held at Edward Jones as broker-dealer. However, if you have entered into an IRA Custodial Agreement with Edward Jones Trust Company (“EJTC”), assets in your IRA will be held at EJTC. EJTC has delegated its duties and responsibilities as a custodian to Edward Jones, as sub-custodian.

As custodians, Edward Jones and EJTC are responsible for:

- Safekeeping your funds and securities
- Collecting dividends, interest and proceeds from any sales
- Disbursing funds from your account

Edward Jones (as broker-dealer) will provide all accounts with written trade confirmations of securities transactions and account statements for each month there is activity in the account. You can waive the right to receive certain trade confirmations; however, you will still receive mutual fund and ETF prospectuses, when applicable. If EJTC is the custodian, the account statement will be sent by Edward Jones on behalf of EJTC.

Please review your account statements carefully and notify us immediately if you detect an error or a discrepancy.

Investment and Trading Discretion. When you decide to invest in Advisory Solutions Fund Models, you will sign a CSA indicating that you agree to all of its terms and conditions. You cannot change or amend the CSA in any way. By signing the CSA, you give Edward Jones discretionary investment and trading authority over your account. You do not give us the authority to choose or change your Account Portfolio Objective.

The discretionary investment and trading authority you give to Edward Jones to manage your assets on a discretionary basis by buying and selling investments for your account whenever deemed appropriate and without your approval of each transaction, includes but is not limited to:

- Selecting the Eligible Investments for your account;
- Removing Eligible Investments from the list of Eligible Investments and your account;
- Replacing an Eligible Investment in your account with another recommended Eligible Investment (which may include affiliated mutual funds and unaffiliated mutual funds);
- Where circumstances require, utilizing an affiliated transition fund, which is a short-term investment vehicle, to facilitate an Eligible Investment replacement. The decision to use a transition fund is solely in our discretion;
- Determining the asset allocations and changing an asset allocation at any time;
- Adding and removing Asset Allocation Categories, which could result in the purchase or sale of Eligible Investments;
- Using discretion as to the time Edward Jones will make a trade in your account and the price we will pay for investments in accordance with our obligation of best execution;
- Aggregating trades;
- Investing funds and reinvesting all dividends and proceeds earned by your account into Eligible Investments;
- Automatically buying and selling Eligible Investments to rebalance your account to the target asset allocation when determined necessary by Edward Jones;
- Deducting cash or selling money market shares and other assets for Program Fees and deducting the proceeds from your account to pay Edward Jones your Advisory Solutions Fund Models Fee;
- Determining the appropriate mutual fund share classes for Advisory Solutions Fund Models, which may not be the lowest- priced share class available in the particular mutual fund;
- Exchanging mutual fund shares into another mutual fund share class;
- Terminating your CSA at any time;
- Liquidating the Eligible Investments in your account if your CSA is terminated;
- Converting mutual fund shares from an existing share class to a share class available outside of your Advisory Solutions Fund Models account if your CSA is terminated; and
- Implementing any reasonable restrictions.

The discretionary investment and trading authority you give to Edward Jones can be exercised by us at any time and without prior notice to you.

Termination of Advisory Solutions Fund Models Services.

You or Edward Jones may terminate your participation in Advisory Solutions Fund Models at any time without any advisory termination fee. While oral instructions to terminate your participation in Advisory Solutions Fund Models are generally acceptable, Edward Jones, in our sole discretion, may require

written notice in order to terminate Advisory Solutions Fund Models advisory services for your account.

Upon notice of termination of your Advisory Solutions Fund Models services, Edward Jones will no longer act as an investment adviser and will not be obligated to recommend any action with regard to the assets in your account, but you may instruct us to sell the securities or transfer the securities to another Edward Jones account or a third-party account.

In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Advisory Solutions Fund Models account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class or liquidate the shares when transferring mutual funds. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Bridge Builder Funds are only available to be purchased or held in Edward Jones' advisory programs and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Accordingly, any positions in Bridge Builder Funds will be liquidated when you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. The Edward Jones Money Market Fund is generally unavailable to be purchased or held outside of Edward Jones' advisory programs. Accordingly, in many situations, any position in the Edward Jones Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution.

Taxable gains, taxable losses, redemption fees or sales charges may be assessed upon the liquidation or redemption of securities. These fees and expenses may negatively impact your investment performance.

If you request the assets in your account to be liquidated, proceeds from the sale of your securities will be available upon settlement of the trades generated to complete the liquidation.

Account liquidation may cause a taxable event as well as additional fees and expenses.

Upon notice of termination, if you fail to instruct Edward Jones as to the disposition of assets in your account, your account's services will be significantly limited ("Limited Services Account"). We will no longer act as a fiduciary to your account, and you can no longer rely on us to provide advisory services to your account.

You will be able to receive distributions, liquidate securities, and withdraw funds from your Limited Services Account, but you will not be able to purchase new securities or add to existing positions (except for money market funds). Any transactions will be subject to fees, commissions, and sales charges applicable to Edward Jones brokerage accounts.

If you terminate your participation in Advisory Solutions Fund Models and do not instruct us to transfer the assets in your Advisory Solutions Fund Models account to another Edward Jones account that is eligible for the Reserve Line, the Reserve Line (if any) associated with your Advisory Solutions Fund Models account will be terminated by the Lender and all outstanding Obligations will immediately be due and payable. The Lender may instruct us to liquidate securities or assets pledged as collateral (without notice to you) in an amount sufficient to satisfy outstanding Obligations. Edward Jones will act solely in its capacity as a broker-dealer in connection with any such instruction, not as an investment adviser. Please see the Reserve Line Agreement for additional information.

Fees

Every Advisory Solutions Fund Models account pays asset-based fees (referred to as your “Advisory Solutions Fund Models Fee”). Your Advisory Solutions Fund Models Fee includes a Program Fee and a Portfolio Strategy Fee, if applicable, less any applicable fee reduction and/or fee offset (as discussed more fully below). Beginning on or about June 2024, the Portfolio Strategy Fee will be eliminated from Advisory Solutions. On or around the same time, a new Platform Fee will be effective. Please see below for additional information.

In addition to your Advisory Solutions Fund Models Fee, Eligible Investments, including ETFs, affiliated mutual funds and unaffiliated mutual funds in your account, have internal fees and expenses that are described in the prospectus of each fund. These internal fees and expenses vary depending on the particular Eligible Investment.

The following section explains:

- The fees and expenses
- How the fees and expenses are calculated and paid
- Potential fee reductions and offsets you may receive from Edward Jones

The Program Fee

Every Advisory Solutions Fund Models account is charged a Program Fee for certain investment advisory services, including initial and ongoing analysis of your investment needs and objectives; periodic consultations; ongoing evaluation and selection of investments for this program; Edward Jones’ ongoing investment policy guidance and services to keep your account aligned with such guidance; periodic performance reporting; custody and transaction execution services and other related services as described in this Brochure.

Program Fee Schedule

Value of Assets in Account		Annual Fee Rate
First	\$250,000	1.35%
Next	\$250,000	1.30%
Next	\$500,000	1.25%
Next	\$1,500,000	1.00%
Next	\$2,500,000	0.80%
Next	\$5,000,000	0.60%
Over	\$10,000,000	0.50%

The Portfolio Strategy Fee

Except as noted below, a Portfolio Strategy Fee will be charged for discretionary services, including but not limited to, discretionary management of your portfolio model, including services related to model portfolio construction, active model management and other related discretionary services provided by Edward Jones home office or third-party partners. Benefit Plan accounts (defined below) participating in Advisory Solutions Fund Models prior to June 1, 2018, do not pay the Portfolio Strategy Fee. Beginning on or about June 2024, the Portfolio Strategy Fee will be eliminated, and a Platform Fee will be effective. Please see below for additional information.

Portfolio Strategy Fee Schedule

Value of Assets in Account		Annual Fee Rate
First	\$250,000	0.09%
Next	\$250,000	0.09%
Next	\$500,000	0.08%
Next	\$1,500,000	0.07%
Next	\$2,500,000	0.06%
Next	\$5,000,000	0.05%
Over	\$10,000,000	0.05%

Platform Fee (Beginning on or about June 2024)

Beginning on or about June 2024, a Platform Fee will also be charged on all accounts enrolled in Advisory Solutions Fund Models for the support and maintenance of accounts on the Edward Jones' investment advisory platform, such as trading and risk tools, training and education, and ongoing platform development. This fee will be in addition to the Program Fee.

Platform Fee Schedule

Value of Assets in Account		Annual Fee Rate
First	\$250,000	0.05%
Next	\$250,000	0.05%
Next	\$500,000	0.04%
Next	\$1,500,000	0.03%
Next	\$2,500,000	0.02%
Next	\$5,000,000	0.01%
Over	\$10,000,000	0.00%

How the Advisory Solutions Fund Models Fee Is Calculated

The Advisory Solutions Fund Models Fee is based on the market value of all assets held in your account, including cash, cash equivalents, shares of third-party money market funds and shares of the Edward Jones Money Market Fund. Reserve Line Advances, if any, do not reduce the market value of your account for the purposes of calculating the Advisory Solutions Fund Models Fee. The Advisory Solutions Fund Models Fee is comprised of fees assessed at annual fee rates (shown above), payable monthly in arrears. As the value of the assets in your account increases or decreases, you are charged according to the applicable tiered fee schedules set forth above.

The fees assessed by Edward Jones will reduce your account's overall returns and performance.

The Advisory Solutions Fund Models Fee is charged to your account each month in arrears. If your account is open for part of a month, then your Advisory Solutions Fund Models Fee will be based on the number of days your account was open and invested in the market. The amount you pay is determined by the average daily market value of the assets held in your account for the previous month.

All Advisory Solutions Fund Models accounts are subject to a \$10 minimum monthly fee. In the event that you are charged a \$10 minimum monthly Advisory Solutions Fund Models Fee, the effective fee rate based on the existing value of assets held in your account may be greater than the highest annual fee rates combined in each of the schedules (shown above).

Pricing Groups

To determine your Program Fee rate, Portfolio Strategy Fee rate and, when applicable, Platform Fee rate, your account may be grouped with your other Edward Jones advisory accounts or the Edward Jones advisory accounts of people related to or close to you who meet the criteria below that are held in the same Edward Jones branch in what we refer to as a Pricing Group. Your Portfolio Strategy Fee rate (if applicable) is determined based on the value of the Advisory Solutions accounts in your Pricing Group. Each account can only be in one Pricing Group, and we will disclose to you the accounts making up your Pricing Group upon request. Other members of the Pricing Group will receive the same disclosure upon request.

Your Pricing Group is based on the following criteria:

1. Your single, joint, custodial, owner-only 401(k) plan and IRA accounts are grouped together if they are registered at the same address and share one or more of the following: (a) the same last name, (b) the same Social Security number, or (c) the same Edward Jones Relationship Group. (If you have worked with your financial advisor to group your account with other accounts for the purpose of planning and establishing financial goals, that is a Relationship Group. Your Relationship Group may be the same as your Pricing Group. Please contact your financial advisor if you have any questions about your Relationship Group.)
2. Your revocable trust accounts are grouped with your single, joint, custodial, owner-only 401(k) plan, IRA or other revocable trust accounts if they are registered at the same address and use the same tax ID number for tax reporting.
3. Your association, church, corporation, estate, irrevocable trust, LLC, partnership and sole proprietorship accounts are grouped with other accounts of the same type if they are registered at the same address and use the same tax ID number for tax reporting. These types of accounts will be grouped with each other but not with other account types.

Additionally, accounts that do not meet the above criteria with your account, but that meet the above criteria with another person's account in your Pricing Group, will be added to your Pricing Group. Please contact your financial advisor if you have questions about your Pricing Group.

In addition, the Program Fee and/or Portfolio Strategy Fee may be lower than the above schedules in the following circumstances:

- Either Edward Jones or your financial advisor negotiates a lower Program Fee;
- You are an active or retired associate of Edward Jones; or
- You are a member of an active or retired associate's Pricing Group.

Reducing the Program Fee and/or Portfolio Strategy Fee is at the sole discretion of Edward Jones.

Potential Fee Reductions or Offsets to the Program Fee

Depending on certain factors, you may be eligible to receive fee reductions or offsets to your Program Fee, as described below.

Fee Reductions

If your Advisory Solutions Fund Models account is funded from an Edward Jones account that incurred commissions or redemption fees within a preceding period, as established by Edward Jones, the Program Fee may be reduced for up to twenty-four (24) full months in which the account is active in Advisory Solutions Fund Models. The amount of the fee reduction will depend on the type of security held, timing of trade activity for the security or other characteristics of the account activity in the previous Edward Jones account. Ask your financial advisor for additional information about potential fee reductions. Any fee reductions will be applied in accordance with policies established by Edward Jones, which may be amended from time to time. If you close your account in Advisory Solutions Fund Models before receiving the entire fee reduction, you will not receive any of the remaining fee reduction that may have been available for your account.

If you are selling securities to invest in Advisory Solutions Fund Models but did not purchase them through Edward Jones, you will not receive a fee reduction.

Fee Offsets

Rule 12b-1 Fees: Some mutual fund companies or their affiliates pay Edward Jones Rule 12b-1 fees for distribution and marketing expenses. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive Rule 12b-1 fees for the shares in your account, we will credit the amount received to your account.

Shareholder Accounting Revenue: Some mutual fund companies pay Edward Jones for account recordkeeping and administrative services provided by Edward Jones for the mutual fund companies. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive shareholder accounting fees for the shares in your account, we will credit the amount received to your account.

Affiliated Mutual Funds: If your account invests in affiliated mutual funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones. Affiliated mutual funds, other than the Edward Jones Money Market Fund, consist of Bridge Builder Funds and will be sub-advised by multiple sub-advisers who are unaffiliated with Edward Jones. Refer to Appendix A which contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones Money Market Fund: JFC directly owns 100% of Olive Street Investment Advisers, LLC ("Olive Street"), the adviser of the Edward Jones Money Market Fund. Olive Street, and its affiliate, Edward Jones, receive various revenues related to assets in the Fund (collectively, "Money Market Revenue"). Appendix A includes a detailed discussion of our Money Market Revenue. For any account investing in the Edward Jones Money

Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

How the Advisory Solutions Fund Models Fee Is Paid

The Advisory Solutions Fund Models Fee is deducted directly from your account and paid using the cash portion of the portfolio in which you are invested, which may include cash or assets invested in a money market fund. If there is not sufficient cash or assets in the money market fund, we are authorized to sell a sufficient amount of assets to pay the Advisory Solutions Fund Models Fee. If Edward Jones sells assets, this may trigger a rebalance of your account. Such transactions will be effected without regard to tax consequences. You may have to pay redemption fees to a fund company if those shares were held only for a short time. (See below for more information on redemption fees.) Trades as a result of a liquidation of an Eligible Investment in a taxable account may result in a taxable event. At the sole discretion of Edward Jones, you may be allowed to pay your Advisory Solutions Fund Models Fee from an alternate Edward Jones account.

Internal Fees and Expenses of Mutual Funds and ETFs, Including Redemption Fees

Each Eligible Investment (including affiliated mutual funds, if any) has internal management fees and ongoing expenses that are deducted from the Eligible Investment's assets, which has the effect of reducing the fund's net asset value ("NAV"). Many Eligible Investments used in Advisory Solutions Fund Models have different share classes with different fees and expenses. The prospectus for each Eligible Investment will describe the internal fees and expenses. Please refer to Item 6 below for more information regarding the selection of Eligible Investments for Advisory Solutions Fund Models.

Internal fees and expenses are in addition to the Advisory Solutions Fund Models Fee described above and vary depending on the particular Eligible Investment. You will not see a separate entry on your account statement showing these fees and expenses.

Certain mutual funds may also impose redemption fees if shares of the mutual fund are held for only a short time (typically anywhere from less than thirty (30) days to twelve (12) months). The prospectus and SAI will describe whether the mutual fund has a redemption fee and whether there are instances when the redemption fees will be waived.

Any internal fees and expenses charged by an Eligible Investment will reduce your account's overall returns and investment performance.

Other Fees and Expenses Not Included in the Advisory Solutions Fund Models Fee

In addition to the Advisory Solutions Fund Models Fee described above, clients may incur other fees and expenses. You will pay interest charges on a Reserve Line Advance, if applicable, to the

Lender, as set forth in the Reserve Line Agreement, which are separate from, and in addition to, the Advisory Solutions Fund Models Fee you pay us. You may pay for other services including, but not limited to, fees to distribute an account pursuant to a transfer on death agreement, estate service fees, an account transfer fee and/or an account termination fee.

Also, the Advisory Solutions Fund Models Fee does not cover the following (if applicable to your account): transfer taxes; electronic fund, wire and other account transfer fees; internal fees and expenses incurred by mutual funds (including affiliated mutual funds) or ETFs purchased for your account, including commissions and other transaction-related charges incurred by any such fund, even if Edward Jones or an affiliate thereof effects these transactions for the fund; mutual fund redemption fees and contingent deferred sales charges; and any other charges imposed by law or otherwise agreed to by Edward Jones and you with regard to your account.

Deposits, including interest and dividends, received into your account but not yet invested into Advisory Solutions Fund Models may earn interest that will be retained by Edward Jones. Edward Jones may also earn and retain interest on distributions requested from your account until the time the check is cashed or another payment method is completed. The average overnight interest rate on these deposits may fluctuate daily and is tied to changes in widely referenced interbank lending rates, such as Fed Funds Effective Rate, Fed Funds Target Rate, and Secured Overnight Financing Rate. Under these arrangements, banks may pay interest based on a spread to one of these rates or may pay a fixed interest rate.

Financial Advisor Compensation

Most financial advisors receive a portion of the Program Fee, though some financial advisors receive a salary in addition to, or in lieu of, the Program Fee. Financial advisors who receive a portion of the Program Fee have a financial incentive not to negotiate the Program Fee. The portion of the Program Fee paid to your financial advisor is at the discretion of Edward Jones. The fee rate paid to your financial advisor will be the same regardless of the model in which you invest. As a result, your financial advisor does not have a financial incentive to recommend one model over another.

Similarly, the fee rate paid to your financial advisor will be the same regardless of the investment advisory program in which you invest. As a result, your financial advisor does not have a financial incentive to recommend Advisory Solutions Fund Models over another investment advisory program. Your financial advisor also will not receive a portion of the Platform Fee.

The amount of your financial advisor's compensation may be more or less than what he or she would receive if you had a brokerage account instead of an Advisory Solutions Fund Models account. If you purchased investments through Edward Jones as a broker-dealer, you would pay sales charges or commissions, a portion of which would be paid to your financial advisor. A financial advisor will typically earn more in upfront fees and commissions when you use brokerage services. In the

alternative, a financial advisor will typically earn more over time if you invest in Advisory Solutions Fund Models. This creates a financial incentive for your financial advisor to recommend Advisory Solutions Fund Models instead of brokerage services. Edward Jones will receive revenue as a result of you taking advances under the Reserve Line, which is based on the amount of the Reserve Line advance. The larger the amount of the Reserve Line Advance, the more revenue Edward Jones receives. In addition, your financial advisor may also receive compensation in connection with Reserve Line Advances depending on the profitability of your financial advisor's branch. As a result of the foregoing, there is a material conflict of interest between you and us in connection with the Reserve Line, which we address through disclosure in this Brochure and which you are deemed to consent to by taking a Reserve Line Advance. For example, if you take out or maintain a Reserve Line Advance rather than withdraw money from your Advisory Solutions Fund Models account, we retain the Advisory Solutions Fund Models Fee that such assets are otherwise generating and receive revenue from the Lender. The Lender also receives revenue in the form of interest payable on the Reserve Line Advance. Depending on your specific circumstances, including the intended duration of the advance under the Reserve Line and the return on your account, over the long term it may cost you more to take out the Reserve Line Advance than if you had pursued an alternative financing option or liquidated securities and withdrawn the sale proceeds from your account. You are responsible for determining whether a Reserve Line is appropriate for your liquidity needs, the acceptability of the lending terms, and potential adverse tax or other consequences for you. You are encouraged to carefully consider the total cost of taking out an advance under the Reserve Line, and any additional compensation to us or your financial advisor or the Lender, when determining to take out and/or maintain a Reserve Line Advance.

The Program Fee, as well as assets under care and Reserve Line Advance balances, will impact most financial advisors' eligibility for a bonus and bonus amount. The Program Fee, as well as assets under care and client Reserve Line Advance balances may also impact a financial advisors' eligibility for the receipt of certain limited partnership profits interest in The Jones Financial Companies, L.L.L.P. (the "Profits Interest"). This eligibility to receive bonus, bonus amounts, and/or certain Profits Interest creates a conflict of interest in that your financial advisor has an incentive to recommend you invest in an investment advisory account(s).

Most financial advisors are eligible to participate in the Edward Jones Travel Award Program ("Travel Award Program"), which includes domestic and international travel, or a cash award in lieu of a trip. Eligibility for the Travel Award Program is based upon the amount of new and existing assets under care of a financial advisor which creates an additional conflict of interest.

These financial incentives create a conflict between Edward Jones' interest, your financial advisor's interest, and your own. We address these conflicts of interest through disclosures you will receive at or before the time of your financial advisor's

recommendations to you. Additionally, financial advisors are subject to training, supervision, regulatory requirements, and internal policies and controls that are reasonably designed so that clients are recommended only those products and services that are appropriate in light of their financial circumstances.

For further information on compensation and conflicts of interest, please see the “Understanding how we are compensated for financial services” document found at edwardjones.com/compensation.

Comparing Costs, Expenses and Services

Your Advisory Solutions Fund Models Fee is a fee for investment advisory, brokerage and custody services as described above under “The Program Fee” and, when applicable, the Platform Fee is a fee for platform support services as described above under “Platform Fee.” Advisory Solutions Fund Models may cost you more or less than purchasing these services separately, depending on the costs of the services if provided separately, the size of your account, the amount of cash in your account, and the trading activity in your account and the corresponding brokerage commissions that would be charged if you bought and sold individual securities in a brokerage account.

You can choose to forgo the services of Advisory Solutions Fund Models and buy and sell securities through Edward Jones as a broker-dealer or through other brokers or agents not affiliated with Edward Jones (although you would not receive the benefits of the program described in this Brochure).

We have provided you with materials that explain our brokerage and investment advisory services, including our Client Relationship Summary (“CRS”) and “Making Good Choices” brochure. Additional copies are available from your financial advisor upon request or our CRS is available at www.edwardjones.com/regbidisclosures.

Item 5: Account Requirements and Types of Clients

Your initial investment in an Advisory Solutions Fund Models account generally must be at least \$25,000. You can initially fund your Advisory Solutions Fund Models account with cash and/or securities. If your account is a Benefit Plan account or a traditional or Roth IRA account, all initial incoming securities will be liquidated and the proceeds, along with any other incoming cash, will be invested in your Research or Custom Model. For all other account types (“taxable accounts”), if you initially transfer securities into your Advisory Solutions Fund Models account and those securities are Eligible Investments within your Research or Custom Model, you authorize and direct Edward Jones to: (a) convert some or all shares of current Eligible Investments to a different share class used in Advisory Solutions Fund Models, and/or (b) liquidate some or all shares of current Eligible Investments. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event. Liquidations depend upon factors such as the type and values of the securities you

transfer in and the type and values required by your Research or Custom Model at the time of the transfer. Any securities you transfer into your account that are not Eligible Investments within your Research or Custom Model will be liquidated and the proceeds invested as described above.

The total value of your account is monitored by Edward Jones. If the value of your account falls below the initial investment minimum, we may, in our discretion, remove your account from Advisory Solutions Fund Models.

Edward Jones offers clients a wide range of financial services. Advisory Solutions Fund Models may not be appropriate for every client or every account type. Generally, Advisory Solutions Fund Models is available only to residents or entities of the United States and certain U.S. territories with the following types of accounts: individual; joint; trusts; charitable organizations; corporations and other business entities; traditional IRAs and Roth IRAs; and Benefit Plans. Benefit Plans include owner-only 401(k) plans, Savings Incentive Match Plan for Employees (“SIMPLE”) IRAs, Simplified Employee Pension (“SEP”) IRAs, traditional IRAs linked to an Edward Jones SEP IRA and other eligible plans.

Edward Jones can prohibit any person or entity from investing or remaining in Advisory Solutions Fund Models for any reason, including if we do not believe it is an appropriate investment strategy for that person or entity. As a general rule, you should not invest in Advisory Solutions Fund Models if you want to actively trade in mutual funds and/or ETFs or have a time horizon shorter than three (3) years.

You may add or withdraw funds from your account upon request. Additions and withdrawals from your account may result in Edward Jones selling or purchasing assets in your account in accordance with your model and in a manner that attempts to minimize variations in the asset allocation and target weightings within your account.

If after your Advisory Solutions Fund Models account is opened and activated you subsequently transfer in shares of mutual funds that are current Eligible Investments but in a different share class from the share class used in Advisory Solutions Fund Models, these shares will be liquidated upon transfer into your account and the funds invested in accordance with your model. This may cause a taxable event in your account, and we cannot guarantee that you will not owe taxes as a result of the liquidation. For more information about share classes, please refer to the Risk of Loss section below.

All liquidations and redemptions of securities will be made as promptly as practicable without regard to tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities. Edward Jones will act in our capacity as a broker-dealer, not as a fiduciary or investment adviser, in connection with such transactions and will sell those securities at no commission. The proceeds will be invested in your Research or Custom Model. We will not provide advice and/or guidance regarding the securities being sold to fund the

Advisory Solutions Fund Models account. Trades that occur in a taxable account will result in a taxable event to you. Please consult with your tax professional.

Mutual fund shares held in your Advisory Solutions Fund Models account may accumulate and be used to satisfy a letter of intent (“LOI”) associated with multiple Edward Jones brokerage accounts. However, if a brokerage account transferring into Advisory Solutions Fund Models is the only account where the LOI can be met, Edward Jones can terminate your LOI and sell a portion of your position to adjust the commission paid in your brokerage account before the transfer of your assets into Advisory Solutions Fund Models. Assets in your Advisory Solutions Fund Models account will not be used to pay any adjustment(s) that apply in the event you fail to satisfy the LOI.

If you request a transfer of securities from your Advisory Fund Models account to another Edward Jones account or a third-party account, you authorize Edward Jones to transfer the mutual fund shares in-kind without converting the shares into a different share class. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Advisory Solutions Fund Models account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class, or liquidate the shares, when transferring mutual funds. Conversions may result in higher fees and expenses and negatively affect investment performance and liquidations may cause a taxable event.

Affiliated mutual funds may not be held outside of your Edward Jones investment advisory and/or brokerage account. Accordingly, any positions in Bridge Builder funds will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. Similarly, any position in the Edward Jones Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. Liquidations of an affiliated mutual fund in a taxable account may result in a taxable event.

Item 6: Advisory Solutions Fund Models Fund Investment Selection and Evaluation

Advisory Solutions Fund Models is a wrap fee program sponsored by Edward Jones. Edward Jones-supervised persons serve as portfolio managers for Research Models in Advisory Solutions Fund Models. See Item 4 above for a description of our advisory services.

Performance-Based Fees and Side-by-Side Management

This section does not apply to Edward Jones.

Methods of Analysis, Investment Strategies and Risk of Loss

Edward Jones selects the Eligible Investments available in Advisory Solutions Fund Models based on several factors. The selection process starts with the universe of applicable funds, including affiliated and unaffiliated mutual funds, ETFs and unaffiliated money market funds. Numerous quantitative (investment history, past performance, portfolio analysis of the individual holdings in the mutual fund, etc.) and qualitative (investment strategy, process, personnel, etc.) factors are applied in selecting and monitoring Eligible Investments. The selection and monitoring processes take into consideration a variety of factors, each of which may be given different weight in the decision-making process, and generally no one factor determines the outcome of any selection.

The processes we use to select and monitor affiliated mutual funds are different from the processes we apply to unaffiliated mutual funds and other Eligible Investments.

In selecting and monitoring sub-advisers for our affiliated mutual funds, the investment adviser, which is affiliated with Edward Jones, follows a process that is similar, but not identical, to the process that we use to evaluate unaffiliated mutual funds and other Eligible Investments. This process includes quantitative and qualitative analysis, including, but not limited to, an evaluation of the investment process, consistency, portfolio composition, strategies employed, risk management, team depth, quality and experience, operations and compliance of the sub-adviser. The evaluation process includes review of literature and documents, quantitative historical performance evaluation and discussions with members of the investment team and Edward Jones management. None of the sub-advisers are affiliated with Edward Jones.

Edward Jones continually reviews Eligible Investments (other than affiliated mutual funds) to ensure they remain suitable for the list of Eligible Investments. An Eligible Investment can be removed from the list for a variety of reasons, including, but not limited to, the following:

- A significant change to a fund’s investment team
- A major shift in the fund’s investment process
- A drift away from a fund’s stated investment style
- An alternate Eligible Investment that has been identified within the same Asset Allocation Category
- A change in Edward Jones’ guidance and/or outlook
- A decision by Edward Jones to reduce our ownership level of a fund

Affiliated mutual funds generally will not be removed from the list of Eligible Investments. However, as multi-manager funds, the above events would likely cause the affiliated investment adviser

to select a replacement sub-adviser, subject to the terms and conditions of the prospectus. The affiliated investment adviser may also reallocate the fund's assets or change the weightings among the remaining sub-advisers at its discretion. The affiliated investment adviser and the affiliated mutual funds have received an exemptive order from the SEC that allows sub-advisers to be appointed without a vote of the shareholders of the affiliated mutual fund.

Update Pending Status. Edward Jones can place an Eligible Investment (other than an affiliated mutual fund) on "Update Pending" status. Update Pending is an interim status indicating there is some type of important news or issue involving the Eligible Investment. Once the significance of the news or issue is assessed, we will remove the Update Pending status and either: (1) keep the Eligible Investment on the list of Eligible Investments, or (2) remove the Eligible Investment from the list of Eligible Investments. You will not be notified that an Eligible Investment is in Update Pending status, and your account will continue to hold the Eligible Investment through the Update Pending period. This process will not apply to affiliated mutual funds.

The appropriate asset allocation ranges for each Account Portfolio Objective are based on the Edward Jones Investment Pyramid. Target allocations for each Research Model are established within the asset allocation ranges set by us. Eligible Investments are chosen to represent the Asset Allocation Categories and investment styles within each model. In the case of the affiliated mutual funds, sub-advisers are chosen based on due diligence. The overall asset allocation and target weightings within each model are monitored for changes to the Eligible Investments or sub-advisers as deemed necessary.

Rebalancing. Depending on market volatility, the asset allocations set for your portfolio will sometimes get out of balance. Different Asset Allocation Categories will perform better than others, resulting in an asset allocation that may have more or less risk than you may want. In order to keep your account in line with your risk tolerance and Account Portfolio Objective, your account will be automatically rebalanced if the Eligible Investments comprising your portfolio have deviated too far from the target asset allocations. Rebalancing will occur if either Eligible Investments or Asset Allocation Categories are out of balance by an amount or for a time period determined by Edward Jones.

Rebalancing is achieved by buying, redeeming or selling shares of Eligible Investments, which may include affiliated mutual funds, until the asset allocation in your account is in alignment with the target asset allocation of the Account Portfolio Objective. We may also rebalance your account if an Eligible Investment is removed from the list of Eligible Investments or, if you are invested in a Research Model, an Eligible Investment is added to the Research Model. As a result, your account may be reallocated, in whole or in part, from unaffiliated mutual funds and/or ETFs into affiliated mutual funds. Rebalancing trades are subject to certain dollar minimums as determined by Edward Jones. You will not be notified before a rebalance occurs. Asset allocation and rebalancing strategies do not guarantee a profit or protect against

loss. Rebalancing trades in a taxable account may result in a taxable event to you. Consult with your tax professional before you invest in Advisory Solutions Fund Models.

The objective of investing in a variety of Eligible Investments in various types of Asset Allocation Categories in different percentages is to construct a portfolio designed to experience less volatility and show more consistent performance over time. There is no guarantee that this goal will be achieved.

Risk of Loss

All investment strategies and investments involve risk, and the value of your account will fluctuate. As a result, your account may be worth more or less than the amount of money you invested.

Past performance does not guarantee future results, and there is no guarantee that your Account Portfolio Objective or Goal Portfolio Objective (if applicable) will be achieved.

Each Eligible Investment will also fluctuate in value and, when sold, may be worth more or less than the original cost to purchase. Diversification does not guarantee a profit or protect against loss. You should consider the investment objectives, strategies, risks, fees and expenses, and past performance of each Eligible Investment before deciding to invest in Advisory Solutions Fund Models. A prospectus containing this and other information about each Eligible Investment can be obtained from your financial advisor.

Implementing an ESG or values-based investing approach, which helps align your portfolio with your personal values by excluding certain investments or targeting issues that are important to you, has potential risks and trade-offs. Such investments may value non-financial goals more than financial returns. Additionally, while entire segments of the market or investments that engage in certain business practices can be excluded with an ESG or values-based investing approach, introducing such exclusions or focusing on a narrow area of the market can decrease your portfolio's diversification and materially impact its risk and return. Companies also may not operate as expected or fail to meet the desired ESG or value-based characteristics over time..

Mutual Funds Risk. Mutual funds are diversified, professionally managed portfolios of securities that pool the assets of individuals and organizations to invest toward a common objective such as current income or long-term growth. Mutual funds are subject to investment advisory, transactional, operating and other expenses. Each mutual fund is subject to specific risks depending on its investments and investment strategy. The value of mutual funds' investments and the NAV of the funds' shares will fluctuate in response to changes in market and economic conditions, as well as the financial condition and prospects of companies and other investments in which the funds invest. The performance of a mutual fund will depend on whether the fund's investment adviser is successful in pursuing the fund's investment strategy. Mutual funds that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies.

The Fund prospectus and other fund documents describe the risks specific to the fund.

Share Classes. Unaffiliated mutual funds used in Advisory Solutions Fund Models can have different share classes. While each share class invests in the same pool of investments and has the same investment objective, each has different internal fees and expenses. Mutual funds often permit the conversion of shares from one class to another, subject to certain conditions as determined by the mutual fund.

Edward Jones considers several factors when selecting a mutual fund share class for Advisory Solutions Fund Models, including, but not limited to, the eligibility criteria set by mutual fund companies and the overall cost structure of the share class.

Clients should not assume they will be invested in the share class with the lowest expense ratio.

Edward Jones generally attempts to select institutional and/or advisory share classes for Advisory Solutions Fund Models, when available. Institutional and/or advisory shares generally do not impose a sales charge or ongoing Rule 12b-1 fees and, as a result, are usually less expensive than Class A shares.

Other share classes, including Class A, may be utilized when no institutional or advisory share classes are available. Class A shares are typically purchased in brokerage accounts and usually carry an upfront sales charge and ongoing Rule 12b-1 fees. If Class A shares are selected in Advisory Solutions Fund Models, the upfront sales charges are generally waived, but the Class A shares are still charged the ongoing Rule 12b-1 fees. As described in Item 4 above, if we receive Rule 12b-1 fees for shares held in your account, we will credit the amount received to your account as a fee offset.

Please refer to the appropriate prospectus and SAI for more information regarding the available share classes of mutual funds used in Advisory Solutions Fund Models. In our sole discretion, Edward Jones can change the share class of any Eligible Investment at any time without prior notice to you.

Redemptions from Eligible Investments. Edward Jones' clients collectively own a large percentage of certain mutual funds that are Eligible Investments. Due to the significant ownership, there may be adverse consequences in the event that Edward Jones, as the investment adviser, removes a mutual fund from the list of Eligible Investments. If the volume or size of redemptions required to be effected as a result of the removal of a mutual fund from the list of Eligible Investments exceeds the limits set forth in the mutual fund's policies and procedures, the resulting delay in effecting redemptions may result in accounts experiencing increased risk of loss. A mutual fund company can also decide to redeem shares "in-kind" instead of in cash. In that event, you may receive the actual underlying securities of the fund. The underlying securities could lose value before they are sold. Brokerage and other transaction costs will apply to the sale of the underlying securities. We will work with the mutual fund company to reduce the likelihood of an in-kind redemption and will take steps to minimize potential adverse consequences to you, but there is no assurance that you will be able to avoid the risk of

loss and other adverse consequences.

ETFs Risk. ETFs are typically registered investment companies whose shares are listed on a securities exchange. An investment in an ETF generally presents the same primary risks as an investment in a conventional mutual fund (i.e., one that is not exchange-traded) that has the same investment objective, strategies and policies. The price of an ETF can fluctuate within a wide range, gaining or losing value throughout the day. ETF performance may vary from that of its benchmark or its peers.

Like mutual funds, ETFs are subject to investment advisory, transactional, operating and other expenses. Unlike mutual funds, shares of ETFs cannot be directly purchased from and redeemed by the fund. ETFs that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. Each Fund's prospectus and other fund documents describe the risks specific to the fund.

Money Market Funds Risk. Money market funds are a type of mutual fund that invests in high-quality, short-term debt securities, pays dividends that generally reflect short-term interest rates and seeks to maintain a stable NAV per share (typically \$1). An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although a money market fund is managed to maintain a stable NAV of \$1 per share, the value of the fund may fluctuate, and you could lose money.

Reserve Line Risk. Our financial advisors provide information and education regarding the availability of the Reserve Line. However, you decide whether to take Reserve Line Advances and you decide when and how to pay back any such advances. There are certain risks and conflicts of interest that arise when you take a Reserve Line Advance, including (i) the interest rate charged by the Lender in connection with the Reserve Line Advance may be higher than those charged by other lenders for financing and is in addition to the Advisory Solutions Models Fee; (ii) the Lender is permitted to modify its collateral maintenance requirements at any time and without providing advance written notice to you; (iii) the Lender may require additional collateral or that you repay all or a portion of a Reserve Line Advance if there is a decline in the market value of the securities in the account that was pledged as collateral; (iv) the Lender can instruct us to liquidate any and all of the securities in your pledged account to satisfy a Maintenance Call without notice to you (even if the Lender has already notified you and provided a date by which you can meet a Maintenance Call); (v) you are not entitled to an extension of time on a Maintenance Call; (vi) to satisfy a Maintenance Call, Lender may instruct us to liquidate any or all of the securities in a pledged account that we would otherwise not recommend you sell and that may not otherwise be in your best interest to sell; (vii) liquidation of securities to satisfy a Maintenance Call could result in your account being out of alignment with your portfolio objective and result in other securities being sold to bring your account back into alignment with your Account Portfolio Objective; (viii) the liquidation of

securities to satisfy a Maintenance Call could have adverse tax consequences to you; (ix) you are not entitled to select which securities in a pledged account are liquidated to satisfy a Maintenance Call and Lender can instruct us to liquidate securities that you wish to retain or that have a low tax basis without regard to your wishes or any adverse tax consequences; (x) depending on market conditions, the prices obtained for the liquidated securities may be less than favorable and may be less than the value that we or you believe the securities are worth and may negatively impact the performance of your account and interrupt your investment strategy; (xi) the timing of securities sales in connection with a Maintenance Call will be different than if those securities were not used as collateral in connection with the Reserve Line; (xii) a situation could arise where the value of your account is zero and you still owe money on a Reserve Line Advance; (xiii) we will act as a broker-dealer, and not as an investment adviser, in connection with a Maintenance Call (and our lending affiliate will act as a lender), which may be in conflict with your best interest and our role as an investment adviser to your Advisory Solutions Fund Models account; and (xiv) you will still be responsible for any deficiency if the value of the assets liquidated is insufficient to satisfy your obligations to the Lender under the Reserve Line. Please see the Reserve Line Agreement for a discussion of risks related to utilizing the Reserve Line. Any action taken by us in connection with a Maintenance Call will not constitute a breach of our fiduciary duties as an investment adviser.

Tax Loss Harvesting Risks. Tax loss harvesting involves unique risks and you should carefully consider whether such risks are right for your individual situation before participating in the TLH service. Some material risks of participating in the TLH service include, but are not limited to, the following:

- **Taxes.** There is no guarantee that the TLH service will reduce, defer or eliminate your tax liability in any given tax year. Losses carried forward come with the possibility that they may not be used efficiently or at all in future years, thereby decreasing or eliminating the value of the TLH service with respect to such carried forward losses. Edward Jones is not providing tax advice by offering the TLH service and assumes no responsibility for any tax consequences associated with the TLH service.

The client's use of Edward Jones' TLH service is subject to current tax provisions. These provisions are complex, and interpretation and enforceability thereof may change and render the TLH service ineffective and may pose additional unforeseen risks to the client. It is important to note that consequences of enrolling in the TLH service are complex, uncertain and may be challenged by the IRS or any other tax authority resulting in adverse tax consequences.

In addition, there may be potential tax considerations and consequences relating to state or local tax, federal tax rules applicable to entities, estate taxes, or gift taxes implicated when utilizing the TLH service. For these reasons, you should

discuss such risks and responsibilities with your tax and/or legal professional(s) before opting into the TLH service.

- **Suitability.** The TLH service is not suitable for all clients, and each client must determine whether use of the TLH service is appropriate after considering all pertinent factors, including but not limited to, the client's current and future tax profile, investment activity and objectives, the number and type of investment accounts, planned future activity such as anticipated withdrawals, holdings periods, state of residence, and personal circumstances. Clients maintain the sole responsibility for determining the appropriateness and benefit of the TLH service notwithstanding any advice or guidance from Edward Jones or its Financial Advisors. As noted above, there is no guarantee that the TLH service will reduce, defer, or eliminate taxes.
- **Wash Sales Limitations.** Pursuant to the wash sales rule, a taxpayer cannot deduct any loss on the sale or other disposition of an investment if the taxpayer (or a related party) acquires a substantially identical security ("Wash Sale") within a 30-day period before and 30-day period after the date of such sale ("Wash Sale Period"). If a Wash Sale occurs on the sale of a loss security, the loss is deferred such that the client cannot currently use the loss to offset gains or in certain cases reduce taxable income. If you acquire substantially identical replacement shares, the loss would be deferred or, in some cases, disallowed entirely. Specifically, a taxpayer cannot avoid the wash sales rule by selling an investment at a loss in a taxable account and then buying it back in a tax-advantaged account. Also, the IRS takes the position that a security sold by one spouse at a loss and purchased within Wash Sale Period by the other spouse is a wash sale.

Edward Jones will typically sell the Replacement Security, and then reinvest proceeds from the Replacement Security back into the account in accordance with the client's selected Account Portfolio Objective after a 31-day period. However, Edward Jones cannot guarantee that Wash Sales will not occur in a client's Eligible TLH Account(s). For example, if securities need to be sold during the Wash Sale Period to provide funds for a withdrawal, those sales will take place even if they will result in a wash sale. Similarly, any sales or purchases of the Harvestable Security during the Wash Sale Period (for example, in connection with a rebalancing event or a dividend reinvestment) may also cause a Wash Sale. Both scenarios affect whether a loss that is harvested in the Eligible TLH Account will benefit the client. Any deposits, including interest, received in the client's account during the Wash Sale Period will be invested into the account's Eligible Investments in accordance with the client's selected Account Portfolio Objective.

Edward Jones will not monitor for Wash Sales across two or more of a client's Eligible TLH Accounts, non-Eligible TLH Accounts within the Advisory Solutions Fund Models program, in other investment advisory or brokerage accounts held at

Edward Jones or another financial institution. It is the client's sole responsibility to monitor and report Wash Sales in accordance with current tax provisions across other Eligible TLH Account(s), other investment advisory or brokerage accounts at Edward Jones or other financial institutions.

In addition, state and local tax laws may differ from federal law in material ways. There is limited guidance governing whether an ETF is "substantially identical" to another ETF, or whether a mutual fund is "substantially identical" to another mutual fund for purposes of the wash sales rule. Accordingly, there can be no assurance regarding how the IRS would view the exchange of one fund for another. Ultimately, it is your responsibility to accurately report on your tax return your capital gains and losses realized during the year and Wash Sales occurring across all accounts held at Edward Jones and other financial institutions.

- **Trading and Performance.** When we identify a Harvestable Security for sale pursuant to the TLH service, we expect the Replacement Security to have similar performance and risk exposure as the Harvestable Security. However, a Replacement Security can vary in performance and risk exposure from the Harvestable Security. As a result, we cannot make any guarantees regarding the actual performance of the Replacement Security. For example, a new ETF (Replacement Security) may perform better or worse than the original ETF (Harvestable Security) that was sold for tax loss harvesting purposes.

Additionally, use of the TLH service will likely result in more frequent trading and the Replacement Security may have higher internal management fees and ongoing expenses. Accordingly, the risk and return of any Replacement Security cannot be guaranteed and may result in additional losses.

In limited instances, due to market movement, the security identified to be sold for a loss will be sold at a gain. The sale of a replacement security with a capital gain will result in either a reduction of the capital loss from the sale of the Harvestable Security or, in certain circumstances, a net capital gain.

The use of the TLH service may also cause certain dividends that would otherwise qualify for the reduced rates on qualified dividend income to not qualify due to a failure by the client to satisfy certain holding period requirements with respect to the underlying security.

- **ESG Dilution.** If you have selected mutual funds and ETFs that use ESG or values-based strategies, electing the TLH service may cause those ESG holdings to be diluted or sold.

Cybersecurity Risk. The computer systems, networks and devices used by Edward Jones and our service providers employ a variety of protections designed to protect against damage or interruption from computer viruses, network and computer failures and cyberattacks. Despite such protections, systems, networks and devices potentially can be breached. Cyberattacks include, but are not limited to, gaining unauthorized access to digital systems for purposes of corrupting data or causing operational disruption, as well as denial-of-service attacks on websites. Cyber incidents may cause disruptions and impact

business operations, potentially resulting in financial losses, the inability of Edward Jones or service providers to trade, violations of privacy and other laws, regulatory fines, reputational damage, reimbursement costs and additional compliance costs, as well as the inadvertent release of confidential information.

Economic Conditions Risk. Economic, political and financial trends and developments may, from time to time, result in periods of volatility or other potentially adverse effects that could negatively impact your account. Domestic and international markets, including sectors and companies within those markets, may respond in significant and unforeseen ways to matters such as public health issues, geopolitical events, natural disasters and social unrest.

Those matters, as well as others not listed here, may increase the risk to your account's performance and cause losses.

Tailoring Advisory Services to Clients

See Item 4 above for a description of how we tailor our advisory services to you and how you can impose restrictions on investing in certain securities or types of securities by investing in a Custom Model.

Wrap Fee Programs

We act as both the wrap fee program sponsor and the portfolio manager in Research Models described in this Brochure. We receive the Advisory Solutions Fund Models Fee as described in Item 4. We also act as both the wrap fee program sponsor and the portfolio manager in Research Models described in the Advisory Solutions Unified Managed Account (UMA) Models Brochure.

We also act as an investment adviser in other advisory programs for which we provide different services. Additional information is available at www.edwardjones.com/advisorybrochures.

Voting Client Securities

As a registered investment adviser, Edward Jones may vote proxies for clients in accordance with applicable law and has a fiduciary duty to vote those proxies in a timely manner and in our clients' best interests, even if our clients' best interest is in conflict with our interests. Edward Jones votes Eligible Investment proxies for all Advisory Solutions Fund Models accounts (except Benefit Plan accounts) unless the client specifically retains the right to vote proxies. If you transfer non-Eligible Investment investments to open or fund an Advisory Solutions Fund Models account, Edward Jones may also vote proxies for those securities if the date of record occurs before the securities are liquidated. When you invest in Advisory Solutions Fund Models, you delegate the right to vote on these securities to Edward Jones and cannot direct or recommend how we will vote. By delegating proxy authority, you also authorize us to receive all proxy-related materials, annual and semi-annual reports, and other shareholder materials, including corporate actions, arising from any Eligible Investments or other securities in the account.

Edward Jones has hired an independent third-party proxy voting service to assist us in evaluating and voting proxies in a way that

follows our adopted policies and guidelines. We have established policies and procedures that are intended to ensure that proxies are voted in a manner that is consistent with our clients' best interest. You can receive a copy of proxy-related materials, Edward Jones' proxy voting policy and procedures, voting guidelines and/or proxy voting record by submitting a written request to: Edward Jones, Attention: Investment Advisory, 12555 Manchester Road, St. Louis, MO 63131.

If you want to retain your right to vote proxies, you must inform Edward Jones that we are not to vote on your behalf. Benefit Plan accounts, for which we will not vote proxies, and those clients who wish to retain their right to vote proxies will then continue to receive all materials and notices from Edward Jones or the applicable mutual fund company, and will be responsible for voting on the issues that the fund companies raise. We will not provide recommendations or advice on how to vote on these issues.

Legal Notices

Edward Jones will not take any action or render any advice regarding any legal action on your behalf relating to any Eligible Investments or other assets held in your account (including shares of the Edward Jones Money Market Fund) that may become subject to any legal action, regulatory action, administrative action, class action lawsuit and/or bankruptcy. However, Edward Jones will promptly forward any such documents to you.

Item 7: Client Information Provided to Edward Jones

Client information provided to Edward Jones will be maintained in accordance with our privacy policies.

Over time, your financial goals and objectives may change. Accordingly, you and your financial advisor must perform an annual review, as set forth in Item 9B below.

Item 8: Client Contact with Edward Jones

You may contact your Edward Jones financial advisor during normal business hours with questions regarding your account.

Item 9: Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Disciplinary Information

Edward Jones is a registered broker-dealer and investment adviser. This section contains information about certain legal and regulatory matters that Edward Jones believes are material to a client's evaluation of our advisory business or the integrity of our management. Edward Jones has also been subject to various legal and regulatory proceedings relating to our brokerage business that are disclosed in Part 1 of our Form ADV, which is available on the SEC's website at www.adviserinfo.sec.gov, as well as on FINRA's website at www.finra.org/brokercheck.

SEC – Municipal Bond Pricing. On August 13, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement in public administrative and cease-and-desist proceedings with the SEC regarding certain of the firm's municipal securities activities. Pursuant to the settlement, the SEC alleged that Edward Jones violated Sections 17(a)(2) and (3) of the Securities Act of 1933 ("Securities Act"), Sections 15B(c)(1) and 15(b)(4)(E) of the Securities Exchange Act of 1934 ("Exchange Act"), and MSRB Rules G-17, G-11(b) and (d), G 27 and G-30(a). Edward Jones was censured and ordered to cease and desist from violating or causing any current and future violations of Sections 17(a)(2) and (3) of the Securities Act, Section 15B(c)(1) of the Exchange Act and MSRB Rules G-17, G-11, G-27 and G-30. The settlement required Edward Jones to pay \$5,194,401.37 to current and former customers of Edward Jones and to pay a civil money penalty in the amount of \$15 million. In entering into the settlement, the SEC considered remedial acts undertaken by Edward Jones related to this matter.

FINRA – Mutual Fund Sales Charge Waivers. On May 5, 2015, FINRA's Enforcement Division advised Edward Jones that it was investigating whether any violations of the federal securities laws or rules had occurred with respect to mutual fund purchases and sales charge waivers for certain retirement plan and charitable organization accounts. Prior to being advised of the investigation, Edward Jones had commenced a review of this issue and self-reported to FINRA. On October 26, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA to resolve this matter. Pursuant to the settlement, Edward Jones agreed to provide remediation to certain customers, estimated at the time of the settlement agreement to be approximately \$13.5 million. A monetary penalty was not imposed by FINRA. In reaching the settlement, FINRA recognized the extraordinary cooperation of Edward Jones, including its self-reporting of the issue to FINRA.

FINRA – Municipal Securities Transactions Below Minimum Denominations. On June 2, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA's Department of Market Regulation in connection with its investigation of possible violations of MSRB rules regarding transactions in certain municipal securities in amounts lower than the applicable minimum denominations. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$210,000.

FINRA – Supervision of Tools-Generated Reports. On July 13, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA in connection with its investigation of the supervision of the use and dissemination of reports generated through Edward Jones' systems by financial advisors. FINRA expressly stated that its review of 65,000 reports did not reveal any instances of reports that were misleading.

FINRA also stated that Edward Jones had made changes to enhance its supervisory processes. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$725,000.

FINRA – Call Detail Records Production and Preservation.

On December 13, 2022, Edward Jones entered into a settlement agreement with FINRA without admitting or denying the findings therein. FINRA alleged Edward Jones violated FINRA Rules 8210(a)(1) and 2010 by (1) failing to timely, completely, and accurately respond to certain FINRA requests for call detail records that are not required broker-dealer books and records and (2) failing to preserve certain responsive call detail records during the pendency of regulatory requests. Edward Jones was censured, agreed to certify that it has established and implemented policies, procedures, processes and internal controls reasonably designed to address and remediate the issues identified by FINRA in the settlement, and agreed to pay a monetary fine of \$1.1 million.

State of Pennsylvania – Investment Adviser Registration. On January 12, 2024, Edward Jones and the Pennsylvania Department of Banking and Securities entered into a Consent Order. The Department alleged that from in or about January 2015 through the present, Edward Jones failed to register at least one employee as an investment adviser representative in Pennsylvania in violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 (“the 1972 Act”), 70 P.S. § 1-301(c.1)(1)(ii). Without admitting or denying the findings in the Order, Edward Jones agreed to pay a monetary fine of \$300,000 and to comply with the relevant provision of the 1972 Act.

Other Financial Industry Activities and Affiliations

You should be aware that Edward Jones, our affiliates and our financial advisors perform services for you and other clients outside of Advisory Solutions Fund Models, including the execution of brokerage transactions (e.g., the purchase or sale of securities or insurance products), research, the retail distribution of securities (e.g., mutual funds), the participation in principal transactions and certain underwritings and other investment advisory services. Edward Jones and our affiliates receive compensation, including fees and commissions, associated with these services. We have a financial interest in our clients’ transactions and the recommendations we make to clients to buy or sell securities or investment products.

A conflict of interest exists where Edward Jones has an existing business relationship with the mutual fund families or sub-advisers that also provide products or services in Advisory Solutions Fund Models. Edward Jones receives revenue sharing payments from certain unaffiliated mutual fund families on client assets held outside of Edward Jones’ advisory programs. “Revenue sharing” generally means a mutual fund family shares with another company, like Edward Jones, a portion of the revenue it earns through managing mutual fund assets. Edward Jones’ receipt of revenue sharing outside of advisory programs creates a conflict of interest in the form of additional financial benefits to us, our financial advisors and equity owners. We believe that this conflict of interest is mitigated through internal policies designed to prevent Edward Jones, in our capacity as

investment adviser, and any affiliated investment adviser, from considering revenue sharing from existing business relationships when selecting Eligible Investments and/or sub-advisers. Similarly, no affiliated investment adviser considers such business relationships or revenue sharing in recommending to the board of trustees of any affiliated mutual fund that a sub-adviser be selected to manage the affiliated mutual funds.

For more information regarding revenue sharing, please visit www.edwardjones.com/disclosures or request a revenue sharing disclosure document from your Edward Jones financial advisor. Edward Jones does not receive revenue sharing on assets held in Advisory Solutions Fund Models accounts. Edward Jones and our financial advisors also receive compensation for services and recommendations that may differ from advice given to you while participating in Advisory Solutions Fund Models.

In our capacity as a broker-dealer, Edward Jones performs research and distributes recommendations to buy, sell or hold the equity securities of asset management companies or financial institutions with asset management affiliates that participate in Advisory Solutions Fund Models. In order to preserve the independence of this process and to address any conflicts of interest, we have adopted a policy under which we do not consider our opinion on equity securities of asset management companies or financial institutions in selecting the mutual funds that are designated as Eligible Investments. Similarly, the affiliated investment adviser does not consider Edward Jones’ opinion on equity securities of asset management companies or financial institutions when recommending sub-advisers to the board of trustees of an affiliated mutual fund.

The following summarizes Edward Jones’ material relationships or arrangements with other entities that participate in the financial industry.

Edward Jones, the primary operating subsidiary of JFC, is dually registered with the SEC as an investment adviser and broker-dealer, and is a member of FINRA.

Olive Street, a wholly owned subsidiary of JFC, is registered as an investment adviser with the SEC and serves as the investment adviser of the affiliated mutual funds. Certain current or former associates of Edward Jones serve as officers or directors/trustees of the affiliated investment adviser and/or the affiliated mutual funds. Appendix A contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones, an Ontario limited partnership (Edward Jones in Canada), an indirectly wholly owned subsidiary of JFC, is a broker-dealer registered with the Canadian Investment Regulatory Organization.

EJTC, a wholly owned subsidiary of JFC, is a federally chartered savings and loan association that offers personal trust and investment management services. EJTC also acts as custodian for certain traditional IRAs and Roth IRAs that are participating, or have participated, in Advisory Solutions Fund Models and

other Edward Jones programs. For additional information about this arrangement, please see Item 4.

Edward Jones owns directly or indirectly 100% of three insurance agencies that conduct insurance-related activities in the U.S.: Edward Jones Insurance Agency of New Mexico, L.L.C., a New Mexico limited liability company; Edward Jones Insurance Agency of Massachusetts, L.L.C., a Massachusetts limited liability company; and Edward Jones Insurance Agency of California, L.L.C., a California limited liability company.

JFC indirectly owns 100% of two insurance agencies that conduct general insurance-related activities in Canada: Edward Jones Insurance Agency (Quebec) Inc., a Canadian corporation; and Edward Jones Insurance Agency, an Ontario, Canada, limited partnership.

Edward Jones owns 7% of Customer Account Protection Company Holdings, Inc. (CAPCO), a captive insurance group.

JFC indirectly owns 100% of EDJ Insurance Company, Inc., a Missouri captive insurance company.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading; Review of Accounts; Client Referrals and Other Compensation; and Financial Information

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Edward Jones has established a Code of Ethics to ensure that our associates:

- Act with integrity and in an ethical manner with you and all of our clients
- Place your and all of our clients' interests first
- Conduct personal trading in compliance with our Code of Ethics, avoid potential conflicts of interest and make sure they do not abuse the faith and trust you have placed in them
- Comply with all applicable rules, regulations and laws
- Do not use any material nonpublic information they may receive as a result of their employment with Edward Jones

Some Edward Jones associates are deemed "access persons" under our Code of Ethics because they may have access to nonpublic information regarding either the securities in a client's accounts or changes to the Eligible Investments, including Asset Allocation Categories. Under our Code of Ethics, access persons must receive prior approval before acquiring a beneficial ownership interest in any security in an initial public offering, limited offering or hedge fund transaction. Additionally, access persons are required to submit to the chief compliance officer, or his or her delegate, a list of any securities they own and securities transactions they made for any account they control at Edward Jones or another financial institution. You may request a copy of the Edward Jones Code of Ethics from your financial advisor.

As a broker-dealer, there may be times when Edward Jones will buy, sell or recommend that our brokerage clients who are not participating in Advisory Solutions Fund Models buy securities that are also available in Advisory Solutions Fund Models. These brokerage activities are done in the regular course of our business as a broker-dealer and are separate from our investment advisory services. There are times when we act as principal, which means we participate in client transactions by buying securities for our own inventory and selling those securities to our clients. To the extent conflicts arise under such transactions, Edward Jones is nevertheless obligated to execute any such transaction in the manner it believes is in the client's best interest.

You should know that financial advisors, Edward Jones associates (including those directly involved with Advisory Solutions Fund Models) and/or their family members are permitted to and do invest in Advisory Solutions Fund Models. This practice could create a conflict of interest if associates placing trades for their own accounts were to place a trade before our clients and receive a better price on a security. To address this potential conflict, trades for financial advisors, Edward Jones associates (including those directly involved with Advisory Solutions Fund Models) and/or their family members are aggregated along with other trades, which may include trades for your account.

Edward Jones has internal supervisory reviews and procedures to review accounts held by our associates and certain family members and their personal trading practices. The reviews look for improper trading activities, including trading that may be in conflict with the best interests of a client. In addition to the Code of Ethics and the supervisory reviews, we prohibit financial advisors from placing trades for their personal accounts before trades for our clients in the same security. In the event a financial advisor's personal order fills at a better price than a client's order placed close in time, we will adjust the trade so the client receives the better price.

Review of Accounts

At the time your Advisory Solutions Fund Models account is opened, Edward Jones' supervisory associates will review your selected Account Portfolio Objective to confirm it is appropriate based on considerations such as your net worth, risk tolerance, time horizon and/or Goal Portfolio Objective (if applicable). The funding of your Advisory Solutions Fund Models account will also be reviewed. If you have sold investments purchased at Edward Jones in order to fund the account, the holding period of those investments will be reviewed for appropriateness. Supervisory personnel may also call you directly to discuss your understanding of Advisory Solutions Fund Models, including the fees and expenses you are or will be paying.

While you are invested in Advisory Solutions Fund Models, we provide ongoing monitoring, including an annual review. The Asset Allocation Category established for your Account Portfolio Objective is monitored on an ongoing basis and rebalanced according to Edward Jones' guidelines. (For more information, please refer to "Rebalancing.")

You will receive a written account statement at least quarterly (monthly in months in which activity occurs in your account) containing a description of all activity in your account during the period, including all transactions, contributions, withdrawals, fees and the value of your account at the beginning and end of the period. We will also periodically make available a performance report containing information about your account's performance and market commentary.

Our supervision and monitoring do not substitute for your own continued review and monitoring of your account and performance of your investments. You should review performance reports, trade confirmations (as applicable), account statements and other information we send to you. Current and timely information about your account will be available in Edward Jones' online client access system. If you have any questions, please discuss them with your financial advisor.

At least annually, you and your financial advisor should discuss any changes to your financial situation, investment objectives and/or risk tolerance, and whether you would like to impose any reasonable investment restrictions on your account. If you decide to pursue a different Account Portfolio Objective, your account may be rebalanced to match your new Account Portfolio Objective.

Client Referrals and Other Compensation

From time to time, Edward Jones and our financial advisors receive client referrals or potential client leads from third parties that are not affiliated with Edward Jones. Edward Jones and our financial advisors pay for these referrals from third parties that are not affiliated with Edward Jones. Although Edward Jones is not precluded from entering into other types of solicitor arrangements, currently, client referrals result from an individual providing information to a third-party solicitor and subsequently being matched with an Edward Jones financial advisor (and, in certain cases, financial advisors associated with financial institutions other than Edward Jones).

Edward Jones entered into a written agreement with the solicitor and pays the solicitor a fee for the referrals.

Payments to the solicitor for referrals, along with any other costs associated with this arrangement, are paid entirely by Edward Jones and our financial advisors and are not dependent on whether a referral or lead becomes an Edward Jones client.

In addition to the solicitor arrangements disclosed above, from time to time, our financial advisors receive uncompensated referrals from other professionals or clients. Our financial advisors also may provide uncompensated referrals to other professionals. Other than in connection with Edward Jones-approved solicitor arrangements, Edward Jones policy prohibits financial advisors from purchasing or providing any compensation, cash or non-cash, directly or indirectly, in exchange for appointments or referrals. The purchase of lists (such as mailing or calling lists), by Edward Jones and our financial advisors, from third parties does not involve solicitation or referrals to Edward Jones.

Edward Jones has contracted with Broadridge Investor

Communications Solutions, Inc. ("Broadridge"), an unaffiliated third-party vendor, to distribute proxies, periodic reports and voting instruction information to our clients. Pursuant to the agreement between Edward Jones and Broadridge and in accordance with regulations, Broadridge charges the issuing company on behalf of Edward Jones for these services. Edward Jones receives from Broadridge a portion of the fees paid by the issuing company.

Certain unaffiliated mutual fund companies and/or ETF sponsors on the list of Eligible Investments (or their investment advisers) pay certain expenses on behalf of financial advisors, including training and educational expenses, and in some instances make payments directly to Edward Jones to subsidize training and educational costs for financial advisors. These companies also participate in conferences or other marketing activities with Edward Jones and generally share in the cost of those activities. Edward Jones has not entered into any agreement with any ETF, mutual fund, or its investment adviser or its distributors or affiliates providing for payment of such expenses as a condition of inclusion on the list of Eligible Investments or the selection of a sub-adviser for affiliated mutual funds. Our financial advisors are not allowed to consider an advisory product partner's sponsorship of a marketing activity when choosing which Eligible Investment to suggest to you.

Financial Information

This section does not apply to Edward Jones.

Item 10: Requirements for State-Registered Advisers

This section does not apply to Edward Jones.

Appendix A

Disclosures Regarding Affiliated Money Market Fund and Mutual Funds

Edward Jones Money Market Fund. Your Advisory Solutions Fund Models account may from time to time be invested in shares of the Edward Jones Money Market Fund (the “Money Market Fund”), which is advised by Olive Street Investment Advisers, LLC (“Olive Street”), an affiliate of Edward Jones. Olive Street receives a management fee of 0.20% of average net assets of the Money Market Fund, less any fees paid to its sub-adviser.

The Money Market Fund pays a Rule 12b-1 fee of up to 0.25% of average net assets to Edward Jones for providing distribution and shareholder services to shareholders of the Money Market Fund’s Investment Shares and Retirement Shares, and an Administrative Shareholder Service Fee up to 0.15% of average net assets to Edward Jones for providing administrative services, including banking administrative services and sweep administrative services, to shareholders. Edward Jones provides distribution services, shareholder services, administrative services, and transfer agent services to the Money Market Fund and the accounts that our clients maintain in the Money Market Fund.

For any Advisory Solutions Fund Models account investing in the Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

Please review the current summary prospectus for the Money Market Fund, which describes the investment characteristics of the Money Market Fund and the fees paid to Olive Street by the Money Market Fund. The prospectus also describes certain revenue received by Edward Jones in connection with the Money Market Fund.

Bridge Builder Mutual Funds. Your Advisory Solutions Fund Models account may from time to time be invested in shares of the Bridge Builder Mutual Funds (“Bridge Builder Funds”), which are also advised by Olive Street, an affiliate of Edward Jones. Bridge Builder Funds are sub-advised by multiple sub-advisers that are unaffiliated with us. If your account invests in a Bridge Builder Fund, Olive Street charges the fund a management fee which the fund pays directly to the fund’s sub-advisers. Olive Street has entered into an agreement with each Bridge Builder Fund to waive its management fees to the extent management fees charged by Olive Street exceed the management fees the fund is required to pay a fund’s sub-advisers (i.e., as a result of its waivers, Olive Street does not receive any management fees from a fund). The waiver agreement can only be terminated as described in the fund’s registration statement.

Please review the current summary prospectus for each of the relevant Bridge Builder Funds, which describes the investment characteristics of the fund, risks of the fund, and the fees charged by Olive Street to the fund. Certain Bridge Builder Funds are only available in taxable accounts.

Item 1: Cover Page

This wrap fee program brochure provides information about the qualifications and business practices of Edward D. Jones & Co., L.P. (“Edward Jones,” “we” or “us”). If you have any questions about the contents of this brochure, please contact us at 800-803-3333. The information in this brochure has not been approved or verified by the U.S. Securities and Exchange Commission (“SEC”) or by any state securities authority. Registration with the SEC or any state securities authority does not imply a certain level of skill or training.

Additional information about Edward Jones is also available on the SEC’s website at www.adviserinfo.sec.gov.

Item 2: Material Changes

Below is a summary of material changes that have been made to this brochure since our last annual update filed March 30, 2023.

- We updated the brochure to reflect the availability of affiliated mutual funds in our Guided Solutions programs (previously only available in our Advisory Solutions programs). Please see Item 4: Services, Fees and Compensation, Item 5: Account Requirements and Types of Clients, and Appendix A for more information.
- We updated the brochure to describe financial advisors’ eligibility to receive a newly available limited partnership profits interest in The Jones Financial Companies, L.L.L.P. and associated conflict of interest. Please see the Financial Advisor Compensation section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to notify clients that beginning on or about June 2024, the Portfolio Strategy Fee will be eliminated, and a new Platform Fee will be charged on all accounts enrolled in Advisory Solutions UMA Models. Please refer to the Fees section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to reflect that on January 12, 2024, a Consent Order was executed between Edward Jones and the Pennsylvania Department of Banking and Securities, without admitting or denying the findings therein, for alleged violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 (“the 1972 Act”), 70 P.S. § 1-301(c.1)(1)(ii). Please see Item 9.A.: Disciplinary Information and Other Financial Industry Activities and Affiliations for more information.
- We updated the brochure to notify clients that effective June 1, 2024, Edward Jones will partner with a third-party service provider to assist with recovery services by filing claims in certain class actions on behalf of Edward Jones’ clients.

Item 4: Services, Fees and Compensation

Edward Jones is a registered broker-dealer and investment adviser. As an investment adviser, Edward Jones offers several advisory programs. This brochure ("Brochure") provides clients ("client," "you" or "your") with information about Edward Jones, Edward Jones Advisory Solutions® Unified Managed Account (UMA) Models ("Advisory Solutions UMA Models") sponsored by Edward Jones, the fees charged for Advisory Solutions UMA Models, and our services and business practices. You should read this Brochure carefully and consult with your tax professional before you decide to invest in Advisory Solutions UMA Models.

Other advisory programs offered through Edward Jones are not described in this Brochure. These programs offer different services and investments and have different fees and minimum investment requirements. Certain programs or offerings are only available through select financial advisors. To learn more about other advisory programs offered by us, please ask your financial advisor or go to www.edwardjones.com/advisorybrochures to review the brochures for the available advisory programs.

Because Advisory Solutions UMA Models is an investment advisory service offered by Edward Jones as an SEC-registered advisor, Edward Jones has a fiduciary duty to act in your best interest and to abide by the duties of care and loyalty under the Investment Advisers Act of 1940 when providing Advisory Solutions UMA Models to you. Other services you obtain through Edward Jones, including other investment advisory and brokerage services, are separate and distinct from Advisory Solutions UMA Models and each is governed by separate arrangements that we may have with you. Brokerage services are subject to different laws than investment advisory services. The specific services provided to you, our relationship with you and our legal duties to you in each arrangement are described in our applicable agreements with you and the disclosures we provide to you in connection with those services.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.L.P. ("JFC"), a holding company registered as a partnership with the State of Missouri. Edward Jones registered with the SEC as a broker-dealer in 1941 and as an investment adviser in 1993. Edward Jones became a member of the National Association of Securities Dealers ("NASD") (now known as the Financial Industry Regulatory Authority ("FINRA")) in 1939.

As of December 31, 2023, we managed \$289,673,344,599 in discretionary assets and \$402,574,903,909 in non-discretionary assets across all of our advisory programs.

The decision to invest in Advisory Solutions UMA Models is yours. Before making this decision, you and your financial advisor should discuss whether other programs or investments may be more appropriate for your investment goals or needs. If you decide to invest in Advisory Solutions UMA Models, our advisory relationship does not begin until (a) Edward Jones and the Overlay Manager (defined below) accept and approve the written Client Services Agreement ("CSA") with you, which occurs on the

later date of the approval of Edward Jones or the Overlay Manager, and (b) funding of the account at the initial minimum investment as determined by Edward Jones.

Before investing in Advisory Solutions UMA Models, you should decide if you are comfortable delegating the day-to-day management of your account. Investors in Advisory Solutions UMA Models typically:

- Need advice and guidance when making investment decisions
- Are at ease with a financial professional making their day-to-day investment decisions
- Are willing to follow a disciplined investment strategy
- Are comfortable paying monthly, asset-based (percentage) fees for investments and advice rather than individual, transaction-based commissions or sales charges

In evaluating fee-based advisory programs, you should consider a number of factors. You may be able to obtain some or all of the same or similar investments and/or services available through this and other fee-based advisory programs separately at Edward Jones or through another broker-dealer or investment adviser.

You should consider that, depending on the circumstances, the aggregate fees you will pay for investing in Advisory Solutions UMA Models may be lower or higher than if you purchased the investments or services separately or through another broker-dealer or investment adviser.

Advisory Solutions UMA Models accounts and other advisory accounts offered through Edward Jones provide ongoing investment advice for an asset-based fee, rather than charging commissions for transactions in your account. Brokerage accounts, on the other hand, can charge commissions for transactions and typically provide investment advice that is point-in-time and solely incidental to the brokerage services provided. As a result, important factors to consider are the amount of trading activity you have in your accounts and the corresponding commissions that would be charged if you bought and sold individual securities in a brokerage account as well as the type of advice you desire.

You also may experience different performance results or tax consequences from what you would by purchasing the investments separately or through another broker-dealer or investment adviser.

Additionally, some of the mutual funds managed by an affiliate of Edward Jones ("affiliated mutual funds") are only available to be held or purchased in an Edward Jones investment advisory program and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Generally, Edward Jones prevents the purchase of certain affiliated mutual funds unless you already hold shares of those mutual funds and transfer them into your Guided Solutions account(s). However, Edward Jones, in its sole discretion, may make exceptions based on the particular facts and circumstances of your situation.

Advisory Solutions UMA Models Overview

Advisory Solutions UMA Models is a wrap fee program in which you can combine multiple investments in a single advisory account. Advisory Solutions UMA Models offers multi-style investment services implemented by an investment adviser (“Overlay Manager”). Investments available in Advisory Solutions UMA Models include separately managed accounts (“SMAs”) managed or recommended by one or more investment advisers (“SMA Managers”), affiliated mutual funds, unaffiliated mutual funds and exchange-traded funds (“ETFs”) approved by Edward Jones (collectively referred to as “Eligible Investments”). Certain Eligible Investments are only available in taxable accounts.

Edward Jones selects the Eligible Investments that are available in Advisory Solutions UMA Models. Edward Jones categorizes these Eligible Investments by investment style, which we refer to as “Asset Allocation Categories.” Based on your selected portfolio objective for your Advisory Solutions UMA Models account (your “Account Portfolio Objective”), Advisory Solutions UMA Models will allocate a portion or percentage of your investments to the Asset Allocation Categories. Asset allocation cannot eliminate risk associated with investing, but it can help to keep your account within your stated risk tolerance range.

SMA Managers provide investment recommendations either through (a) providing a model portfolio to the Overlay Manager, or (b) investing the Client’s assets with an SMA strategy (the “Executing SMA Manager”). Edward Jones may, at our discretion, restrict the Overlay Manager and Executing SMA Managers from purchasing certain securities. Conversely, the Overlay Manager and Executing SMA Managers may invest in investments that are not otherwise available at Edward Jones. The Overlay Manager and/or Executing SMA Manager may, in its sole discretion, reject an account for any reason.

Your account will invest in one or more affiliated mutual funds, which consist of the Bridge Builder family of mutual funds (“Bridge Builder Funds”) and the Edward Jones Money Market Fund (“Money Market Fund”). Please read this Brochure carefully to understand the differences between affiliated mutual funds and unaffiliated mutual funds, including additional conflicts of interest that Edward Jones is subject to in connection with recommending affiliated mutual funds and how such conflicts are addressed.

Bridge Builder Funds and the Money Market Fund are affiliated with Edward Jones. The Money Market Fund, however, is not available to purchase as an Eligible Investment for Advisory Solutions UMA Models. However, cash balances awaiting investment or reinvestment in your account will be automatically swept into the Edward Jones Money Market Fund, where they will be held until invested in an Eligible Investment. The portion of your Advisory Solutions UMA Models account that is invested in the Edward Jones Money Market Fund will be included in the calculation of your Advisory Solutions UMA Models Fee (defined below). Please refer to Appendix A for more information about the Edward Jones Money Market Fund.

Your asset allocation may include a cash allocation held in the Money Market Fund through the cash sweep feature described above and/or invested in a third-party money market fund. In certain instances, such as instances of market volatility or uncertainty, Edward Jones may determine to increase the amount of cash you hold in your portfolio. The portion of your Advisory Solutions UMA Models account that is held in cash will be included in the calculation of your Advisory Solutions UMA Models Fee.

Some Eligible Investments are sustainable investments that are categorized as environmental, social and governance (“ESG”) investments or values-based investments. Sustainable investments have subjective qualities and characteristics and may or may not align with your beliefs, values, or desired investment performance. Please contact your financial advisor if you are interested in learning more about sustainable investments available in Advisory Solutions UMA Models and the associated risk.

We can make changes to the list of Eligible Investments at any time and can change the amount of your money that is invested in the different Asset Allocation Categories and/or Eligible Investments. We can also add and remove Asset Allocation Categories at any time without prior notice. These additions or removals could result in the purchase or sale of an Eligible Investment in your account. Liquidations may cause a taxable event as well as redemption fees, if applicable.

There is no guarantee that the Eligible Investments will perform in any particular manner. Details about the mutual funds and/or ETFs in your account can be found in the prospectus, statement of additional information (“SAI”) and shareholder reports for each mutual fund and ETF (collectively, “Fund prospectus and other fund documents”). Investment restrictions may prevent or limit the purchase or continued purchase of certain Eligible Investments. Situations include but are not limited to restrictions that prevent purchases of an Eligible Investment and restrictions that only permit current holders of the Eligible Investment to continue making purchases, subject to parameters set forth by Edward Jones.

It is important that you read these documents and the Overlay Manager’s and any applicable Executing SMA Manager’s Form ADV Part 2A Brochure, including any supplements, and Part 3 Client Relationship Summary before investing.

Services Provided

A. Account Portfolio Objective, Investment Model Construction and Ongoing Asset Allocation Guidance

In order to invest in Advisory Solutions UMA Models, you will complete a Client Profile that contains important information about your account, which generally includes either your goal or purpose for investing and your investment time horizon, risk

tolerance and other financial information.

Your time horizon will reflect the expected time frame over which you plan to invest (and potentially withdraw) your assets to achieve your investment goal or purpose. Time horizon is expressed as either your life stage or the number of years you plan on accumulating and/or distributing your assets.

If your account is not assigned to a goal established at Edward Jones, then we will recommend an Account Portfolio Objective for your account based upon the level of investment risk you are willing to take (your risk tolerance or comfort with risk) and the expected time horizon for your investments. If your account is assigned to a goal established at Edward Jones, then we will recommend that you select an Account Portfolio Objective that is appropriate for the portfolio objective you selected for your goal (your "Goal Portfolio Objective").

You may choose an alternative Account Portfolio Objective if you are willing to take more or less risk than the recommended Account Portfolio Objective. You ultimately decide whether you want to select the recommended Account Portfolio Objective or an alternative Account Portfolio Objective, if available.

Account Portfolio Objectives in Advisory Solutions UMA Models currently include:

All-Equity Focus: This portfolio objective offers the highest long-term growth and rising dividend potential. It focuses on long-term capital appreciation and provides very little to no current interest income. It also has the highest level of risk, as it contains only equity investments.

Growth Focus: This portfolio objective emphasizes higher long-term growth and rising dividend potential, while providing modest current interest income. Over the long term, it should have higher risk than portfolios with a more income-oriented objective.

Balanced toward Growth: This portfolio objective emphasizes higher long-term growth and rising dividend potential, with a secondary goal of current interest income. Over the long term, it should have moderate to higher risk.

Balanced Growth & Income: This portfolio objective has a balanced emphasis between current interest income and long-term growth with rising dividend potential. Over the long term, it should have moderate risk.

Balanced toward Income: This portfolio objective emphasizes current interest income while providing modest long-term growth and rising dividend potential. Over the long term, it should have lower to moderate risk.

Income Focus: This portfolio objective emphasizes current interest income with little long-term growth and rising dividend potential. Over the long term, it should have lower risk than portfolios with a more growth-oriented objective.

Edward Jones constructs each Account Portfolio Objective using different Asset Allocation Category targets and different Eligible Investment weightings within each Asset Allocation Category, taking into account risk tolerance, time horizon and the purpose

of investing funds into Advisory Solutions UMA Models. Edward Jones is solely responsible for determining, and periodically reviewing, the Asset Allocation Category targets and ranges, and Eligible Investment offerings and weightings appropriate for each Account Portfolio Objective.

Once you have selected your Account Portfolio Objective, you select either a Research Model or construct a Custom Model that is consistent with your chosen Account Portfolio Objective. Certain Account Portfolio Objectives are not available if your initial minimum investment is under \$500,000. See Item 5, below.

Research Model: Research Models are based on the Asset Allocation Category and Eligible Investment weightings determined by Edward Jones to be appropriate for each Account Portfolio Objective. Unlike in a Custom Model, you cannot change the Asset Allocation Category or Eligible Investment weightings designed for a particular Research Model. These weightings are set at target percentages appropriate for each Research Model's corresponding Account Portfolio Objective.

If you select a Research Model, Edward Jones also has ongoing discretion over the selection of Eligible Investments within your account.

Due to various influences, such as changing market conditions, a reclassification of an Eligible Investment to a different Asset Allocation Category or a change in the securities underlying an Eligible Investment, we may change the Asset Allocation Category or Eligible Investment weightings within an Account Portfolio Objective. We may remove and/or add an Eligible Investment to your Research Model at any time without prior notice. If your account is taxable, changes to asset allocation will cause transactions in the account, and these transactions will have tax consequences.

Custom Model: Custom Models provide our clients with more flexibility to choose investments consistent with their Account Portfolio Objective. If you select a Custom Model, you are responsible for choosing Eligible Investments from the list of Eligible Investments and setting your Asset Allocation Category and Eligible Investment target percentages within the ranges that Edward Jones has deemed acceptable for your Account Portfolio Objective. Eligible Investments within a Custom Model may be subject to certain investment minimums, as may be determined by Edward Jones and/or an SMA Manager. In addition, Edward Jones may, in our sole discretion, implement guidelines and/or restrictions as to the minimum and maximum number of Eligible Investments that can be held in an account at any one time and the minimum and maximum percentage allocations to those Eligible Investments held in a Custom Model.

Where Edward Jones, in our sole discretion, deems appropriate, it may deviate from the weighting ranges within a particular Account Portfolio Objective and create a Custom Model with different weighting ranges that is appropriate for a specific subset of clients within that Account Portfolio Objective. If you elect such a Custom Model, you will be expected to set Asset Allocation Category and Eligible Investment targets within the range that Edward Jones designates for that portfolio, rather than the

ranges designated under the Account Portfolio Objective. Due to various influences, such as changing market conditions, a reclassification of an Eligible Investment to a different Asset Allocation Category or a change in the securities underlying an Eligible Investment, we may change the Asset Allocation Category or Eligible Investment weighting within an Account Portfolio Objective. If such changes conflict with your current Eligible Investment selections or your chosen Asset Allocation Category or Eligible Investment targets, we will, when possible, provide you thirty (30) days' notice to modify your selection. If you do not update your selections within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice, we may trade Eligible Investments within your account, or change your Asset Allocation Category or Eligible Investment targets, to bring your account back into alignment with your chosen Account Portfolio Objective. If your account is taxable, changes will cause transactions in the account, and these transactions may have tax consequences.

If you select a Custom Model, you may not be able to purchase certain Eligible Investments in your Advisory Solutions UMA Models account. For example, certain mutual funds that are Eligible Investments may be closed to new accounts.

If an Eligible Investment is removed from the list of Eligible Investments for any reason, the Eligible Investment can no longer be held in your account. If we remove an Eligible Investment, we will, when possible, provide you thirty (30) days' notice and recommend a replacement Eligible Investment (which may include affiliated mutual funds). If you do not want to accept the replacement Eligible Investment, you must notify Edward Jones within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice; otherwise, we will select the replacement Eligible Investment for your account.

In scenarios where an Eligible Investment changes due to fund restructuring, a spinoff, a merger, or something similar, including where such activity involves in-kind purchases or redemptions of Eligible Investments, Edward Jones has the authority to buy, sell, add or remove one or more Eligible Investments in its discretion to appropriately align your account with your selected Account Portfolio Objective and Asset Allocation Categories. This may require liquidating shares of the Eligible Investment(s) experiencing changes and/or purchasing shares of a different Eligible Investment(s). Liquidations may cause a taxable event as well as redemption fees, if applicable.

Edward Jones, in our discretion, may give taxable accounts invested in Custom Models the option to continue to use an SMA Manager or strategy designated for removal as an Eligible Investment for a period of time of up to thirteen (13) months (or such shorter or longer time as may be determined in the discretion of Edward Jones). For additional information, please see Item 6, "Portfolio Manager (SMA Manager) Selection and Evaluation, Transition Option for Taxable Accounts Invested in Custom Models."

Until such Eligible Investment designated for removal is removed from your account, there is a possibility that additional shares of that Eligible Investment may be purchased. Such purchase(s)

may occur in certain instances including, but not limited to, when dividend reinvestments occur. The purchase of additional shares of such Eligible Investment and the eventual mandatory removal of such shares may result in a taxable event.

For both Research and Custom Models, the replacement Eligible Investment may be subject to a higher SMA Manager Fee or, in the case of mutual funds and ETFs, higher internal expenses than the prior investment and you will be responsible for paying the higher fees. The Program Fee, Portfolio Strategy Fee, and, when applicable, the Platform Fee (defined below) for the Advisory Solutions UMA Models program paid to Edward Jones will not change as a result of the replacement Eligible Investment.

Circumstances may require the replacement of an Eligible Investment in your account through the utilization of an affiliated transition fund, which is a short-term investment vehicle used to facilitate a mutual fund or ETF replacement. The decision to use a transition fund is solely at our discretion.

Investment and Trading Discretion. When you decide to invest in Advisory Solutions UMA Models, you will sign a CSA indicating that you agree to all of its terms and conditions. You cannot change or amend the CSA in any way. By signing the CSA, you give Edward Jones (and the Overlay Manager and/or SMA Manager, as applicable) discretionary investment and trading authority over your account. You do not give us the authority to choose or change your Account Portfolio Objective without your instruction. To change your Account Portfolio Objective, you must meet with your Financial Advisor to select a new Account Portfolio Objective.

The discretionary investment and trading authority you give to Edward Jones, the executing SMA Manager(s), and Overlay Manager, as applicable, to manage your assets on a discretionary basis by buying and selling investments for your account whenever deemed appropriate and without your approval of each transaction, includes but is not limited to:

- Selecting the Eligible Investments for your account;
- Removing Eligible Investments from the list of Eligible Investments and your account;
- Replacing an Eligible Investment in your account with another recommended Eligible Investment (which may include affiliated mutual funds and unaffiliated mutual funds);
- Where circumstances require, utilizing an affiliated transition fund, which is a short-term investment vehicle, to facilitate an Eligible Investment replacement. The decision to use a transition fund is solely in our discretion;
- Determining the asset allocations and changing an asset allocation at any time;
- Adding and removing Asset Allocation Categories, which could result in the purchase or sale of Eligible Investments;
- Using discretion as to the time a trade will be made in your account and the price paid for investments in accordance with obligations of best execution;

- Aggregating trades;
- Investing funds and reinvesting all dividends and proceeds earned by your account into Eligible Investments;
- Automatically buying and selling Eligible Investments to rebalance your account to the target asset allocation when determined necessary by Edward Jones;
- Deducting cash, selling money market shares and other assets, and deducting the proceeds from your account to pay Edward Jones your Advisory Solutions UMA Models Fee;
- Determining the appropriate mutual fund share classes for Advisory Solutions UMA Models, which may not be the lowest- priced share class available in the particular mutual fund;
- Exchanging mutual fund shares into another mutual fund share class;
- Terminating your CSA at any time;
- Liquidating the Eligible Investments in your account if your CSA is terminated;
- Converting mutual fund shares from an existing share class to a share class available outside of your Advisory Solutions UMA Models account if your CSA is terminated; and
- Implementing any reasonable restrictions.

This discretionary investment and trading authority can be exercised at any time and without prior notice to you.

Investment Restrictions: For both Research and Custom Models, you can request to restrict the purchase of certain equity securities, including a specific equity security or category of securities. For example, you may restrict the Overlay Manager or Executing SMA Manager(s) from buying specific securities or a category of securities (e.g., tobacco or alcohol companies) that you consider objectionable for personal reasons or that you wish to avoid due to potential overconcentration in a specific security. The Overlay Manager will apply the uninvested cash resulting from the security or category restriction across other investments held within the SMA Manager's strategy. When a security or category is restricted from purchase, your account performance will differ from other accounts investing in the same Account Portfolio Objective and may be adversely impacted. You may restrict the mutual funds or ETFs your account may invest in, but not the actual securities in which the underlying mutual fund or ETF invests. You cannot restrict the purchase of a fixed-income security. Restrictions must be determined to be reasonable by Edward Jones.

Client Services Agreement and Rebalancing: Once you have selected your Account Portfolio Objective, you will complete a CSA that must be accepted and approved by Edward Jones and the Overlay Manager. Trading of your account will not begin until the CSA is accepted and approved, which can take several business days. Upon approval, the Overlay Manager is authorized to buy, sell or trade securities in your account in a manner consistent with the Asset Allocation Category established by us, the model portfolio provided by the applicable SMA Manager and any restrictions you have placed on the account.

With certain Eligible Investments in Research Models or Custom

Models, certain Executing SMA Managers have discretion to buy, sell or trade securities directly in your account.

If, pursuant to parameters determined at the sole discretion of Edward Jones, the percentage of an Asset Allocation Category or an Eligible Investment in your account has drifted too far from its target, your account will generally be rebalanced back toward the target of one or more Asset Allocation Categories or Eligible Investments in your account at the discretion of the Overlay Manager or Edward Jones. Rebalancing is achieved by buying, redeeming or selling Eligible Investments, which may include affiliated mutual funds, until the Asset Allocation Category or Eligible Investment is in alignment with the target for your account. We may also rebalance your account if an Eligible Investment is removed from the list of Eligible Investments; if you are invested in a Research Model, an Eligible Investment is added to the Research Model; or, if you are invested in a Custom Model, you direct a change in your Eligible Investments. As a result, the portion of your account invested in mutual funds and/or ETFs may be reallocated, in whole or in part, from unaffiliated mutual funds and/or ETFs into affiliated mutual funds. Rebalancing trades are subject to certain dollar minimums as determined by Edward Jones, in our sole discretion. You will not be notified before a rebalancing occurs. Neither asset allocation nor rebalancing is guaranteed to produce a profit or protect against loss. Rebalancing trades in a taxable account may result in a taxable event to you. Consult with your tax professional before you invest in Advisory Solutions UMA Models.

B. Overlay Management

Pursuant to a contractual agreement between Edward Jones and Natixis Advisors, L.P. ("Natixis"), Natixis currently serves as the Overlay Manager. In this role, Natixis performs the following services:

- Implementing instructions by SMA Managers and Edward Jones in regard to the securities to be bought, sold or held for your account, including determining the amount of securities to be bought or sold;
- Placing orders for the purchase and/or sale of securities in accordance with the model portfolio recommendations of the SMA Managers and Edward Jones and/or communicating the orders for the purchase and/or sale of securities through other broker-dealers (please note: a taxable account funded with securities will result in purchase and/or sale orders in your account which may have tax consequences);
- Placing orders for the purchase, sale or redemption of shares of mutual funds and/or ETFs in accordance with instructions received from Edward Jones or you;
- Rebalancing one or more Asset Allocation Categories or Eligible Investments within your account back toward their respective targets if, pursuant to parameters determined in the sole discretion of Edward Jones, the weighting of the Asset Allocation Category or Eligible Investment has deviated too far from its target;
- Adding and removing an Asset Allocation Category pursuant to Edward Jones' instruction, which could result in the purchase

of Eligible Investments to fill the newly added Asset Allocation Category, or sale of an Eligible Investment to support the removal of an Asset Allocation Category;

- Implementing any reasonable restrictions that you have placed on the purchase of certain equity securities or category of equity securities; and
- Managing your taxable account in a tax-efficient manner with the objective to minimize your realized gain and maximize realized losses while maintaining the desired investment allocation. Tax-efficient management of your taxable account may conflict with model portfolio recommendations from an SMA Manager; in these instances, tax-efficient management may take precedence over the model portfolio recommendations of an SMA Manager.

Edward Jones is solely responsible for the selection of the Overlay Manager for Advisory Solutions UMA Models. We reserve the right to change the Overlay Manager at any time in our sole discretion to an unaffiliated investment manager or an affiliated investment manager, or to assume the responsibilities of the Overlay Manager.

C. Execution Services

In Advisory Solutions UMA Models, the Overlay Manager and Executing SMA Managers have discretion over your account. Edward Jones executes trades at the direction of the Overlay Manager and Executing SMA Managers. In these cases, Edward Jones acts solely as a broker-dealer, not as an investment adviser. When we act as executing broker, there may be times when we engage in “principal transactions.” This means that we will fill your purchase orders from our own inventory of securities. We will not charge you a markup or markdown on these principal transactions. However, if the Overlay Manager or Executing SMA Manager buys from or sells to our inventory, we may earn revenue or incur losses depending on market or price fluctuations in the security. Edward Jones will engage in principal transactions only where permitted under applicable law.

Edward Jones may also engage in “cross transactions” in Advisory Solutions UMA Models. This means that we act as a broker-dealer for advisory clients on both the sell side and the buy side of the same transaction. When this occurs, the Overlay Manager or Executing SMA Managers will direct all trades and will instruct either Edward Jones or another broker-dealer to execute those trades. Edward Jones will engage in cross transactions only where permitted under applicable law.

The Overlay Manager and Executing SMA Managers are required to seek best execution for all trades, which means the Overlay Manager and Executing SMA Managers have full authority to execute trades with those broker-dealers that they believe are capable of providing the best qualitative execution under the circumstances. In Advisory Solutions UMA Models, you will not pay additional trading costs when Edward Jones executes a trade order in your account as broker-dealer. For this reason, the Overlay Manager and Executing SMA Managers may determine that Edward Jones’ execution capabilities as broker-

dealer provide the most favorable option for placing trade orders in your account. However, the Overlay Manager and Executing SMA Managers may choose to execute trades with another broker-dealer if they reasonably believe another broker-dealer can obtain a more favorable execution under the circumstances. This practice is frequently referred to as “trading away,” and these types of trades are frequently called “step-out” trades. Step-out trades are executed at another broker-dealer and cleared and settled at Edward Jones.

If the Overlay Manager or Executing SMA Manager executes trade orders with another broker-dealer, you will incur trading costs in addition to the Advisory Solutions UMA Models Fee. The trading costs for step-out trades to another broker-dealer may include commissions, markups, markdowns or “spreads” paid to market makers in addition to the Advisory Solutions UMA Models Fee. Additionally, if a foreign currency transaction is required, a foreign broker-dealer may receive compensation in the form of a dealer spread, markup or markdown. There may be other exchange or similar fees, including, but not limited to, foreign ordinary conversion and creation of American Depositary Receipts, charged by third parties as well as foreign tax charges. All of these charges are in addition to the Advisory Solutions UMA Models Fee. In complying with its best execution obligation, the Overlay Manager or Executing SMA Managers will review several factors that reflect on the quality of the trade execution of the broker-dealer. These additional trading costs may be one of several factors the Overlay Manager or Executing SMA Managers assess when deciding to trade away. The Overlay Manager or Executing SMA Manager may also consider other factors such as: the nature of the security; the size and type of transaction; the nature and character of the markets involved; the executing broker’s execution, clearance and settlement capabilities as well as its reputation; soft-dollar arrangements, as described below; the importance of speed, knowledge, efficiency, consistency and anonymity provided by the executing broker; and additional investment opportunities. The Overlay Manager and each Executing SMA Manager may consider different factors or may place different weight on the factors it uses to meet its best execution obligation. The Overlay Manager’s and Executing SMA Managers’ best execution obligations do not require the Overlay Manager or Executing SMA Managers to obtain the best price or the lowest available cost of trade orders.

Clients should be aware that some Executing SMA Managers have historically placed all or substantially all of their client trades as step-out trades with another broker-dealer for execution.

Frequently, these trades have been for fixed-income, foreign and small-cap equity securities. As a result, these types of Executing SMA Managers and their strategies could be more costly to a client than Executing SMA Managers that primarily place trades with Edward Jones for execution. Additionally, the Overlay Manager has at times engaged in trading away. Please see Edward Jones’ website at www.edwardjones.com/advisorybrochures for more information regarding when the Overlay Manager chose to step-out as well

as a list of Executing SMA Managers who informed Edward Jones that they traded away from Edward Jones during the most recent year and general information about the additional cost (if any) of those trades.

Edward Jones does not engage in soft-dollar arrangements; however, the Overlay Manager or Executing SMA Managers participating in Advisory Solutions UMA Models may direct transactions to brokers in return for brokerage or research services. In certain instances, the Overlay Manager or Executing SMA Managers engaged in soft-dollar arrangements may pay a broker-dealer (other than Edward Jones) higher commissions than another broker-dealer adequately qualified to effect such transactions would have charged where the Overlay Manager or Executing SMA Manager determines in good faith that the commission is reasonable in relation to the value of the soft-dollar benefits received. Soft-dollar arrangements may be considered as a factor in best execution determinations but will not replace the duty of the Overlay Manager and Executing SMA Managers to seek best execution for trades in your account(s).

The Overlay Manager and Executing SMA Managers may participate in other wrap fee programs sponsored by firms other than Edward Jones. In addition, the Overlay Manager or Executing SMA Managers may manage institutional and other accounts that are not part of a wrap fee program. In order to avoid buying or selling the same security for all client accounts through multiple broker-dealers, the Overlay Manager or Executing SMA Managers may decide to aggregate all such client transactions into a block trade that is executed through one broker-dealer. This practice may enable the Overlay Manager or Executing SMA Managers to obtain more favorable execution, including more favorable pricing, than would otherwise be available if orders were not aggregated. Using block transactions may also assist the Overlay Manager or Executing SMA Managers in potentially avoiding an adverse effect on the price of a security that could result from simultaneously placing a number of separate successive or competing client orders. This practice generally results in "trading away" from Edward Jones, as described above.

Alternatively, the Overlay Manager or Executing SMA Managers may use a trade rotation process where one group of clients may have a transaction effected before or after another group of clients. The Overlay Manager or Executing SMA Managers implement their trades with certain clients, custodians or sponsors using a trade rotation process in order to minimize the impact of their trading on the securities or markets in which they trade. These trade rotation practices may result in a transaction being effected for your account near or at the end of the Overlay Manager or Executing SMA Managers' rotation, resulting in your account bearing the market price impact, if any, of those trades executed earlier in the rotation. This may result in your receiving a less favorable net price for the trade. However, the Overlay Manager's and Executing SMA Managers' trade rotation policies are typically designed to ensure that clients are treated equitably and fairly over time.

The Overlay Manager and Executing SMA Managers will not aggregate or rotate Custom Models trades with Research Models trades when Edward Jones removes a mutual fund or ETF from the list of Eligible Investments. Because Custom Models are typically given notice and time to select an Eligible Investment replacement other than the recommended Eligible Investment, Custom Models will normally trade after Research Models. As a result, Research Models and Custom Models may receive different prices.

You should review the Overlay Manager's and each Executing SMA Manager's and non-discretionary SMA Manager's Form ADV Part 2A Brochure and Part 3 Client Relationship Summary for more information about their soft-dollar, trade aggregation and trade rotation practices and any related conflicts of interest. Brochures for the Overlay Manager and all SMA Managers, discretionary or non-discretionary, can be found at www.advisorinfo.sec.gov.

The Overlay Manager and Executing SMA Managers are solely responsible for ensuring they comply with their best execution obligations to you. You should also inquire about the Overlay Manager's or Executing SMA Managers' trading practices and consider that information carefully before choosing to invest in Advisory Solutions UMA Models. In particular, you should carefully consider any additional trading costs you may incur.

Trade Allocation. From time to time, the volume and/or number of trades that must be executed for Advisory Solutions UMA Models accounts may exceed Edward Jones' operational and technological capacities if these trades are made on a single day. This may occur if Edward Jones is removing an Eligible Investment from the list of Eligible Investments, if a large number of accounts need to be rebalanced, or by request of an Eligible Investment. In order to maintain the orderly processing of trades and to minimize the incidence of errors, Edward Jones may decide to allocate trades over an extended period of time. This may result in clients receiving different prices during such events. However, Edward Jones' allocation process is designed to be fair and equitable over time through the use of a random allocation process conducted prior to trade execution.

In addition, if the volume or size of redemptions required to be effected as a result of the removal of an Eligible Investment from the list of Eligible Investments or the rebalancing of a large number of accounts exceeds the limits set forth in the Eligible Investment's trading policies and procedures, the Eligible Investment may exceed the standard settlement period to process redemptions or may redeem positions in-kind. In such circumstances, client assets may not be fully invested and may be subject to market risk between the redemption date and the reinvestment of the assets. Alternatively, Edward Jones may rely on the allocation process described above to effect the redemptions over time in a manner consistent with the limits set forth in the Eligible Investment's trading policies and procedures.

Trade Errors. In certain circumstances, trade errors may occur in your account. When a trade error occurs that is caused by the actions of Edward Jones, the Overlay Manager or an Executing SMA Manager, Edward Jones will work to promptly correct the error while ensuring your account is not disadvantaged.

It is Edward Jones' policy to use an Edward Jones error account to correct trades. This may result in trades between your account and an Edward Jones error account. If the process of resolving trade errors results in a net gain in the error account, as accrued and calculated on a periodic basis, we will donate the amount of such gain to charities chosen by Edward Jones.

Edward Jones Reserve Line of Credit. Certain Advisory Solutions UMA Models non-retirement accounts may be eligible to serve as collateral in support of securities-based loans offered by Edward Jones SBL, LLC (the "Lender") a non-investment adviser, non-bank affiliate of Edward Jones. The securities-based lending offering is called the Edward Jones Reserve Line of Credit ("Reserve Line"). The terms and conditions applicable to Reserve Line are governed by the Edward Jones Reserve Line of Credit Agreement ("Reserve Line Agreement") and are not included in this brochure. Client "Obligations" (as that term is defined in the Reserve Line Agreement) are collateralized by the pledged account and the assets, including securities, within that account. If your Advisory Solutions UMA Models account is used as collateral to take an advance under the Reserve Line (a "Reserve Line Advance"), your account and assets within it are pledged to support your Obligations and you will not be permitted to withdraw securities or funds from your account unless sufficient collateral remains to support your Obligations as required under the Reserve Line Agreement. The availability of the Reserve Line will depend on whether the Lender is authorized to extend credit in the state where you reside, the value of the assets, including securities held in the pledged accounts and the eligibility guidelines set forth in the Reserve Line Agreement. Lender, at its sole discretion, may refuse a request for a Reserve Line Advance. Reserve Line Advances may be used for personal and business purposes but may not be used for the purpose of purchasing securities or reducing or retiring any indebtedness incurred to purchase securities.

Before making the decision to take a Reserve Line Advance, it is important you understand the terms and conditions of the Reserve Line Agreement; the risks and costs associated with taking a Reserve Line Advance; and how the performance of your Advisory Solutions UMA Models account may be negatively affected. Please review the Reserve Line Agreement for a discussion of the risks as well as the "Reserve Line Risk" section below before taking a Reserve Line Advance. The Reserve Line Agreement also includes a discussion of the costs of these advances. You will pay interest charges on a Reserve Line Advance to the Lender, which are separate from, and in addition to, the Advisory Solutions UMA Models Fee (defined below) you pay us. Before taking out a Reserve Line Advance, first evaluate the intended duration of the advance and your other options, including alternative loan options or liquidating securities. It is our view that the use of securities-based lending is most appropriate when short in duration. The

costs of a Reserve Line Advance, including interest charges, and Advisory Solutions UMA Models Fee may be greater than the income generated by your Advisory Solutions UMA Models account and, as a result, your account's value may decrease. To the extent that a "Maintenance Call" (as that term is defined in the Reserve Line Agreement) is triggered in connection with your Reserve Line and the Lender instructs us to liquidate any pledged collateral, we will act solely in our capacity as a broker-dealer and not as an investment adviser. Moreover, in causing the liquidation and sale of such pledged collateral to satisfy a Maintenance Call, the Lender will prioritize its interests over your interests, we are obligated to prioritize the Lender's interests over your interests and we will prioritize our interests over your interests. To learn more about the Reserve Line offering and its availability, please contact your Financial Advisor.

D. Custody, Trade Confirmations and Account Statements

Assets in your account are held at Edward Jones as broker-dealer. However, if you have entered into an IRA Custodial Agreement with Edward Jones Trust Company ("EJTC"), assets in your IRA will be held at EJTC. EJTC has delegated its duties and responsibilities as a custodian to Edward Jones, as sub-custodian.

As custodians, Edward Jones and EJTC are responsible for:

- Safekeeping your funds and securities;
- Collecting dividends, interest and proceeds from any sales; and
- Disbursing funds from your account.

Edward Jones (as broker-dealer) will provide all accounts with written trade confirmations of securities transactions and account statements for each month there is activity in the account. You can waive the right to receive certain trade confirmations; however, you will still receive mutual fund and ETF prospectuses, when applicable. If EJTC is the custodian, the account statement will be sent by Edward Jones on behalf of EJTC.

Class Action Claim Filing Service. Effective June 1, 2024, Edward Jones will partner with a third-party service provider to assist with recovery services by filing claims on your behalf in certain "Class Actions" related to securities and other financial instruments held in your account. "Class Actions" includes all U.S. state and federal class actions, Securities and Exchange Commission disgorgements, or other regulatory cases, as well as international class actions and/or collective actions involving publicly traded securities and financial instruments. As part of your CSA, you have provided limited power and authority to Edward Jones and/or the third-party service provider Edward Jones partners with to submit claims on your behalf, either directly or indirectly through such third-party service provider, including execution of necessary forms and documents. Pursuant to your CSA, you will be bound by, and subject to, the terms of all forms and releases that may be entered into for settlements in which a claim is filed on your behalf. In so doing, you appoint Edward Jones and/or the third-party service provider Edward Jones

partners with as your administrative agent to process and administer your participation in such asset recovery cases as a class member. This Class Action Service is a separate administrative service, is not part of the advisory services offered in the UMA Models program or covered by the UMA Models Fee, and Edward Jones does not act in an advisory capacity when making this service available to you. Additionally, Edward Jones will not provide legal advice to you or any other party related to your participation in such Class Actions.

Charges for the processing of class action claims shall be subject to a contingency fee assessed by the third-party service provider in the event a recovery is made. The contingency fee shall be a percentage of the total reimbursement of Class Actions settlements the third-party service provider collects. Additional service charges may apply related to the distribution and handling of payment if your account has been closed and a paper check and/or location services/escheatment is required.

You will be automatically enrolled in the Class Action Claim Filing Service. However, you are not obligated to continue to provide Edward Jones with the authority to permit the third-party provider to process any such claims. Rather, you may opt out of this service and pursue such claims on your own by advising Edward Jones, in writing, of your intention to opt out of this third-party service.

Further terms and conditions applicable to this Class Action Claim Filing Service can be found at edwardjones.com/accountfeatures.

Please review your account statements carefully and notify us immediately if you detect an error or a discrepancy.

E. Termination of Advisory Solutions UMA Models Services

You or Edward Jones may terminate your participation in Advisory Solutions UMA Models at any time without any advisory termination fee. While oral instructions to terminate your participation in Advisory Solutions UMA Models are generally acceptable, Edward Jones, in our sole discretion, may require written notice in order to terminate Advisory Solutions UMA Models advisory services for your account.

Upon notice of termination of your Advisory Solutions UMA Models services, Edward Jones will no longer act as an investment adviser and will not be obligated to recommend any action with regard to the assets in your account, but you may instruct us to sell the securities or transfer the securities to another Edward Jones account or a third-party account.

In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Advisory Solutions UMA Models account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class or liquidate the shares when transferring mutual funds.

Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Bridge Builder funds are only available to be purchased or held in Edward Jones' advisory programs and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Accordingly, any positions in Bridge Builder funds will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. The Edward Jones Money Market Fund is generally unavailable to be purchased or held outside of Edward Jones' advisory programs. Accordingly, in many situations, any position in the Edward Jones Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution.

In addition, SMA Managers may invest in mutual funds that have been developed for use solely with their respective SMA strategy. Accordingly, any positions in such mutual funds will be liquidated if you terminate your participation in such SMA strategy or your CSA is terminated.

Taxable gains, taxable losses, redemption fees or sales charges may be assessed upon the liquidation or redemption of securities. These fees and expenses may negatively impact your investment performance.

If you request the assets in your account be liquidated, proceeds from the sale of your securities will be available upon settlement of the trades generated to complete the liquidation. The Executing SMA Manager or Overlay Manager may use multiple trading days following the date after Edward Jones receives your liquidation request to fully liquidate your securities if the SMA Manager or Overlay Manager believes it is in your best interest to have a longer liquidation period. Because bond markets may be less liquid, these investments may be more difficult to liquidate, especially during periods of extreme market volatility. Therefore, you may experience delays or adverse price fluctuations when liquidating these securities. Account liquidation may cause a taxable event as well as additional fees and expenses.

Upon notice of termination, if you fail to instruct Edward Jones as to the disposition of assets in your account, your account's services will be significantly limited ("limited services account"). We will no longer act as a fiduciary to your account, and you can no longer rely on us to provide advisory services to your account. You will be able to receive distributions, liquidate securities and withdraw funds from your limited services account, but you will not be able to purchase new securities or add to existing positions (except for money market funds). Any transactions will be subject to fees, commissions and sales charges applicable to Edward Jones brokerage accounts.

If you terminate your participation in Advisory Solutions UMA Models, and do not transfer the assets in your Advisory Solutions UMA Models account to an Edward Jones account that is eligible for the Reserve Line, the Reserve Line (if any) associated with your Advisory Solutions UMA Models account will be terminated by the Lender and all outstanding Obligations will immediately be due and payable. The Lender may instruct us to liquidate securities or assets pledged as collateral (without notice to you) in an amount sufficient to satisfy outstanding Obligations. We will act solely in

our capacity as a broker-dealer in connection with any such instruction, not as an investment adviser. Please see the Reserve Line Agreement for additional information.

F. Fees

Every Advisory Solutions UMA Models account pays asset-based fees (referred to as your “Advisory Solutions UMA Models Fee”). Your Advisory Solutions UMA Models Fee includes a Program Fee, a Portfolio Strategy Fee and SMA Manager Fees, less any applicable fee reduction and/or fee offset (as discussed more fully below). Beginning on or about June 2024, the Portfolio Strategy Fee will be eliminated from Advisory Solutions. On or around the same time, a new Platform Fee will be effective. Please see below for additional information.

In addition to your Advisory Solutions UMA Models Fee, Eligible Investments, including ETFs, affiliated mutual funds and unaffiliated mutual funds in your account, have internal fees and expenses that are described in the prospectus of each fund.

These internal fees and expenses vary depending on the particular Eligible Investment.

You are responsible for the cost of commissions or transaction charges for securities trades directed by the Overlay Manager and/or Executing SMA Managers for execution by broker-dealers other than Edward Jones (i.e., “step-out” trades).

The following section explains:

- The fees and expenses
- How the fees and expenses are calculated and paid
- Potential fee reductions and offsets you may receive from Edward Jones

The Program Fee

Every Advisory Solutions UMA Models account is charged a Program Fee for certain investment advisory services, including initial and ongoing analysis of your investment needs and objectives; periodic consultations; ongoing evaluation and selection of investments for this program; Edward Jones’ ongoing investment policy guidance and services to keep your account aligned with such guidance; periodic performance reporting; custody and transaction execution services and other related services as described in this Brochure.

Program Fee Schedule

Value of Assets in Account		Annual Fee Rate
First	\$250,000	1.35%
Next	\$250,000	1.30%
Next	\$500,000	1.25%
Next	\$1,500,000	1.00%
Next	\$2,500,000	0.80%
Next	\$5,000,000	0.60%
Over	\$10,000,000	0.50%

The Portfolio Strategy Fee

Except as noted below, a Portfolio Strategy Fee will be charged for discretionary services, including but not limited to, discretionary management of your portfolio model, including services related to model portfolio construction, active model management, overlay management as appropriate and other related discretionary services provided by Edward Jones home office or third-party partners. Beginning on or about June 2024, the Portfolio Strategy Fee will be eliminated, and a Platform Fee will be effective. Please see below for additional information.

Portfolio Strategy Fee Schedule

Value of Assets in Account		Annual Fee Rate
First	\$250,000	0.19%
Next	\$250,000	0.19%
Next	\$500,000	0.18%
Next	\$1,500,000	0.17%
Next	\$2,500,000	0.12%
Next	\$5,000,000	0.09%
Over	\$10,000,000	0.09%

Platform Fee (Beginning on or about June 2024)

Beginning on or about June 2024, a Platform Fee will also be charged on all accounts enrolled in Advisory Solutions UMA Models for the support and maintenance of accounts on the Edward Jones' investment advisory platform, such as trading and risk tools, training and education, and ongoing platform development. This fee will be in addition to the Program Fee.

Platform Fee Schedule

Value of Assets in Account		Annual Fee Rate
First	\$250,000	0.05%
Next	\$250,000	0.05%
Next	\$500,000	0.04%
Next	\$1,500,000	0.03%
Next	\$2,500,000	0.02%
Next	\$5,000,000	0.01%
Over	\$10,000,000	0.00%

How the Advisory Solutions UMA Models Fee Is Calculated

The Advisory Solutions UMA Models Fee is based on the market value of all assets held in your account, including cash, cash equivalents, shares of third-party money market funds and shares of the Edward Jones Money Market Fund. Reserve Line Advances, if any, do not reduce the market value of your account for the purposes of calculating the Advisory Solutions UMA Models Fee. The Advisory Solutions UMA Models Fee is comprised of fees assessed at annual fee rates (shown above), payable monthly in arrears. As the value of the assets in your account increases or decreases, you are charged according to the applicable tiered fee schedules set forth above.

The fees assessed by Edward Jones will reduce your account's overall returns and performance. The Advisory Solutions UMA Models Fee is charged to your account each month in arrears. If your account is open for part of a month, then your Advisory Solutions UMA Models Fee will be based on the number of days your account was open and invested in the market. The amount you pay is determined by the average daily market value of the assets held in your account for the previous month.

All Advisory Solutions UMA Models accounts are subject to a \$10 minimum monthly Advisory Solutions UMA Models Fee. In the event that you are charged a \$10 minimum monthly fee, the effective fee rate based on the existing value of assets held in your account may be greater than the highest annual fee rates combined in each of the schedules (shown above).

Pricing Groups

To determine your Program Fee rate, Portfolio Strategy Fee rate and, when applicable, Platform Fee rate, your account may be grouped with your other Edward Jones advisory accounts or the

Edward Jones advisory accounts of people related to or close to you who meet the criteria below that are held in the same Edward Jones branch in what we refer to as a Pricing Group. Your Portfolio Strategy Fee rate (if applicable) is determined based on the value of the Advisory Solutions accounts in your Pricing Group. Each account can only be in one Pricing Group, and we will disclose to you the accounts making up your Pricing Group upon request.

Other members of the Pricing Group will receive the same disclosure upon request.

Your Pricing Group is based on the following criteria:

1. Your single, joint, custodial, owner-only 401(k) plan and IRA accounts are grouped together if they are registered at the same address and share one or more of the following: (a) the same last name, (b) the same Social Security number, or (c) the same Edward Jones Relationship Group. (If you have worked with your financial advisor to group your account with other accounts for the purpose of planning and establishing financial goals, that is a Relationship Group. Your Relationship Group may be the same as your Pricing Group. Please contact your financial advisor if you have any questions about your Relationship Group.)
2. Your revocable trust accounts are grouped with your single, joint, custodial, owner-only 401(k) plan, IRA or other revocable trust accounts if they are registered at the same address and use the same tax ID number for tax reporting.
3. Your association, church, corporation, estate, irrevocable trust, LLC, partnership and sole proprietorship accounts are grouped with other accounts of the same type if they are registered at the same address and use the same tax ID number for tax reporting. These types of accounts will be grouped with each other but not with other account types.

Additionally, accounts that do not meet the above criteria with your account, but that meet the above criteria with another person's account in your Pricing Group, will be added to your Pricing Group. Please contact your financial advisor if you have questions about your Pricing Group.

In addition, the Program Fee and/or Portfolio Strategy Fee may be lower than the above schedules in the following circumstances:

- Either Edward Jones or your financial advisor negotiates a lower Program Fee;
- You are an active or retired associate of Edward Jones; or
- You are a member of an active or retired associate's Pricing Group.

Reducing the Program Fee and/or Portfolio Strategy Fee is at the sole discretion of Edward Jones.

SMA Manager Fees: SMA Manager annual fee rates generally range from 0.15% to 0.40%, based on the target allocation of assets associated with SMA Managers in your account. The exact SMA Manager Fee rates depend on the Eligible Investment of the SMA Manager(s) included in your account. There is no SMA Manager Fee assessed on investments in mutual funds and ETFs held outside an SMA. You pay SMA Manager Fees to Edward Jones, and Edward Jones remits those fees directly to the SMA Manager.

Potential Fee Reductions or Offsets to the Program Fee

Depending on certain factors, you may be eligible to receive fee reductions or offsets to your Program Fee, as described below.

Fee Reductions

If your Advisory Solutions UMA Models account is funded from an Edward Jones account that incurred commissions or redemption fees within a preceding period, as established by Edward Jones, the Program Fee may be reduced for up to twenty-four (24) full months in which the account is active in Advisory Solutions UMA Models. The amount of the fee reduction will depend on the type of security held, timing of trade activity for the security or other characteristics of the account activity in the previous Edward Jones account. Ask your financial advisor for additional information about potential fee reductions. Any fee reductions will be applied in accordance with policies established by Edward Jones, which may be amended from time to time. If you close your account in Advisory Solutions UMA Models before receiving the entire fee reduction, you will not receive any of the remaining fee reduction that may have been available for your account. If you are selling securities to invest in Advisory Solutions UMA Models but did not purchase them through Edward Jones, you will not receive a fee reduction.

Fee Offsets

Rule 12b-1 Fees: Some mutual fund companies or their affiliates pay Edward Jones Rule 12b-1 fees for distribution and marketing expenses. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive Rule 12b-1 fees for the shares in your account, we will credit the amount received to your account.

Shareholder Accounting Revenue: Some mutual fund companies pay Edward Jones for account recordkeeping and administrative services provided by Edward Jones for the mutual fund companies. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive shareholder accounting fees for the shares in your account, we will credit the amount received to your account.

Affiliated Mutual Funds: If your account invests in affiliated mutual funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones. Affiliated mutual funds, other than the Edward Jones Money Market Fund, consist of Bridge Builder Funds and will be sub-advised by multiple sub-advisers who are unaffiliated with Edward Jones. Refer to Appendix A which contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones Money Market Fund: JFC directly owns 100% of Olive Street Investment Advisers, LLC (“Olive Street”), the adviser of the Edward Jones Money Market Fund. Olive Street, and its affiliate, Edward Jones, receive various revenues related to assets in the Fund (collectively, “Money Market Revenue”). Appendix A includes a detailed discussion of our Money Market Revenue. For any account investing in the Edward Jones Money Market Fund, Edward Jones or an affiliate will apply a fee offset against the Advisory Solutions UMA Models Fee equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

How the Advisory Solutions UMA Models Fee Is Paid

The Advisory Solutions UMA Models Fee is deducted directly from your account and paid using the cash portion of your account or assets that may be invested in a money market fund. If there is not sufficient cash or assets in a money market fund, Edward Jones or the Overlay Manager is authorized to sell a sufficient amount of assets to pay the Advisory Solutions UMA Models Fee. If Edward Jones sells assets, this may trigger a rebalance of your account. Such transactions will be effected without regard to tax consequences. You may have to pay redemption fees to a fund company if those shares were held only for a short time. (See below for more information on redemption fees.) Trades as a result of a liquidation of an Eligible Investment in a taxable account may result in a taxable event. At the sole discretion of Edward Jones, you may be allowed to pay your Advisory Solutions UMA Models Fee from an alternate Edward Jones account.

Internal Fees and Expenses of Mutual Funds and ETFs, Including Redemption Fees

Each mutual fund (including affiliated mutual funds, if any) and ETF has internal management fees and ongoing expenses that are deducted from the mutual fund’s or ETF’s assets, which has the effect of reducing the net asset value (“NAV”) of the mutual fund or ETF. Many mutual funds available in Advisory Solutions UMA Models have different share classes with different fees and expenses. The Fund prospectus and other fund documents will describe the internal fees and expenses. Please refer to Item 6 below for more information regarding the selection of mutual funds and ETFs for Advisory Solutions UMA Models.

Internal fees and expenses are in addition to the Advisory Solutions UMA Models Fee described above and vary depending on the particular mutual fund or ETF. You will not see a separate entry on your account statement showing these fees and expenses.

Certain mutual funds may also impose redemption fees if shares of the mutual fund are held for only a short time (typically anywhere from less than thirty (30) days to twelve (12) months). The Fund prospectus and other fund documents describe whether the mutual fund has a redemption fee and whether there are instances when the redemption fees will be waived.

Any internal fees and expenses charged by mutual funds and ETFs held in your account will reduce your account's overall returns and investment performance.

Other Fees and Expenses Not Included in the Advisory Solutions UMA Models Fee

In addition to the Advisory Solutions UMA Models Fee described above, clients may incur other fees and expenses. You will pay interest charges on a Reserve Line Advance, if applicable, to the Lender, as set forth in the Reserve Line Agreement, which are separate from, and in addition to, the Advisory Solutions UMA Models Fee you pay us. The Advisory Solutions UMA Models Fee covers portfolio management and investment advice provided by Edward Jones. You may pay for other services including, but not limited to, fees to distribute an account pursuant to a transfer on death agreement, estate service fees, an account transfer fee and/or an account termination fee.

Also, the Advisory Solutions UMA Models Fee does not cover the following (if applicable to your account): transfer taxes; electronic fund, wire and other account transfer fees; foreign transactional charges; internal fees and expenses incurred by mutual funds (including affiliated mutual funds) or ETFs purchased for your account, including commissions and other transaction-related charges incurred by any such fund, even if Edward Jones or an affiliate thereof effects these transactions for the fund; mutual fund redemption fees and contingent deferred sales charges; and any other charges imposed by law or otherwise agreed to by Edward Jones and you with regard to your account.

Deposits, including interest and dividends, received into your account but not yet invested into Advisory Solutions UMA Models may earn interest that will be retained by Edward Jones. Edward Jones may also earn and retain interest on distributions requested from your account until the time the check is cashed or another payment method is completed. The average overnight interest rate on these deposits may fluctuate daily and is tied to changes in widely referenced interbank lending rates, such as Fed Funds Effective Rate, Fed Funds Target Rate and Secured Overnight Financing Rate. Under these arrangements, banks may pay interest based on a spread to one of these rates or may pay a fixed interest rate.

Financial Advisor Compensation

Most financial advisors receive a portion of the Program Fee, though some financial advisors receive a salary in addition to, or in lieu of, the Program Fee. Financial advisors who receive a portion of the Program Fee have a financial incentive not to negotiate the Program Fee. The portion of the Program Fee paid to your financial advisor is at the discretion of Edward Jones. The fee rate paid to your financial advisor will be the same regardless of the model in which you invest. As a result, your financial advisor does not have a financial incentive to recommend one model over another.

Similarly, the fee rate paid to your financial advisor will be the same regardless of the investment advisory program in which

you invest. As a result, your financial advisor does not have a financial incentive to recommend Advisory Solutions UMA Models over another investment advisory program. Your Financial Advisor also will not receive a portion of the Platform Fee.

The amount of your financial advisor's compensation may be more or less than what he or she would receive if you had a brokerage account instead of an Advisory Solutions UMA Models account. If you purchased investments through Edward Jones as a broker-dealer, you would pay sales charges or commissions, a portion of which would be paid to your financial advisor. A financial advisor will typically earn more in upfront fees and commissions when you use brokerage services. In the alternative, a financial advisor will typically earn more over time if you invest in Advisory Solutions UMA Models. This creates a financial incentive for your financial advisor to recommend Advisory Solutions UMA Models instead of brokerage services. Edward Jones will receive revenue as a result of you taking advances under the Reserve Line, which is based on the amount of the Reserve Line advance. The larger the amount of the Reserve Line Advance, the more revenue Edward Jones receives. In addition, your financial advisor may also receive compensation in connection with a Reserve Line Advance depending on the profitability of your financial advisor's branch. As a result of the foregoing, there is a material conflict of interest between you and us in connection with the Reserve Line, which we address through disclosure in this Brochure and which you are deemed to consent to by taking a Reserve Line Advance. For example, if you take out or maintain a Reserve Line Advance rather than withdraw money from your Advisory Solutions UMA Models account, we retain the Advisory Solutions UMA Models Fee that such assets are otherwise generating and receive revenue from the Lender. The Lender also receives revenue in the form of interest payable on the Reserve Line Advance.

Depending on your specific circumstances, including the intended duration of the advance under the Reserve Line and the return on your account, over the long term it may cost you more to take out the Reserve Line Advance than if you had pursued an alternative financing option or liquidated securities and withdrawn the sale proceeds from your account. You are responsible for determining whether a Reserve Line is appropriate for your liquidity needs, the acceptability of the lending terms, and potential adverse tax or other consequences for you. You are encouraged to carefully consider the total cost of taking out an advance under the Reserve Line, and any additional compensation to us or your financial advisor or the Lender, when determining to take out and/or maintain a Reserve Line Advance.

The Program Fee, as well as assets under care and outstanding Reserve Line Advance balances, will impact most financial advisors' eligibility for a bonus and bonus amount. The Program Fee, as well as assets under care and outstanding Reserve Line Advance balances, will impact most financial advisors' eligibility for a bonus and bonus amount. The Program Fee, as well as assets under care and client Reserve Line Advance balances may also impact a financial advisors' eligibility for the receipt of

certain limited partnership profits interest in The Jones Financial Companies, L.L.P. (the "Profits Interest"). This eligibility to receive bonus, bonus amounts, and/or certain Profits Interest creates a conflict of interest in that your financial advisor has an incentive to recommend you invest in an investment advisory account(s).

Most financial advisors are eligible to participate in the Edward Jones Travel Award Program ("Travel Award Program"), which includes domestic and international travel, or a cash award in lieu of a trip. Eligibility for the Travel Award Program is based upon the amount of new and existing assets under care of a financial advisor which creates an additional conflict of interest.

These financial incentives create a conflict between Edward Jones' interest, your financial advisor's interest, and your own. We address these conflicts of interest through disclosures you will receive at or before the time of your financial advisor's recommendations to you. Additionally, financial advisors are subject to training, supervision, regulatory requirements, and internal policies and controls that are reasonably designed so that clients are recommended only those products and services that are appropriate in light of their financial circumstances.

For further information on compensation and conflicts of interest, please see the "Understanding how we are compensated for financial services" document found at edwardjones.com/compensation.

Comparing Costs, Expenses and Services

Your Advisory Solutions UMA Models Fee is a fee for investment advisory, brokerage and custody services as described above under "The Program Fee" and, when applicable, the Platform Fee is a fee for platform support services as described above under "Platform Fee." Advisory Solutions UMA Models may cost you more or less than purchasing these services separately, depending on the costs of the services if provided separately, the size of your account, the amount of cash in your account, and the trading activity in your account and the corresponding brokerage commissions that would be charged if you bought and sold individual securities in a brokerage account.

You can choose to forgo the services of Advisory Solutions UMA Models and buy and sell securities through Edward Jones as a broker-dealer or through other brokers or agents not affiliated with Edward Jones (although you would not receive the benefits of the program described in this Brochure).

We have provided you with materials that explain our brokerage and investment advisory services, including our Client Relationship Summary ("CRS") and "Making Good Choices" brochure.

Additional copies are available from your financial advisor upon request or our CRS is available at www.edwardjones.com/regbidisclosures.

Item 5: Account Requirements and Types of Clients

Generally, an initial minimum investment of \$300,000, \$500,000 or \$1 million is required to invest in Advisory Solutions UMA Models.

- We offer Research Models and Custom Models at an initial minimum investment of \$300,000; however, you are limited to certain Account Portfolio Objectives until your Account value meets or exceeds \$500,000. This limitation may prevent you from remaining in Advisory Solutions UMA Models if you subsequently want to select an Account Portfolio Objective that is not available while your Account is under \$500,000.
- We offer UMA Research Models and Custom Models for all Account Portfolio Objectives at an initial minimum investment of \$500,000 or, if you invest at a lower initial minimum investment, when your Account value meets or exceeds \$500,000.

Certain Research Models require an initial minimum investment of \$1 million. You can fund your Advisory Solutions UMA Models account with cash and/or securities. If you establish your Advisory Solutions UMA Models account or later add to your account with securities that are not Eligible Investments, you authorize and direct Edward Jones to liquidate or redeem those securities as promptly as practicable without regard to tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities. Edward Jones will act in our capacity as a broker-dealer, not as a fiduciary or investment adviser, in connection with such transactions and will sell those securities at no commission. The proceeds will be invested in the Account Portfolio Objective you selected. We will not provide advice or guidance regarding the securities being sold to fund the Advisory Solutions UMA Models account. Trades that occur in a taxable account will result in a taxable event to you. Please consult with your tax professional.

If you initially transfer securities into your Advisory Solutions UMA Models account and those securities are Eligible Investments within your Research or Custom Model, you authorize and direct Edward Jones to: (a) convert some or all shares of current Eligible Investments to a different share class used in Advisory Solutions UMA Models, and/or (b) liquidate some or all shares of current Eligible Investments. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event. Liquidations depend upon factors such as the type and values of the securities you transfer in and the type and values required by your Research or Custom Model at the time of the transfer. Any securities you transfer into your account that are not Eligible Investments within your Research or Custom Model will be liquidated and the proceeds invested as described above.

The total value of your account is monitored by Edward Jones. If the value of your account falls below the initial investment minimum, we may, in our discretion, remove your account from Advisory Solutions UMA Models.

Edward Jones offers clients a wide range of financial services. Advisory Solutions UMA Models may not be appropriate for every client or every account type. Generally, Advisory Solutions UMA Models is available only to residents or entities of the United States and certain U.S. territories with the following types of accounts: individual; joint; trusts; charitable organizations; corporations and other business entities; traditional IRAs and Roth IRAs; and Benefit Plans. Benefit Plans include owner-only 401(k) plans, Savings Incentive Match Plan for Employees (“SIMPLE”) IRAs, Simplified Employee Pension (“SEP”) IRAs, traditional IRAs linked to an Edward Jones SEP IRA and other eligible plans.

Edward Jones can prohibit any person or entity from investing or remaining in Advisory Solutions UMA Models for any reason, including if we do not believe it is an appropriate investment strategy for that person or entity. As a general rule, you should not invest in Advisory Solutions UMA Models if you want to actively trade in mutual funds and/or ETFs or have a time horizon shorter than three (3) years.

You may add or withdraw funds from your account upon request. Additions and withdrawals from your account may result in Edward Jones selling or purchasing assets in your account in accordance with the Asset Allocation Category and Eligible Investment weighting targets set for your Account Portfolio Objective and in a manner that attempts to minimize variations in the Asset Allocation Category and Eligible Investment weightings within your account.

If after your Advisory Solutions UMA Models account is opened and activated you subsequently transfer in shares of mutual funds that are current Eligible Investments but in a different share class from the share class used in Advisory Solutions UMA Models, these shares will be liquidated upon transfer into your account and the funds invested in accordance with your model. This may cause a taxable event in your account and we cannot guarantee that you will not owe taxes as a result of the liquidation. For more information about share classes, please refer to the Risk of Loss section below.

If you request a transfer of securities from your Advisory Solutions UMA Models account to another Edward Jones account or a third-party account, you authorize Edward Jones to transfer the mutual fund shares in-kind without converting the shares into a different share class. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Advisory Solutions UMA Models account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class, or liquidate the shares, when transferring mutual funds. Conversions may result in higher fees and expenses and negatively affect investment performance and liquidations may cause a taxable event.

Mutual fund shares held in your Advisory Solutions UMA Models account may accumulate and be used to satisfy a letter of intent (“LOI”) associated with multiple Edward Jones brokerage

accounts. However, if a brokerage account transferring into Advisory Solutions UMA Models is the only account where the LOI can be met, Edward Jones can terminate your LOI and sell a portion of your position to adjust the commission paid in your brokerage account before the transfer of your assets into Advisory Solutions UMA Models. Assets in your Advisory Solutions UMA Models account will not be used to pay any adjustment(s) that apply in the event you fail to satisfy the LOI.

Affiliated mutual funds may not be held outside of your Edward Jones investment advisory and/or brokerage account. Accordingly, any positions in Bridge Builder funds will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. Similarly, any position in the Edward Jones Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. Liquidations of an affiliated mutual fund in a taxable account may result in a taxable event.

Item 6: Portfolio Manager (SMA Manager) Selection and Evaluation

All Eligible Investments are selected by Edward Jones based on a process tailored to the type of investment (SMA Managers, affiliated mutual funds, unaffiliated mutual funds and ETFs). Only certain strategies offered by SMA Managers are available in Advisory Solutions UMA Models. Edward Jones-supervised persons serve as portfolio managers for Research Models in Advisory Solutions UMA Models. See Item 4.A. above for a description of our advisory services. Edward Jones does not currently serve as an SMA Manager.

SMA Managers. SMA Managers selected for Advisory Solutions UMA Models undergo a due diligence process by Edward Jones, which determines whether each SMA Manager meets our objective and subjective criteria to be included as an Eligible Investment. Our evaluation criteria include, but are not limited to, the following:

- The amount of assets under management;
- An established history of investment performance;
- An assessment of the risk taken to achieve returns;
- Tax characteristics and consideration;
- An assessment of the organizational strength and stability; and
- An understanding and acceptance of the Edward Jones investment philosophy and mission.

Before we include an SMA Manager or a strategy of the SMA Manager as an Eligible Investment in Advisory Solutions UMA Models, we review several aspects of their business. We study their investment philosophies, history and performance, and review up-to-date information on their investment performance results. The performance is calculated by the SMA Managers themselves or by third parties. SMA Manager performance information is not calculated on a uniform and consistent basis.

Neither Edward Jones nor any third party engaged by us reviews performance information to determine or verify its accuracy or its compliance with presentation standards.

From time to time, SMA Managers will provide us with updated information on their background, investment practices and performance results. We track SMA Managers' returns on a quarterly basis.

Removal of SMA Managers or Strategies. Edward Jones may remove an SMA Manager (or strategy of an SMA Manager) from Advisory Solutions UMA Models for any reason, including, but not limited to, the following:

- Key personnel changes at the SMA Manager;
- The SMA Manager deviates from its investment philosophy;
- Legal or regulatory concerns with the SMA Manager;
- Poor performance by an SMA Manager when compared to that of other SMA Managers during a market cycle; and
- The SMA Manager is no longer appropriate for your investment goals and objectives.

If Edward Jones removes an SMA Manager or strategy and you are invested in a Research Model, we will select an appropriate replacement SMA Manager or strategy without giving you any prior notice. If you are invested in a Custom Model, we will, when possible, provide you thirty (30) days' notice and recommend a replacement SMA Manager or strategy. If you do not want to accept the replacement SMA Manager or strategy, you must notify Edward Jones within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice; otherwise, we will select the replacement SMA Manager or strategy for your account.

Transition Option for Taxable Accounts Invested in Custom Models. Edward Jones, in our discretion, may give taxable accounts invested in Custom Models the option ("transition option") to continue to use an SMA Manager or strategy designated for removal as an Eligible Investment for a period of time ("transition period") of up to thirteen (13) months (or such shorter or longer time as may be determined in the discretion of Edward Jones).

Edward Jones will provide you with notice when the transition option is available and you must affirmatively elect the option as described in the notice. If you fail to make an election, we will follow the replacement process described in the notice.

The transition process from one SMA Manager/strategy to another may result in transactions that will generate realized gains or losses. The transition option gives you additional time and flexibility to work with your tax professional. However, you assume the risk of investing with an SMA Manager or strategy that is designated for removal. Please consult with your tax professional regarding whether to elect the transition option.

During the transition period, you may continue to invest with the SMA Manager or strategy and make additional contributions or sell assets. Your account's features, such as rebalancing, will continue to operate as described in this Brochure.

During the transition period, Edward Jones will continue to evaluate the SMA Manager or strategy. We may, in our discretion, recommend the immediate removal of the SMA Manager or strategy at any time, rather than allowing clients who elected the transition option to remain invested for the remainder of the transition period.

Edward Jones will provide you with notice prior to the expiration of the transition period. If you do not respond to the notice, we will select a replacement SMA Manager or strategy for your account.

Performance-Based Fees and Side-by-Side Management

This section does not apply to Edward Jones.

Methods of Analysis, Investment Strategies and Risk of Loss

Mutual Funds and ETFs. Edward Jones starts with the universe of applicable investments and uses numerous quantitative (investment history, past performance, portfolio analysis of the individual holdings in the mutual fund, etc.) and qualitative (investment strategy, process, personnel, etc.) factors in selecting and monitoring Eligible Investments. The selection and monitoring processes take into consideration a variety of factors, each of which may be given different weight in the decision-making process, and generally no one factor determines the outcome of any selection.

The processes we use to select and monitor affiliated mutual funds are different from the processes we apply to unaffiliated mutual funds and other Eligible Investments.

In selecting and monitoring sub-advisers for our affiliated mutual funds, the investment adviser, which is affiliated with Edward Jones, follows a process that is similar, but not identical, to the process that we use to evaluate unaffiliated mutual funds and other Eligible Investments. This process includes quantitative and qualitative analysis, including, but not limited to, an evaluation of the investment process, consistency, portfolio composition, strategies employed, risk management, team depth, quality and experience, operations and compliance of the sub-adviser. The evaluation process includes review of literature and documents, quantitative historical performance evaluation and discussions with members of the investment team and Edward Jones management. None of the sub-advisers are affiliated with Edward Jones.

Edward Jones continually reviews Eligible Investments (other than affiliated mutual funds) to ensure they remain suitable for Advisory Solutions. An Eligible Investment can be removed from Advisory Solutions for a variety of reasons, including, but not limited to, the following:

- A significant change to a fund's investment team
- A major shift in the fund's investment process
- A drift away from a fund's stated investment style
- An alternate Eligible Investment that has been identified within the same Asset Allocation Category

- A change in Edward Jones' guidance and/or outlook
- A decision by Edward Jones to reduce our ownership level of a fund

Affiliated mutual funds generally will not be removed from the list of Eligible Investments. However, as multi-manager funds, the above events would likely cause the affiliated investment adviser to select a replacement sub-adviser, subject to the terms and conditions of the prospectus. The affiliated investment adviser may also reallocate the fund's assets or change the weightings among the remaining sub-advisers at its discretion. The affiliated investment adviser and the affiliated mutual funds have received an exemptive order from the SEC that allows sub-advisers to be appointed without a vote of the shareholders of the affiliated mutual fund.

Update Pending Status. Edward Jones can place an Eligible Investment (other than an affiliated mutual fund) on "Update Pending" status. Update Pending is an interim status indicating there is some type of important news or issue involving the Eligible Investment. Once the significance of the news or issue is assessed, we will remove the Update Pending status and either: (1) keep the Eligible Investment on the list of Eligible Investments, or (2) remove the Eligible Investment from the list of Eligible Investments. You will not be notified that an Eligible Investment is in Update Pending status, and your account will continue to hold the Eligible Investment through the Update Pending period. This process will not apply to affiliated mutual funds.

Risk of Loss

All investment strategies and investments involve risk, and the value of your account will fluctuate. As a result, your account may be worth more or less than the amount of money you invested.

Past performance does not guarantee future results, and there is no guarantee that your Account Portfolio Objective or Goal Portfolio Objective (if applicable) will be achieved.

Each Eligible Investment will also fluctuate in value and, when sold, may be worth more or less than the original cost to purchase. Diversification does not guarantee a profit or protect against loss. You should consider the investment objectives, strategies, risks, fees and expenses, and past performance of each Eligible Investment before deciding to invest in Advisory Solutions UMA Models.

Set forth below are some of the material risk factors that are often associated with the general types of investments available to clients investing in Advisory Solutions UMA Models. You should not rely solely on the descriptions provided below but should also read the ADV Part 2A Brochures and Part 3 Client Relationship Summaries of the Overlay Manager and the Executing SMA Managers, which include additional and more detailed risk disclosure about their investment strategies and available investments, which may include equity securities (including large cap, mid cap and small cap), preferred stock, fixed-income securities, government securities, municipal securities, foreign securities, emerging-market securities, mutual funds, ETFs and money market funds. In addition, certain SMAs may invest in master limited partnerships, real estate investment trusts and

derivatives, including, but not limited to, options, future contracts, and interest rate swaps. This list of investments available through SMAs is not meant to be exhaustive, and you are encouraged to read your Executing SMA Manager's brochure for more information. The brochures can be found on Edward Jones' website at www.edwardjones.com/advisory-prospectus/brochures.html or you can ask your financial advisor for a copy.

Implementing an ESG or values-based investing approach, which helps align your portfolio with your personal values by excluding certain investments or targeting issues that are important to you, has potential risks and trade-offs. Such investments may value non-financial goals more than financial returns. Additionally, while segments of the market or investments that engage in certain business practices can be excluded with an ESG or values-based investing approach, introducing such exclusions or focusing on a narrow area of the market can decrease your portfolio's diversification and materially impact its risk and return. Companies also may not operate as expected or fail to meet the desired ESG or value-based characteristics over time.

Mutual Funds Risk. Mutual funds are diversified, professionally managed portfolios of securities that pool the assets of individuals and organizations to invest toward a common objective such as current income or long-term growth. Mutual funds are subject to investment advisory, transactional, operating and other expenses. Each mutual fund is subject to specific risks depending on its investments and investment strategy. The value

of mutual funds' investments and the NAV of the funds' shares will fluctuate in response to changes in market and economic conditions, as well as the financial condition and prospects of companies and other investments in which the funds invest. The performance of a mutual fund will depend on whether the fund's investment adviser is successful in pursuing the fund's investment strategy. Mutual funds that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. The Fund prospectus and the other fund documents describe the risks specific to the fund.

Share Classes. Unaffiliated mutual funds used in Advisory Solutions UMA Models can have different share classes. While each share class invests in the same pool of investments and has the same investment objective, each has different internal fees and expenses. Mutual funds often permit the conversion of shares from one class to another, subject to certain conditions as determined by the mutual fund.

Edward Jones considers several factors when selecting a mutual fund share class for Advisory Solutions UMA Models, including, but not limited to, the eligibility criteria set by mutual fund companies and the overall cost structure of the share class.

Clients should not assume they will be invested in the share class with the lowest expense ratio.

Edward Jones generally attempts to select institutional and/or advisory share classes for Advisory Solutions UMA Models, when

available. Institutional and/or advisory shares generally do not impose a sales charge or ongoing Rule 12b-1 fees and, as a result, are usually less expensive than Class A shares.

Other share classes, including Class A, may be utilized when no institutional or advisory share classes are available. Class A shares are typically purchased in brokerage accounts and usually carry an upfront sales charge and ongoing Rule 12b-1 fees. If Class A shares are selected in Advisory Solutions UMA Models, the upfront sales charges are generally waived, but the Class A shares are still charged the ongoing Rule 12b-1 fees. As described in Item 4 above, if we receive Rule 12b-1 fees for shares held in your account, we will credit the amount received to your account as a fee offset.

Please refer to the appropriate prospectus and SAI for more information regarding the available share classes of mutual funds used in Advisory Solutions UMA Models. In our sole discretion, Edward Jones can change the share class of any Eligible Investment at any time without prior notice to you.

Redemptions from Eligible Investments. Edward Jones' clients collectively own a large percentage of certain mutual funds that are Eligible Investments. Due to the significant ownership, there may be adverse consequences in the event that Edward Jones, as the investment adviser, removes a mutual fund from the list of Eligible Investments. If the volume or size of redemptions required to be affected as a result of the removal of a mutual fund from the list of Eligible Investments exceeds the limits set forth in the mutual fund's policies and procedures, the resulting delay in effecting redemptions may result in accounts experiencing increased risk of loss. A mutual fund company can also decide to redeem shares "in-kind" instead of in cash. In that event, you may receive the actual underlying securities of the fund. The underlying securities could lose value before they are sold. Brokerage and other transaction costs will apply to the sale of the underlying securities. We will work with the mutual fund company to reduce the likelihood of an in-kind redemption and will take steps to minimize potential adverse consequences to you, but there is no assurance that you will be able to avoid the risk of loss and other adverse consequences.

ETFs Risk. ETFs are typically registered investment companies whose shares are listed on a securities exchange. An investment in an ETF generally presents the same primary risks as an investment in a conventional mutual fund (i.e., one that is not exchange-traded) that has the same investment objective, strategies and policies. The price of an ETF can fluctuate within a wide range, gaining or losing value throughout the day. ETF performance may vary from that of its benchmark or its peers.

Like mutual funds, ETFs are subject to investment advisory, transactional, operating and other expenses. Unlike mutual funds, shares of ETFs cannot be directly purchased from and redeemed by the fund. ETFs that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. Each Fund's prospectus and other fund documents describe the

risks specific to the fund.

Equity Securities Risk. Common stocks and other equity securities generally increase or decrease in value based on the earnings of a company and on general industry and market conditions. The value of a company's share price may decline as a result of poor decisions made by management, lower demand for the company's services or products, or if the company's revenues fall short of expectations. There are also risks associated with the stock market overall. The stock market may experience periods of turbulence and instability.

Preferred Stock Risk. Preferred stock is a class of capital stock that typically pays dividends at a specified rate. Preferred stock is generally senior to common stock but subordinate to debt securities with respect to the payment of dividends and on liquidation of the issuer. While subject to the same risks affecting equity securities generally, the market value of preferred stock also generally decreases when interest rates rise (interest rate risk) and is also affected by the issuer's ability to make payments on the preferred stock (credit risk).

Fixed-Income Securities Risk. Fixed-income securities, such as bonds, are subject to credit risk and interest rate risk. Credit risk is the possibility that an issuer of an instrument will be unable to make interest payments or repay principal when due. Changes in the financial strength of an issuer or changes in the credit rating of a security may affect its value. Interest rate risk is the risk that interest rates may increase, which tends to reduce the resale value of certain fixed-income securities.

Municipal Securities Risk. Municipal securities are subject to various risks based on factors such as economic and regulatory developments, changes or proposed changes in the federal and state tax structure, deregulation, court rulings and other factors. Repayment of municipal securities depends on the ability of the issuer or project backing such securities to generate taxes or revenues. There is a risk that the interest on an otherwise tax-exempt municipal security may be subject to federal income tax.

Government Securities Risk. U.S. government securities are subject to interest rate and inflation risks. Not all U.S. government securities are backed by the full faith and credit of the U.S. government. Certain securities issued by agencies and instrumentalities of the U.S. government are only insured or guaranteed by the issuing agency or instrumentality, which must rely on its own resources to repay the debt. As a result, there is risk that these entities will default on a financial obligation.

Money Market Funds Risk. Money market funds are a type of mutual fund that invests in high-quality, short-term debt securities, pays dividends that generally reflect short-term interest rates and seeks to maintain a stable NAV per share (typically \$1). An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although a money market fund is managed to maintain a stable NAV of \$1 per share, the value of the fund may fluctuate, and you could lose money.

Foreign Investing Risk. Investments in foreign markets or foreign companies may be achieved through investments in securities of

foreign issuers, ETFs or mutual funds that hold securities of foreign issuers, or ADRs, which are receipts typically issued by a U.S. bank or trust company evidencing ownership of the underlying securities of a foreign company. Investments in foreign markets or foreign companies carry a number of economic, financial and political considerations that are not associated with the U.S. markets and that could unfavorably affect your account's performance. Among those risks are greater price volatility; weak supervision and regulation of securities exchanges, brokers and issuers; higher brokerage costs; fluctuations in foreign currency exchange rates and related conversion costs; adverse tax consequences; and settlement delays.

Tax-Efficient Management Risk. In managing your taxable account in a tax-efficient manner, the Overlay Manager relies on various assumptions about the tax posture of a typical investor. Those assumptions may not correspond to your actual situation. In addition, the Overlay Manager only considers securities held in your account (independently of other accounts). Securities outside of your account will not be considered, including securities held in other Advisory Solutions UMA Models accounts. You are responsible for monitoring all accounts under your (and your spouse's) control, held at or outside of Edward Jones, to ensure that transactions in your account do not create a wash sale.

A wash sale may occur if you and/or your spouse buy (directly or indirectly through any account under the control of you and/or your spouse) any security (or a substantially identical security) within 30 days before or after the Overlay Manager sells that same security. In that case, the loss may be deferred or disallowed. Neither the Overlay Manager nor Edward Jones can provide any assurances that wash sales will not occur. In some cases, the Overlay Manager may execute a trade for non-tax reasons that will generate a wash sale when it deems this in the best interest of the client. You are responsible for identifying and reporting any wash sales properly on your tax return. For more information on the wash sale rules, please read Internal Revenue Service ("IRS") Publication 550 and consult your tax professional.

The effectiveness of tax-efficient management, including through such methods as tax loss harvesting, in reducing your overall tax liability will depend on your entire tax and investment profile.

Consult your tax professional regarding your situation, your requirements to the IRS or any other taxing authority, along with any potential tax consequences. Edward Jones assumes no responsibility for the tax consequences of any transaction, including any capital gains and/or wash sales that may result.

For more information about tax-efficient management, including tax loss harvesting, see the Overlay Manager's Form ADV brochure available at www.edwardjones.com/advisory-prospectus/brochures.html.

Reserve Line Risk. Our financial advisors provide information and education regarding the availability of the Reserve Line. However, you decide whether to take Reserve Line Advances and you decide when and how to pay back any such advances. There are certain risks and conflicts of interest that arise when you take a Reserve Line Advance, including (i) the interest rate

charged by the Lender in connection with the Reserve Line Advance may be higher than those charged by other lenders for financing and is in addition to the Advisory Solutions UMA Models Fee; (ii) the Lender is permitted to modify its collateral maintenance requirements at any time and without providing advance written notice to you; (iii) the Lender may require additional collateral or that you repay all or a portion of a Reserve Line Advance if there is a decline in the market value of the securities in the account that was pledged as collateral for the Obligations under the Reserve Line; (iv) the Lender can instruct us to liquidate any and all of the securities in your pledged account to satisfy a Maintenance Call without notice to you (even if the Lender has already notified you and provided a date by which you can meet a Maintenance Call); (v) you are not entitled to an extension of time on a Maintenance Call; (vi) to satisfy a Maintenance Call, Lender may instruct us to liquidate any or all of the securities in a pledged account that we would otherwise not recommend you sell and that may not otherwise be in your best interest to sell; (vii) liquidation of securities to satisfy a Maintenance Call could result in your account being out of alignment with your portfolio objective and result in other securities being sold to bring your account back into alignment with your Account Portfolio Objective; (viii) the liquidation of securities to satisfy a Maintenance Call could have adverse tax consequences to you; (ix) you are not entitled to select which securities in a pledged account are liquidated to satisfy a Maintenance Call and Lender can instruct us to liquidate securities that you wish to retain or that have a low tax basis without regard to your wishes or any adverse tax consequences; (x) depending on market conditions, the prices obtained for the liquidated securities may be less than favorable and may be less than the value that we or you believe the securities are worth and may negatively impact the performance of your account and interrupt your investment strategy; (xi) the timing of securities sales in connection with a Maintenance Call will be different than if those securities were not used as collateral in connection with the Reserve Line; (xii) a situation could arise where the value of your account is zero and you still owe money on a Reserve Line Advance; (xiii) we will act as a broker-dealer, and not as an investment adviser, in connection with a Maintenance Call (and our lending affiliate will act as a lender), which may be in conflict with your best interest and our role as an investment adviser to your Advisory Solutions UMA Models account; and (xiv) you will still be responsible for any deficiency if the value of the assets liquidated is insufficient to satisfy your obligations to the Lender under the Reserve Line. Please see the Reserve Line Agreement for a discussion of risks related to utilizing the Reserve Line. Any action taken by us in connection with a Maintenance Call will not constitute a breach of our fiduciary duties as an investment adviser.

Cybersecurity Risk. The computer systems, networks and devices used by Edward Jones and our service providers employ a variety of protections designed to protect against damage or interruption from computer viruses, network and computer failures and cyberattacks. Despite such protections, systems, networks and devices potentially can be breached. Cyberattacks

include, but are not limited to, gaining unauthorized access to digital systems for purposes of corrupting data or causing operational disruption, as well as denial-of-service attacks on websites. Cyber incidents may cause disruptions and impact business operations, potentially resulting in financial losses, the inability of Edward Jones or service providers to trade, violations of privacy and other laws, regulatory fines, reputational damage, reimbursement costs and additional compliance costs, as well as the inadvertent release of confidential information.

Economic Conditions Risk. Economic, political and financial trends and developments may, from time to time, result in periods of volatility or other potentially adverse effects that could negatively impact your account. Domestic and international markets, including sectors and companies within those markets, may respond in significant and unforeseen ways to matters such as public health issues, geopolitical events, natural disasters and social unrest. Those matters, as well as others not listed here, may increase the risk to your account's performance and cause losses.

Tailoring Advisory Services to Clients

See Item 4.A. above for a description of how we tailor our advisory services to you and how you can impose reasonable restrictions on investing in certain securities or types of securities.

Wrap Fee Programs

We act as both the wrap fee program sponsor and the portfolio manager in Research Models described in this Brochure. We receive the Advisory Solutions UMA Models Fee as described in Item 4. We also act as both the wrap fee program sponsor and the portfolio manager in Research Models described in the Advisory Solutions Fund Models Brochure.

We also act as an investment adviser in other advisory programs where we provide different services. Additional information is available at www.edwardjones.com/advisorybrochures.

Proxy Voting

In Advisory Solutions UMA Models, Edward Jones does not vote proxies for clients. The Overlay Manager will vote any proxies received in accordance with their proxy voting policies and procedures, which are reasonably designed to ensure that they vote securities in the best interest of clients. You cannot retain the right to vote proxies yourself or direct or recommend how the Overlay Manager or Executing SMA Manager should cast any particular vote. The Overlay Manager endeavors to vote proxies in accordance with the best economic interest of its clients and similarly to resolve any conflicts of interest exclusively in the best economic interests of the clients. In order to mitigate conflicts of interest, the Overlay Manager has contracted with an independent third-party service provider to vote proxies in accordance with instructions and guidelines provided or approved by the Overlay Manager. You should review the Overlay Manager's and each Executing SMA Manager's Form ADV Part 2A Brochure for more information about their proxy voting policies.

The Overlay Manager or Executing SMA Manager is also authorized to receive all proxy-related materials, annual and semi-annual reports, and other shareholder materials, including

corporate actions, arising from any Eligible Investments or other securities in the account. You can receive a copy of these materials, the Overlay Manager's and/or Executing SMA Manager's proxy voting policy and procedures, voting guidelines and/or proxy voting record by submitting a written request to: Edward Jones, Attention: Investment Advisory, 12555 Manchester Road, St. Louis, MO 63131.

Legal Notices

Edward Jones will not take any action or render any advice regarding any legal action on your behalf relating to any Eligible Investments or other assets held in your account (including shares of the Money Market Fund) that may become subject to any legal action, regulatory action, administrative action, bankruptcy, and/or class action lawsuit other than the Class Action Claim Filing service described in this brochure and the CSA. However, Edward Jones will promptly forward any such documents to you, or if you are enrolled in the Class Action Claim Filing service, Edward Jones will execute such service as described in this brochure and the CSA.

Item 7: Client Information Provided to Portfolio Managers (Overlay Manager and SMA Managers)

Edward Jones does not provide client information to SMA Managers who are not authorized to execute transactions for the account. We will provide client information to the Overlay Manager and to Executing SMA Managers who are authorized to execute transactions to the extent necessary for the Overlay Manager or Executing SMA Managers to manage the account (or any portion thereof).

Over time, your financial goals and objectives may change. Accordingly, you and your financial advisor must perform an annual review, as set forth in Item 9.B. below. We will provide updated investment objective information to the Overlay Manager and/or applicable Executing SMA Manager(s) as necessary to continue managing your account.

Item 8: Client Contact with Portfolio Managers (Overlay Manager and SMA Managers)

You may contact your Edward Jones financial advisor during normal business hours with questions regarding your account, including questions regarding an SMA. You cannot directly contact the Overlay Manager or SMA Managers or the sub-advisers of the affiliated mutual funds. If you have a complex or non-routine question, Edward Jones will communicate with the Overlay Manager or SMA Manager on your behalf.

Item 9: Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Disciplinary Information

Edward Jones is a registered broker-dealer and investment adviser. This section contains information about certain legal and

regulatory matters that Edward Jones believes are material to a client's evaluation of our advisory business or the integrity of our management. Edward Jones has also been subject to various legal and regulatory proceedings relating to our brokerage business that are disclosed in Part 1 of our Form ADV, which is available on the SEC's website at www.adviserinfo.sec.gov, as well as on FINRA's website at www.finra.org/brokercheck.

SEC – Municipal Bond Pricing. On August 13, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement in public administrative and cease-and-desist proceedings with the SEC regarding certain of the firm's municipal securities activities. Pursuant to the settlement, the SEC alleged that Edward Jones violated Sections 17(a)(2) and (3) of the Securities Act of 1933 ("Securities Act"), Sections 15B(c)(1) and 15(b)(4)(E) of the Securities Exchange Act of 1934 ("Exchange Act"), and MSRB Rules G-17, G-11(b) and (d), G-27 and G-30(a). Edward Jones was censured and ordered to cease and desist from violating or causing any current and future violations of Sections 17(a)(2) and (3) of the Securities Act, Section 15B(c)(1) of the Exchange Act and MSRB Rules G-17, G-11, G-27 and G-30. The settlement required Edward Jones to pay \$5,194,401.37 to current and former customers of Edward Jones and to pay a civil money penalty in the amount of \$15 million. In entering into the settlement, the SEC considered remedial acts undertaken by Edward Jones related to this matter.

FINRA – Mutual Fund Sales Charge Waivers. On May 5, 2015, FINRA's Enforcement Division advised Edward Jones that it was investigating whether any violations of the federal securities laws or rules had occurred with respect to mutual fund purchases and sales charge waivers for certain retirement plan and charitable organization accounts. Prior to being advised of the investigation, Edward Jones had commenced a review of this issue and self-reported to FINRA. On October 26, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA to resolve this matter. Pursuant to the settlement, Edward Jones agreed to provide remediation to certain customers, estimated at the time of the settlement agreement to be approximately \$13.5 million. A monetary penalty was not imposed by FINRA. In reaching the settlement, FINRA recognized the extraordinary cooperation of Edward Jones, including its self-reporting of the issue to FINRA.

FINRA – Municipal Securities Transactions Below Minimum Denominations. On June 2, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA's Department of Market Regulation in connection with its investigation of possible violations of MSRB rules regarding transactions in certain municipal securities in amounts lower than the applicable minimum denominations. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$210,000.

FINRA – Supervision of Tools-Generated Reports. On July 13, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA in connection with its investigation of the supervision of the use and dissemination of reports generated through Edward Jones' systems by financial

advisors. FINRA expressly stated that its review of 65,000 reports did not reveal any instances of reports that were misleading. FINRA also stated that Edward Jones had made changes to enhance its supervisory processes. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$725,000.

FINRA – Call Detail Records Production and Preservation.

On December 13, 2022, Edward Jones entered into a settlement agreement with FINRA without admitting or denying the findings therein. FINRA alleged Edward Jones violated FINRA Rules 8210(a)(1) and 2010 by (1) failing to timely, completely, and accurately respond to certain FINRA requests for call detail records that are not required broker-dealer books and records and (2) failing to preserve certain responsive call detail records during the pendency of regulatory requests. Edward Jones was censured, agreed to certify that it has established and implemented policies, procedures, processes and internal controls reasonably designed to address and remediate the issues identified by FINRA in the settlement, and agreed to pay a monetary fine of \$1.1 million.

State of Pennsylvania – Investment Adviser Registration. On January 12, 2024, Edward Jones and the Pennsylvania Department of Banking and Securities entered into a Consent Order. The Department alleged that from in or about January 2015 through the present, Edward Jones failed to register at least one employee as an investment adviser representative in Pennsylvania in violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 ("the 1972 Act"), 70 P.S. § 1-301(c.1)(1)(ii). Without admitting or denying the findings in the Order, Edward Jones agreed to pay a monetary fine of \$300,000 and to comply with the relevant provision of the 1972 Act.

Other Financial Industry Activities and Affiliations

You should be aware that Edward Jones, our affiliates and our financial advisors perform services for you and other clients outside of Advisory Solutions UMA Models, including the execution of brokerage transactions (e.g., the purchase or sale of securities, insurance products), research, the retail distribution of securities (e.g., mutual funds), the participation in principal transactions and certain underwritings and other investment advisory services. Edward Jones and our affiliates receive compensation, including fees and commissions, associated with these services. We have a financial interest in our clients' transactions and the recommendations we make to clients to buy or sell securities or investment products.

A conflict of interest exists where Edward Jones has an existing business relationship with the mutual fund families or sub-advisers that also provide products or services in Advisory Solutions UMA Models. Edward Jones receives revenue sharing payments from certain unaffiliated mutual fund families on client assets held outside of Edward Jones' advisory programs. "Revenue sharing" generally means a mutual fund family shares with another company, like Edward Jones, a portion of the revenue it earns through managing mutual fund assets. Edward Jones' receipt of revenue sharing outside of advisory programs creates a conflict of interest in the form of additional financial benefits to us, our financial advisors and equity owners. We

believe that this conflict of interest is mitigated through internal policies designed to prevent Edward Jones, in our capacity as investment adviser, and any affiliated investment adviser, from considering revenue sharing from existing business relationships when selecting Eligible Investments and/or sub-advisers. Similarly, no affiliated investment adviser considers such business relationships or revenue sharing in recommending to the board of trustees of any affiliated mutual fund that a sub-adviser be selected to manage the affiliated mutual funds.

For more information regarding revenue sharing, please visit www.edwardjones.com/disclosures or request a revenue sharing disclosure document from your Edward Jones financial advisor. Edward Jones does not receive revenue sharing on assets held in Advisory Solutions UMA Models accounts. Edward Jones and our financial advisors also receive compensation for services and recommendations that may differ from advice given to you while participating in Advisory Solutions UMA Models.

In our capacity as a broker-dealer, Edward Jones performs research and distributes recommendations to buy, sell or hold the equity securities of asset management companies or financial institutions with asset management affiliates that participate in Advisory Solutions UMA Models. In order to preserve the independence of this process and to address any conflicts of interest, we have adopted a policy under which we do not consider our opinion on equity securities of asset management companies or financial institutions in selecting the SMAs or mutual funds that are designated as Eligible Investments. Similarly, the affiliated investment adviser does not consider Edward Jones' opinion on equity securities of asset management companies or financial institutions when recommending sub-advisers to the board of trustees of an affiliated mutual fund.

The following summarizes Edward Jones' material relationships or arrangements with other entities that participate in the financial industry.

Edward Jones, the primary operating subsidiary of JFC, is dually registered with the SEC as an investment adviser and broker-dealer, and is a member of FINRA.

Olive Street, a wholly owned subsidiary of JFC, is registered as an investment adviser with the SEC and serves as the investment adviser of the affiliated mutual funds. Certain current or former associates of Edward Jones serve as officers or directors/trustees of the affiliated investment adviser and/or the affiliated mutual funds. Appendix A contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones, an Ontario limited partnership (Edward Jones in Canada), an indirectly wholly owned subsidiary of JFC, is a broker-dealer registered with the Canadian Investment Regulatory Organization.

EJTC, a wholly owned subsidiary of JFC, is a federally chartered savings and loan association that offers personal trust and investment management services. EJTC also acts as custodian for certain traditional IRAs and Roth IRAs that are participating, or have participated, in Advisory Solutions UMA Models and other Edward Jones programs. For additional information about this

arrangement, please see Item 4.

Edward Jones owns directly or indirectly 100% of three insurance agencies that conduct insurance-related activities in the U.S.: Edward Jones Insurance Agency of New Mexico, L.L.C., a New Mexico limited liability company; Edward Jones Insurance Agency of Massachusetts, L.L.C., a Massachusetts limited liability company; and Edward Jones Insurance Agency of California, L.L.C., a California limited liability company.

JFC indirectly owns 100% of two insurance agencies that conduct general insurance-related activities in Canada: Edward Jones Insurance Agency (Quebec) Inc., a Canadian corporation; and Edward Jones Insurance Agency, an Ontario, Canada, limited partnership.

Edward Jones owns 7% of Customer Account Protection Company Holdings, Inc. (CAPCO), a captive insurance group.

JFC indirectly owns 100% of EDJ Insurance Company, Inc., a Missouri captive insurance company.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading; Review of Accounts; Client Referrals and Other Compensation; and Financial Information

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Edward Jones has established a Code of Ethics to ensure that our associates:

- Act with integrity and in an ethical manner with you and all of our clients
- Place your and all of our clients' interests first
- Conduct personal trading in compliance with our Code of Ethics, avoid potential conflicts of interest and make sure they do not abuse the faith and trust you have placed in them
- Comply with all applicable rules, regulations and laws
- Do not use any material nonpublic information they may receive as a result of their employment with Edward Jones

Some Edward Jones associates are deemed "access persons" under our Code of Ethics because they may have access to nonpublic information regarding either the securities in a client's accounts or changes to the Eligible Investments, including Asset Allocation Categories and/or Eligible Investment weightings. Under our Code of Ethics, access persons must receive prior approval before acquiring a beneficial ownership interest in any security in an initial public offering, limited offering or hedge fund transaction. Additionally, access persons are required to submit to the chief compliance officer, or his or her delegate, a list of any securities they own and securities transactions they made for any account they control at Edward Jones or another financial institution. You may request a copy of the Edward Jones Code of Ethics from your financial advisor.

As a broker-dealer, there may be times when Edward Jones will buy, sell or recommend that our brokerage clients who are not

participating in Advisory Solutions UMA Models buy securities that are also available in Advisory Solutions UMA Models. These brokerage activities are done in the regular course of our business as a broker-dealer and are separate from our investment advisory services. There are times when we act as principal, which means we participate in client transactions by buying securities for our own inventory and selling those securities to our clients. To the extent conflicts arise under such transactions, Edward Jones is nevertheless obligated to execute any such transaction in the manner it believes is in the client's best interest.

You should know that financial advisors, Edward Jones associates (including those directly involved with Advisory Solutions UMA Models) and/or their family members are permitted to and do invest in Advisory Solutions UMA Models. This practice could create a conflict of interest if associates placing trades for their own accounts were to place a trade before our clients and receive a better price on a security. To address this potential conflict, trades for financial advisors, Edward Jones associates (including those directly involved with Advisory Solutions UMA Models) and/or their family members are aggregated along with other trades, which may include trades for your account.

Edward Jones has internal supervisory reviews and procedures to review accounts held by our associates and certain family members and their personal trading practices. The reviews look for improper trading activities, including trading that may be in conflict with the best interests of a client. In addition to the Code of Ethics and the supervisory reviews, we prohibit financial advisors from placing trades for their personal accounts before trades for our clients in the same security. In the event a financial advisor's personal order fills at a better price than a client's order placed close in time, we will adjust the trade so the client receives the better price.

Review of Accounts

At the time your Advisory Solutions UMA Models account is opened, Edward Jones' supervisory associates will review your selected Account Portfolio Objective to confirm it is appropriate based on considerations such as your net worth, risk tolerance, time horizon and/or Goal Portfolio Objective (if applicable). The funding of your Advisory Solutions UMA Models account will also be reviewed. If you have sold investments purchased at Edward Jones in order to fund the account, the holding period of those investments will be reviewed for appropriateness. Supervisory personnel may also call you directly to discuss your understanding of Advisory Solutions UMA Models, including the fees and expenses you are or will be paying.

While you are invested in Advisory Solutions UMA Models, we provide ongoing monitoring, including an annual review. The Asset Allocation Category and Eligible Investment weightings established for your Account Portfolio Objective are monitored on an ongoing basis and rebalanced according to Edward Jones' guidelines. (For more information, please refer to "Client Services Agreement and Rebalancing.")

You will receive a written account statement at least quarterly

(monthly in months in which activity occurs in your account) containing a description of all activity in your account during the period, including all transactions, contributions, withdrawals, fees and the value of your account at the beginning and end of the period. We will also periodically make available a performance report containing information about your account's performance and market commentary.

Our supervision and monitoring do not substitute for your own continued review and monitoring of your account and performance of your investments. You should review performance reports, trade confirmations (as applicable), account statements and other information we send to you. Current and timely information about your account will be available in Edward Jones' online client access system. If you have any questions, please discuss them with your financial advisor.

At least annually, you and your financial advisor should discuss any changes to your financial situation, investment objectives and/or risk tolerance, and whether you would like to impose any reasonable investment restrictions on your account. The review will help determine if your Asset Allocation Category and/or Eligible Investment weightings and/or SMA Manager selections need to be modified.

Client Referrals and Other Compensation

From time to time, Edward Jones and our financial advisors receive client referrals or potential client leads from third parties that are not affiliated with Edward Jones. Edward Jones and our financial advisors pay for these referrals from third parties that are not affiliated with Edward Jones. Although Edward Jones is not precluded from entering into other types of solicitor arrangements, currently, client referrals result from an individual providing information to a third-party solicitor and subsequently being matched with an Edward Jones financial advisor (and, in certain cases, financial advisors associated with financial institutions other than Edward Jones).

Edward Jones entered into a written agreement with the solicitor and pays the solicitor a fee for the referrals.

Payments to the solicitor for referrals, along with any other costs associated with this arrangement, are paid entirely by Edward Jones and our financial advisors and are not dependent on whether a referral or lead becomes an Edward Jones client.

In addition to the solicitor arrangements disclosed above, from time to time, our financial advisors receive uncompensated referrals from other professionals or clients. Our financial advisors also may provide uncompensated referrals to other professionals. Other than in connection with Edward Jones – approved solicitor arrangements, Edward Jones policy prohibits financial advisors from purchasing or providing any compensation, cash or non-cash, directly or indirectly, in exchange for appointments or referrals. The purchase of lists (such as mailing or calling lists), by Edward Jones and our financial advisors, from third parties does not involve solicitation or referrals to Edward Jones.

Edward Jones has contracted with Broadridge Investor

Communications Solutions, Inc. ("Broadridge"), an unaffiliated third-party vendor, to distribute proxies, periodic reports and voting instruction information to our clients. Pursuant to the agreement between Edward Jones and Broadridge and in accordance with regulations, Broadridge charges the issuing company on behalf of Edward Jones for these services. Edward Jones receives from Broadridge a portion of the fees paid by the issuing company.

Certain unaffiliated mutual fund companies, ETF sponsors and/or SMA Managers on the list of Eligible Investments (or their investment advisers) pay certain expenses on behalf of financial advisors, including training and educational expenses, and in some instances make payments directly to Edward Jones to subsidize training and educational costs for financial advisors. These companies also participate in conferences or other marketing activities with Edward Jones and generally share in the cost of those activities. Edward Jones has not entered into any agreement with any SMA Manager, ETF, mutual fund, or its investment adviser or its distributors or affiliates providing for payment of such expenses as a condition of inclusion on list of Eligible Investments or the selection of a sub-adviser for affiliated mutual funds. Our financial advisors are not allowed to consider an advisory product partner's sponsorship of a marketing activity when choosing which Eligible Investment to suggest to you.

Financial Information

This section does not apply to Edward Jones.

Item 10: Requirements for State-Registered Advisers

This section does not apply to Edward Jones.

Appendix A

Disclosures Regarding Affiliated Money Market Fund and Mutual Funds

Edward Jones Money Market Fund. Your Advisory Solutions UMA Models account may from time to time be invested in shares of the Edward Jones Money Market Fund (the “Money Market Fund”), which is advised by Olive Street Investment Advisers, LLC (“Olive Street”), an affiliate of Edward Jones. Olive Street receives a management fee of 0.20% of average net assets of the Money Market Fund, less any fees paid to its sub-adviser.

The Money Market Fund pays a Rule 12b-1 fee of up to 0.25% of average net assets to Edward Jones for providing distribution and shareholder services to shareholders of the Money Market Fund’s Investment Shares and Retirement Shares, and an Administrative Shareholder Service Fee up to 0.15% of average net assets to Edward Jones for providing administrative services, including banking administrative services and sweep administrative services, to shareholders. Edward Jones provides distribution services, shareholder services, administrative services, and transfer agent services to the Money Market Fund and the accounts that our clients maintain in the Money Market Fund.

For any Advisory Solutions UMA Models account investing in the Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

Please review the current summary prospectus for the Money Market Fund, which describes the investment characteristics of the Money Market Fund and the fees paid to Olive Street by the Money Market Fund. The prospectus also describes certain revenue received by Edward Jones in connection with the Money Market Fund.

Bridge Builder Mutual Funds. Your Advisory Solutions UMA Models account may from time to time be invested in shares of the Bridge Builder Mutual Funds (“Bridge Builder Funds”), which are also advised by Olive Street, an affiliate of Edward Jones. Bridge Builder Funds are sub-advised by multiple sub-advisers that are unaffiliated with us. If your account invests in a Bridge Builder Fund, Olive Street charges the fund a management fee which the fund pays directly to the fund’s sub-advisers. Olive Street has entered into an agreement with each Bridge Builder Fund to waive its management fees to the extent management fees charged by Olive Street exceed the management fees the fund is required to pay a fund’s sub-advisers (i.e., as a result of its waivers, Olive Street does not receive any management fees from a fund). The waiver agreement can only be terminated as described in the fund’s registration statement.

Please review the current summary prospectus for each of the relevant Bridge Builder Funds, which describes the investment characteristics of the fund, risks of the fund, and the fees charged by Olive Street to the fund. Certain Bridge Builder Funds are only available in taxable accounts.

Flex Account Brochure

as of March 29, 2024

Edward Jones
12555 Manchester Road
St. Louis, MO 63131
800-803-3333
[edwardjones.com](https://www.edwardjones.com)

Item 1: Cover Page

This wrap fee program brochure provides information about the qualifications and business practices of Edward D. Jones & Co., L.P. (“Edward Jones,” “we” or “us”). If you have any questions about the contents of this brochure, please contact us at 800-803-3333. The information in this brochure has not been approved or verified by the U.S. Securities and Exchange Commission (“SEC”) or by any state securities authority. Registration with the SEC or any state securities authority does not imply a certain level of skill or training.

Additional information about Edward Jones is also available on the SEC’s website at www.adviserinfo.sec.gov.

Item 2: Material Changes

Below is a summary of material changes that have been made to this brochure since our last annual update filed March 30, 2023.

- We updated the brochure to reflect the availability of affiliated mutual funds in our Guided Solutions programs (previously only available in our Advisory Solutions programs). The disclosure in the brochure has been updated to describe the impact, if any, of offering affiliated mutual funds on the advisory fees you pay to Edward Jones, the fact that affiliated mutual funds are not subject to the same selection and monitoring process used for unaffiliated mutual funds and certain conflicts of interest. Please refer to Item 4: Services, Fees and Compensation, Item 6: Guided Solutions Flex Investment Selection and Evaluation, Item 9: Additional Information and Appendix A: Disclosures Regarding Affiliated Money Market Fund and Mutual Funds.
- We updated the brochure to describe financial advisors’ eligibility to receive a newly available limited partnership profits interest in The Jones Financial Companies, L.L.L.P. and associated conflict of interest. Please see the Financial Advisor Compensation section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to notify clients that beginning on or about June 2024, a new Platform Fee will be charged on all accounts enrolled in Guided Solutions Flex. Please refer to the Fees section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to notify clients that effective June 1, 2024, Edward Jones will partner with a third-party service provider to assist with recovery services by filing claims in certain class actions on behalf of Edward Jones’ clients.
- We updated the brochure to reflect that on January 12, 2024, a Consent Order was executed between Edward Jones and the Pennsylvania Department of Banking and Securities, without admitting or denying the findings therein, for alleged violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 (“the 1972 Act”), 70 P.S. § 1-301(c.1)(1)(ii). Please see Item 9.A.: Disciplinary Information and Other Financial Industry Activities and Affiliations for more information.

Item 4: Services, Fees and Compensation

Edward Jones is a registered broker-dealer and investment adviser. As an investment adviser, Edward Jones offers several advisory programs. This brochure (“Brochure”) provides clients (“client,” “you” or “your”) with information about Edward Jones, Edward Jones Guided Solutions® Flex Account (“Guided Solutions Flex”), the fees charged for our services and our business practices. You should read this Brochure carefully and consult with your tax professional before you decide to invest in Guided Solutions Flex.

Other advisory programs offered through Edward Jones are not described in this Brochure. These programs offer different services and investments and some have different fees and minimum investment requirements. Certain programs or offerings are only available through select financial advisors. To learn more about other advisory programs offered by us, please ask your financial advisor or go to www.edwardjones.com/advisorybrochures to review the brochures for the available advisory programs.

Because Guided Solutions Flex is an investment advisory service offered by Edward Jones as an SEC-registered advisor, Edward Jones has a fiduciary duty to act in your best interest and to abide by the duties of care and loyalty under the Investment Advisers Act of 1940 when providing Guided Solutions Flex to you. Other services you obtain through Edward Jones, including other investment advisory and brokerage services, are separate and distinct from Guided Solutions Flex and each is governed by separate arrangements that we may have with you. Brokerage services are subject to different laws than investment advisory services. The specific services provided to you, our relationship with you and our legal duties to you in each arrangement are described in our applicable agreements with you and the disclosures we provide to you in connection with those services.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.L.P. (“JFC”), a holding company registered as a partnership with the State of Missouri. Edward Jones registered with the SEC as a broker-dealer in 1941 and as an investment adviser in 1993. Edward Jones became a member of the National Association of Securities Dealers (“NASD”) (now known as the Financial Industry Regulatory Authority (“FINRA”)) in 1939.

As of December 31, 2023, we managed \$289,673,344,599 in discretionary assets and \$402,574,903,909 in non-discretionary assets across all of our advisory programs.

The decision to invest in Guided Solutions Flex is yours. Before making this decision, you and your financial advisor should discuss whether other programs or investments may be more appropriate for your investment goals or needs. If you decide to invest in Guided Solutions Flex, we will not begin providing you advisory services until (a) our acceptance and approval of a written Client Services Agreement (“CSA”) between you and Edward Jones, and (b) funding of the account at the initial minimum investment as determined by Edward Jones.

Before investing in Guided Solutions Flex, you should decide if you are comfortable assuming responsibility for the day-to-day management of your account. Investors in Guided Solutions Flex typically:

- Want to be involved in the investment process and approve final trade decisions
- Value the receipt of ongoing advice from Edward Jones when making investment decisions
- Desire a disciplined approach to long-term investing and are willing to adhere to an asset allocation strategy aligned with Edward Jones’ guidance
- Are comfortable paying monthly, asset-based (percentage) fees for investments and advice rather than individual, transaction-based commissions or sales charges

In evaluating fee-based advisory programs, you should consider a number of factors. You may be able to obtain some or all of the same or similar investments and/or services available through this and other fee-based advisory programs separately through Edward Jones or another broker-dealer or investment adviser.

You should consider that, depending on the circumstances, the aggregate fees you will pay for investing in Guided Solutions may be lower or higher than if you purchased the investments or services separately at Edward Jones or through another broker-dealer or investment adviser. Guided Solutions Flex accounts and other advisory accounts offered through Edward Jones provide ongoing investment advice for an asset-based fee, rather than charging commissions for transactions in your account. Brokerage accounts, on the other hand, can charge commissions for transactions and typically provide investment advice that is point-in-time and solely incidental to the brokerage services provided. As a result, important factors to consider are the amount of trading activity you have in your accounts and the corresponding commissions that would be charged if you bought and sold individual securities in a brokerage account, as well as the type of advice you desire. You also may experience different performance results or tax consequences from what you would by purchasing the investments separately or through another broker-dealer or investment adviser. For example, the Guided Solutions Flex fees described below will reduce the return you earn on investments held in your account. If the Guided Solutions Flex fees exceed the overall return on your investments, you will experience negative performance in your account. Additionally, it typically will cost you more, and Edward Jones and its financial advisors will receive more revenue, when you hold duration-based investments to maturity or over time in a Guided Solutions Flex account rather than in a commission-based brokerage account at Edward Jones (e.g., Certificates of Deposit (“CDs”), bonds and cash equivalents).

Guided Solutions Flex Overview

Guided Solutions Flex is a client-directed advisory program sponsored by Edward Jones designed to provide the client with ongoing investment advice, guidance and services for an asset-

based fee. The Guided Solutions Flex experience is rooted in the working relationship between you and your Edward Jones financial advisor. In consultation with your Edward Jones financial advisor, you will select an appropriate portfolio objective for your Guided Solutions Flex account (your “Account Portfolio Objective”).

Selecting Your Account Portfolio Objective. In order to invest in Guided Solutions Flex, you will complete a Client Profile that contains important information about your account, which generally includes either your goal or purpose for investing and your investment time horizon, risk tolerance and other financial information. Your time horizon will reflect the expected time frame over which you plan to invest (and potentially withdraw) your assets to achieve your investment goal or purpose. Time horizon is expressed as either your life stage or the number of years you plan on accumulating and/or distributing your assets.

If your account is not assigned to a goal established at Edward Jones, then we will recommend an account portfolio objective for your account based upon the level of investment risk you are willing to take (your risk tolerance or comfort with risk) and the expected time horizon for your investments. If your account is assigned to a goal established at Edward Jones, then we will recommend that you select an Account Portfolio Objective that is appropriate for the portfolio objective you selected for your goal (your “Goal Portfolio Objective”).

You may choose an alternative Account Portfolio Objective if you are willing to take more or less risk than the recommended Account Portfolio Objective. You ultimately decide whether you want to select the recommended Account Portfolio Objective or an alternative Account Portfolio Objective, if available.

Edward Jones will have no authority to change your Account Portfolio Objective without your instruction. To change your Account Portfolio Objective, you must meet with your financial advisor to select a new Account Portfolio Objective.

Your Account Portfolio Objective determines the recommended asset allocation and investment category ranges (“Target Ranges”). In addition, Edward Jones’ applies certain guidelines designed to monitor your Guided Solutions Flex account for alignment with your Account Portfolio Objective (“Investment Diagnostics”). The Investment Diagnostics pertain to certain factors including, but not limited to, asset allocation, security and equity sector concentration, bond diversification and fixed-income laddering. One or more Investment Diagnostics assess holdings in your other Edward Jones accounts, if any, assigned to the same goal as your Guided Solutions Flex account. Please contact your financial advisor to learn more about how Investment Diagnostics help you achieve your financial goals. The recommended Target Ranges, as well as Investment Diagnostics, are determined solely by Edward Jones and can be modified by Edward Jones without prior notice.

Account Portfolio Objectives in Guided Solutions Flex currently include:

All-Equity Focus: This portfolio objective offers the highest long-term growth and rising dividend potential. It focuses on long-term capital appreciation and provides very little to no

current interest income. It also has the highest level of risk, as it contains only equity investments.

Growth Focus: This portfolio objective emphasizes higher long-term growth and rising dividend potential, while providing modest current interest income. Over the long term, it should have higher risk than portfolios with a more income-oriented objective.

Balanced toward Growth: This portfolio objective emphasizes higher long-term growth and rising dividend potential, with a secondary goal of current interest income. Over the long term, it should have moderate to higher risk.

Balanced Growth & Income: This portfolio objective has a balanced emphasis between current interest income and long-term growth with rising dividend potential. Over the long term, it should have moderate risk.

Balanced toward Income: This portfolio objective emphasizes current interest income while providing modest long-term growth and rising dividend potential. Over the long term, it should have lower to moderate risk.

Income Focus: This portfolio objective emphasizes current interest income with little long-term growth and rising dividend potential. Over the long term, it should have lower risk than portfolios with a more growth-oriented objective.

Edward Jones constructs and periodically reviews the recommended Target Ranges for each Account Portfolio Objective in Guided Solutions Flex. Due to various influences such as changing market conditions or a reclassification of an Eligible Investment (defined below) to a different asset class, we may change the Target Ranges of an Account Portfolio Objective. If we change the Target Ranges for your Account Portfolio Objective, we will notify you to restore the alignment of your investments with your Target Ranges, if necessary. For more information, see “Account Alignment” below.

After you have selected your Account Portfolio Objective, you may choose from among the investment options available for Guided Solutions Flex (“Eligible Investments”) to implement your Account Portfolio Objective.

When analyzing investments and developing recommendations that may be appropriate for your account, we rely on a variety of different sources of information. Such sources may include research developed by Edward Jones that covers a wide range of Eligible Investments and investment research reports issued by firms that are not affiliated with us.

In addition, we may use certain Edward Jones investment tools as a preliminary basis for recommending certain Eligible Investments that align with your Account Portfolio Objective. The use of such investment tools does not guarantee the performance of your account or any investments therein or protect against potential investment losses.

You decide how much to invest in each Eligible Investment within the Target Ranges. You are also responsible for directing the buying and selling of Eligible Investments in your account as

necessary to bring your account into alignment with the Target Ranges for your Account Portfolio Objective.

You are responsible for all trading and investment decisions in your account and should not rely solely on the recommendations of Edward Jones or your financial advisor in choosing among Eligible Investments. Neither Edward Jones nor your financial advisor will have discretionary authority for any trading or investment decisions in your account, except as otherwise described in this Brochure.

Eligible Investments. Through Guided Solutions Flex, clients can choose from an extensive list of Eligible Investments selected by Edward Jones that primarily includes stocks, bonds, affiliated mutual funds, unaffiliated mutual funds and exchange-traded funds (“ETFs”) across a variety of asset classes, as well as bonds, CDs, and cash equivalents. “Affiliated mutual funds” refers to mutual funds managed by an affiliate of Edward Jones, which consist of the Bridge Builder family of mutual funds (“Bridge Builder Funds”) and the Edward Jones Money Market Fund (“Money Market Fund”). Generally, you may purchase affiliated mutual funds in Guided Solutions Flex. However, Edward Jones prevents the purchase of certain affiliated mutual funds unless you already hold shares of those mutual funds and transfer them into your Guided Solutions account(s). However, Edward Jones, in its sole discretion, may make exceptions based on the particular facts and circumstances of your situation. Please note that Eligible Investments for Guided Solutions Flex may not be offered in Edward Jones Guided Solutions® Fund accounts or our other advisory programs. Certain Eligible Investments are only available in taxable accounts.

The Edward Jones Money Market Fund is affiliated with Edward Jones but is not available to purchase as an Eligible Investment for Guided Solutions Flex. However, cash balances awaiting investment or reinvestment in your account will be automatically swept into the Edward Jones Money Market Fund, where they will be held until invested in another Eligible Investment. The portion of your Guided Solutions Flex account that is invested in the Edward Jones Money Market Fund will be included in the calculation of your Guided Solutions Flex Fee (defined below). Please refer to Appendix A for more information about the Edward Jones Money Market Fund.

Please read this Brochure carefully to understand the differences between affiliated mutual funds and unaffiliated mutual funds, including additional conflicts of interest that Edward Jones is subject to in connection with recommending affiliated mutual funds and how such conflicts are addressed. Bridge Builder Funds and the Money Market Fund are affiliated with Edward Jones.

Your asset allocation may include a cash allocation held in the Money Market Fund through the cash sweep feature described above and/or invested in a third-party money market fund. In certain instances, such as instances of market volatility or uncertainty, you may determine with your financial advisor to increase the amount of cash you hold in your portfolio. The portion of your Guided Solutions Flex account that is held in cash will be included in the calculation of your Guided Solutions Flex Fee. CDs are treated as fixed-income investments for purposes of your asset

allocation and not cash.

Some Eligible Investments are sustainable investments that are categorized as environmental, social and governance (“ESG”) investments or values-based investments. Sustainable investments have subjective qualities and characteristics and may or may not align with your beliefs, values, or desired investment performance. Please contact your financial advisor if you are interested in learning more about sustainable investments available for Guided Solutions Flex and the associated risks.

There is no guarantee that an Eligible Investment will perform in any particular manner. Past performance is not a guarantee of future results. Details about the mutual funds and/or ETFs in your account can be found in the prospectus, statement of additional information (“SAI”) and shareholder reports for each mutual fund and ETF (collectively, “fund prospectus and other fund documents”). It is important that you read these documents before investing.

Investment restrictions may prevent or limit the purchase or continued purchase of certain Eligible Investments. Situations include, but are not limited to, restrictions that prevent purchases of an Eligible Investment and restrictions that only permit current holders of the Eligible Investment to continue making purchases, subject to parameters set forth by Edward Jones.

Ineligible Investments. You will not be able to hold any investment in your account that Edward Jones has deemed ineligible for Guided Solutions Flex (“Ineligible Investments”) or that is unavailable for your Account. In the event that Edward Jones re-categorizes an investment from an Eligible Investment to an Ineligible Investment, Edward Jones will notify you, and you must instruct Edward Jones to remove the investment from your account within the time frame established for Guided Solutions Flex, as determined by Edward Jones, in our sole discretion.

Until the Ineligible Investment is replaced, there is a possibility that additional shares of the Ineligible Investment may be purchased. Such purchase(s) may occur in certain instances including, but not limited to, when dividend reinvestments occur. The purchase of additional shares of an Ineligible Investment and the eventual mandatory removal of such shares may result in a taxable event.

If you do not provide instructions to remove an Ineligible Investment within the time frame established by Edward Jones, your account will be removed from Guided Solutions Flex. See “Termination of Guided Solutions Flex Services” for more information.

Account Alignment. Edward Jones will review your account periodically and notify you when your account is out of alignment with the Target Ranges or Investment Diagnostics for your Account Portfolio Objective. If your account is out of alignment for any reason, including, but not limited to, market volatility, an investment becoming an Ineligible Investment for Guided Solutions Flex and/or the purchase or sale of an investment, you will be responsible for realigning your account within the time frame established for Guided Solutions Flex as determined by Edward Jones. To realign your account, you must provide

instructions to Edward Jones to buy one or more investments in your account, to sell one or more investments and reinvest the proceeds in your account, to sell an investment and transfer the proceeds to another account, to transfer an investment to another account or to deposit additional assets in your account. Such transactions may result in tax consequences as well as additional fees and expenses.

Your Guided Solutions Flex account does not offer an automatic rebalancing feature. In the event you do not provide instructions to Edward Jones to realign your account within the required time frame, your account will be removed from Guided Solutions Flex.

Your financial advisor is not responsible under the terms of Guided Solutions Flex for monitoring your other Edward Jones accounts, if you have them, on an ongoing basis. However, if you have multiple Edward Jones accounts that are linked to a Goal Portfolio Objective, your financial advisor may recommend that you consider placing a trade in one or more of your other Edward Jones accounts, rather than realigning your Guided Solutions Flex account, in order to address certain Investment Diagnostics.

Additionally, at times, Investment Diagnostics limit or restrict certain transactions in your account or require you to realign your account with our guidance, including, but not limited to, Target Ranges. If you are limited or restricted from purchasing a security in your Guided Solutions Flex account, you may elect to purchase, or based on your specific situation, your financial advisor may recommend you purchase the same security in an Edward Jones brokerage account.

When you place trades in a brokerage account that could be placed in your Guided Solutions Flex account or another fee-based investment advisory account at Edward Jones, a conflict of interest exists as Edward Jones and your financial advisor will earn compensation on the transactions, such as commissions and/or mark-ups or mark-downs, that you would not bear if such transactions were placed in your Guided Solutions Flex account or another fee-based account at Edward Jones. Such transaction fees would be in addition to the asset-based advisory fee that you pay for assets held within your Guided Solutions Flex account or other fee-based account at Edward Jones.

Brokerage Services. You are solely responsible for all trading decisions in your account, and Edward Jones will execute trades only at your direction, except as otherwise described in this Brochure. When Edward Jones executes trades for your account, we are not acting as an investment adviser, but solely as a broker-dealer. Trading in your account will be subject to our trading policies and practices. You will not be charged trade commissions or mark-ups for Guided Solutions Flex trades. However, Guided Solutions Flex may cost you more or less than purchasing advisory services and brokerage services separately, depending on certain factors such as the frequency of your trading. You cannot request that your orders be executed through another broker-dealer. Not all investment advisers require their clients to execute their trades through a certain broker-dealer as we do.

Trade Allocation. Some Guided Solutions Flex trades may be combined with trades for other client accounts and executed in

aggregated block trades. From time to time, the volume and/or number of trades that are directed by clients to be executed for Guided Solutions Flex accounts may exceed Edward Jones' operational and technological capacities if these trades are directed on a single day. For example, this may occur if Edward Jones is re-categorizing an investment from an Eligible Investment to an Ineligible Investment. In order to maintain the orderly processing of trades and to minimize the incidence of errors, Edward Jones may allocate trades based on the time of order entry. In certain circumstances, this process may take several days or weeks. Although designed to be fair and equitable over time, this may result in clients receiving different prices. In addition, if the volume or size of redemptions required to be effected as a result of re-categorizing a mutual fund from an Eligible Investment to an Ineligible Investment exceeds the limits set forth in the mutual fund's trading policies and procedures, the mutual fund may exceed the standard settlement period to process redemptions or may redeem positions in-kind. In such circumstances, client assets may not be fully invested and may be subject to market risk between the redemption date and the reinvestment of the assets. Alternatively, Edward Jones may rely on a random allocation process to effect the redemptions over time in a manner consistent with the limits set forth in the mutual fund's trading policies and procedures.

Trade Errors. In certain circumstances, trade errors may occur in your account. When a trade error occurs that is caused by the actions of Edward Jones, we will work to promptly correct the error while ensuring your account is not disadvantaged.

It is Edward Jones' policy to use an Edward Jones error account to correct trades. This may result in trades between your account and an Edward Jones error account. If trade errors are caused by your actions and the process of correcting the errors results in a net loss in the error account, your account will be debited for the amount of such loss. If the process of resolving trade errors results in a net gain in the error account, as accrued and calculated on a periodic basis, we will donate the amount of such gain to charities chosen by Edward Jones.

Principal Trading. Edward Jones may execute trades for Guided Solutions Flex accounts as principal by selling a security from our inventory to you or purchasing a security from you for our inventory. Principal transactions include certain transactions that you have directed Edward Jones to execute in a principal capacity, fractional share liquidations and corrections of trades originally executed in an agency capacity.

Principal transactions cause a conflict between Edward Jones' and your interests, including when Edward Jones generates additional revenue due to market movement, resulting in gains on our inventory positions. Edward Jones also has an incentive to recommend the purchase of a security held in our inventory that is difficult to sell, a conflict addressed by Edward Jones' policies and procedures. In certain principal transactions, Edward Jones will provide required disclosures and obtain your verbal consent prior to the trade.

Margin Loans. Eligible non-retirement account clients may obtain margin loans collateralized by marginable securities held in their accounts. Margin loans for Guided Solutions Flex accounts may be used for “Personal Line of Credit Loans” or “Overdraft Coverage,” but may not be used for the purpose of purchasing securities on credit. When Edward Jones extends a margin loan to you, it is not acting as an investment adviser but solely as a broker-dealer. In making the decision to take out a margin loan, it is important you understand the risks associated with using margin, the costs of margin loans, and how the performance of your account may be negatively affected. Please see the Edward Jones Margin Disclosure Statement and the Statement of Credit Terms (the “Margin Disclosure”) for a discussion of the risks as well as “Margin Risk” below before taking out a margin loan. The Margin Disclosure also includes a discussion of the costs of margin loans. As discussed below, you will pay interest charges on your margin loans in addition to the Guided Solutions Flex Fee (defined below). Before taking out a margin loan in your Guided Solutions Flex account, first evaluate the intended duration of the loan and your other options, including alternative loan options or liquidating securities. It is our view that margin loans are most appropriate when short in duration. To the extent that a margin call is triggered in connection with your account and we are forced to sell any securities or other assets to satisfy the margin call, we will act solely in our capacity as a broker-dealer and lender (and not as an investment adviser). Moreover, if selling such securities in order to satisfy a margin call, we will prioritize our interest over your interests.

Custody. Assets in your account are held at Edward Jones as broker-dealer. However, if you have entered into an IRA Custodial Agreement with Edward Jones Trust Company (“EJTC”), assets in your IRA will be held at EJTC. EJTC has delegated its duties and responsibilities as a custodian to Edward Jones as sub-custodian.

As custodians, Edward Jones and EJTC are responsible for:

- Safekeeping your funds and securities
- Collecting dividends, interest and proceeds from any sales
- Disbursing funds from your account

Edward Jones (as broker-dealer) will provide all accounts with written trade confirmations of securities transactions and account statements for each month there is activity in the account. If EJTC is the custodian, the account statement will be sent by Edward Jones on behalf of EJTC.

Class Action Claim Filing Service. Effective June 1, 2024, Edward Jones will partner with a third-party service provider to assist with recovery services by filing claims on your behalf in certain “Class Actions” related to securities and other financial instruments held in your account. “Class Actions” includes all U.S. state and federal class actions, Securities and Exchange Commission disgorgements, or other regulatory cases, as well as international class actions and/or collective actions involving publicly traded securities and financial instruments. As part of your CSA, you have provided limited power and authority to

Edward Jones and/or the third-party service provider Edward Jones partners with to submit claims on your behalf, either directly or indirectly through such third-party service provider, including execution of necessary forms and documents. Pursuant to your CSA, you will be bound by, and subject to, the terms of all forms and releases that may be entered into for settlements in which a claim is filed on your behalf. In so doing, you appoint Edward Jones and/or the third-party service provider Edward Jones partners with as your administrative agent to process and administer your participation in such asset recovery cases as a class member. This Class Action Service is a separate administrative service, is not part of the advisory services offered in the Guided Solutions Flex program or covered by the Guided Solutions Flex Fee, and Edward Jones does not act in an advisory capacity when making this service available to you. Additionally, Edward Jones will not provide legal advice to you or any other party related to your participation in such Class Actions.

Charges for the processing of class action claims shall be subject to a contingency fee assessed by the third-party service provider in the event a recovery is made. The contingency fee shall be a percentage of the total reimbursement of Class Actions settlements the third-party service provider collects. Additional service charges may apply related to the distribution and handling of payment if your account has been closed and a paper check and/or location services/escheatment is required.

You will be automatically enrolled in the Class Action Claim Filing Service. However, you are not obligated to continue to provide Edward Jones with the authority to permit the third-party provider to process any such claims. Rather, you may opt out of this service and pursue such claims on your own by advising Edward Jones, in writing, of your intention to opt out of this third-party service.

Further terms and conditions applicable to this Class Action Claim Filing Service can be found at edwardjones.com/accountfeatures.

Please review your account statements carefully and notify us immediately if you detect an error or a discrepancy.

Termination of Guided Solutions Flex Services. You or Edward Jones may terminate your participation in Guided Solutions Flex at any time without any advisory termination fee. While oral instructions to terminate your participation in Guided Solutions Flex are generally acceptable, Edward Jones, in our sole discretion, may require written notice in order to terminate Guided Solutions Flex advisory services for your account.

Upon notice of termination of your Guided Solutions Flex services, Edward Jones will no longer act as an investment adviser and will not be obligated to recommend any action with regard to the assets in your account, but you may instruct us to sell the securities or transfer the securities to another Edward Jones account or a third-party account. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Guided Solutions Flex account, Edward Jones will (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund

shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class or liquidate the shares when transferring mutual funds. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Bridge Builder funds are only available to be purchased or held in Edward Jones' investment advisory programs and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Accordingly, any positions in Bridge Builder funds will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. The Edward Jones Money Market Fund is generally unavailable to be purchased or held outside of Edward Jones' advisory programs. Accordingly, in many situations, any position in the Edward Jones Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution.

Taxable gains, taxable losses, redemption fees or sales charges may be assessed upon the liquidation or redemption of securities. These fees and expenses may negatively impact your investment performance.

If you sell the assets in your account, your proceeds will be available upon settlement of the trades generated to complete the liquidation. Because bond markets may be less liquid, these investments may be more difficult to liquidate, especially during periods of extreme market volatility. Therefore, you may experience delays or adverse price fluctuations when liquidating these securities. If you instruct Edward Jones to liquidate equity securities in your account which include fractional shares, as an accommodation Edward Jones will purchase such fractional share(s) as principal into its own account at market value without a mark-up or mark-down. Edward Jones may make a profit on its inventory due to market movements.

Account liquidation may cause a taxable event as well as additional fees and expenses.

Upon notice of termination, if you fail to instruct Edward Jones as to the disposition of assets in your account, your account's services will be significantly limited ("limited services account"). We will no longer act as a fiduciary to your account, and you can no longer rely on us to provide advisory services to your account. You will be able to receive distributions, liquidate securities, and withdraw funds from your limited services account, but you will not be able to purchase new securities or add to existing positions (except for the money market fund). Any transactions will be subject to fees, commissions and sales charges applicable to Edward Jones brokerage accounts.

Fees

Every Guided Solutions Flex account pays asset-based fees (referred to as your "Guided Solutions Flex Fee"). Your Guided Solutions Flex Fee includes a Program Fee and, beginning on or

about June 2024, an annual Platform Fee, less any applicable fee reduction and/or fee offset (as discussed more fully below). In addition to your Guided Solutions Flex Fee, affiliated mutual funds and unaffiliated mutual funds and ETFs that you purchase or that are held in your account have internal fees and expenses that are described in the prospectus of each fund. These internal fees and expenses vary depending on the mutual fund or ETF.

The following section explains:

- The fees and expenses
- How the fees and expenses are calculated and paid
- Potential fee reductions and offsets you may receive from Edward Jones

The Program Fee

Each Guided Solutions Flex account is charged a Program Fee for certain investment advisory services, including initial and ongoing analysis of your investment needs and objectives; periodic consultations; ongoing evaluation and selection of investments for this program; Edward Jones' ongoing investment policy guidance and services to keep your account aligned with such guidance; periodic performance reporting; custody and transaction execution services and other related services as described in this Brochure.

Program Fee Schedule

Value of Assets in Account	Annual Fee Rate	
First	\$250,000	1.35%
Next	\$250,000	1.30%
Next	\$500,000	1.25%
Next	\$1,500,000	1.00%
Next	\$2,500,000	0.80%
Next	\$5,000,000	0.60%
Over	\$10,000,000	0.50%

Platform Fee (Beginning on or about June 2024)

Beginning on or about June 2024, a Platform Fee also will be charged on all accounts enrolled in Guided Solutions Flex for the support and maintenance of accounts on the Edward Jones investment advisory platform, such as trading and risk tools, training and education, and ongoing platform development. This fee is in addition to the Program Fee.

Platform Fee Schedule

Value of Assets in Account	Annual Fee Rate	
First	\$250,000	0.05%
Next	\$250,000	0.05%
Next	\$500,000	0.04%
Next	\$1,500,000	0.03%
Next	\$2,500,000	0.02%
Next	\$5,000,000	0.01%
Over	\$10,000,000	0.00%

How the Guided Solutions Flex Fee Is Calculated

The Guided Solutions Flex Fee which includes the Program Fee and, when applicable, the Platform Fee, are based on the market value of all assets held in your account, including stocks, mutual funds, ETFs, fixed income holdings, and cash equivalents, including shares of the Money Market Fund and third-party money market funds. Margin loan balances, if any, do not reduce the market value of your account for the purposes of calculating the Guided Solutions Flex Fee. However, for taxable accounts, the value of any fixed-income syndicate offerings acquired and held in your account will be excluded from the Guided Solutions Flex Fee calculation for a period of time as determined by Edward Jones. The Guided Solutions Flex Fee is assessed at an annual fee rate (shown above), payable monthly in arrears. As the value of the assets in your account increases or decreases, you are charged according to the tiered fee schedule set forth above.

The fees assessed by Edward Jones will reduce your account's overall returns and performance.

The Guided Solutions Flex Fee is charged to your account each month in arrears. If your Guided Solutions Flex account is open for part of a month, then you will pay a fee based on the number of days your account was open and invested in Guided Solutions Flex. The amount you pay is determined by the average daily market value of the assets held in your account for the previous month.

All Guided Solutions Flex accounts are subject to a \$10 minimum monthly Guided Solutions Flex Fee. In the event that you are charged a \$10 minimum monthly fee, the effective fee rate based on the existing value of assets held in your account may be greater than the highest annual fee rates combined in each of the schedules (shown above).

Pricing Groups

To determine your Program Fee rate and, when applicable, Platform Fee rate, your account may be grouped with your other Edward Jones advisory accounts or the Edward Jones advisory accounts of people related to or close to

you who meet the criteria below that are held in the same Edward Jones branch in what we refer to as a Pricing Group. Each account can only be in one Pricing Group, and we will disclose to you the accounts making up your Pricing Group upon request.

Other members of the Pricing Group will receive the same disclosure upon request.

Your Pricing Group is based on the following criteria:

1. Your single, joint, custodial, owner-only 401(k) plan and IRA accounts are grouped together if they are registered at the same address and share one or more of the following: (a) the same last name, (b) the same Social Security number, or (c) the same Edward Jones Relationship Group. (If you have worked with your financial advisor to group your account with other accounts for the purpose of planning and establishing financial goals, that is a Relationship Group. Your Relationship Group may be the same as your Pricing Group. Please contact your financial advisor if you have any questions about your Relationship Group.)
2. Your revocable trust accounts are grouped with your single, joint, custodial, owner-only 401(k) plan, IRA or other revocable trust accounts if they are registered at the same address and use the same tax ID number for tax reporting.
3. Your association, church, corporation, estate, irrevocable trust, LLC, partnership and sole proprietorship accounts are grouped with other accounts of the same type if they are registered at the same address and use the same tax ID number for tax reporting. These types of accounts will be grouped with each other, but not with other account types.

Additionally, accounts that do not meet the above criteria with your account, but that meet the above criteria with another person's account in your Pricing Group, will be added to your Pricing Group. Please contact your financial advisor if you have questions about your Pricing Group.

In addition, the Program Fee may be lower than the above schedule in the following circumstances:

- Either Edward Jones or your financial advisor negotiates a lower Program Fee;
- You are an active or retired associate of Edward Jones; or
- You are a member of an active or retired associate's Pricing Group.

Reducing the Program Fee is at the sole discretion of Edward Jones.

Potential Fee Reductions or Offsets to the Program Fee

Depending on certain factors, you may be eligible to receive fee reductions or offsets to your Program Fee, as described below.

Fee Reductions

If your Guided Solutions Flex account is funded from an Edward Jones account that incurred commissions or redemption fees within a preceding period, as established by Edward Jones, the

Program Fee may be reduced for up to twenty-four (24) full months in which the account is active in Guided Solutions Flex. The amount of the fee reduction will depend on the type of security held, timing of trade activity for the security, or other characteristics of the account activity in the previous Edward Jones account. Ask your financial advisor for additional information about potential fee reductions. Any fee reductions will be applied in accordance with policies established by Edward Jones, which may be amended from time to time. If you close your account in Guided Solutions Flex before receiving the entire fee reduction, you will not receive any of the remaining fee reduction that may have been available for your account.

If you are selling securities to invest in Guided Solutions Flex but did not purchase them through Edward Jones, you will not receive a fee reduction.

Fee Offsets

Rule 12b-1 Fees: Some mutual fund companies or their affiliates pay Edward Jones Rule 12b-1 fees for distribution and marketing expenses. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive Rule 12b-1 fees for the shares in your account, we will credit the amount received to your account.

Shareholder Accounting Revenue: Some mutual fund companies pay Edward Jones for account recordkeeping and administrative services provided by Edward Jones for the mutual fund companies. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive shareholder accounting fees for the shares in your account, we will credit the amount received to your account.

Affiliated Mutual Funds: If your account invests in affiliated mutual funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones. Affiliated mutual funds, other than the Edward Jones Money Market Fund, consist of Bridge Builder Funds and will be sub-advised by multiple sub-advisers who are unaffiliated with Edward Jones. Refer to Appendix A which contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones Money Market Fund: JFC directly owns 100% of Olive Street Investment Advisers, LLC (“Olive Street”), the adviser of the Edward Jones Money Market Fund. Olive Street, and its affiliate, Edward Jones, receive various revenues related to assets in the Fund (collectively, “Money Market Revenue”). Appendix A includes a detailed discussion of our Money Market Revenue. For any account investing in the Edward Jones Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

How the Guided Solutions Flex Fee is Paid

The Guided Solutions Flex Fee is deducted directly from your Guided Solutions Flex account and paid using the cash portion of your account, which may include cash or assets invested in the Edward Jones Money Market Fund. If there is not sufficient cash or assets invested in the Edward Jones Money Market Fund, we are

authorized to sell a sufficient amount of assets held in your account to pay the Guided Solutions Flex Fee. Edward Jones will first sell a sufficient amount of shares of mutual funds held in your account to pay the Guided Solutions Flex Fee. If there are not sufficient assets in the mutual funds held in your account, Edward Jones will sell a sufficient amount of shares of ETFs or equity securities, and then a sufficient amount of fixed-income securities necessary to pay the Guided Solutions Flex Fee. If Edward Jones sells mutual funds, ETFs, equity securities or fixed-income securities, this may result in your account being out of alignment with the Target Ranges for your Account Portfolio Objective or with the Investment Diagnostics for your account. Such transactions will be effected without regard to tax consequences. You may have to pay redemption fees to a fund company if those shares were held only for a short time. (See below for more information on redemption fees.) Trades as a result of a liquidation of a mutual fund or ETF in a taxable account may result in a taxable event. Securities transactions effected to pay the Guided Solutions Flex Fee may necessitate odd-lot sales. Odd-lot sales may result in less favorable pricing conditions. At the sole discretion of Edward Jones, you may be allowed to pay your Guided Solutions Flex Fee from an alternate Edward Jones account.

Internal Fees and Expenses of Mutual Funds and ETFs, Including Redemption Fees

Mutual funds (including affiliated and unaffiliated mutual funds) and ETFs have internal management fees and ongoing expenses for operating the funds (“internal fees and expenses”) that are deducted from the fund’s assets, which has the effect of reducing the fund’s net asset value (“NAV”). Many mutual funds that are Eligible Investments in Guided Solutions Flex have different share classes with different fees and expenses for each share class. The fund prospectus and other fund documents will describe the internal fees and expenses.

Please refer to Item 6 below for more information regarding the selection of mutual funds and ETFs as Eligible Investments for Guided Solutions Flex.

Internal fees and expenses are in addition to the Guided Solutions Flex Fee described above and vary depending on the particular mutual fund or ETF. You will not see a separate entry on your account statement showing these fees and expenses.

Certain mutual funds may also impose redemption fees if shares of the mutual fund are held for only a short time (typically anywhere from less than thirty (30) days to twelve (12) months). The fund prospectus and other fund documents describe whether the mutual fund has a redemption fee and whether there are instances when the redemption fees will be waived.

Any internal fees and expenses charged by a mutual fund or ETF will reduce your account’s overall returns and investment performance.

Other Fees and Expenses Not Included in the Guided Solutions Flex Fee

In addition to the Guided Solutions Flex Fee described above, clients will pay Edward Jones interest on margin loans, if applicable, as set forth in the Margin Disclosure. A client may pay for other services including, but not limited to, debit and check-writing fees, estate service fees and fees to distribute an account pursuant to a transfer on death agreement.

Also, the Guided Solutions Flex Fee does not cover the following (if applicable to your account): transfer taxes; electronic fund, wire and other account transfer fees; internal fees and expenses incurred by mutual funds or ETFs purchased for your account; mutual fund redemption fees and contingent deferred sales charges; and any other charges imposed by law or otherwise agreed to by Edward Jones and you with regard to your account.

Deposits, including interest and dividends, received into your account but not yet invested in Eligible Investments or swept into the Money Market Fund may earn interest that will be retained by Edward Jones. Edward Jones may also earn and retain interest on distributions requested from your account until the time the check is cashed or another payment method is completed. The average overnight interest rate on these deposits may fluctuate daily and is tied to changes in widely referenced interbank lending rates, such as Fed Funds Effective Rate, Fed Funds Target Rate and Secured Overnight Financing Rate. Under these arrangements, banks may pay interest based on a spread to one of these rates or may pay a fixed interest rate.

Financial Advisor Compensation

Most financial advisors receive a portion of the Program Fee, though some financial advisors receive a salary in addition to, or in lieu of, the Program Fee. Financial advisors who receive a portion of the Program Fee have a financial incentive not to negotiate the Program Fee. The portion of the Program Fee paid to your financial advisor is at the discretion of Edward Jones. The fee rate paid to your financial advisor will be the same regardless of the Account Portfolio Objective or Goal Portfolio Objective (if applicable) you select. As a result, your financial advisor does not have a financial incentive to recommend one Account or Goal Portfolio Objective over another. Your financial advisor does not receive a portion of the Platform Fee.

Similarly, the Program Fee rate paid to your financial advisor will be the same regardless of the investment advisory program in which you invest. However, your financial advisor also may receive compensation in connection with margin loans in Guided Solutions Flex as described below. As a result, and if you would be eligible for margin lending but ineligible for the Edward Jones securities-based lending offering called the Edward Jones Reserve Line of Credit ("Reserve Line"), available in some other Edward Jones investment advisory services, your financial advisor will have a financial incentive to recommend Guided Solutions Flex over another investment advisory program.

If you use margin in your account, Edward Jones will receive revenue as a result of charging interest on your margin loan. As a result, there is a material conflict of interest between you and us

in connection with margin loans, which we address through disclosure in this Brochure. For example, if you take out or maintain a margin loan rather than withdraw money from your Guided Solutions Flex account, we retain the Guided Solutions Flex Fee that such assets are otherwise generating and charge you interest on any outstanding margin loan balances. Depending on your specific circumstances, including the intended duration of the margin loan and the return on your account, over the long term it may cost you more to take out the margin loan than if you had pursued an alternative loan option or liquidated securities and withdrawn the sale proceeds from your account.

Although Edward Jones receives more revenue from a margin loan than a loan through the Reserve Line available in the other advisory programs, your financial advisor is compensated the same on both types of loans. You are encouraged to carefully consider the total cost of taking out any margin loan, and any additional compensation to us or your financial advisor, when determining to take out and/or maintain a margin loan.

The amount of your financial advisor's compensation may be more or less than what he or she would receive if you had a brokerage account instead of a Guided Solutions Flex account. If you purchased investments through Edward Jones as a broker-dealer, you would pay sales charges or commissions, a portion of which would be paid to your financial advisor. A financial advisor will typically earn more in upfront fees and commissions when you use brokerage services. In the alternative, a financial advisor will typically earn more over time if you invest in Guided Solutions Flex. This creates a financial incentive for your financial advisor to recommend Guided Solutions Flex instead of brokerage services.

The Program Fee, as well as assets under care and client margin loan balances, will impact most financial advisors' eligibility for a bonus and bonus amount. The Program Fee, as well as assets under care and client margin loan balances may also impact a financial advisors' eligibility for the receipt of certain limited partnership profits interest in The Jones Financial Companies, L.L.P. (the "Profits Interest"). This eligibility to receive bonus, bonus amounts, and/or certain Profits Interest creates a conflict of interest in that your financial advisor has an incentive to recommend you invest in an investment advisory account(s).

Most financial advisors are eligible to participate in the Edward Jones Travel Award Program ("Travel Award Program"), which includes domestic and international travel, or a cash award in lieu of a trip. Eligibility for the Travel Award Program is based upon the amount of new and existing assets under care of a financial advisor which creates an additional conflict of interest.

These financial incentives create a conflict between Edward Jones' interest, your financial advisor's interest, and your own.

We address these conflicts of interest through disclosures you will receive at or before the time of your financial advisor's recommendations to you. Additionally, financial advisors are subject to training, supervision, regulatory requirements, and internal policies and controls that are reasonably designed so that clients are recommended only those products and services

that are appropriate in light of their financial circumstances.

For further information on compensation and conflicts of interest, please see the “Understanding how we are compensated for financial services” document found at edwardjones.com/compensation.

Comparing Costs, Expenses and Services

The Program Fee is a fee for investment advisory services as described above under “The Program Fee” and, when applicable, the Platform Fee is a fee for platform support services as described above under “Platform Fee.” Guided Solutions Flex may cost you more or less than purchasing these services separately, depending on the costs of the services if provided separately, the size of your account, the amount of cash in your account, and the trading activity in your account and the corresponding brokerage commissions that would be charged if you bought and sold individual securities in a brokerage account.

You can choose to forgo the services of Guided Solutions Flex and buy and sell securities through Edward Jones as a broker-dealer or through other brokers or agents not affiliated with Edward Jones (although you would not receive the benefits of the program described in this Brochure).

We have provided you with materials that explain our brokerage and investment advisory services, including our Client Relationship Summary (“CRS”) and “Making Good Choices” brochure.

Additional copies are available from your financial advisor upon request or our CRS is available at www.edwardjones.com/regbidisclosures.

Item 5: Account Requirements and Types of Clients

Your initial investment in a Guided Solutions Flex account must generally be at least \$25,000. You can fund your Guided Solutions Flex account with cash and/or securities. If you establish your Guided Solutions Flex account and/or later add to your account with Ineligible Investments, you shall give instructions to Edward Jones to liquidate or redeem those Ineligible Investments without regard to tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities. Edward Jones will act in our capacity as a broker-dealer, not as a fiduciary or investment adviser, in connection with such transactions and will sell those securities at no commission. Edward Jones will not provide advice and/or guidance regarding the securities being sold to fund the Guided Solutions Flex account. Trades that occur in a taxable account may cause a taxable event as well as additional fees and expenses.

The total value of your account is monitored by Edward Jones. If the value of your account falls significantly (for example, a balance of \$10,000 or below), we may, in our discretion, remove your account from Guided Solutions Flex.

Edward Jones offers clients a wide range of financial services. Guided Solutions Flex may not be appropriate for every client or

every account type. Generally, Guided Solutions Flex is available only to residents or entities of the United States and certain U.S. territories with the following types of accounts: individual; joint; trusts; charitable organizations; corporations and other business entities; traditional IRAs and Roth IRAs; and Benefit Plans. Benefit Plans include an owner-only 401(k) plan, a Savings Incentive Match Plan for Employees (“SIMPLE”) IRA, a Simplified Employee Pension (“SEP”) IRA, a traditional IRA linked to an Edward Jones SEP IRA and other eligible plans.

Edward Jones can prohibit any person or entity from investing or remaining in Guided Solutions Flex for any reason, including if we do not believe it is an appropriate investment strategy for that person or entity. As a general rule, you should intend to invest in Guided Solutions Flex for a minimum of three (3) years.

You will not be able to purchase certain fixed-income securities if your account value is below \$50,000. We can change the minimum at our discretion. However, you will be able to hold eligible fixed-income securities in your account regardless of account value. For example, if you purchased a bond when your account value exceeded \$50,000, you can continue to hold that bond even if your account value declines. If you hold less than \$50,000 in your account, additional purchases of fixed income holdings will be limited to mutual funds and ETFs that invest in fixed income securities.

If, at any time, you transfer mutual funds into a Guided Solutions Flex account and those mutual funds are current Eligible Investments but in a different share class from those held for Guided Solutions Flex, Edward Jones is authorized to convert those shares into a different share class eligible to be held in Guided Solutions Flex. For more information about share classes, please refer to the Risk of Loss section below.

Mutual fund shares held in your Guided Solutions Flex account may accumulate and be used to satisfy a letter of intent (“LOI”) associated with multiple Edward Jones brokerage accounts. However, if a brokerage account transferring into Guided Solutions Flex is the only account where the LOI can be met, Edward Jones can terminate your LOI and sell a portion of your position to adjust the commission paid in your brokerage account before the transfer of your assets into Guided Solutions Flex.

Assets in your Guided Solutions Flex account will not be used to pay any adjustment(s) that apply in the event you fail to satisfy the LOI.

If you request a transfer of securities from your Guided Solutions Flex account to another Edward Jones account or a third-party account, you authorize Edward Jones to transfer the mutual fund shares in-kind without converting the shares into a different share class. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Guided Solutions Flex account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class, or liquidate the shares, when transferring mutual funds. Conversions could result

in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Item 6: Guided Solutions Flex Investment Selection and Evaluation

Guided Solutions Flex is a client-directed wrap fee program sponsored by Edward Jones. No third-party investment advisers, no related persons or Edward Jones-supervised persons serve as portfolio managers in Guided Solutions Flex. In consultation with your Edward Jones financial advisor, you will select your Account Portfolio Objective and Goal Portfolio Objective (if applicable) and Eligible Investments for your account. For more information, see Item 4.

Performance-Based Fees and Side-by-Side Management

This section does not apply to Edward Jones.

Methods of Analysis, Investment Strategies and Risk of Loss

Edward Jones selects the Eligible Investments available in Guided Solutions Flex based on numerous quantitative and qualitative factors, each of which may be given different weight in the decision-making process, and generally no one factor determines the outcome of any selection.

The processes we use to select and monitor affiliated mutual funds are different from the processes we apply to unaffiliated mutual funds and other Program Eligible Investments.

In selecting and monitoring sub-advisers for our affiliated mutual funds, the investment adviser, which is affiliated with Edward Jones, follows a process that is similar, but not identical, to the process that we use to evaluate unaffiliated mutual funds and other Eligible Investments. This process includes quantitative and qualitative analysis, including, but not limited to, an evaluation of the investment process, consistency, portfolio composition, strategies employed, risk management, team depth, quality and experience, operations and compliance of the sub-adviser. The evaluation process includes review of literature and documents, quantitative historical performance evaluation and discussions with members of the investment team and Edward Jones management. None of the sub-advisers are affiliated with Edward Jones.

Eligible Investments (other than affiliated mutual funds) undergo periodic review by Edward Jones to determine if they remain suitable for Guided Solutions Flex. An Eligible Investment can be re-categorized from an Eligible Investment to an Ineligible Investment for a variety of reasons, including, but not limited to, the following:

- Inconsistency with Edward Jones' investment philosophy
- Complexity of the investment
- Regulatory concerns
- Termination of an agreement with a mutual fund company

- Lack of ongoing financial information
- A decision by Edward Jones to reduce the overall ownership level of a fund

The appropriate Target Ranges for each Account Portfolio Objective are based on the Edward Jones investment categories. Depending on market volatility, the asset allocations in your account will sometimes depart from the Target Ranges for your Account Portfolio Objective.

Different asset classes will perform better than others, resulting in an asset allocation that may have more or less risk than you may want. In order to keep your account in alignment, you should monitor and realign your account if the asset allocations have deviated significantly from the Target Ranges or Investment Diagnostics for your Account Portfolio Objective.

The objective of investing in a variety of Eligible Investments in various types of asset classes allocated in the Target Ranges is to construct a portfolio designed to experience less volatility and show more consistent performance over time. There is no guarantee that this goal will be achieved.

Risk of Loss

All investment strategies and investments involve risk, and the value of your account will fluctuate. As a result, your account may be worth more or less than the amount of money you invested. Past performance does not guarantee future results, and there is no guarantee that your Account Portfolio Objective or Goal Portfolio Objective (if applicable) will be achieved.

Each Eligible Investment will fluctuate in value and, when sold, may be worth more or less than the original cost to purchase. Diversification does not guarantee a profit or protect against loss. You should consider the investment objectives (as applicable), risks, fees and expenses, and past performance of each Eligible Investment before deciding to invest in Guided Solutions Flex. Information about each Eligible Investment can be obtained from your financial advisor.

Implementing an ESG or values-based investing approach, which helps align your portfolio with your personal values by excluding certain investments or targeting issues that are important to you, has potential risks and trade-offs. Such investments may value non-financial goals more than financial returns. Additionally, while segments of the market or investments that engage in certain business practices can be excluded with an ESG or values-based investing approach, introducing such exclusions or focusing on a narrow area of the market can decrease your portfolio's diversification and materially impact its risk and return. Companies also may not operate as expected or fail to meet the desired ESG or value-based characteristics over time.

Depending on the Eligible Investments you select, your account may also be subject to the following risks:

Concentration Risk. An account with a limited number of Eligible Investments may experience more volatility than a more diversified account with a larger number of Eligible Investments.

Mutual Funds Risk. Mutual funds are diversified, professionally

managed portfolios of securities that pool the assets of individuals and organizations to invest toward a common objective such as current income or long-term growth. Mutual funds are subject to investment advisory, transactional, operating and other expenses. Each mutual fund is subject to specific risks, depending on its investments. The value of mutual funds' investments and the NAV of the funds' shares will fluctuate in response to changes in market and economic conditions, as well as the financial condition and prospects of companies and other investments in which the funds invest. The performance of a mutual fund will depend on whether the fund's investment adviser is successful in pursuing the fund's investment strategy. Mutual funds that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. The fund prospectus and other fund documents describe the risks specific to the fund.

Share Classes. Mutual fund investments in Guided Solutions Flex can have different share classes. While each share class invests in the same pool of investments and has the same investment objective, each has different internal fees and expenses. Mutual funds often permit the conversion of shares from one class to another, subject to certain conditions as determined by the mutual fund.

Edward Jones considers several factors when selecting a mutual fund share class for Guided Solutions Flex, including, but not limited to, the eligibility criteria set by mutual fund companies and the overall cost structure of the share class. Clients should not assume they will be invested in the share class with the lowest expense ratio.

Edward Jones generally attempts to select institutional and/or advisory share classes for Guided Solutions Flex, when available. Institutional and/or advisory shares generally do not impose a sales charge or ongoing Rule 12b-1 fees and, as a result, are usually less expensive than Class A shares.

Other share classes, including Class A, may be utilized when no institutional or advisory share classes are available. Class A shares are typically purchased in brokerage accounts and usually carry an upfront sales charge and ongoing Rule 12b-1 fees. If Class A shares are selected in Guided Solutions Flex, the upfront sales charges are generally waived, but the Class A shares are still charged the ongoing Rule 12b-1 fees. As described in Item 4 above, if we receive Rule 12b-1 fees for shares held in your account, we will credit the amount received to your account as a fee offset.

Please refer to the appropriate fund prospectus and other fund documents for more information regarding the available share classes of mutual funds used in Guided Solutions Flex. In our sole discretion, Edward Jones can change the share class of any mutual fund at any time without prior notice to you.

Redemptions. Edward Jones' clients collectively own a large percentage of certain mutual funds that are Eligible Investments. Due to the significant ownership, there may be adverse consequences in the event that Edward Jones, as the investment

adviser, re-categorizes a mutual fund from an Eligible Investment to an Ineligible Investment. If the resulting volume or size of redemptions directed by accounts in Guided Solutions Flex as a result of the re-categorization exceeds the limits set forth in the mutual fund's policies and procedures, the resulting delay in effecting redemptions may result in accounts experiencing increased risk of loss. A mutual fund company can also decide to redeem shares "in-kind" instead of in cash. In that event, you may receive the actual underlying securities of the fund. The underlying securities could lose value before they are sold.

Brokerage and other transaction costs will apply to the sale of the underlying securities. We will work with the mutual fund company to minimize any potential adverse impact to accounts in Guided Solutions Flex, but there is no assurance that you will be able to avoid the risk of loss and other adverse consequences.

ETFs Risk. ETFs are typically registered investment companies whose shares are listed on a securities exchange. An investment in an ETF generally presents the same primary risks as an investment in a conventional mutual fund (i.e., one that is not exchange-traded) that has the same investment objective, strategies and policies. The price of an ETF can fluctuate within a wide range, gaining or losing value throughout the day. ETF performance may vary from that of its benchmark or its peers.

Like mutual funds, ETFs are subject to investment advisory, transactional, operating and other expenses. Unlike mutual funds, shares of ETFs cannot be directly purchased from and redeemed by the fund. ETFs that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. Each fund's prospectus and other fund documents describe the risks specific to the fund.

Equity Securities Risk. Common stocks and other equity securities generally increase or decrease in value based on the earnings of a company and on general industry and market conditions. The value of a company's share price may decline as a result of poor decisions made by management, lower demand for the company's services or products, or if the company's revenues fall short of expectations. There are also risks associated with the stock market overall. The stock market may experience periods of turbulence and instability.

Preferred Stock Risk. Preferred stock is a class of capital stock that typically pays dividends at a specified rate.

Preferred stock is generally senior to common stock but subordinate to debt securities with respect to the payment of dividends and on liquidation of the issuer. While subject to the same risks affecting equity securities generally, the market value of preferred stock also generally decreases when interest rates rise (interest rate risk) and is also affected by the issuer's ability to make payments on the preferred stock (credit risk).

Fixed-Income Securities Risk. Fixed-income securities, such as bonds, are subject to credit risk and interest rate risk. Credit risk is the possibility that an issuer of an instrument will be unable to make interest payments or repay principal when due. Changes in

the financial strength of an issuer or changes in the credit rating of a security may affect its value. Interest rate risk is the risk that interest rates may increase, which tends to reduce the resale value of certain fixed-income securities.

Certificate of Deposit Risk. The price of a CD in the secondary market is governed by prevailing interest rates. If a CD is sold before it matures, you may receive less than the original purchase price if interest rates are higher. Edward Jones, though not obligated to do so, may maintain a secondary market in the CD after the purchase which allows CDs to be sold on any business day. Rates paid on CDs may be lower or higher than the rates available directly through the bank that is issuing the CD. You are responsible for monitoring the total amount of CDs and other bank deposits that you hold with any one bank for Federal Deposit Insurance Corporation ("FDIC") insurance limits.

Municipal Securities Risk. Municipal securities are subject to various risks based on factors such as economic and regulatory developments, changes or proposed changes in the federal and state tax structure, deregulation, court rulings and other factors. Repayment of municipal securities depends on the ability of the issuer or project backing such securities to generate taxes or revenues. There is a risk that the interest on an otherwise tax-exempt municipal security may be subject to federal income tax.

Government Securities Risk. U.S. government securities are subject to interest rate and inflation risks. Not all U.S. government securities are backed by the full faith and credit of the U.S. government. Certain securities issued by agencies and instrumentalities of the U.S. government are only insured or guaranteed by the issuing agency or instrumentality, which must rely on its own resources to repay the debt. As a result, there is risk that these entities will default on a financial obligation.

Money Market Funds Risk. Money market funds are a type of mutual fund that invests in high-quality, short-term debt securities, pays dividends that generally reflect short-term interest rates and seeks to maintain a stable NAV per share (typically \$1). An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although a money market fund is managed to maintain a stable NAV of \$1 per share, the value of the fund may fluctuate, and you could lose money.

Foreign Investing Risk. Investments in foreign markets or foreign companies may be achieved through investments in securities of foreign issuers; ETFs or mutual funds that hold securities of foreign issuers; or ADRs, which are receipts typically issued by a U.S. bank or trust company evidencing ownership of the underlying securities of a foreign company. Investments in foreign markets or foreign companies carry a number of economic, financial and political considerations that are not associated with the U.S. markets and that could unfavorably affect your account's performance. Among those risks are greater price volatility; weak supervision and regulation of securities exchanges, brokers and issuers; higher brokerage costs; fluctuations in foreign currency exchange rates and related conversion costs; adverse tax consequences; and settlement delays.

Margin Risk. Our financial advisors provide information and education regarding the availability of margin loans. However, you decide whether to borrow money from us and you decide when and how to pay back any loans. There are certain risks and conflicts of interest that arise when we make margin loans in our role as lender and broker-dealer rather than investment adviser, including (i) the interest rate charged in connection with your loan may be higher than those charged by other lenders and is in addition to the Program Fee; (ii) we may require additional collateral if there is a decline in the market value of the securities that secure your margin loan; (iii) we can sell any securities in your account to satisfy a margin call without notice to you; (iv) we may be required to liquidate securities we would otherwise not recommend you sell, and which may not otherwise be in your best interests to sell, to satisfy a margin call; (v) you are not entitled to select which securities are liquidated to satisfy a margin call and we can sell securities that you wish to retain or that have a low tax basis without regard to your wishes or any adverse tax consequences of a sale; (vi) depending on market conditions, the prices obtained for the securities may be less than favorable and may be less than the value that we or you believe the securities are worth; (vii) the timing of securities sales in connection with a margin call will be different than if those securities were not used as collateral in connection with a margin loan, and may negatively impact the performance of your account and interrupt your investment strategy; (viii) a situation could arise where the value of your account is zero and you still owe money on a loan; and (ix) with respect to the margin loan and collateral, we will act in the capacity of a lender and may take the actions described above, which may be in conflict with your best interest and our role as an investment adviser to your Guided Solutions Flex account. Any action taken by us against the securities in your Guided Solutions Flex account pursuant to the use of margin will not constitute a breach of our fiduciary duties as an investment adviser.

Cybersecurity Risk. The computer systems, networks and devices used by Edward Jones and our service providers employ a variety of protections designed to protect against damage or interruption from computer viruses, network and computer failures and cyberattacks. Despite such protections, systems, networks and devices potentially can be breached. Cyberattacks include, but are not limited to, gaining unauthorized access to digital systems for purposes of corrupting data or causing operational disruption, as well as denial-of-service attacks on websites. Cyber incidents may cause disruptions and impact business operations, potentially resulting in financial losses, the inability of Edward Jones or service providers to trade, violations of privacy and other laws, regulatory fines, reputational damage, reimbursement costs and additional compliance costs, as well as the inadvertent release of confidential information.

Economic Conditions Risk. Economic, political and financial trends and developments may, from time to time, result in periods of volatility or other potentially adverse effects that could negatively impact your account. Domestic and international markets, including sectors and companies within those markets, may respond in significant and unforeseen ways to matters such as public health

issues, geopolitical events, natural disasters and social unrest. Those matters, as well as others not listed here, may increase the risk to your account's performance and cause losses.

Tax Considerations

Guided Solutions Flex does not provide tax efficient strategies or tax advice. Your financial advisor may take into account tax considerations as one factor among others when making investment and trading recommendations for your account.

However, Guided Solutions Flex does not provide quantitative or programmatic tax loss or gain harvesting services and will not monitor for tax consequences on an ongoing basis. You should consult with your tax advisor for tax advice, including advice on potential tax consequences.

Voting Proxies

When you invest in Guided Solutions Flex, you are solely responsible for voting proxies arising from any securities held in your account. Edward Jones will not take any action and will not render any advice regarding how to vote proxies arising from any securities held in your account. You may receive proxy-related materials and notices from Edward Jones or the applicable securities issuer or mutual fund or ETF sponsor, and you will be responsible for voting proxies.

Legal Notices

Edward Jones will not take any action or render any advice regarding any legal action on your behalf relating to any Eligible Investments or other assets held in your account (including shares of the Money Market Fund) that may become subject to any legal action, regulatory action, administrative action, bankruptcy, and/or class action lawsuit other than the Class Action Claim Filing service described in this brochure and the CSA. However, Edward Jones will promptly forward any such documents to you, or if you are enrolled in the Class Action Claim Filing service, Edward Jones will execute such service as described in this brochure and the CSA.

Item 7: Client Information Provided to Edward Jones

Client information provided to Edward Jones will be maintained in accordance with our privacy policies.

Over time, your financial goals and objectives may change. Accordingly, you and your financial advisor must perform an annual review, as set forth in Item 9B below.

Item 8: Client Contact with Edward Jones

You may contact your Edward Jones financial Advisor during normal business hours with questions regarding your account.

Item 9: Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Disciplinary Information

Edward Jones is a registered broker-dealer and investment adviser. This section contains information about certain legal and regulatory matters that Edward Jones believes are material to a client's evaluation of our advisory business or the integrity of our management. Edward Jones has also been subject to various legal and regulatory proceedings relating to our brokerage business that are disclosed in Part 1 of our Form ADV, which is available on the SEC's website at www.adviserinfo.sec.gov, as well as on FINRA's website at www.finra.org/brokercheck.

SEC – Municipal Bond Pricing. On August 13, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement in public administrative and cease-and-desist proceedings with the SEC regarding certain of the firm's municipal securities activities. Pursuant to the settlement, the SEC alleged that Edward Jones violated Sections 17(a)(2) and (3) of the Securities Act of 1933 ("Securities Act"), Sections 15B(c)(1) and 15(b)(4)(E) of the Securities Exchange Act of 1934 ("Exchange Act"), and MSRB Rules G-17, G-11(b) and (d), G-27 and G-30(a). Edward Jones was censured and ordered to cease and desist from violating or causing any current and future violations of Sections 17(a)(2) and (3) of the Securities Act, Section 15B(c)(1) of the Exchange Act and MSRB Rules G-17, G-11, G-27 and G-30. The settlement required Edward Jones to pay \$5,194,401.37 to current and former customers of Edward Jones and to pay a civil money penalty in the amount of \$15 million. In entering into the settlement, the SEC considered remedial acts undertaken by Edward Jones related to this matter.

FINRA – Mutual Fund Sales Charge Waivers. On May 5, 2015, FINRA's Enforcement Division advised Edward Jones that it was investigating whether any violations of the federal securities laws or rules had occurred with respect to mutual fund purchases and sales charge waivers for certain retirement plan and charitable organization accounts. Prior to being advised of the investigation, Edward Jones had commenced a review of this issue and self-reported to FINRA. On October 26, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA to resolve this matter. Pursuant to the settlement, Edward Jones agreed to provide remediation to certain customers, estimated at the time of the settlement agreement to be approximately \$13.5 million. A monetary penalty was not imposed by FINRA. In reaching the settlement, FINRA recognized the extraordinary cooperation of Edward Jones, including its self-reporting of the issue to FINRA.

FINRA – Municipal Securities Transactions Below Minimum Denominations. On June 2, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA's Department of Market Regulation in connection with its investigation of possible violations of MSRB rules regarding transactions in certain municipal securities in amounts lower than the applicable minimum denominations. As

part of the settlement, Edward Jones agreed to pay a monetary fine of \$210,000.

FINRA – Supervision of Tools-Generated Reports. On July 13, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA in connection with its investigation of the supervision of the use and dissemination of reports generated through Edward Jones' systems by financial advisors. FINRA expressly stated that its review of 65,000 reports did not reveal any instances of reports that were misleading. FINRA also stated that Edward Jones had made changes to enhance its supervisory processes. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$725,000.

FINRA – Call Detail Records Production and Preservation. On December 13, 2022, Edward Jones entered into a settlement agreement with FINRA without admitting or denying the findings therein. FINRA alleged Edward Jones violated FINRA Rules 8210(a)(1) and 2010 by (1) failing to timely, completely, and accurately respond to certain FINRA requests for call detail records that are not required broker-dealer books and records and (2) failing to preserve certain responsive call detail records during the pendency of regulatory requests. Edward Jones was censured, agreed to certify that it has established and implemented policies, procedures, processes and internal controls reasonably designed to address and remediate the issues identified by FINRA in the settlement, and agreed to pay a monetary fine of \$1.1 million.

State of Pennsylvania – Investment Adviser Registration. On January 12, 2024, Edward Jones and the Pennsylvania Department of Banking and Securities entered into a Consent Order. The Department alleged that from in or about January 2015 through the present, Edward Jones failed to register at least one employee as an investment adviser representative in Pennsylvania in violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 ("the 1972 Act"), 70 P.S. § 1-301(c.1)(1)(ii). Without admitting or denying the findings in the Order, Edward Jones agreed to pay a monetary fine of \$300,000 and to comply with the relevant provision of the 1972 Act.

Other Financial Industry Activities and Affiliations

You should be aware that Edward Jones, our affiliates and our financial advisors perform services for you and other clients outside of Guided Solutions Flex, including the execution of brokerage transactions (e.g., the purchase or sale of securities or insurance products), research, the retail distribution of securities (e.g., mutual funds), the participation in principal transactions and certain underwritings and other investment advisory services. Edward Jones and our affiliates receive compensation, including fees and commissions, associated with these services. We have a financial interest in our clients' transactions and the recommendations we make to clients to buy or sell securities or investment products.

A conflict of interest exists where Edward Jones has an existing business relationship with the mutual fund families that are available as Eligible Investments through Guided Solutions Flex. Edward Jones receives revenue sharing payments from certain unaffiliated mutual fund families on client assets held outside of Edward Jones'

advisory programs. "Revenue sharing" generally means a mutual fund family shares with another company, like Edward Jones, a portion of the revenue it earns through managing mutual fund assets. Edward Jones' receipt of revenue sharing outside of advisory programs creates a conflict of interest in the form of additional financial benefits to us, our financial advisors and equity owners. We believe that this conflict of interest is mitigated through internal policies designed to prevent Edward Jones, in our capacity as investment adviser, and any affiliated investment adviser, from considering revenue sharing from existing business relationships when selecting Eligible Investments for Guided Solutions Flex. Similarly, no affiliated investment adviser considers such business relationships or revenue sharing in recommending to the board of trustees of any affiliated mutual fund that a sub-adviser be selected to manage the affiliated mutual funds.

For more information regarding revenue sharing, please visit www.edwardjones.com/disclosures or request a revenue sharing disclosure document from your financial advisor. Edward Jones does not receive revenue sharing on assets held in Guided Solutions Flex accounts. Edward Jones and our financial advisors also receive compensation for services and recommendations that may differ from advice given to you while participating in Guided Solutions Flex.

In our capacity as a broker-dealer, Edward Jones performs research and distributes recommendations to buy, sell or hold the equity securities of asset management companies or financial institutions with asset management affiliates that manage mutual funds designated as Eligible Investments in Guided Solutions Flex. In order to preserve the independence of this process and to address any conflicts of interest, we have adopted a policy under which we do not consider our opinion on equity securities of asset management companies or financial institutions in selecting mutual funds designated as Eligible Investments in Guided Solutions Flex. Similarly, the affiliated investment adviser does not consider Edward Jones' opinion on equity securities of asset management companies or financial institutions when recommending sub-advisers to the board of trustees of an affiliated mutual fund.

The following summarizes Edward Jones' material relationships or arrangements with other entities that participate in the financial industry.

Edward Jones, the primary operating subsidiary of JFC, is dually registered with the SEC as an investment adviser and broker-dealer, and is a member of FINRA.

Olive Street, a wholly owned subsidiary of JFC, is registered as an investment adviser with the SEC and serves as the investment adviser of the affiliated mutual funds. Certain current or former associates of Edward Jones serve as officers or directors/trustees of the affiliated investment adviser and/or the affiliated mutual funds. Appendix A contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones, an Ontario limited partnership (Edward Jones in Canada), an indirectly wholly owned subsidiary of JFC, is a

broker-dealer registered with the Canadian Investment Regulatory Organization.

EJTC, a wholly owned subsidiary of JFC, is a federally chartered savings and loan association that offers personal trust and investment management services. EJTC also acts as custodian for certain traditional IRAs and Roth IRAs that are participating, or have participated, in Guided Solutions Flex and other Edward Jones programs. For additional information about this arrangement, please see Item 4.

Edward Jones owns directly or indirectly 100% of three insurance agencies that conduct insurance-related activities in the U.S.: Edward Jones Insurance Agency of New Mexico, L.L.C., a New Mexico limited liability company; Edward Jones Insurance Agency of Massachusetts, L.L.C., a Massachusetts limited liability company; and Edward Jones Insurance Agency of California, L.L.C., a California limited liability company.

JFC indirectly owns 100% of two insurance agencies that conduct general insurance-related activities in Canada: Edward Jones Insurance Agency (Quebec) Inc., a Canadian corporation; and Edward Jones Insurance Agency, an Ontario, Canada, limited partnership.

Edward Jones owns 7% of Customer Account Protection Company Holdings, Inc. (CAPCO), a captive insurance group.

JFC indirectly owns 100% of EDJ Insurance Company, Inc., a Missouri captive insurance company.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading; Review of Accounts; Client Referrals and Other Compensation; and Financial Information

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Edward Jones has established a Code of Ethics to ensure that our associates:

- Act with integrity and in an ethical manner with you and all of our clients
- Place your and all of our clients' interests first
- Conduct personal trading in compliance with our Code of Ethics, avoid potential conflicts of interest and make sure they do not abuse the faith and trust you have placed in them
- Comply with all applicable rules, regulations and laws
- Do not use any material nonpublic information they may receive as a result of their employment with Edward Jones

Some Edward Jones associates are deemed "access persons" under our Code of Ethics because they may have access to nonpublic information regarding either the securities in a client's accounts or changes to Eligible Investments, including asset allocations. Under our Code of Ethics, access persons must receive prior approval before acquiring a beneficial ownership interest in any security in an initial public offering, limited offering or hedge fund transaction. Additionally, access persons are

required to submit to the chief compliance officer, or his or her delegate, a list of any securities they own and securities transactions they made for any account they control at Edward Jones or another financial institution. You may request a copy of the Edward Jones Code of Ethics from your financial advisor.

As a broker-dealer, there may be times when Edward Jones will buy, sell or recommend that our brokerage clients who are not participating in Guided Solutions Flex buy securities that are also Eligible Investments in Guided Solutions Flex. These brokerage activities are done in the regular course of our business as a broker-dealer and are separate from our investment advisory services. There are times when we act as principal, which means we participate in client transactions by buying securities for our own inventory and selling those securities to our clients. To the extent conflicts arise under such transactions, Edward Jones is nevertheless obligated to execute any such transaction in the manner it believes is in the client's best interest.

You should know that financial advisors, Edward Jones associates (including those directly involved with Guided Solutions Flex) and/or their family members are permitted to and do invest in Guided Solutions Flex. This practice could create a conflict of interest if associates placing trades for their own accounts were to place a trade before our clients and receive a better price on a security.

Edward Jones has internal supervisory reviews and procedures to review accounts held by our associates and certain family members and their personal trading practices. The reviews look for improper trading activities, including trading that may be in conflict with the best interests of a client. In addition to the Code of Ethics and the supervisory reviews, we prohibit financial advisors from placing trades for their personal accounts before trades for our clients in the same security. In the event a financial advisor's personal order fills at a better price than a client's order placed close in time, we will adjust the trade so the client receives the better price.

Review of Accounts

At the time your Guided Solutions Flex account is opened, Edward Jones' supervisory associates will review your selected Account Portfolio Objective and the funding of your account. If you have sold investments purchased at Edward Jones in order to fund the account, the holding period of those investments will be reviewed for appropriateness. Supervisory personnel may also call you directly to discuss your understanding of Guided Solutions Flex, including the fees and expenses you are or will be paying.

While you are invested in Guided Solutions Flex, Edward Jones will review your account monthly to determine whether your account moves out of alignment with the Target Ranges for your Account Portfolio Objective or with the Investment Diagnostics for your account and will notify you if your account is out of alignment. If this happens, you should work with your financial advisor to determine what adjustments are needed to bring your account back into alignment. In the event that you do not provide instructions to bring your account back into alignment within a time period determined by Edward Jones, your account will be

removed from Guided Solutions Flex. For more information on account alignment, see Item 4.

In addition, you and your financial advisor must annually review whether there have been any changes to your financial circumstances including, but not limited to, your risk tolerance, Account Portfolio Objective and Goal Portfolio Objective (if applicable).

If you decide to invest in a different Account Portfolio Objective, we may make recommendations to realign your account to match your new Account Portfolio Objective.

You will receive a written account statement at least quarterly (monthly in months in which activity occurs in your account) containing a description of all activity in your account during the period, including all transactions, contributions, withdrawals, fees and the value of your account at the beginning and end of the period.

Our review does not substitute for your own continued review and monitoring of your account and performance of your investments. You should review trade confirmations (as applicable), account statements and other information we send to you. Current and timely information about your account will be available in Edward Jones' online client access system. If you have any questions, please discuss them with your financial advisor.

Client Referrals and Other Compensation

From time to time, Edward Jones and our financial advisors receive client referrals or potential client leads from third parties. Edward Jones and our financial advisors pay for these referrals from third parties that are not affiliated with Edward Jones. Although Edward Jones is not precluded from entering into other types of solicitor arrangements, currently, client referrals result from an individual providing information to a third-party solicitor and subsequently being matched with an Edward Jones financial advisor (and, in certain cases, financial advisors associated with financial institutions other than Edward Jones).

Edward Jones entered into a written agreement with the solicitor and pays the solicitor a fee for the referrals.

Payments to the solicitor for referrals, along with any other costs associated with this arrangement, are paid entirely by Edward Jones and our financial advisors and are not dependent on whether a referral or lead becomes an Edward Jones client.

In addition to the solicitor arrangements disclosed above, from time to time, our financial advisors receive uncompensated referrals from other professionals or clients. Our financial advisors also may provide uncompensated referrals to other professionals. Other than in connection with Edward Jones-approved solicitor arrangements, Edward Jones policy prohibits financial advisors from purchasing or providing any compensation, cash or non-cash, directly or indirectly, in exchange for appointments or referrals. The purchase of lists (such as mailing or calling lists), by Edward Jones and our financial advisors, from third parties does not involve solicitation or referrals to Edward Jones.

Edward Jones has contracted with Broadridge Investor Communications Solutions, Inc. ("Broadridge"), an unaffiliated third-party vendor, to distribute proxies, periodic reports and voting instruction information to our clients. Pursuant to the agreement between Edward Jones and Broadridge, and in accordance with regulations, Broadridge charges the issuing company on behalf of Edward Jones for these services. Edward Jones receives from Broadridge a portion of the fees paid by the issuing company.

Certain unaffiliated mutual fund companies and/or ETF sponsors (or their investment advisers) with mutual funds and/or ETFs on the list of Eligible Investments pay certain expenses on behalf of financial advisors, including training and educational expenses, and in some instances make payments directly to Edward Jones to subsidize training and educational costs for financial advisors. These companies also participate in conferences or other marketing activities with Edward Jones and generally share in the cost of those activities. Edward Jones has not entered into any agreement with any ETF, mutual fund, or its investment adviser or its distributors or affiliates providing for payment of such expenses as a condition of inclusion on the list of Eligible Investments or the selection of a sub-adviser for affiliated mutual funds. Our financial advisors are not allowed to consider an advisory product partner's sponsorship of a marketing activity when choosing which Eligible Investments to suggest to you.

Financial Information

This section does not apply to Edward Jones.

Item 10: Requirements for State-Registered Advisers

This section does not apply to Edward Jones.

Appendix A

Disclosures Regarding Affiliated Money Market Fund and Mutual Funds

Edward Jones Money Market Fund. Your Guided Solutions Flex account may from time to time be invested in shares of the Edward Jones Money Market Fund (the “Money Market Fund”), which is advised by Olive Street Investment Advisers, LLC (“Olive Street”), an affiliate of Edward Jones. Olive Street receives a management fee of 0.20% of average net assets of the Money Market Fund, less any fees paid to its sub-adviser.

The Money Market Fund pays a Rule 12b-1 fee of up to 0.25% of average net assets to Edward Jones for providing distribution and shareholder services to shareholders of the Money Market Fund’s Investment Shares and Retirement Shares, and an Administrative Shareholder Service Fee up to 0.15% of average net assets to Edward Jones for providing administrative services, including banking administrative services and sweep administrative services, to shareholders. Edward Jones provides distribution services, shareholder services, administrative services, and transfer agent services to the Money Market Fund and the accounts that our clients maintain in the Money Market Fund.

For any Guided Solutions Flex account investing in the Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

Please review the current summary prospectus for the Money Market Fund, which describes the investment characteristics of the Money Market Fund and the fees paid to Olive Street by the Money Market Fund. The prospectus also describes certain revenue received by Edward Jones in connection with the Money Market Fund.

Bridge Builder Mutual Funds. You may choose to invest in shares of the Bridge Builder Mutual Funds (“Bridge Builder Funds”), which are also advised by Olive Street, an affiliate of Edward Jones. Bridge Builder Funds are sub-advised by multiple sub-advisers that are unaffiliated with us. If your account invests in a Bridge Builder Fund, Olive Street charges the fund a management fee which the fund pays directly to the fund’s sub-advisers. Olive Street has entered into an agreement with each Bridge Builder Fund to waive its management fees to the extent management fees charged by Olive Street exceed the management fees the fund is required to pay a fund’s sub-advisers (i.e., as a result of its waivers, Olive Street does not receive any management fees from a fund). The waiver agreement can only be terminated as described in the fund’s registration statement.

Please review the current summary prospectus for each of the relevant Bridge Builder Funds, which describes the investment characteristics of the fund, risks of the fund, and the fees charged by Olive Street to the fund. Certain Bridge Builder Funds are only available in taxable accounts.

[edwardjones.com](https://www.edwardjones.com)

Item 1: Cover Page

This wrap fee program brochure provides information about the qualifications and business practices of Edward D. Jones & Co., L.P. (“Edward Jones,” “we” or “us”). If you have any questions about the contents of this brochure, please contact us at 800-803-3333. The information in this brochure has not been approved or verified by the U.S. Securities and Exchange Commission (“SEC”) or by any state securities authority. Registration with the SEC or any state securities authority does not imply a certain level of skill or training.

Additional information about Edward Jones is also available on the SEC’s website at www.adviserinfo.sec.gov.

Item 2: Material Changes

Below is a summary of material changes that have been made to this brochure since our last annual update filed March 30, 2023.

- We updated the brochure to reflect the availability of affiliated mutual funds in our Guided Solutions programs (previously only available in our Advisory Solutions programs). The disclosure in the brochure has been updated to describe the impact, if any, of offering affiliated mutual funds on the advisory fees you pay to Edward Jones, the fact that affiliated mutual funds are not subject to the same selection and monitoring process used for unaffiliated mutual funds and certain conflicts of interest. Please refer to Item 4: Services, Fees and Compensation, Item 6: Guided Solutions Fund Investment Selection and Evaluation, Item 9: Additional Information and Appendix A: Disclosures Regarding Affiliated Money Market Fund and Mutual Funds.
- We updated the brochure to describe financial advisors' eligibility to receive a newly available limited partnership profits interest in The Jones Financial Companies, L.L.P. and associated conflict of interest. Please see the Financial Advisor Compensation section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to notify clients that beginning on or about June 2024, a new Platform Fee will be charged on all accounts enrolled in Guided Solutions Fund. Please refer to the Fees section in Item 4: Services, Fees and Compensation for more information.
- We updated the brochure to reflect that on January 12, 2024, a Consent Order was executed between Edward Jones and the Pennsylvania Department of Banking and Securities, without admitting or denying the findings therein, for alleged violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 ("the 1972 Act"), 70 P.S. § 1-301(c.1)(1)(ii). Please see Item 9.A.: Disciplinary Information and Other Financial Industry Activities and Affiliations for more information.

Item 4: Services, Fees and Compensation

Edward Jones is a registered broker-dealer and investment adviser. As an investment adviser, Edward Jones offers several advisory programs. This brochure ("Brochure") provides clients ("client," "you" or "your") with information about Edward Jones, Edward Jones Guided Solutions® Fund Account ("Guided Solutions Fund"), the fees charged for our services and our business practices. You should read this Brochure carefully and consult with your tax professional before you decide to invest in Guided Solutions Fund.

Other advisory programs offered through Edward Jones are not described in this Brochure. These programs offer different services and investments and some have different fees and minimum investment requirements. Certain programs or offerings are only available through select financial advisors. To learn more about other advisory programs offered by us, please ask your financial advisor or go to www.edwardjones.com/advisorybrochures to review the brochures for the available advisory programs.

Because Guided Solutions Fund is an investment advisory service offered by Edward Jones as an SEC-registered advisor, Edward Jones has a fiduciary duty to act in your best interest and to abide by the duties of care and loyalty under the Investment Advisers Act of 1940 when providing Guided Solutions Fund to you. Other services you obtain through Edward Jones, including other investment advisory and brokerage services, are separate and distinct from Guided Solutions Fund and each is governed by separate arrangements that we may have with you. Brokerage services are subject to different laws than investment advisory services. The specific services provided to you, our relationship with you and our legal duties to you in each arrangement are described in our applicable agreements with you and the disclosures we provide to you in connection with those services.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.L.P. ("JFC"), a holding company registered as a partnership with the State of Missouri. Edward Jones registered with the SEC as a broker-dealer in 1941 and as an investment adviser in 1993. Edward Jones became a member of the National Association of Securities Dealers ("NASD") (now known as the Financial Industry Regulatory Authority ("FINRA")) in 1939.

As of December 31, 2023, we managed \$289,673,344,599 in discretionary assets and \$402,574,903,909 in non-discretionary assets across all of our advisory programs.

The decision to invest in Guided Solutions Fund is yours. Before making this decision, you and your financial advisor should discuss whether other programs or investments may be more appropriate for your investment goals or needs. If you decide to invest in Guided Solutions Fund, we will not begin providing you advisory services until (a) our acceptance and approval of a written Client Services Agreement ("CSA") between you and Edward Jones, and (b) funding of the account at the initial minimum investment (if applicable) as determined by Edward Jones.

Before investing in Guided Solutions Fund, you should decide if you are comfortable assuming responsibility for the day-to-day management of your account. Investors in Guided Solutions Fund typically:

- Want to be involved in the investment process and approve final trade decisions
- Value the receipt of ongoing advice from Edward Jones when making investment decisions
- Desire a disciplined approach to long-term investing and are willing to adhere to an asset allocation strategy aligned with Edward Jones' guidance
- Are comfortable paying monthly, asset-based (percentage) fees for investments and advice rather than individual, transaction-based commissions or sales charges

In evaluating fee-based advisory programs, you should consider a number of factors. You may be able to obtain some or all of the same or similar investments and/or services available through this and other fee-based advisory programs separately through Edward Jones or another broker-dealer or investment adviser.

You should consider that, depending on the circumstances, the aggregate fees you will pay for investing in Guided Solutions may be lower or higher than if you purchased the investments or services separately at Edward Jones or through another broker-dealer or investment adviser. Guided Solutions Fund accounts and other advisory accounts offered through Edward Jones provide ongoing investment advice for an asset-based fee, rather than charging commissions for transactions in your account. Brokerage accounts, on the other hand, can charge commissions for transactions and typically provide investment advice that is point-in-time and solely incidental to the brokerage services provided. As a result, important factors to consider are the amount of trading activity you have in your accounts and the corresponding commissions that would be charged if you bought and sold individual securities in a brokerage account as well as the type of advice you desire. You also may experience different performance results or tax consequences from what you would by purchasing the investments separately or through another broker-dealer or investment adviser.

Guided Solutions Fund Overview

Guided Solutions Fund is a client-directed advisory program sponsored by Edward Jones designed to provide the client with ongoing investment advice, guidance and services for an asset-based fee. The Guided Solutions Fund experience is rooted in the working relationship between you and your Edward Jones financial advisor. In consultation with your Edward Jones financial advisor, you will select an appropriate portfolio objective for your Guided Solutions Fund account (your "Account Portfolio Objective").

Selecting Your Account Portfolio Objective. In order to invest in Guided Solutions Fund, you will complete a Client Profile that contains important information about your account, which generally includes either your goal or purpose for investing and your investment time horizon, risk tolerance and other financial information. Your time horizon will reflect the expected time frame

over which you plan to invest (and potentially withdraw) your assets to achieve your investment goal or purpose. Time horizon is expressed as either your life stage or the number of years you plan on accumulating and/or distributing your assets.

If your account is not assigned to a goal established at Edward Jones, then we will recommend an Account Portfolio Objective for your account based upon the level of investment risk you are willing to take (your risk tolerance or comfort with risk) and the expected time horizon for your investments. If your account is assigned to a goal established at Edward Jones, then we will recommend that you select an Account Portfolio Objective that is appropriate for the portfolio objective you selected for your goal (your "Goal Portfolio Objective").

You may choose an alternative Account Portfolio Objective if you are willing to take more or less risk than the recommended Account Portfolio Objective. You ultimately decide whether you want to select the recommended Account Portfolio Objective or an alternative Account Portfolio Objective, if available. Edward Jones will have no authority to change your Account Portfolio Objective without your instruction. To change your Account Portfolio Objective, you must meet with your Financial Advisor to select a new Account Portfolio Objective.

Your Account Portfolio Objective determines the recommended asset allocation and investment category ranges ("Target Ranges").

In addition, Edward Jones' applies certain guidelines designed to monitor your Guided Solutions Fund account for alignment with your Account Portfolio Objective ("Investment Diagnostics"). The Investment Diagnostics pertain to certain factors including, but not limited to, asset allocation, international exposure and security overconcentration. Please contact your financial advisor to learn more about how Investment Diagnostics help you achieve your financial goals. The recommended Target Ranges, as well as Investment Diagnostics, are determined solely by Edward Jones and can be modified by Edward Jones without prior notice.

Account Portfolio Objectives in Guided Solutions Fund currently include:

All-Equity Focus: This portfolio objective offers the highest long-term growth and rising dividend potential. It focuses on long-term capital appreciation and provides very little to no current interest income. It also has the highest level of risk, as it contains only equity investments.

Growth Focus: This portfolio objective emphasizes higher long-term growth and rising dividend potential, while providing modest current interest income. Over the long term, it should have higher risk than portfolios with a more income-oriented objective.

Balanced toward Growth: This portfolio objective emphasizes higher long-term growth and rising dividend potential, with a secondary goal of current interest income. Over the long term, it should have moderate to higher risk.

Balanced Growth & Income: This portfolio objective has a balanced emphasis between current interest income and long-term growth with rising dividend potential. Over the long term, it should have moderate risk.

Balanced toward Income: This portfolio objective emphasizes current interest income while providing modest long-term growth and rising dividend potential. Over the long term, it should have lower to moderate risk.

Income Focus: This portfolio objective emphasizes current interest income with little long-term growth and rising dividend potential. Over the long term, it should have lower risk than portfolios with a more growth-oriented objective.

Edward Jones constructs and periodically reviews the recommended Target Ranges for each Account Portfolio Objective in Guided Solutions Fund. Due to various influences such as changing market conditions or a reclassification of an Eligible Investment (defined below) to a different asset class, we may change the Target Ranges of an Account Portfolio Objective. If we change the Target Ranges for your Account Portfolio Objective, we will notify you if your account's Target Allocations (defined below) are out of alignment with the new Target Ranges, as necessary. Your Guided Solutions Fund account includes an annual rebalancing feature and may be eligible for on-demand rebalancing. For more information, see "Account Target Alignment" below.

After you have selected your Account Portfolio Objective, you may choose from among the mutual funds and exchange-traded funds ("ETFs") available for Guided Solutions Fund ("Eligible Investments") and determine the percentage of your money to invest in each Eligible Investment (your "Target Allocations") in alignment with your Account Portfolio Objective. When analyzing investments and developing recommendations that may be appropriate for your account, we rely on a variety of different sources of information. Such sources may include research developed by Edward Jones that covers a wide range of Eligible Investments and investment research reports issued by firms that are not affiliated with us.

In addition, we may use certain Edward Jones investment tools as a preliminary basis for recommending certain Eligible Investments that align with your Account Portfolio Objective. The use of such investment tools does not guarantee the performance of your account or any investments therein or protect against potential investment losses.

You are responsible for directing the buying and selling of Eligible Investments in your account, except as otherwise described in this Brochure. You may change your Eligible Investment selections and your Target Allocations at any time, provided you remain aligned with the Target Ranges for your Account Portfolio Objective.

Initial Investment. You can fund your Guided Solutions Fund account with cash and/or securities. When you fund a Benefit Plan account or a traditional individual retirement account ("IRA") or Roth IRA account, all incoming assets will be liquidated and the proceeds will be invested in Eligible Investments you have selected. For all other account types, incoming Eligible Investments may or may not be liquidated when your account is initially rebalanced according to your chosen Target Allocations. In any account type, if you establish your Guided Solutions Fund account with Ineligible Investments (defined below), Edward

Jones is authorized to liquidate or redeem those Ineligible Investments without regard to tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities. Edward Jones will act in our capacity as a broker-dealer, not as a fiduciary or investment adviser, in connection with such transactions and will sell those securities at no commission. Edward Jones will not provide advice or guidance regarding the securities being sold to fund the Guided Solutions Fund account. Trades that occur in a taxable account may result in taxable events as well as redemption fees and/or sales charges that may be assessed on the liquidation or redemption of securities.

If you transfer shares of mutual funds to open a Guided Solutions Fund account and those mutual funds are current Eligible Investments included in your Target Allocations, but in a different share class from those available in Guided Solutions Fund, you authorize and direct Edward Jones to: (a) convert some or all shares of current Eligible Investments to a different share class available in Guided Solutions Fund, and/or (b) liquidate some or all shares of current Eligible Investments. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event. Liquidation depends upon factors such as the type and values of the securities you transfer in and the type and values required by your Target Allocations at the time of the transfer. Any securities you transfer into your account that are not Eligible Investments within your Target Allocations will be liquidated and the proceeds invested as described above.

Subsequent Investments. Once you have established your Target Allocations and funded your account, you may add or withdraw funds from your account upon request. If after your Guided Solutions Fund account is opened and activated you subsequently transfer in shares of mutual funds that are current Eligible Investments but in a different share class from the share class used in Guided Solutions Fund account, these shares will be liquidated upon transfer into your account and the funds invested in accordance with your model. We will try to make this a nontaxable event but cannot guarantee that you will not owe taxes as a result of the liquidation. For more information about share classes, please refer to the Risk of Loss section below.

Upon any subsequent transfer of cash or Ineligible Investments into, or withdrawal of funds out of, your account, Edward Jones will buy or sell Eligible Investments in your account in accordance with your Target Allocations. Ineligible Investments, or Eligible Investments that are not included in your Target Allocations, will be liquidated upon transfer into your account and the funds invested, as described above. Eligible Investments transferred into your account that are included in your Target Allocations will remain in your account, although they may cause you to be out of alignment with your Target Allocations. Eligible Investments transferred out of your account may also cause you to be out of alignment with your Target Allocations. You are responsible for choosing and maintaining Target Allocations that are in alignment with the Target Ranges for your Account Portfolio Objective.

You are responsible for all trading and investment decisions in your account and should not rely solely on the recommendations of Edward Jones or your financial advisor in choosing among Eligible Investments. Neither Edward Jones nor your financial advisor will have discretionary authority for any trading or investment decisions in your account, except as otherwise described in this Brochure.

Your financial advisor is not responsible under the terms of Guided Solutions Fund for monitoring your other Edward Jones accounts, if you have them, on an ongoing basis. However, if you have multiple Edward Jones accounts that are linked to a Goal Portfolio Objective, your financial advisor may recommend that you consider placing a trade in one or more of your other Edward Jones accounts, rather than realigning your Guided Solutions Fund account, in order to address certain Investment Diagnostics.

When you place trades in a brokerage account that could be placed in your Guided Solutions Fund account or another fee-based investment advisory account at Edward Jones, a conflict of interest exists as Edward Jones and your financial advisor will earn compensation on the transactions, such as commissions and/or mark-ups or mark-downs, that you would not bear if such transactions were placed in your Guided Solutions Fund account or another fee-based account at Edward Jones. Such transaction fees would be in addition to the asset-based advisory fee that you pay for assets held within your Guided Solutions Fund account or other fee-based account at Edward Jones.

Eligible Investments. Through Guided Solutions Fund, clients can choose from an extensive list of Eligible Investments selected by Edward Jones that includes affiliated and unaffiliated mutual funds and ETFs across a variety of asset classes. “Affiliated mutual funds” refers to mutual funds managed by an affiliate of Edward Jones, which consist of the Bridge Builder family of mutual funds (“Bridge Builder Funds”) and the Edward Jones Money Market Fund (“Money Market Fund”). Generally, you may purchase affiliated mutual funds in Guided Solutions Fund. However, Edward Jones prevents the purchase of certain affiliated mutual funds unless you already hold shares of those mutual funds and transfer them into your Guided Solutions account(s). However, Edward Jones, in its sole discretion, may make exceptions based on the particular facts and circumstances of your situation. However, Benefit Plan and Zero Minimum accounts with an initial investment of less than \$5,000 are limited in the number and types of Eligible Investments they can select. Please note that Eligible Investments for Guided Solutions Fund may not be offered in Edward Jones Guided Solutions® Flex Accounts or our other advisory programs. Certain Eligible Investments are only available in taxable accounts.

For purposes of this Brochure, “Benefit Plan” accounts are defined as a Simplified Employee Pension (“SEP”) IRA or a traditional IRA linked to an Edward Jones SEP IRA, a Savings Incentive Match Plan for Employees (“SIMPLE”) IRA, an owner-only 401(k) plan and other eligible plans. “Zero Minimum”

accounts include traditional and Roth IRAs for Edward Jones associates, their spouses and dependent children, and any other types of accounts that Edward Jones, in our sole discretion, may allow to enter Guided Solutions Fund with no minimum initial investment requirement.

If your Benefit Plan or Zero Minimum account's initial investment in Guided Solutions Fund is at least \$5,000 or if the value of your account increases to \$5,000 or more (regardless of any subsequent decrease in value below \$5,000), your account can invest in a greater number and additional types of Eligible Investments.

The Edward Jones Money Market Fund is affiliated with Edward Jones but is not an Eligible Investment for Guided Solutions Fund. However, cash balances awaiting investment or reinvestment in your account will be automatically swept into the Edward Jones Money Market Fund, where they will be held until invested in an Eligible Investment. The portion of your Guided Solutions Fund account that is invested in the Edward Jones Money Market Fund will be included in the calculation of your Guided Solutions Fund Fee (defined below). Please refer to Appendix A for more information about the Edward Jones Money Market Fund.

Your asset allocation may include a cash allocation held in the Money Market Fund through the cash sweep feature described above and/or invested in a third-party money market fund. In certain instances, such as instances of market volatility or uncertainty, Edward Jones may determine to increase the amount of cash you hold in your portfolio. The portion of your Guided Solutions Fund account that is held in cash will also be included in the calculation of your Guided Solutions Fund Fee.

You may invest in one or more affiliated mutual funds, which consist of the Bridge Builder Funds. Please read this Brochure carefully to understand the differences between affiliated mutual funds and unaffiliated mutual funds, including additional conflicts of interest that Edward Jones is subject to in connection with recommending affiliated mutual funds and how such conflicts are addressed. Bridge Builder Funds and the Money Market Fund are affiliated with Edward Jones.

Some Eligible Investments are sustainable investments that are categorized as environmental, social and governance ("ESG") investments or values-based investments. Sustainable investments have subjective qualities and characteristics and may or may not align with your beliefs, values, or desired investment performance. Please contact your financial advisor if you are interested in learning more about sustainable investments available for Guided Solutions Fund and the associated risk.

There is no guarantee that an Eligible Investment will perform in any particular manner. Past performance is not a guarantee of future results. Details about the mutual funds and/or ETFs in your account can be found in the prospectus, statement of additional information ("SAI") and shareholder reports for each mutual fund and ETF (collectively, "Fund prospectus and other fund documents"). It is important that you read these documents before investing.

You may not be able to purchase certain Eligible Investments in your Guided Solutions Fund account. For example, certain mutual funds that are Eligible Investments may be closed to new investors. Additionally, certain Eligible Investments for a Guided Solutions Fund account may not be offered in our other advisory programs.

Ineligible Investments. You will not be able to hold any investment in your Account, or have it serve as a Target Allocation in your Account, that Edward Jones has deemed ineligible for Guided Solutions Fund ("Ineligible Investments") or that is unavailable for your Account. In the event that Edward Jones re-categorizes an investment from an Eligible Investment to an Ineligible Investment or an Eligible Investment is no longer available for your account, Edward Jones will notify you and recommend a replacement Eligible Investment (which may include affiliated mutual funds). If you do not instruct Edward Jones to remove the Investment from your account within the time frame established for Guided Solutions Fund, as determined by Edward Jones, we will liquidate the Ineligible Investment and purchase the recommended replacement Eligible Investment or, in the case of an unavailable investment, replace it with the recommended Eligible Investment in your Target Allocation. Liquidation may result in a taxable event as well as redemption fees.

Until the Ineligible Investment or unavailable investment is replaced, there is a possibility that additional shares of that investment may be purchased. Such purchase(s) may occur in a number of instances including, but not limited to, when assets are added to your account or a rebalancing occurs. The purchase of additional shares of an Ineligible Investment and the eventual mandatory removal of such shares may result in a taxable event.

The replacement Eligible Investment may be subject to higher internal expenses than the prior investment and may result in your Target Allocations being out of alignment with the Target Ranges or Investment Diagnostics for your Account Portfolio Objective.

Account Target Alignment. Edward Jones will review your Target Allocations annually and notify you if they are out of alignment with the Target Ranges or Investment Diagnostics for your Account Portfolio Objective. If your account's Target Allocations are out of alignment with the Target Ranges or Investment Diagnostics for any reason, you will be responsible for bringing your account's Target Allocations into alignment within the time frame established for Guided Solutions Fund, as determined by Edward Jones. To realign your account, you must work with your financial advisor to realign your account's Target Allocations within the Target Ranges or Investment Diagnostics for your Account Portfolio Objective. Realigning your account may result in trading activity, which may cause a taxable event as well as additional fees and expenses.

In the event you do not provide instructions to Edward Jones to realign your account's Target Allocations inside the Target Ranges or Investment Diagnostics within the required time frame, your account will be removed from Guided Solutions Fund.

Rebalancing. Unless your account's Target Allocations are out of alignment with the Target Ranges or Investment Diagnostics for your Account Portfolio Objective, Edward Jones determines your account is aligned to its Target Allocations at your account's annual review, or your account is otherwise restricted by Edward Jones, we will automatically rebalance your account on an annual basis to restore your account to its Target Allocations of Eligible Investments. Rebalancing is achieved by buying, redeeming or selling shares of Eligible Investments.

Rebalancing trades are subject to certain dollar minimums as determined by Edward Jones. You will not be notified before your annual rebalance occurs, unless you are required to bring your account's Target Allocations into alignment with the Target Ranges or Investment Diagnostics. Asset allocation and rebalancing strategies do not guarantee a profit or protect against loss. Rebalancing trades in a taxable account may result in a taxable event as well as additional fees and expenses.

Your account may be eligible for on-demand rebalancing. Upon receipt of your on-demand rebalancing request, your account will be rebalanced by Edward Jones to restore your account to its Target Allocations of Eligible Investments. On-demand rebalancing will not be available if your account has been rebalanced within thirty-one (31) days prior to your request, if your account is being automatically rebalanced at the time of your request, or if your account is otherwise restricted by Edward Jones. On-demand rebalancing also may not be available while your account's Target Allocations are out of alignment with your Account Portfolio Objective's Target Ranges or Investment Diagnostics. If your on-demand rebalancing request is received within 31 days prior to an annual rebalancing date, the on-demand rebalancing will serve as the annual rebalancing.

Brokerage Services. You are solely responsible for all trading decisions in your account, and Edward Jones will execute trades only at your direction, except as otherwise described in this Brochure. When Edward Jones executes trades for your account, we are not acting as an investment adviser, but solely as a broker-dealer. Trading in your account will be subject to our trading policies and practices. You will not be charged trade commissions or sales charges for Guided Solutions Fund trades. However, Guided Solutions Fund may cost you more or less than purchasing advisory services and brokerage services separately, depending on certain factors such as the frequency of your trading. You cannot request that your orders be executed through another broker-dealer. Not all investment advisers require their clients to execute their trades through a certain broker-dealer as we do.

Guided Solutions Fund trades are generally aggregated. This means that trades for your account are combined with other client accounts, including accounts for Edward Jones associates, and executed in a single trade or series of trades. Once the trade is executed, it is then allocated to your account in the proper amount. Trade aggregation is done to increase operational efficiencies and allows us to keep trading costs down. If we did not aggregate trades, the Program Fee could potentially be higher.

Eligible Investment trades are aggregated and executed each trading day at times determined by Edward Jones. If an Eligible Investment trade is made after the last designated trade aggregation cutoff time, it will be executed on the next business day. You may not receive the same price as trades executed the prior trading day. As a result, trade aggregation may affect the price you pay for an Eligible Investment in your account. ETF trades will be rounded to the nearest whole share. If there is not sufficient cash or assets invested in a money market fund to cover rounding, Edward Jones is authorized to sell a sufficient amount of shares of mutual funds and ETFs held in your account to purchase a whole ETF share. If Edward Jones sells mutual funds or ETFs, this may result in your account being out of alignment with your Target Allocations, the Target Ranges for your Account Portfolio Objective, and/or with the Investment Diagnostics for your account. Such transactions will be effected without regard to tax consequences. You may have to pay redemption fees to a mutual fund company if those mutual fund shares were held for only a short time. (See below for more information on redemption fees.)

Trade Allocation. From time to time, the volume and/or number of trades that are directed by clients to be executed for Guided Solutions Fund accounts may exceed Edward Jones' operational and technological capacities if these trades are directed on a single day. For example, this may occur if Edward Jones is re-categorizing an investment from an Eligible Investment to an Ineligible Investment, if a large number of accounts need to be rebalanced, or by request of a mutual fund or ETF sponsor. In order to maintain the orderly processing of trades and to minimize the incidence of errors, Edward Jones may allocate trades based on the time of order entry. In certain circumstances, this process may take several days or weeks. Although designed to be fair and equitable over time, this may result in clients receiving different prices. In addition, if the volume or size of redemptions required to be effected as a result of re-categorizing a mutual fund from an Eligible Investment to an Ineligible Investment or the rebalancing of a large number of accounts exceeds the limits set forth in the mutual fund's trading policies and procedures, the mutual fund may exceed the standard settlement period to process redemptions or may redeem positions in-kind. In such circumstances, client assets may not be fully invested and may be subject to market risk between the redemption date and the reinvestment of the assets. Alternatively, Edward Jones may rely on a random allocation process to effect the redemptions over time in a manner consistent with the limits set forth in the mutual fund's trading policies and procedures.

Trade Errors. In certain circumstances, trade errors may occur in your account. When a trade error occurs that is caused by the actions of Edward Jones, we will work to promptly correct the error while ensuring your account is not disadvantaged.

It is Edward Jones' policy to use an Edward Jones error account to correct trades. This may result in trades between your account and an Edward Jones error account. If trade errors are caused by your actions and the process of correcting the errors results in a

net loss in the error account, your account will be debited for the amount of such loss. If the process of resolving trade errors results in a net gain in the error account, as accrued and calculated on a periodic basis, we will donate the amount of such gain to charities chosen by Edward Jones.

Edward Jones Reserve Line of Credit. Certain Guided Solutions Fund non-retirement accounts may be eligible to serve as collateral in support of securities-based loans offered by Edward Jones SBL, LLC (the “Lender”), a non-investment adviser, non-bank affiliate of Edward Jones. The securities-based lending offering is called the Edward Jones Reserve Line of Credit (“Reserve Line”). The terms and conditions applicable to Reserve Line are governed by the Edward Jones Reserve Line of Credit Agreement (“Reserve Line Agreement”) and are not included in this brochure. Client “Obligations” (as that term is defined in the Reserve Line Agreement) are collateralized by the pledged account and the assets, including securities, within that account. If your Guided Solutions Fund account is used as collateral to take an advance under the Reserve Line (a “Reserve Line Advance”), your account and assets within it are pledged to support your Obligations and you will not be permitted to withdraw securities or funds from your account unless sufficient collateral remains to support your Obligations as required under the Reserve Line Agreement. The availability of the Reserve Line will depend on whether the Lender is authorized to extend credit in the state where you reside, the value of the assets, including securities held in the pledged accounts and the eligibility guidelines set forth in the Reserve Line Agreement. Lender, at its sole discretion, may refuse a request for a Reserve Line Advance. Reserve Line Advances may be used for personal and business purposes but may not be used for the purpose of purchasing securities or reducing or retiring any indebtedness incurred to purchase securities.

Before making the decision to take a Reserve Line Advance, it is important you understand the terms and conditions of the Reserve Line Agreement; the risks and costs associated with taking a Reserve Line Advance; and how the performance of your Guided Solutions Fund account may be negatively affected. Please review the Reserve Line Agreement for a discussion of the risks as well as the “Reserve Line Risk” section below before taking a Reserve Line Advance. The Reserve Line Agreement also includes a discussion of the costs of these advances. You will pay interest charges on a Reserve Line Advance to the Lender, which are separate from, and in addition to, the Guided Solutions Fund Fee (defined below) you pay us. Before taking out a Reserve Line Advance, first evaluate the intended duration of the advance and your other options, including alternative loan options or liquidating securities. It is our view that the use of securities-based lending is most appropriate when short in duration. The costs of a Reserve Line Advance, including interest charges, and Guided Solutions Fund Fee may be greater than the income generated by your Guided Solutions Fund account and, as a result, your account’s value may decrease. To the extent that a “Maintenance Call” (as that term is defined in the Reserve Line Agreement) is triggered in connection with your Reserve Line and the Lender instructs us to liquidate any

pledged collateral we will act solely in our capacity as a broker-dealer and not as an investment adviser. Moreover, in causing the liquidation and sale of such pledged collateral to satisfy a Maintenance Call, the Lender will prioritize its interests over your interests, we are obligated to prioritize the Lender’s interests over your interests and we will prioritize our interests over your interests. To learn more about the Reserve Line offering and its availability, please contact your Financial Advisor.

Custody. Assets in your account are held at Edward Jones as broker-dealer. However, if you have entered into an IRA Custodial Agreement with Edward Jones Trust Company (“EJTC”), assets in your IRA will be held at EJTC. EJTC has delegated its duties and responsibilities as a custodian to Edward Jones as sub-custodian.

As custodians, Edward Jones and EJTC are responsible for:

- Safekeeping your funds and securities
- Collecting dividends, interest and proceeds from any sales
- Disbursing funds from your account

Edward Jones (as broker-dealer) will provide all accounts with written trade confirmations of securities transactions and account statements for each month there is activity in the account. If EJTC is the custodian, the account statement will be sent by Edward Jones on behalf of EJTC.

Please review your account statements carefully and notify us immediately if you detect an error or a discrepancy.

Termination of Guided Solutions Fund Services. You or Edward Jones may terminate your participation in Guided Solutions Fund at any time without any advisory termination fee. While oral instructions to terminate your participation in Guided Solutions Fund are generally acceptable, Edward Jones, in our sole discretion, may require written notice in order to terminate Guided Solutions Fund advisory services for your account.

Upon notice of termination of your Guided Solutions Fund services, Edward Jones will no longer act as an investment adviser and will not be obligated to recommend any action with regard to the assets in your account, but you may instruct us to sell the securities or transfer the securities to another Edward Jones account or a third-party account. In the event of a transfer of mutual funds and/ or fund share classes that cannot be held outside of your Guided Solutions Fund account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class or liquidate the shares when transferring mutual funds. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Bridge Builder funds are only available to be purchased or held in Edward Jones’ investment advisory programs and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Accordingly, any positions in Bridge Builder funds will be liquidated if you move from an

Edward Jones investment advisory account to an Edward Jones Select brokerage account or account at another financial institution. The Edward Jones Money Market Fund is generally unavailable to be purchased or held outside of Edward Jones' advisory programs. Accordingly, in many situations, any position in the Edward Jones Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution.

Taxable gains, taxable losses, redemption fees or sales charges may be assessed upon the liquidation or redemption of securities. These fees and expenses may negatively impact your investment performance.

If you sell the assets in your account, your proceeds will be available upon settlement of the trades generated to complete the liquidation. Account liquidation may cause a taxable event as well as additional fees and expenses.

Upon notice of termination, if you fail to instruct Edward Jones as to the disposition of assets in your account, your account's services will be significantly limited ("limited services account"). We will no longer act as a fiduciary to your account, and you can no longer rely on us to provide advisory services to your account. You will be able to receive distributions, liquidate securities, and withdraw funds from your limited services account, but you will not be able to purchase new securities or add to existing positions (except for money market funds). Any transactions will be subject to fees, commissions and sales charges applicable to Edward Jones brokerage accounts.

If you terminate your participation in Guided Solutions Fund, and do not transfer the assets in your Guided Solutions Fund account to an Edward Jones account that is eligible for the Reserve Line, the Reserve Line (if any) associated with your Guided Solutions Fund account will be terminated by the Lender and all outstanding Obligations will immediately be due and payable. The Lender may instruct us to liquidate securities or assets pledged as collateral (without notice to you) in an amount sufficient to satisfy outstanding Obligations. We will act solely in our capacity as a broker-dealer in connection with any such instruction, not as an investment adviser. Please see the Reserve Line Agreement for additional information.

Fees

Every Guided Solutions Fund account pays asset-based fees (referred to as your "Guided Solutions Fund Fee"). Your Guided Solutions Fund Fee includes a Program Fee and, beginning on or about June 2024, an annual Platform Fee, less any applicable fee reduction and/or fee offset (as discussed more fully below). In addition to your Guided Solutions Fund Fee, affiliated mutual funds and unaffiliated mutual funds and ETFs that you purchase or that are held in your account have internal fees and expenses that are described in the prospectus of each fund. These internal fees and expenses vary depending on the mutual fund or ETF.

The following section explains:

- The fees and expenses
- How the fees and expenses are calculated and paid

- Potential fee reductions and offsets you may receive from Edward Jones

The Program Fee

Each Guided Solutions Fund account is charged a Program Fee for certain investment advisory services, including initial and ongoing analysis of your investment needs and objectives; periodic consultations; ongoing evaluation and selection of investments for this program; Edward Jones' ongoing investment policy guidance and services to keep your account aligned with such guidance; periodic performance reporting; custody and transaction execution services and other related services as described in this Brochure.

Program Fee Schedule

Value of Assets in Account	Annual Fee Rate
First	\$250,000 1.35%
Next	\$250,000 1.30%
Next	\$500,000 1.25%
Next	\$1,500,000 1.00%
Next	\$2,500,000 0.80%
Next	\$5,000,000 0.60%
Over	\$10,000,000 0.50%

Platform Fee (beginning on or about June 2024)

Beginning on or about June 2024, a Platform Fee also will be charged on all accounts enrolled in Guided Solutions Fund for the support and maintenance of accounts on the Edward Jones investment advisory platform, such as trading and risk tools, training and education, and ongoing platform development. This fee is in addition to the Program Fee.

Platform Fee Schedule

Value of Assets in Account	Annual Fee Rate
First	\$250,000 0.05%
Next	\$250,000 0.05%
Next	\$500,000 0.04%
Next	\$1,500,000 0.03%
Next	\$2,500,000 0.02%
Next	\$5,000,000 0.01%
Over	\$10,000,000 0.00%

How the Guided Solutions Fund Fee is Calculated

The Guided Solutions Fund Fee which includes the Program Fee and, when applicable, the Platform Fee, is based on the market value of all assets held in your account, including cash, cash equivalents, shares of third-party money market funds and shares

of the Edward Jones Money Market Fund. Reserve Line Advances, if any, do not reduce the market value of your account for the purposes of calculating the Guided Solutions Fund Fee. The Guided Solutions Fund Fee is assessed at an annual fee rate (shown above), payable monthly in arrears. As the value of the assets in your account increases or decreases, you are charged according to the tiered fee schedule set forth above.

The fees assessed by Edward Jones will reduce your account's overall returns and performance. The Guided Solutions Fund Fee is charged to your account each month in arrears. If your Guided Solutions Fund account is open for part of a month, then you will pay a fee based on the number of days your account was open and invested in Guided Solutions Fund. The amount you pay is determined by the average daily market value of the assets held in your account for the previous month.

Benefit Plan and Zero Minimum accounts with an initial investment of less than \$5,000 are subject to a \$4 minimum monthly Guided Solutions Fund Fee. If the value of a Benefit Plan or Zero Minimum account increases to \$5,000 or more (regardless of any subsequent decrease in value below \$5,000), that account will be subject to a \$10 minimum monthly Guided Solutions Fund Fee. All other Guided Solutions Fund accounts are subject to the \$10 minimum monthly Guided Solutions Fund Fee. In the event that you are charged a \$10 minimum monthly fee, the effective fee rate based on the existing value of assets held in your account may be greater than the highest annual fee rates combined in each of the schedules (shown above).

Pricing Groups

To determine your Program Fee rate and, when applicable, Platform Fee rate, your account may be grouped with your other Edward Jones advisory accounts or the Edward Jones advisory accounts of people related to or close to you who meet the criteria below that are held in the same Edward Jones branch in what we refer to as a Pricing Group. Each account can only be in one Pricing Group, and we will disclose to you the accounts making up your Pricing Group upon request. Other members of the Pricing Group will receive the same disclosure upon request. Your Pricing Group is based on the following criteria:

1. Your single, joint, custodial, owner-only 401(k) plan and IRA accounts are grouped together if they are registered at the same address and share one or more of the following: (a) the same last name, (b) the same Social Security number, or (c) the same Edward Jones Relationship Group. (If you have worked with your financial advisor to group your account with other accounts for the purpose of planning and establishing financial goals, that is a Relationship Group. Your Relationship Group may be the same as your Pricing Group. Please contact your financial advisor if you have any questions about your Relationship Group.)
2. Your revocable trust accounts are grouped with your single, joint, custodial, owner-only 401(k) plan, IRA or other revocable trust accounts if they are registered at the same address and use the same tax ID number for tax reporting.

3. Your association, church, corporation, estate, irrevocable trust, LLC, partnership and sole proprietorship accounts are grouped with other accounts of the same type if they are registered at the same address and use the same tax ID number for tax reporting. These types of accounts will be grouped with each other, but not with other account types.

Additionally, accounts that do not meet the above criteria with your account, but that meet the above criteria with another person's account in your Pricing Group, will be added to your Pricing Group. Please contact your financial advisor if you have questions about your Pricing Group.

In addition, the Program Fee and/or minimum monthly fee may be lower than the above schedule in the following circumstances:

- Either Edward Jones or your financial advisor negotiates a lower Program Fee;
- You are an active or retired associate of Edward Jones; or
- You are a member of an active or retired associate's Pricing Group.

Reducing the Program Fee is at the sole discretion of Edward Jones.

Potential Fee Reductions or Offsets to the Program Fee

Depending on certain factors, you may be eligible to receive fee reductions or offsets to your Program Fee, as described below.

Fee Reductions

If your Guided Solutions Fund account is funded from an Edward Jones account that incurred commissions or redemption fees within a preceding period, as established by Edward Jones, the Program Fee may be reduced for up to twenty-four (24) full months in which the account is active in Guided Solutions Fund. The amount of the fee reduction will depend on the type of security held, timing of trade activity for the security, or other characteristics of the account activity in the previous Edward Jones account. Ask your financial advisor for additional information about potential fee reductions. Any fee reductions will be applied in accordance with policies established by Edward Jones, which may be amended from time to time. If you close your account in Guided Solutions Fund before receiving the entire fee reduction, you will not receive any of the remaining fee reduction that may have been available for your account.

If you are selling securities to invest in Guided Solutions Fund but did not purchase them through Edward Jones, you will not receive a fee reduction.

Fee Offsets

Rule 12b-1 Fees: Some mutual fund companies or their affiliates pay Edward Jones Rule 12b-1 fees for distribution and marketing expenses. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive Rule 12b-1 fees for the shares in your account, we will credit the amount received to your account.

Shareholder Accounting Revenue: Some mutual fund companies pay Edward Jones for account recordkeeping and administrative services provided by Edward Jones for the mutual fund companies. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive shareholder accounting fees for the shares in your account, we will credit the amount received to your account.

Affiliated Mutual Funds: If your account invests in affiliated mutual funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones. Affiliated mutual funds, other than the Edward Jones Money Market Fund, consist of Bridge Builder Funds and will be sub-advised by multiple sub-advisers who are unaffiliated with Edward Jones. Refer to Appendix A which contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones Money Market Fund: JFC directly owns 100% of Olive Street Investment Advisers, LLC (“Olive Street”), the adviser of the Edward Jones Money Market Fund. Olive Street, and its affiliate, Edward Jones, receive various revenues related to assets in the Fund (collectively, “Money Market Revenue”). Appendix A includes a detailed discussion of our Money Market Revenue. For any account investing in the Edward Jones Money Market Fund, Edward Jones or an affiliate apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

How the Guided Solutions Fund Fee is Paid

The Guided Solutions Fund Fee is deducted directly from your Guided Solutions Fund account and paid using the cash portion of your account, which may include cash or assets invested in a money market fund. If there is not sufficient cash or assets in the money market fund, we are authorized to sell a sufficient amount of shares of mutual funds and ETFs held in your account to pay the Guided Solutions Fund Fee. If Edward Jones sells mutual funds or ETFs, this may result in your account being out of alignment with your Target Allocations, the Target Ranges for your Account Portfolio Objective and/or with the Investment Diagnostics for your account. Such transactions will be effected without regard to tax consequences. You may have to pay redemption fees to a fund company if those shares were held only for a short time. (See below for more information on redemption fees.) Trades as a result of a liquidation of a mutual fund or ETF in a taxable account may result in a taxable event. At the sole discretion of Edward Jones, you may be allowed to pay your Guided Solutions Fund Fee from an alternate Edward Jones account.

Internal Fees and Expenses of Mutual Funds and ETFs, Including Redemption Fees

Mutual funds (including affiliated mutual funds, if any) and ETFs have internal management fees and ongoing expenses for operating the funds (“internal fees and expenses”) that are deducted from the fund’s assets, which has the effect of reducing the fund’s net asset value (“NAV”). Many mutual funds that are Eligible Investments in Guided Solutions Fund have different share classes with different fees and expenses for each share

class. The fund prospectus and other fund documents will describe the internal fees and expenses.

Please refer to Item 6 below for more information regarding the selection of mutual funds and ETFs as Eligible Investments for Guided Solutions Fund.

Internal fees and expenses are in addition to the Guided Solutions Fund Fee described above and vary depending on the particular mutual fund or ETF. You will not see a separate entry on your account statement showing these fees and expenses.

Certain mutual funds may also impose redemption fees if shares of the mutual fund are held for only a short time (typically anywhere from less than thirty (30) days to twelve (12) months). The fund prospectus and other fund documents will describe whether the mutual fund has a redemption fee and whether there are instances when the redemption fees will be waived.

Any internal fees and expenses charged by a mutual fund or ETF will reduce your account’s overall returns and investment performance.

Other Fees and Expenses Not Included in the Guided Solutions Fund Fee

In addition to the Guided Solutions Fund Fee described above, clients may incur other fees and expenses. You will pay interest charges on a Reserve Line Advance, if applicable, to the Lender, as set forth in the Reserve Line Agreement, which are separate from, and in addition to, the Guided Solutions Fund Fee you pay us. You may pay for other services including, but not limited to, estate service fees, ACH return fees and fees to distribute an account pursuant to a transfer on death agreement.

Also, the Guided Solutions Fund Fee does not cover the following (if applicable to your account): transfer taxes; electronic fund, wire and other account transfer fees; internal fees and expenses incurred by mutual funds or ETFs purchased for your account; mutual fund redemption fees and contingent deferred sales charges; and any other charges imposed by law or otherwise agreed to by Edward Jones and you with regard to your account.

Deposits, including interest and dividends, received into your account but not yet invested in Eligible Investments or swept into the Money Market Fund may earn interest that will be retained by Edward Jones. Edward Jones may also earn and retain interest on distributions requested from your account until the time the check is cashed or another payment method is completed. The average overnight interest rate on these deposits may fluctuate daily and is tied to changes in widely referenced interbank lending rates, such as Fed Funds Effective Rate, Fed Funds Target Rate and Secured Overnight Financing Rate. Under these arrangements, banks may pay interest based on a spread to one of these rates or may pay a fixed interest rate.

Financial Advisor Compensation

Most financial advisors receive a portion of the Program Fee, though some financial advisors receive a salary in addition to, or in lieu of, the Program Fee. Financial advisors who receive a portion of the Program Fee have a financial incentive not to

negotiate the Program Fee. The portion of the Program Fee paid to your financial advisor is at the discretion of Edward Jones. The fee rate paid to your financial advisor will be the same regardless of the Account Portfolio Objective or Goal Portfolio Objective (if applicable) you select. As a result, your financial advisor does not have a financial incentive to recommend one Account or Goal Portfolio Objective over another. Your financial advisor does not receive a portion of the Platform Fee.

Similarly, the Program Fee rate paid to your financial advisor will be the same regardless of the investment advisory program in which you invest. As a result, your financial advisor does not have a financial incentive to recommend Guided Solutions Fund over another investment advisory program.

The amount of your financial advisor's compensation may be more or less than what he or she would receive if you had a brokerage account instead of a Guided Solutions Fund account. If you purchased investments through Edward Jones as a broker-dealer, you would pay sales charges or commissions, a portion of which would be paid to your financial advisor. A financial advisor will typically earn more in upfront fees and commissions when you use brokerage services. In the alternative, a financial advisor will typically earn more over time if you invest in Guided Solutions Fund. This creates a financial incentive for your financial advisor to recommend Guided Solutions Fund instead of brokerage services.

Edward Jones will receive revenue as a result of you taking advances under the Reserve Line, which is based on the amount of the Reserve Line advance. The larger the amount of the Reserve Line Advance, the more revenue Edward Jones receives. In addition, your financial advisor may also receive compensation in connection with Reserve Line Advances depending on the profitability of your financial advisor's branch. As a result of the foregoing, there is a material conflict of interest between you and us in connection with the Reserve Line, which we address through disclosure in this Brochure and which you are deemed to consent to by taking a Reserve Line Advance. For example, if you take out or maintain a Reserve Line Advance rather than withdraw money from your Guided Solutions Fund account, we retain the Guided Solutions Fund Fee that such assets are otherwise generating and receive revenue from the Lender. The Lender also receives revenue in the form of interest payable on the Reserve Line Advance. Depending on your specific circumstances, including the intended duration of the advance under the Reserve Line and the return on your account, over the long term it may cost you more to take out the Reserve Line Advance than if you had pursued an alternative financing option or liquidated securities and withdrawn the sale proceeds from your account. You are responsible for determining whether a Reserve Line is appropriate for your liquidity needs, the acceptability of the lending terms, and potential adverse tax or other consequences for you. You are encouraged to carefully consider the total cost of taking out an advance under the Reserve Line, and any additional compensation to us or your financial advisor or the Lender, when determining to take out and/or maintain a Reserve Line Advance.

The Program Fee, as well as assets under care and Reserve Line Advance balances, will impact most financial advisors' eligibility for a bonus and bonus amount. The Program Fee, as well as assets under care and client Reserve Line Advance balances, may also impact a financial advisors' eligibility for the receipt of certain limited partnership profits interest in The Jones Financial Companies, L.L.P. (the "Profits Interest"). This eligibility to receive bonus, bonus amounts, and/or certain Profits Interest creates a conflict of interest in that your financial advisor has an incentive to recommend you invest in an investment advisory account(s).

Most financial advisors are eligible to participate in the Edward Jones Travel Award Program ("Travel Award Program"), which includes domestic and international travel, or a cash award in lieu of a trip. Eligibility for the Travel Award Program is based upon the amount of new and existing assets under care of a financial advisor which creates an additional conflict of interest.

These financial incentives create a conflict between Edward Jones' interest, your financial advisor's interest, and your own. We address these conflicts of interest through disclosures you will receive at or before the time of your financial advisor's recommendations to you. Additionally, financial advisors are subject to training, supervision, regulatory requirements, and internal policies and controls that are reasonably designed so that clients are recommended only those products and services that are appropriate in light of their financial circumstances.

For further information on compensation and conflicts of interest, please see the "Understanding how we are compensated for financial services" document found at edwardjones.com/compensation.

Comparing Costs, Expenses and Services

The Program Fee is a fee for investment advisory services as described above under "The Program Fee" and, when applicable, the Platform Fee is a fee for platform support services as described above under "Platform Fee." Guided Solutions Fund may cost you more or less than purchasing these services separately, depending on the costs of the services if provided separately, the size of your account, the amount of cash in your account, and the trading activity in your account and the corresponding brokerage commissions that would be charged if you bought and sold individual securities in a brokerage account.

You can choose to forgo the services of Guided Solutions Fund and buy and sell securities through Edward Jones as a broker-dealer or through other brokers or agents not affiliated with Edward Jones (although you would not receive the benefits of the program described in this Brochure).

We have provided you with materials that explain our brokerage and investment advisory services, including our Client Relationship Summary ("CRS") and "Making Good Choices" brochure. Additional copies are available from your financial advisor upon request or our CRS is available at www.edwardjones.com/regbidisclosures.

Item 5: Account Requirements and Types of Clients

Your initial investment in a Guided Solutions Fund account must generally be at least \$5,000, except for Benefit Plan and Zero Minimum accounts. There is no minimum initial investment requirement for Benefit Plan or Zero Minimum accounts.

The total value of your account is monitored by Edward Jones. If the value of your account falls significantly (for example, a balance of \$2,000 or below), we may, in our discretion, remove your account from Guided Solutions Fund. This is also applicable to Benefit Plan and Zero Minimum accounts with an account balance that has reached or exceeded \$5,000. Minimum account values do not apply to Edward Jones associates, their spouses or dependent children.

Edward Jones offers clients a wide range of financial services. Guided Solutions Fund may not be appropriate for every client or every account type. Generally, Guided Solutions Fund is available only to residents or entities of the United States and certain U.S. territories with the following types of accounts: individual; joint; trusts; charitable organizations; corporations and other business entities; traditional IRAs and Roth IRAs; and Benefit Plans.

Edward Jones can prohibit any person or entity from investing or remaining in Guided Solutions Fund for any reason, including if we do not believe it is an appropriate investment strategy for that person or entity. As a general rule, you should intend to invest in Guided Solutions Fund for a minimum of three (3) years.

Mutual fund shares held in your Guided Solutions Fund account may accumulate and be used to satisfy a letter of intent ("LOI") associated with multiple Edward Jones brokerage accounts. However, if a brokerage account transferring into Guided Solutions Fund is the only account where the LOI can be met, Edward Jones can terminate your LOI and sell a portion of your position to adjust the commission paid in your brokerage account before the transfer of your assets into Guided Solutions Fund. Assets in your Guided Solutions Fund account will not be used to pay any adjustment(s) that apply in the event you fail to satisfy the LOI.

If you request a transfer of securities from your Guided Solutions Fund account to another Edward Jones account or a third-party account, you authorize Edward Jones to transfer the mutual fund shares in-kind without converting the shares into a different share class. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Guided Solutions Fund account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class, or liquidate the shares, when transferring mutual funds. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Item 6: Guided Solutions Fund Investment Selection and Evaluation

Guided Solutions Fund is a client-directed wrap fee program sponsored by Edward Jones. No third-party investment advisers, no related persons or Edward Jones-supervised persons serve as portfolio managers in Guided Solutions Fund. In consultation with your Edward Jones financial advisor, you will select your Account Portfolio Objective and Goal Portfolio Objective (if applicable) and Eligible Investments for your account. For more information, see Item 4.

Performance-Based Fees and Side-by-Side Management

This section does not apply to Edward Jones.

Methods of Analysis, Investment Strategies and Risk of Loss

Edward Jones selects the Eligible Investments available in Guided Solutions Fund based on numerous quantitative and qualitative factors, each of which may be given different weight in the decision-making process, and generally no one factor determines the outcome of any selection.

The processes we use to select and monitor affiliated mutual funds are different from the processes we apply to unaffiliated mutual funds and other Program Eligible Investments.

In selecting and monitoring sub-advisers for our affiliated mutual funds, the investment adviser, which is affiliated with Edward Jones, follows a process that is similar, but not identical, to the process that we use to evaluate unaffiliated mutual funds and other Program Investments. This process includes quantitative and qualitative analysis, including, but not limited to, an evaluation of the investment process, consistency, portfolio composition, strategies employed, risk management, team depth, quality and experience, operations and compliance of the sub-adviser. The evaluation process includes review of literature and documents, quantitative historical performance evaluation and discussions with members of the investment team and Edward Jones management. None of the sub-advisers are affiliated with Edward Jones.

Eligible Investments (other than affiliated mutual funds) undergo periodic review by Edward Jones to determine if they remain suitable for Guided Solutions Fund. An Eligible Investment can be re-categorized from an Eligible Investment to an Ineligible Investment for a variety of reasons, including, but not limited to, the following:

- Inconsistency with Edward Jones' investment philosophy
- Complexity of the investment
- Regulatory concerns
- Termination of an agreement with a mutual fund company
- Lack of ongoing financial information
- A decision by Edward Jones to reduce the overall ownership level of a fund

Depending on market volatility, your account will sometimes depart from the Target Ranges for your Account Portfolio Objective. Different asset classes will perform better than others, resulting in an asset allocation that may have more or less risk than you may want. In order to keep your account in alignment with the Target Ranges for your Account Portfolio Objective, you should monitor this and you may realign your account if it has deviated significantly from the Target Ranges for your Account Portfolio Objective.

Guided Solutions Fund accounts will be automatically rebalanced by Edward Jones on an annual basis to restore your account to its Target Allocations of Eligible Investments, except as otherwise set forth in this Brochure. For more information on account rebalancing, see Item 4.

The objective of investing in a variety of Eligible Investments in various types of asset classes allocated in the Target Ranges is to construct a portfolio designed to experience less volatility and show more consistent performance over time. There is no guarantee that this goal will be achieved.

Risk of Loss

All investment strategies and investments involve risk, and the value of your account will fluctuate. As a result, your account may be worth more or less than the amount of money you invested. Past performance does not guarantee future results, and there is no guarantee that your Account Portfolio Objective or Goal Portfolio Objective (if applicable) will be achieved.

Each Eligible Investment will fluctuate in value and, when sold, may be worth more or less than the original cost to purchase. Diversification does not guarantee a profit or protect against loss. You should consider the investment objectives, strategies, risks, fees and expenses, and past performance of each Eligible Investment before deciding to invest in Guided Solutions Fund. A prospectus containing this and other information about each Eligible Investment can be obtained from your financial advisor.

Implementing an ESG or values-based investing approach, which helps align your portfolio with your personal values by excluding certain investments or targeting issues that are important to you, has potential risks and trade-offs. Such investments may value nonfinancial goals more than financial returns. Additionally, while segments of the market or investments that engage in certain business practices can be excluded with an ESG or values-based investing approach, introducing such exclusions or focusing on a narrow area of the market can decrease your portfolio's diversification and materially impact its risk and return. Companies also may not operate as expected or fail to meet the desired ESG or value-based characteristics over time.

Depending on the Eligible Investments you select, your account may also be subject to the following risks:

Concentration Risk. An account with a limited number of Eligible Investments may experience more volatility than a more diversified account with a larger number of Eligible Investments.

Mutual Funds Risk. Mutual funds are diversified, professionally managed portfolios of securities that pool the assets of

individuals and organizations to invest toward a common objective such as current income or long-term growth. Mutual funds are subject to investment advisory, transactional, operating and other expenses. Each mutual fund is subject to specific risks depending on its investments. The value of mutual funds' investments and the NAV of the funds' shares will fluctuate in response to changes in market and economic conditions, as well as the financial condition and prospects of companies and other investments in which the funds invest. The performance of a mutual fund will depend on whether the fund's investment adviser is successful in pursuing the fund's investment strategy. Mutual funds that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. The fund prospectus and other fund documents describe the risks specific to the fund.

Share Classes. Mutual fund investments in Guided Solutions Fund can have different share classes. While each share class invests in the same pool of investments and has the same investment objective, each has different internal fees and expenses. Mutual funds often permit the conversion of shares from one class to another, subject to certain conditions as determined by the mutual fund.

Edward Jones considers several factors when selecting a mutual fund share class for Guided Solutions Fund, including, but not limited to, the eligibility criteria set by mutual fund companies and the overall cost structure of the share class. Clients should not assume they will be invested in the share class with the lowest expense ratio.

Edward Jones generally attempts to select institutional and/or advisory share classes for Guided Solutions Fund, when available. Institutional and/or advisory shares generally do not impose a sales charge or ongoing Rule 12b-1 fees and, as a result, are usually less expensive than Class A shares.

Other share classes, including Class A, may be utilized when no institutional or advisory share classes are available. Class A shares are typically purchased in brokerage accounts and usually carry an upfront sales charge and ongoing Rule 12b-1 fees. If Class A shares are selected in Guided Solutions Fund, the upfront sales charges are generally waived, but the Class A shares are still charged the ongoing Rule 12b-1 fees. As described in Item 4 above, if we receive Rule 12b-1 fees for shares held in your account, we will credit the amount received to your account as a fee offset.

Please refer to the appropriate prospectus and SAI for more information regarding the available share classes of mutual funds used in Guided Solutions Fund. In our sole discretion, Edward Jones can change the share class of any mutual fund at any time without prior notice to you.

Redemptions. Edward Jones' clients collectively own a large percentage of certain mutual funds that are Eligible Investments. Due to the significant ownership, there may be adverse consequences in the event that Edward Jones, as the investment adviser, re-categorizes a mutual fund from an Eligible Investment

to an Ineligible Investment. If the resulting volume or size of redemptions directed by accounts in Guided Solutions Fund as a result of the re-categorization exceeds the limits set forth in the mutual fund's policies and procedures, the resulting delay in effecting redemptions may result in accounts experiencing increased risk of loss. A mutual fund company can also decide to redeem shares "in-kind" instead of in cash. In that event, you may receive the actual underlying securities of the fund. The underlying securities could lose value before they are sold.

Brokerage and other transaction costs will apply to the sale of the underlying securities. We will work with the mutual fund company to minimize any potential adverse impact to accounts in Guided Solutions Fund, but there is no assurance that you will be able to avoid the risk of loss and other adverse consequences.

ETFs Risk. ETFs are typically registered investment companies whose shares are listed on a securities exchange. An investment in an ETF generally presents the same primary risks as an investment in a conventional mutual fund (i.e., one that is not exchange-traded) that has the same investment objective, strategies and policies. The price of an ETF can fluctuate within a wide range, gaining or losing value throughout the day. ETF performance may vary from that of its benchmark or its peers. Like mutual funds, ETFs are subject to investment advisory, transactional, operating and other expenses. Unlike mutual funds, shares of ETFs cannot be directly purchased from and redeemed by the fund. ETFs that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. Each fund's prospectus and other fund documents describe the risks specific to the fund.

Money Market Funds Risk. Money market funds are a type of mutual fund that invests in high-quality, short-term debt securities, pays dividends that generally reflect short-term interest rates and seeks to maintain a stable NAV per share (typically \$1). An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although a money market fund is managed to maintain a stable NAV of \$1 per share, the value of the fund may fluctuate, and you could lose money.

Reserve Line Risk. Our financial advisors provide information and education regarding the availability of the Reserve Line. However, you decide whether to take Reserve Line Advances and you decide when and how to pay back any such advances. There are certain risks and conflicts of interest that arise when you take a Reserve Line Advance, including (i) the interest rate charged by the Lender in connection with the Reserve Line Advance may be higher than those charged by other lenders for financing and is in addition to the Guided Solutions Fund Fee; (ii) the Lender is permitted to modify its collateral maintenance requirements at any time and without providing advance written notice to you; (iii) the Lender may require additional collateral or that you repay all or a portion of a Reserve Line Advance if there is a decline in the market value of the securities in the account that was pledged as collateral; (iv) the Lender can instruct us to

liquidate any and all of the securities in your pledged account to satisfy a Maintenance Call without notice to you (even if the Lender has already notified you and provided a date by which you can meet a Maintenance Call); (v) you are not entitled to an extension of time on a Maintenance Call; (vi) to satisfy a Maintenance Call, Lender may instruct us to liquidate any or all of the securities in a pledged account that we would otherwise not recommend you sell and that may not otherwise be in your best interest to sell; (vii) liquidation of securities to satisfy a Maintenance Call could result in your account being out of alignment with your Account Portfolio Objective and result in other securities being sold to bring your account back into alignment with your portfolio objective; (viii) the liquidation of securities to satisfy a Maintenance Call could have adverse tax consequences to you; (ix) you are not entitled to select which securities in a pledged account are liquidated to satisfy a Maintenance Call and Lender can instruct us to liquidate securities that you wish to retain or that have a low tax basis without regard to your wishes or any adverse tax consequences; (x) depending on market conditions, the prices obtained for the liquidated securities may be less than favorable and may be less than the value that we or you believe the securities are worth and may negatively impact the performance of your account and interrupt your investment strategy; (xi) the timing of securities sales in connection with a Maintenance Call will be different than if those securities were not used as collateral in connection with the Reserve Line; (xii) a situation could arise where the value of your account is zero and you still owe money on a Reserve Line Advance; (xiii) we will act as a broker dealer, and not as an investment adviser, in connection with a Maintenance Call (and our lending affiliate will act as a lender), which may be in conflict with your best interest and our role as an investment adviser to your Guided Solutions Fund account; and (xiv) you will still be responsible for any deficiency if the value of the assets liquidated is insufficient to satisfy your obligations to the Lender under the Reserve Line. Please see the Reserve Line Agreement for a discussion of risks related to utilizing the Reserve Line. Any action taken by us in connection with a Maintenance Call will not constitute a breach of our fiduciary duties as an investment adviser.

Cybersecurity Risk. The computer systems, networks and devices used by Edward Jones and our service providers employ a variety of protections designed to protect against damage or interruption from computer viruses, network and computer failures and cyberattacks. Despite such protections, systems, networks and devices potentially can be breached. Cyberattacks include, but are not limited to, gaining unauthorized access to digital systems for purposes of corrupting data or causing operational disruption, as well as denial-of-service attacks on websites. Cyber incidents may cause disruptions and impact business operations, potentially resulting in financial losses, the inability of Edward Jones or service providers to trade, violations of privacy and other laws, regulatory fines, reputational damage, reimbursement costs and additional compliance costs, as well as the inadvertent release of confidential information.

Economic Conditions Risk. Economic, political and financial trends and developments may, from time to time, result in periods of volatility or other potentially adverse effects that could negatively impact your account. Domestic and international markets, including sectors and companies within those markets, may respond in significant and unforeseen ways to matters such as public health issues, geopolitical events, natural disasters and social unrest. Those matters, as well as others not listed here, may increase the risk to your account's performance and cause losses.

Voting Proxies

When you invest in Guided Solutions Fund, you are solely responsible for voting proxies arising from any securities held in your account. Edward Jones will not take any action and will not render any advice regarding how to vote proxies arising from any securities held in your account. You may receive proxy-related materials and notices from Edward Jones or the applicable mutual fund or ETF sponsor, and you will be responsible for voting proxies.

Legal Notices

Edward Jones will not take any action or render any advice regarding any legal action on your behalf relating to any Eligible Investments or other assets held in your account (including shares of the Edward Jones Money Market Fund) that may become subject to any legal action, regulatory action, administrative action, class action lawsuit and/or bankruptcy. However, Edward Jones will promptly forward any such documents to you.

Item 7: Client Information Provided to Edward Jones

Client information provided to Edward Jones will be maintained in accordance with our privacy policies.

Over time, your financial goals and objectives may change. Accordingly, you and your financial advisor must perform an annual review, as set forth in Item 9B below.

Item 8: Client Contact with Edward Jones

You may contact your Edward Jones financial advisor during normal business hours with questions regarding your account.

Item 9: Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Disciplinary Information

Edward Jones is a registered broker-dealer and investment adviser. This section contains information about certain legal and regulatory matters that Edward Jones believes are material to a client's evaluation of our advisory business or the integrity of our management. Edward Jones has also been subject to various legal and regulatory proceedings relating to our brokerage business that are disclosed in Part 1 of our Form ADV, which is available on the SEC's website at www.adviserinfo.sec.gov, as well as on FINRA's website at www.finra.org/brokercheck.

SEC – Municipal Bond Pricing. On August 13, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement in public administrative and cease-and-desist proceedings with the SEC regarding certain of the firm's municipal securities activities. Pursuant to the settlement, the SEC alleged that Edward Jones violated Sections 17(a)(2) and (3) of the Securities Act of 1933 ("Securities Act"), Sections 15B(c)(1) and 15(b)(4)(E) of the Securities Exchange Act of 1934 ("Exchange Act"), and MSRB Rules G-17, G-11(b) and (d), G 27 and G-30(a). Edward Jones was censured and ordered to cease and desist from violating or causing any current and future violations of Sections 17(a)(2) and (3) of the Securities Act, Section 15B(c)(1) of the Exchange Act and MSRB Rules G-17, G-11, G-27 and G-30. The settlement required Edward Jones to pay \$5,194,401.37 to current and former customers of Edward Jones and to pay a civil money penalty in the amount of \$15 million. In entering into the settlement, the SEC considered remedial acts undertaken by Edward Jones related to this matter.

FINRA – Mutual Fund Sales Charge Waivers. On May 5, 2015, FINRA's Enforcement Division advised Edward Jones that it was investigating whether any violations of the federal securities laws or rules had occurred with respect to mutual fund purchases and sales charge waivers for certain retirement plan and charitable organization accounts. Prior to being advised of the investigation, Edward Jones had commenced a review of this issue and self-reported to FINRA. On October 26, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA to resolve this matter. Pursuant to the settlement, Edward Jones agreed to provide remediation to certain customers, estimated at the time of the settlement agreement to be approximately \$13.5 million. A monetary penalty was not imposed by FINRA. In reaching the settlement, FINRA recognized the extraordinary cooperation of Edward Jones, including its self-reporting of the issue to FINRA.

FINRA – Municipal Securities Transactions Below Minimum Denominations. On June 2, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA's Department of Market Regulation in connection with its investigation of possible violations of MSRB rules regarding transactions in certain municipal securities in amounts lower than the applicable minimum denominations. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$210,000.

FINRA – Supervision of Tools-Generated Reports. On July 13, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA in connection with its investigation of the supervision of the use and dissemination of reports generated through Edward Jones' systems by financial advisors. FINRA expressly stated that its review of 65,000 reports did not reveal any instances of reports that were misleading. FINRA also stated that Edward Jones had made changes to enhance its supervisory processes. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$725,000.

FINRA – Call Detail Records Production and Preservation. On December 13, 2022, Edward Jones entered into a settlement agreement with FINRA without admitting or denying the findings

therein. FINRA alleged Edward Jones violated FINRA Rules 8210(a)(1) and 2010 by (1) failing to timely, completely, and accurately respond to certain FINRA requests for call detail records that are not required broker-dealer books and records and (2) failing to preserve certain responsive call detail records during the pendency of regulatory requests. Edward Jones was censured, agreed to certify that it has established and implemented policies, procedures, processes and internal controls reasonably designed to address and remediate the issues identified by FINRA in the settlement, and agreed to pay a monetary fine of \$1.1 million.

State of Pennsylvania – Investment Adviser Registration. On January 12, 2024, Edward Jones and the Pennsylvania Department of Banking and Securities entered into a Consent Order. The Department alleged that from in or about January 2015 through the present, Edward Jones failed to register at least one employee as an investment adviser representative in Pennsylvania in violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 (“the 1972 Act”), 70 P.S. § 1-301(c.1)(1)(ii). Without admitting or denying the findings in the Order, Edward Jones agreed to pay a monetary fine of \$300,000 and to comply with the relevant provision of the 1972 Act.

Other Financial Industry Activities and Affiliations

You should be aware that Edward Jones, our affiliates and our financial advisors perform services for you and other clients outside of Guided Solutions Fund, including the execution of brokerage transactions (e.g., the purchase or sale of securities or insurance products), research, the retail distribution of securities (e.g., mutual funds), the participation in principal transactions and certain underwritings and other investment advisory services. Edward Jones and our affiliates receive compensation, including fees and commissions, associated with these services. We have a financial interest in our clients’ transactions and the recommendations we make to clients to buy or sell securities or investment products.

A conflict of interest exists where Edward Jones has an existing business relationship with the mutual fund families that are available as Eligible Investments through Guided Solutions Fund. Edward Jones receives revenue sharing payments from certain unaffiliated mutual fund families on client assets held outside of Edward Jones’ advisory programs. “Revenue sharing” generally means a mutual fund family shares with another company, like Edward Jones, a portion of the revenue it earns through managing mutual fund assets. Edward Jones’ receipt of revenue sharing outside of advisory programs creates a conflict of interest in the form of additional financial benefits to us, our financial advisors and equity owners. We believe that this conflict of interest is mitigated through internal policies designed to prevent Edward Jones, in our capacity as investment adviser, and any affiliated investment adviser, from considering revenue sharing from existing business relationships when selecting Eligible Investments for Guided Solutions Fund. Similarly, no affiliated investment adviser considers such business relationships or revenue sharing in recommending to the board of trustees of any

affiliated mutual fund that a sub-adviser be selected to manage the affiliated mutual funds.

For more information regarding revenue sharing, please visit www.edwardjones.com/disclosures or request a revenue sharing disclosure document from your Edward Jones financial advisor. Edward Jones does not receive revenue sharing on assets held in Guided Solutions Fund accounts. Edward Jones and our financial advisors also receive compensation for services and recommendations that may differ from advice given to you while participating in Guided Solutions Fund.

In our capacity as a broker-dealer, Edward Jones performs research and distributes recommendations to buy, sell or hold the equity securities of asset management companies or financial institutions with asset management affiliates that manage mutual funds designated as Eligible Investments in Guided Solutions Fund. In order to preserve the independence of this process and to address any conflicts of interest, we have adopted a policy under which we do not consider our opinion on equity securities of asset management companies or financial institutions in selecting mutual funds designated as Eligible Investments in Guided Solutions Fund. Similarly, the affiliated investment adviser does not consider Edward Jones’ opinion on equity securities of asset management companies or financial institutions when recommending sub-advisers to the board of trustees of an affiliated mutual fund.

The following summarizes Edward Jones’ material relationships or arrangements with other entities that participate in the financial industry.

Edward Jones, the primary operating subsidiary of JFC, is dually registered with the SEC as an investment adviser and broker-dealer, and is a member of FINRA.

Olive Street, a wholly owned subsidiary of JFC, is registered as an investment adviser with the SEC and serves as the investment adviser of the affiliated mutual funds. Certain current or former associates of Edward Jones serve as officers or directors/ trustees of the affiliated investment adviser and/or the affiliated mutual funds. Appendix A contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones, an Ontario limited partnership (Edward Jones in Canada), an indirectly wholly owned subsidiary of JFC, is a broker-dealer registered with the Canadian Investment Regulatory Organization.

EJTC, a wholly owned subsidiary of JFC, is a federally chartered savings and loan association that offers personal trust and investment management services. EJTC also acts as custodian for certain traditional IRAs and Roth IRAs that are participating, or have participated, in Guided Solutions Fund and other Edward Jones programs. For additional information about this arrangement, please see Item 4.

Edward Jones owns directly or indirectly 100% of three insurance agencies that conduct insurance-related activities in the U.S.: Edward Jones Insurance Agency of New Mexico, L.L.C., a New

Mexico limited liability company; Edward Jones Insurance Agency of Massachusetts, L.L.C., a Massachusetts limited liability company; and Edward Jones Insurance Agency of California, L.L.C., a California limited liability company.

JFC indirectly owns 100% of two insurance agencies that conduct general insurance-related activities in Canada: Edward Jones Insurance Agency (Quebec) Inc., a Canadian corporation; and Edward Jones Insurance Agency, an Ontario, Canada, limited partnership.

Edward Jones owns 7% of Customer Account Protection Company Holdings, Inc. (CAPCO), a captive insurance group.

JFC indirectly owns 100% of EDJ Insurance Company, Inc., a Missouri captive insurance company.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading; Review of Accounts; Client Referrals and Other Compensation; and Financial Information

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Edward Jones has established a Code of Ethics to ensure that our associates:

- Act with integrity and in an ethical manner with you and all of our clients
- Place your and all of our clients' interests first
- Conduct personal trading in compliance with our Code of Ethics, avoid potential conflicts of interest and make sure they do not abuse the faith and trust you have placed in them
- Comply with all applicable rules, regulations and laws
- Do not use any material nonpublic information they may receive as a result of their employment with Edward Jones

Some Edward Jones associates are deemed "access persons" under our Code of Ethics because they may have access to nonpublic information regarding either the securities in a client's accounts or changes to Eligible Investments, including asset allocations. Under our Code of Ethics, access persons must receive prior approval before acquiring a beneficial ownership interest in any security in an initial public offering, limited offering or hedge fund transaction. Additionally, access persons are required to submit to the chief compliance officer, or his or her delegate, a list of any securities they own and securities transactions they made for any account they control at Edward Jones or another financial institution. You may request a copy of the Edward Jones Code of Ethics from your financial advisor.

As a broker-dealer, there may be times when Edward Jones will buy, sell or recommend that our brokerage clients who are not participating in Guided Solutions Fund buy securities that are also Eligible Investments in Guided Solutions Fund. These brokerage activities are done in the regular course of our business as a broker-dealer and are separate from our investment advisory services. There are times when we act as principal, which means we participate in client transactions by

buying securities for our own inventory and selling those securities to our clients. To the extent conflicts arise under such transactions, Edward Jones is nevertheless obligated to execute any such transaction in the manner it believes is in the client's best interest.

You should know that financial advisors, Edward Jones associates (including those directly involved with Guided Solutions Fund) and/or their family members are permitted to and do invest in Guided Solutions Fund. This practice could create a conflict of interest if associates placing trades for their own accounts were to place a trade before our clients and receive a better price on a security. To address this potential conflict, trades for financial advisors, Edward Jones associates (including those directly involved with Guided Solutions Fund) and/or their family members are aggregated along with other trades, which may include trades for your account.

Edward Jones has internal supervisory reviews and procedures to review accounts held by our associates and certain family members and their personal trading practices. The reviews look for improper trading activities, including trading that may be in conflict with the best interests of a client. In addition to the Code of Ethics and the supervisory reviews, we prohibit financial advisors from placing trades for their personal accounts before trades for our clients in the same security. In the event a financial advisor's personal order fills at a better price than a client's order placed close in time, we will adjust the trade so the client receives the better price.

Review of Accounts

At the time your Guided Solutions Fund account is opened, Edward Jones' supervisory associates will review your selected Account Portfolio Objective and the funding of your account. If you have sold investments purchased at Edward Jones in order to fund the account, the holding period of those investments will be reviewed for appropriateness. Supervisory personnel may also call you directly to discuss your understanding of Guided Solutions Fund, including the fees and expenses you are or will be paying.

While you are invested in Guided Solutions Fund, Edward Jones will review your Target Allocations annually to determine whether they are in alignment with the Target Ranges or Investment Diagnostics for your Account Portfolio Objective and will notify you if they are not. If this happens, you should work with your financial advisor to determine what adjustments are needed to bring your account's Target Allocations back into alignment. In the event that you do not provide instructions to bring your account back into alignment within a time period determined by Edward Jones, your account will be removed from Guided Solutions Fund. For more information on account alignment, see Item 4.

In addition, you and your financial advisor must annually review whether there have been any changes to your financial circumstances including, but not limited to, your risk tolerance, Account Portfolio Objective and Goal Portfolio Objective (if applicable).

If you decide to invest in a different Account Portfolio Objective, we may make recommendations to realign your account to match your new Account Portfolio Objective.

You will receive a written account statement at least quarterly (monthly in months in which activity occurs in your account) containing a description of all activity in your account during the period, including all transactions, contributions, withdrawals, fees and the value of your account at the beginning and end of the period.

Our review does not substitute for your own continued review and monitoring of your account and performance of your investments. You should review trade confirmations (as applicable), account statements and other information we send to you. Current and timely information about your account will be available in Edward Jones' online client access system. If you have any questions, please discuss them with your financial advisor.

Client Referrals and Other Compensation

From time to time, Edward Jones and our financial advisors receive client referrals or potential client leads from third parties. Edward Jones and our financial advisors pay for these referrals from third parties that are not affiliated with Edward Jones. Although Edward Jones is not precluded from entering into other types of solicitor arrangements, currently, client referrals result from an individual providing information to a third-party solicitor and subsequently being matched with an Edward Jones financial advisor (and, in certain cases, financial advisors associated with financial institutions other than Edward Jones).

Edward Jones entered into a written agreement with the solicitor and pays the solicitor a fee for the referrals.

Payments to the solicitor for referrals, along with any other costs associated with this arrangement, are paid entirely by Edward Jones and our financial advisors and are not dependent on whether a referral or lead becomes an Edward Jones client.

In addition to the solicitor arrangements disclosed above, from time to time, our financial advisors receive uncompensated referrals from other professionals or clients. Our financial advisors also may provide uncompensated referrals to other professionals. Other than in connection with Edward Jones – approved solicitor arrangements, Edward Jones policy prohibits financial advisors from purchasing or providing any compensation, cash or non-cash, directly or indirectly, in exchange for appointments or referrals. The purchase of lists (such as mailing or calling lists), by Edward Jones and our financial advisors, from third parties does not involve solicitation or referrals to Edward Jones.

Edward Jones has contracted with Broadridge Investor Communications Solutions, Inc. ("Broadridge"), an unaffiliated third-party vendor, to distribute proxies, periodic reports and voting instruction information to our clients. Pursuant to the agreement between Edward Jones and Broadridge, and in accordance with regulations, Broadridge charges the issuing company on behalf of Edward Jones for these services. Edward Jones receives from Broadridge a portion of the fees paid by the issuing company.

Certain unaffiliated mutual fund companies and/or ETF sponsors (or their investment advisers) with mutual funds and/or ETFs on the list of Eligible Investments pay certain expenses on behalf of financial advisors, including training and educational expenses, and in some instances make payments directly to Edward Jones to subsidize training and educational costs for financial advisors. These companies also participate in conferences or other marketing activities with Edward Jones and generally share in the cost of those activities. Edward Jones has not entered into any agreement with any ETF, mutual fund, or its investment adviser or its distributors or affiliates providing for payment of such expenses as a condition of inclusion on the list of Eligible Investments or the selection of a sub-adviser for affiliated mutual funds. Our financial advisors are not allowed to consider an advisory product partner's sponsorship of a marketing activity when choosing which Eligible Investments to suggest to you.

Item 10: Requirements for State-Registered Advisers

This section does not apply to Edward Jones.

Appendix A

Disclosures Regarding Affiliated Money Market Fund and Mutual Funds

Edward Jones Money Market Fund. Your Guided Solutions Fund account may from time to time be invested in shares of the Edward Jones Money Market Fund (the “Money Market Fund”), which is advised by Olive Street Investment Advisers, LLC (“Olive Street”), an affiliate of Edward Jones. Olive Street receives a management fee of 0.20% of average net assets of the Money Market Fund, less any fees paid to its sub-adviser.

The Money Market Fund pays a Rule 12b-1 fee of up to 0.25% of average net assets to Edward Jones for providing distribution and shareholder services to shareholders of the Money Market Fund’s Investment Shares and Retirement Shares, and an Administrative Shareholder Service Fee up to 0.15% of average net assets to Edward Jones for providing administrative services, including banking administrative services and sweep administrative services, to shareholders. Edward Jones provides distribution services, shareholder services, administrative services, and transfer agent services to the Money Market Fund and the accounts that our clients maintain in the Money Market Fund.

For any Guided Solutions Fund account investing in the Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

Please review the current summary prospectus for the Money Market Fund, which describes the investment characteristics of the Money Market Fund and the fees paid to Olive Street by the Money Market Fund. The prospectus also describes certain revenue received by Edward Jones in connection with the Money Market Fund.

Bridge Builder Mutual Funds. You may choose to invest in shares of the Bridge Builder Mutual Funds (“Bridge Builder Funds”), which are also advised by Olive Street, an affiliate of Edward Jones. Bridge Builder Funds are sub-advised by multiple sub-advisers that are unaffiliated with us. If your account invests in a Bridge Builder Fund, Olive Street charges the fund a management fee which the fund pays directly to the fund’s sub-advisers. Olive Street has entered into an agreement with each Bridge Builder Fund to waive its management fees to the extent management fees charged by Olive Street exceed the management fees the fund is required to pay a fund’s sub-advisers (i.e., as a result of its waivers, Olive Street does not receive any management fees from a fund). The waiver agreement can only be terminated as described in the fund’s registration statement.

Please review the current summary prospectus for each of the relevant Bridge Builder Funds, which describes the investment characteristics of the fund, risks of the fund, and the fees charged by Olive Street to the fund. Certain Bridge Builder Funds are only available in taxable accounts.

Item 1: Cover Page

This wrap fee program brochure provides information about the qualifications and business practices of Edward D. Jones & Co., L.P. (“Edward Jones,” “we” or “us”). If you have any questions about the contents of this brochure, please contact us at 800-803-3333.

The information in this brochure has not been approved or verified by the U.S. Securities and Exchange Commission (“SEC”) or by any state securities authority. Registration with the SEC or any state securities authority does not imply a certain level of skill or training.

Additional information about Edward Jones is also available on the SEC’s website at www.adviserinfo.sec.gov.

Item 2: Material Changes

Below is a summary of material changes that have been made to this brochure since it was first filed on November 16, 2023:

- We updated the brochure to notify clients that effective June 1, 2024, Edward Jones will partner with a third-party service provider to assist with recovery services by filing claims in certain class actions on behalf of Edward Jones’ clients.
- We updated the brochure to reflect that on January 12, 2024, a Consent Order was executed between Edward Jones and the Pennsylvania Department of Banking and Securities, without admitting or denying the findings therein, for alleged violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 (“the 1972 Act”), 70 P.S. § 1-301(c.1)(1)(ii). Please see Item 9.A.: Disciplinary Information and Other Financial Industry Activities and Affiliations for more information.

Item 4: Services, Fees and Compensation

Edward Jones is a registered broker-dealer and investment adviser. As an investment adviser, Edward Jones offers several advisory programs. This brochure ("Brochure") provides clients ("client," "you" or "your") with information about the Financial Advisor Managed Solutions account, the fees charged for our services and our business practices. You should read this Brochure carefully and consult with your tax professional before you decide to invest in Financial Advisor Managed Solutions.

Other advisory programs offered through Edward Jones are not described in this Brochure. These programs offer different services and investments and some have different fees and minimum investment requirements. Certain programs or offerings are only available through select financial advisors. To learn more about other advisory programs offered by us, please ask your Edward Jones financial advisor ("Financial Advisor") or go to www.edwardjones.com/advisorybrochures to review the brochures for the available advisory programs.

Because Financial Advisor Managed Solutions is an investment advisory service offered by Edward Jones as an SEC-registered advisor, Edward Jones has a fiduciary duty to act in your best interest and to abide by the duties of care and loyalty under the Investment Advisers Act of 1940 when providing Financial Advisor Managed Solutions to you. Other services you obtain through Edward Jones, including other investment advisory and brokerage services, are separate and distinct from Financial Advisor Managed Solutions and each is governed by separate arrangements that we may have with you. Brokerage services are subject to different laws than investment advisory services. The specific services provided to you, our relationship with you and our legal duties to you in each arrangement are described in our applicable agreements with you and the disclosures we provide to you in connection with those services.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.L.P. ("JFC"), a holding company registered as a partnership with the State of Missouri. Edward Jones registered with the SEC as a broker-dealer in 1941 and as an investment adviser in 1993. Edward Jones became a member of the National Association of Securities Dealers ("NASD") (now known as the Financial Industry Regulatory Authority ("FINRA")) in 1939.

As of December 31, 2023, we managed \$289,673,344,599 in discretionary assets and \$402,574,903,909 in non-discretionary assets across all of our advisory programs.

The decision to invest in Financial Advisor Managed Solutions is yours. Before making this decision, you and your Financial Advisor should discuss whether other programs or investments may be more appropriate for your investment goals or needs.

Before investing in Financial Advisor Managed Solutions, you should decide if you are comfortable delegating the day-to-day management of your account. Investors in Financial Advisor Managed Solutions typically:

- Need advice and guidance when making investment decisions

- Are at ease with a Financial Advisor making day-to-day investment decisions for their account
- Are willing to follow a disciplined investment strategy
- Are comfortable paying monthly, asset-based (percentage) fees for investments and advice rather than individual, transaction-based commissions or sales charges

In evaluating fee-based advisory programs, you should consider a number of factors. You may be able to obtain some or all of the same or similar investments and/or services available through this and other fee-based advisory programs separately through Edward Jones or another broker-dealer or investment adviser.

You should consider that, depending on the circumstances, the aggregate fees you will pay for investing in Financial Advisor Managed Solutions may be lower or higher than if you purchased the investments or services separately at Edward Jones or through another broker-dealer or investment adviser. Financial Advisor Managed Solutions accounts and other advisory accounts offered through Edward Jones provide ongoing investment advice for an asset-based fee, rather than charging commissions for transactions in your account. Brokerage accounts, on the other hand, can charge commissions for transactions and typically provide investment advice that is point-in-time and solely incidental to the brokerage services provided. As a result, important factors to consider are the amount of trading activity you have in your accounts and the corresponding commissions that would be charged if you bought and sold individual securities in a brokerage account as well as the type of advice you desire. You also may experience different performance results or tax consequences from what you would by purchasing the investments separately or through another broker-dealer or investment adviser. For example, the Financial Advisor Managed Solutions Fee described below will reduce the return you earn on investments held in your account. If the Financial Advisor Managed Solutions Fee exceeds the overall return on your investments, you will experience negative performance in your account. Additionally, it typically will cost you more, and Edward Jones and its Financial Advisors will receive more revenue, when you hold duration-based investments to maturity or over time in a Financial Advisor Managed Solutions account rather than in a commission-based brokerage account at Edward Jones (e.g., CDs, bonds and cash equivalents).

Financial Advisor Managed Solutions Overview

Financial Advisor Managed Solutions is a discretionary advisory program sponsored by Edward Jones designed to provide the client with ongoing investment advice, guidance and services for an asset-based fee. Financial Advisor Managed Solutions permits investment in various eligible investments (as defined and described more fully below under "Eligible Investments"), including eligible stocks, mutual funds, exchange-traded funds ("ETFs"), bonds, CDs and cash equivalents.

When you enroll in Financial Advisor Managed Solutions, you grant Edward Jones the authority to exercise investment and trading discretion for your enrolled account as described more

fully below under “Investment and Trading Discretion.” Your Financial Advisor will exercise this authority over your account as an investment adviser representative of Edward Jones and is your primary point of contact for Financial Advisor Managed Solutions. Some Financial Advisors are part of a team, and in such cases, other Financial Advisors and other licensed professionals that are part of your Financial Advisor’s team may act on your Financial Advisor’s behalf from time to time. Such services include but are not limited to exercising investment and trading discretion for your account as investment adviser representatives of Edward Jones. Accordingly, with respect to granting Edward Jones discretionary authority in Financial Advisor Managed Solutions, references to your “Financial Advisor” in this Brochure include your Financial Advisor’s team. Additionally, there may be circumstances where Edward Jones’ home office may take action with respect to your account, including but not limited to exercising investment and trading discretion for your account, where required to take such action under Edward Jones’ policies and procedures.

If you decide to invest in Financial Advisor Managed Solutions, we will not begin providing you advisory services until (a) our acceptance and approval of a written Client Services Agreement (“CSA”) between you and Edward Jones, and (b) funding of the account at the initial minimum investment as determined by Edward Jones. Your grant of discretionary authority over your Financial Advisor Managed Solutions account to Edward Jones means that your Financial Advisor (and your Financial Advisor’s team to the extent your Financial Advisor is part of a team) and Edward Jones’ home office will have the authority to buy and sell investments for your account on an ongoing basis and take other trading actions without first consulting with you for so long as you are enrolled in Financial Advisor Managed Solutions as described more fully below under “Investment and Trading Discretion.”

Edward Jones retains the authority to remove your Financial Advisor at any time from Financial Advisor Managed Solutions. In such event, we will attempt to contact you and will offer, subject to your direction and consent, to transfer your account to another advisory program offered by Edward Jones. If you decide to enroll in a new advisory program, you may be required to complete and execute additional documents and agreements to enroll in the new advisory program and you will be subject to the terms and conditions and fee schedule applicable to the new advisory program. If we are unable to contact you or you fail to respond to our offer within a reasonable period of time, we may elect to terminate your account (see “Termination of your Financial Advisor Managed Solutions account” for more information).

Selecting Your Account Portfolio Objective. In order to invest in Financial Advisor Managed Solutions, you will complete a Client Profile that contains important information about your account, which generally includes either your goal or purpose for investing and your investment time horizon, risk tolerance and other financial information. Your time horizon will reflect the expected time frame over which you plan to invest (and potentially withdraw) your assets to achieve your investment goal or purpose. Time horizon is expressed as either your life stage or

the number of years you plan on accumulating and/or distributing your assets.

If your account is not assigned to a goal established at Edward Jones, then we will recommend an account portfolio objective for your account based upon the level of investment risk you are willing to take (your risk tolerance or comfort with risk) and the expected time horizon for your investments (your “Account Portfolio Objective”). If your account is assigned to a goal established at Edward Jones, then we will recommend that you select an Account Portfolio Objective that is appropriate for the portfolio objective you selected for your goal (your “Goal Portfolio Objective”).

You may choose an alternative Account Portfolio Objective if you are willing to take more or less risk than the recommended Account Portfolio Objective. You ultimately decide whether you want to select the recommended Account Portfolio Objective or an alternative Account Portfolio Objective, if available. Edward Jones will have no authority to change your Account Portfolio Objective without your instruction. To change your Account Portfolio Objective, you must meet with your Financial Advisor to select a new Account Portfolio Objective.

Your Account Portfolio Objective determines the recommended asset allocation and investment category ranges (“Target Ranges”). In addition, Edward Jones’ applies certain guidelines designed to monitor your Financial Advisor Managed Solutions account for alignment with your Account Portfolio Objective (“Investment Diagnostics”). The Investment Diagnostics pertain to certain factors including, but not limited to, asset allocation, security and equity sector concentration, bond diversification and fixed-income laddering. One or more Investment Diagnostics assess holdings in your other Edward Jones accounts, if any, assigned to the same goal as your Financial Advisor Managed Solutions account. Please contact your Financial Advisor to learn more about how Investment Diagnostics help you achieve your financial goals. The recommended Target Ranges, as well as Investment Diagnostics, are determined solely by Edward Jones and can be modified by Edward Jones without prior notice.

Account Portfolio Objectives in Financial Advisor Managed Solutions currently include:

All-Equity Focus: This portfolio objective offers the highest long-term growth and rising dividend potential. It focuses on long-term capital appreciation and provides very little to no current interest income. It also has the highest level of risk, as it contains only equity investments.

Growth Focus: This portfolio objective emphasizes higher long-term growth and rising dividend potential, while providing modest current interest income. Over the long term, it should have higher risk than portfolios with a more income-oriented objective.

Balanced toward Growth: This portfolio objective emphasizes higher long-term growth and rising dividend potential, with a secondary goal of current interest income. Over the long term, it should have moderate to higher risk.

Balanced Growth & Income: This portfolio objective has a balanced emphasis between current interest income and long-term growth with rising dividend potential. Over the long term, it should have moderate risk.

Balanced toward Income: This portfolio objective emphasizes current interest income while providing modest long-term growth and rising dividend potential. Over the long term, it should have lower to moderate risk.

Income Focus: This portfolio objective emphasizes current interest income with little long-term growth and rising dividend potential. Over the long term, it should have lower risk than portfolios with a more growth-oriented objective.

Edward Jones constructs and periodically reviews the recommended Target Ranges for each Account Portfolio Objective in Financial Advisor Managed Solutions. Due to various influences such as changing market conditions or a reclassification of an Eligible Investment (defined below) to a different asset class, we may change the Target Ranges of an Account Portfolio Objective. If we change the Target Ranges for your Account Portfolio Objective, your Financial Advisor will restore the alignment of your investments with your Target Ranges, if necessary. For more information, see “Account Alignment” below.

Creating Your Initial Asset Allocation

After you have selected your Account Portfolio Objective, your Financial Advisor will choose from among the investment options available for Financial Advisor Managed Solutions (“Eligible Investments”) to implement your Account Portfolio Objective.

When analyzing investments and making investment and trading decisions for your account, we rely on a variety of different sources of information. Such sources may include research developed by Edward Jones that covers a wide range of Eligible Investments and investment research reports issued by firms that are not affiliated with us.

In addition, certain Edward Jones investment tools are used as a preliminary basis for selecting certain Eligible Investments that align with your Account Portfolio Objective. The use of such investment tools does not guarantee the performance of your account or any investments therein or protect against potential investment losses.

Edward Jones and your Financial Advisor will be responsible for monitoring your account on an ongoing basis, including directing the buying and selling of investments in your account and as necessary bringing your account into alignment with the Target Ranges for your Account Portfolio Objective. As a result, the specific investments and asset allocation for your account may change over time, and deviate substantially from your initial asset allocation, to reflect the realignment of your portfolio with our advice.

Eligible Investments. Financial Advisor Managed Solutions includes an extensive list of Eligible Investments selected by Edward Jones that primarily includes stocks, affiliated mutual funds, unaffiliated mutual funds and exchange-traded funds

(“ETFs”), across a variety of asset classes, as well as bonds, CDs and cash equivalents. “Affiliated mutual funds” refers to mutual funds managed by an affiliate of Edward Jones, which consist of the Bridge Builder family of mutual funds (“Bridge Builder Funds”) and the Edward Jones Money Market Fund (“Money Market Fund”). Generally, you may purchase affiliated mutual funds in Financial Advisor Managed Solutions. However, Edward Jones may prevent the purchase of certain affiliated mutual funds unless you already hold shares of those mutual funds and transfer them into your Financial Advisor Managed Solutions account(s). Edward Jones, in its sole discretion, may make exceptions based on the particular facts and circumstances of your situation. Please read this Brochure carefully to understand the differences between affiliated mutual funds and unaffiliated mutual funds, including additional conflicts of interest that Edward Jones is subject to in connection with recommending affiliated mutual funds and how such conflicts are addressed. Certain Eligible Investments are only available in taxable accounts. Additionally, certain Eligible Investments for Financial Advisor Managed Solutions are also available in the non-discretionary Guided Solutions Flex program but may not be offered in our other advisory programs. Cash balances awaiting investment or reinvestment in your account will be automatically swept into the Money Market Fund, where they will be held until invested in another Eligible Investment. For information about conflicts of interest associated with Edward Jones relating to cash in your Financial Advisor Managed Solutions account, please see Item 6.

Your asset allocation may include a cash allocation held in the Money Market Fund through the cash sweep feature described above and/or invested in a third-party money market fund. In certain instances, such as instances of market volatility or uncertainty, your Financial Advisor may determine to increase the amount of cash you hold in your portfolio. The portion of your Financial Advisor Managed Solutions account that is held in cash will be included in the calculation of your Financial Advisor Managed Solutions Fee. CDs are treated as fixed-income investments for purposes of your asset allocation and not cash. Please refer to Appendix A for more information about the Money Market Fund.

Some Eligible Investments are sustainable investments that are categorized as environmental, social and governance (“ESG”) investments or values-based investments. Sustainable investments have subjective qualities and characteristics and may or may not align with your beliefs, values, or desired investment performance. Please contact your Financial Advisor if you are interested in learning more about sustainable investments available for Financial Advisor Managed Solutions and the associated risks.

There is no guarantee that an Eligible Investment will perform in any particular manner. Past performance is not a guarantee of future results. Details about the mutual funds and/or ETFs in your account can be found in the prospectus, statement of additional information (“SAI”) and shareholder reports for each mutual fund and ETF (collectively, “fund prospectus and other fund documents”). It is important that you read these documents

before investing. Investment restrictions may prevent or limit the purchase or continued purchase of certain Eligible Investments. Situations include but are not limited to restrictions that prevent purchases of an Eligible Investment and restrictions that only permit current holders of the Eligible Investment to continue making purchases, subject to parameters set forth by Edward Jones.

Ineligible Investments. You will not be able to hold any investment in your account that Edward Jones has deemed ineligible for Financial Advisor Managed Solutions, that becomes sell-rated at Edward Jones or that is unavailable for your Account (collectively, "Ineligible Investments"). If the initial funding for your account includes Ineligible Investments, the Ineligible Investments will be sold from your account unless you instruct your Financial Advisor to transfer the assets to another account at Edward Jones eligible to hold such investments prior to the establishment of your initial asset allocation. In the event that Edward Jones re-categorizes an investment from an Eligible Investment to an Ineligible Investment or you transfer Ineligible Investments into your Account after the establishment of the initial asset allocation for your account, such Ineligible Investments will be sold from your account within the time frame established for Financial Advisor Managed Solutions, as determined by Edward Jones, in our sole discretion.

Until an Ineligible Investment that was previously categorized as an Eligible Investment is replaced, there is a possibility that additional shares of the Ineligible Investment may be purchased. Such purchase(s) may occur in certain instances including, but not limited to, when dividend reinvestments occur. The purchase of additional shares of an Ineligible Investment and the eventual mandatory removal of such shares may result in a taxable event.

Investment Restrictions. You can request your Financial Advisor restrict the purchase of specific securities in your Financial Advisor Managed Solutions account so long as the restrictions are reasonable as determined by us and your portfolio can be maintained within the Target Ranges when the restrictions are applied. You cannot impose restrictions on categories of specific securities (e.g., tobacco or alcohol companies) or the actual securities in which underlying mutual funds or ETFs invest. When a security is restricted from purchase, your account performance may be adversely impacted.

Account Alignment. Your Financial Advisor will review your account periodically and realign your account with the Target Ranges or Investment Diagnostics for your Account Portfolio Objective. Realignment may include buying one or more investments in your account and/or selling one or more investments and reinvesting the proceeds in your account. In certain instances, Edward Jones may take action in place of your Financial Advisor to realign your Financial Advisor Managed Solutions account in accordance with the Target Ranges or Investment Diagnostics. Account alignment transactions may result in tax consequences as well as additional fees and expenses.

Your Financial Advisor is not responsible under the terms of Financial Advisor Managed Solutions for monitoring your other

Edward Jones accounts, if you have them, on an ongoing basis. However, if you have multiple Edward Jones accounts that are linked to a Goal Portfolio Objective, your Financial Advisor may recommend that you consider placing a trade in one or more of your other Edward Jones accounts, rather than realigning your Financial Advisor Managed Solutions account, in order to address certain Investment Diagnostics.

Where you place trades in a brokerage account that could be placed in your Financial Advisor Managed Solutions account or another fee-based investment advisory account at Edward Jones, a conflict of interest exists as Edward Jones and your Financial Advisor will earn compensation on the transactions, such as commissions and/or mark-ups or mark-downs, that you would not bear if such transactions were placed in your Financial Advisor Managed Solutions account or another fee-based account at Edward Jones. Such transaction fees would be in addition to the asset-based advisory fee that you pay for assets held within your Financial Advisor Managed Solutions account or other fee-based account at Edward Jones.

Investment and Trading Discretion. When you decide to invest in Financial Advisor Managed Solutions, you will sign a CSA indicating that you agree to all of its terms and conditions. You cannot change or amend the CSA in any way. By signing the CSA, you give Edward Jones discretionary investment and trading authority over your account. You do not give us the authority to choose or change your Account Portfolio Objective.

The discretionary investment and trading authority you give us includes the authority for your Financial Advisor and other Edward Jones personnel (as described in Item 4) to manage your assets on a discretionary basis by buying and selling investments for your account whenever your Financial Advisor or other Edward Jones personnel deem appropriate and without your approval of each transaction, including but not limited to:

- Buying and selling Eligible Investments for your account;
- Replacing an Eligible Investment in your account with another Eligible Investment;
- Selling Ineligible Investments from your account to fund purchases of Eligible Investments;
- Changing an asset allocation at any time, provided such changes are consistent with your selected Account Portfolio Objective or goal;
- Using discretion as to the time Edward Jones will make a trade in your account and the price we will pay for investments in accordance with our obligation of best execution;
- Aggregating trades;
- Investing funds and reinvesting dividends, capital gains and proceeds earned by your account into Eligible Investments;
- Deducting cash or selling money market shares and other assets for the Financial Advisor Managed Solutions Fee and deducting the proceeds from your account to pay Edward Jones your Financial Advisor Managed Solutions Fee;
- Determining the appropriate mutual fund share classes for

Financial Advisor Managed Solutions, which may not be the lowest-priced share class available in the particular mutual fund;

- Exchanging mutual fund shares into another mutual fund share class;
- Implementing any reasonable restrictions;
- Terminating your CSA at any time;
- Liquidating the Eligible Investments in your account that cannot be held outside of your Financial Advisor Managed Solutions account if your CSA is terminated; and
- Converting mutual fund shares from an existing share class to a share class available outside of your Financial Advisor Managed Solutions account if your CSA is terminated.

If you elect to enroll in one or more systematic investing programs for your account as set forth in the CSA, Edward Jones will automatically purchase, sell or exchange certain securities as determined by your Financial Advisor on a periodic basis.

The discretionary investment and trading authority you give to Edward Jones can be exercised by Edward Jones and its Financial Advisors at any time and without prior notice to you. It does not include the ability to withdraw, disburse or transfer funds or securities from your account, which will continue to require your prior authorization except with respect to the payment of the Financial Advisor Managed Solutions Fee

Brokerage Services. When Edward Jones executes trades for your account, we are not acting as an investment adviser, but solely as a broker-dealer. Trading in your account will be subject to our trading policies and practices. You will not be charged trade commissions or mark-ups for Financial Advisor Managed Solutions trades. However, Financial Advisor Managed Solutions may cost you more or less than purchasing advisory services and brokerage services separately, depending on certain factors such as the frequency of your trading. You cannot request that your orders be executed through another broker-dealer. Not all investment advisers require their clients to execute their trades through a certain broker-dealer as we do.

Trade Allocation. Some Financial Advisor Managed Solutions trades may be combined with trades for other client accounts and executed in aggregated block trades. From time to time, the volume and/or number of trades to be executed for Financial Advisor Managed Solutions accounts may exceed Edward Jones' operational and/or technological capacities if these trades are directed on a single day. For example, this may occur if Edward Jones is re-categorizing an investment from an Eligible Investment to an Ineligible Investment. In order to maintain the orderly processing of trades and to minimize the incidence of errors, Edward Jones may allocate trades based on the time of order entry. In certain circumstances, this process may take several days or weeks. Although designed to be fair and equitable over time, this may result in clients receiving different prices. In addition, if the volume or size of redemptions required to be effected as a result of re-categorizing a mutual fund from an Eligible Investment to an Ineligible Investment exceeds the limits

set forth in the mutual fund's trading policies and procedures, the mutual fund may exceed the standard settlement period to process redemptions or may redeem positions in-kind. In such circumstances, client assets may not be fully invested and may be subject to market risk between the redemption date and the reinvestment of the assets. Alternatively, Edward Jones may rely on a random allocation process to effect the redemptions over time in a manner consistent with the limits set forth in the mutual fund's trading policies and procedures.

Trade Errors. In certain circumstances, trade errors may occur in your account. When a trade error occurs that is caused by the actions of Edward Jones, we will work to promptly correct the error while ensuring your account is not disadvantaged.

It is Edward Jones' policy to use an Edward Jones error account to correct trades. This may result in trades between your account and an Edward Jones error account. If trade errors are caused by your actions and the process of correcting the errors results in a net loss in the error account, your account will be debited for the amount of such loss. If the process of resolving trade errors results in a net gain in the error account, as accrued and calculated on a periodic basis, we will donate the amount of such gain to charities chosen by Edward Jones.

Principal Trading. Edward Jones may execute trades for Financial Advisor Managed Solutions accounts as principal by selling a security from our inventory to you to correct trades originally executed in an agency capacity or purchasing a security from you for our inventory in connection with fractional share liquidations following your consent and direction.

Principal transactions cause a conflict between Edward Jones' and your interests, including when Edward Jones generates additional revenue due to market movement, resulting in gains on our inventory positions. In certain principal transactions, Edward Jones will provide required disclosures and obtain your verbal or written consent and direction prior to the trade.

Margin Loans. Eligible non-retirement account clients may obtain margin loans collateralized by marginable securities held in their accounts. Margin loans for Financial Advisor Managed Solutions accounts may be used for "Personal Line of Credit Loans" or "Overdraft Coverage," but may not be used for the purpose of purchasing securities on credit. When Edward Jones extends a margin loan to you, it is not acting as an investment adviser but solely as a broker-dealer. In making the decision to take out a margin loan, it is important you understand the risks associated with using margin, the costs of margin loans, and how the performance of your account may be negatively affected. Please see the Edward Jones Margin Disclosure Statement and the Statement of Credit Terms (the "Margin Disclosure") for a discussion of the risks as well as "Margin Risk" below before taking out a margin loan. The Margin Disclosure also includes a discussion of the costs of margin loans. As discussed below, you will pay interest charges on your margin loans in addition to the Financial Advisor Managed Solutions Fee (defined below). Before taking out a margin loan in your Financial Advisor Managed Solutions account, first evaluate the intended duration of the loan

and your other options, including alternative loan options or liquidating securities. It is our view that margin loans are most appropriate when short in duration. To the extent that a margin call is triggered in connection with your account and we are forced to sell any securities or other assets to satisfy the margin call, we will act solely in our capacity as a broker-dealer and lender (and not as an investment adviser). Moreover, if selling such securities in order to satisfy a margin call, we will prioritize our interest over your interests. Your Financial Advisor cannot obtain a margin loan for you with respect to your account without your authorization.

Custody. Assets in your account are held at Edward Jones as broker-dealer. However, if you have entered into an IRA Custodial Agreement with Edward Jones Trust Company (“EJTC”), assets in your IRA will be held at EJTC. EJTC has delegated its duties and responsibilities as a custodian to Edward Jones as sub-custodian.

As custodians, Edward Jones and EJTC are responsible for:

- Safekeeping your funds and securities;
- Collecting dividends, interest and proceeds from any sales; and
- Disbursing funds from your account

Edward Jones (as broker-dealer) will provide all accounts with written trade confirmations of securities transactions and account statements for each month there is activity in the account. If EJTC is the custodian, the account statement will be sent by Edward Jones on behalf of EJTC.

Class Action Claim Filing Service. Effective June 1, 2024, Edward Jones will partner with a third-party service provider to assist with recovery services by filing claims on your behalf in certain “Class Actions” related to securities and other financial instruments held in your account. “Class Actions” includes all U.S. state and federal class actions, Securities and Exchange Commission disgorgements, or other regulatory cases, as well as international class actions and/or collective actions involving publicly traded securities and financial instruments. As part of your CSA, you have provided limited power and authority to Edward Jones and/or the third-party service provider Edward Jones partners with to submit claims on your behalf, either directly or indirectly through such third-party service provider, including execution of necessary forms and documents. Pursuant to your CSA, you will be bound by, and subject to, the terms of all forms and releases that may be entered into for settlements in which a claim is filed on your behalf. In so doing, you appoint Edward Jones and/or the third-party service provider Edward Jones partners with as your administrative agent to process and administer your participation in such asset recovery cases as a class member. This Class Action Service is a separate administrative service, is not part of the advisory services offered in the Financial Advisor Managed Solutions program or covered by the Financial Advisor Managed Solutions Fee, and Edward Jones does not act in an advisory capacity when making this service available to you. Additionally, Edward Jones will not provide legal advice to you or any other party related to your participation in such Class Actions.

Charges for the processing of class action claims shall be subject

to a contingency fee assessed by the third-party service provider in the event a recovery is made. The contingency fee shall be a percentage of the total reimbursement of Class Actions settlements the third-party service provider collects. Additional service charges may apply related to the distribution and handling of payment if your account has been closed and a paper check and/or location services/escheatment is required.

You will be automatically enrolled in the Class Action Claim Filing Service. However, you are not obligated to continue to provide Edward Jones with the authority to permit the third-party provider to process any such claims. Rather, you may opt out of this service and pursue such claims on your own by advising Edward Jones, in writing, of your intention to opt out of this third-party service.

Further terms and conditions applicable to this Class Action Claim Filing Service can be found at edwardjones.com/accountfeatures.

Please review your account statements carefully and notify us immediately if you detect an error or a discrepancy.

Termination of Your Participation in Financial Advisor Managed Solutions. You or Edward Jones may terminate your participation in Financial Advisor Managed Solutions at any time without any advisory termination fee. While oral instructions to terminate your participation in Financial Advisor Managed Solutions are generally acceptable, Edward Jones, in our sole discretion, may require written notice in order to terminate Financial Advisor Managed Solutions advisory services for your account.

Upon notice of termination of your Financial Advisor Managed Solutions services, Edward Jones will no longer act as an investment adviser and will not be obligated to take any action with regard to the assets in your account, but you may instruct us to sell the securities or transfer the securities to another Edward Jones account or a third-party account. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Financial Advisor Managed Solutions account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class or liquidate the shares when transferring mutual funds. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Bridge Builder funds are only available to be purchased or held in Edward Jones’ advisory programs and are not available to be held or purchased in an Edward Jones Select brokerage account or at another financial institution. Accordingly, any positions in Bridge Builder funds will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution. The Money Market Fund is generally unavailable to be purchased or held outside of Edward Jones’ advisory programs. Accordingly, in

many situations, any position in the Money Market Fund will be liquidated if you move from an Edward Jones advisory account to an Edward Jones Select brokerage account or account at another financial institution.

Taxable gains, taxable losses, redemption fees or sales charges may be assessed upon the liquidation or redemption of securities. These fees and expenses may negatively impact your investment performance.

If you sell the assets in your account, your proceeds will be available upon settlement of the trades generated to complete the liquidation. Because bond markets may be less liquid, these investments may be more difficult to liquidate, especially during periods of extreme market volatility. Therefore, you may experience delays or adverse price fluctuations when liquidating these securities. If you instruct Edward Jones to liquidate equity securities in your account which include fractional shares, as an accommodation Edward Jones will purchase such fractional share(s) as principal into its own account at market value without a mark-up or mark-down. Edward Jones may make a profit on its inventory due to market movements.

Account liquidation may cause a taxable event as well as additional fees and expenses.

Upon notice of termination, if you fail to instruct Edward Jones as to the disposition of assets in your account, your account's services will be significantly limited ("limited services account"). We will no longer act as a fiduciary to your account, and you can no longer rely on us to provide advisory services to your account. You will be able to receive distributions, liquidate securities, and withdraw funds from your limited services account, but you will not be able to purchase new securities or add to existing positions (except for the money market fund). Any transactions will be subject to fees, commissions and sales charges applicable to Edward Jones brokerage accounts.

Fees

Every Financial Advisor Managed Solutions account pays asset-based fees (referred to as your "Financial Advisor Managed Solutions Fee"). Your Financial Advisor Managed Solutions Fee includes a Program Fee and, beginning on or about June 2024, an annual Platform Fee, less any applicable fee reduction and/or fee offset (as discussed more fully below). In addition to your Financial Advisor Managed Solutions Fee, affiliated mutual funds and unaffiliated mutual funds and ETFs that you purchase or that are held in your account have internal fees and expenses that are described in the fund prospectus and other fund documents. These internal fees and expenses vary depending on the mutual fund or ETF.

The following section explains:

- The Financial Advisor Managed Solutions Fee and expenses
- How the fees and expenses are calculated and paid
- Potential fee reductions and offsets you may receive from Edward Jones

Program Fee

Each Financial Advisor Managed Solutions account is charged a Program Fee for certain investment advisory services, including initial and ongoing analysis of your investment needs and objectives; periodic consultations; ongoing evaluation and selection of investments for this program; Edward Jones' ongoing investment policy guidance and services to keep your account aligned with such guidance; periodic performance reporting; and custody and transaction execution services and other related services as described in this Brochure.

Program Fee Schedule

Value of Assets in Account	Annual Fee Rate	
First	\$250,000	1.35%
Next	\$250,000	1.30%
Next	\$500,000	1.25%
Next	\$1,500,000	1.00%
Next	\$2,500,000	0.80%
Next	\$5,000,000	0.60%
Over	\$10,000,000	0.50%

Platform Fee (Beginning on or about June 2024).

Beginning on or about June 2024, a Platform Fee also will be charged on all accounts enrolled in Financial Advisor Managed Solutions for the support and maintenance of accounts on the Edward Jones investment advisory platform, such as trading and risk tools, training and education, and ongoing platform development. This fee is in addition to the Program Fee.

Platform Fee Schedule

Value of Assets in Account	Annual Fee Rate	
First	\$250,000	0.05%
Next	\$250,000	0.05%
Next	\$500,000	0.04%
Next	\$1,500,000	0.03%
Next	\$2,500,000	0.02%
Next	\$5,000,000	0.01%
Over	\$10,000,000	0.00%

How the Financial Advisor Managed Solutions Fee Is Calculated

The Financial Advisor Managed Solutions Fee which includes the Program Fee and, when applicable, the Platform Fee, is based on the market value of all assets held in your account, including stocks, mutual funds, ETFs, fixed income holdings and cash and cash equivalents, including shares of the Money Market Fund and third-party money market funds. Margin loan balances, if any, do not reduce the market value of your account for the purposes of calculating the Financial Advisor Managed Solutions Fee.

However, for taxable accounts, the value of any fixed-income syndicate offerings acquired and held in your account will be excluded from the Financial Advisor Managed Solutions Fee calculation for a period of time as determined by Edward Jones. The Financial Advisor Managed Solutions Fee is assessed at an annual fee rate (shown above), payable monthly in arrears. As the value of the assets in your account increases or decreases, you are charged according to the tiered fee schedule set forth above.

The fees assessed by Edward Jones will reduce your account's overall returns and performance. The Financial Advisor Managed Solutions Fee is charged to your account each month in arrears. If your Financial Advisor Managed Solutions account is open for part of a month, then you will pay a fee based on the number of days your account was open and invested in Financial Advisor Managed Solutions. The amount you pay is determined by the average daily market value of the assets held in your account for the previous month.

All Financial Advisor Managed Solutions accounts are subject to a \$10 minimum monthly Financial Advisor Managed Solutions Fee. In the event that you are charged a \$10 minimum monthly fee, the effective fee rate based on the existing value of assets held in your account may be greater than the highest annual fee rates combined in each of the schedules (shown above).

Pricing Groups

To determine your Program Fee rate and, when applicable, the Platform Fee rate, your account may be grouped with your other Edward Jones advisory accounts or the Edward Jones advisory accounts of people related to or close to you who meet the criteria below that are held in the same Edward Jones branch in what we refer to as a Pricing Group. Each account can only be in one Pricing Group, and we will disclose to you the accounts making up your Pricing Group upon request. Other members of the Pricing Group will receive the same disclosure upon request. Your Pricing Group is based on the following criteria:

1. Your single, joint, custodial, owner-only 401(k) plan and IRA accounts are grouped together if they are registered at the same address and share one or more of the following: (a) the same last name, (b) the same Social Security number, or (c) the same Edward Jones Relationship Group. (If you have worked with your Financial Advisor to group your account with other accounts for the purpose of planning and establishing financial goals, that is a Relationship Group. Your Relationship Group may be the same as your Pricing Group. Please contact

your Financial Advisor if you have any questions about your Relationship Group.)

2. Your revocable trust accounts are grouped with your single, joint, custodial, IRA or other revocable trust accounts if they are registered at the same address and use the same tax ID number for tax reporting.
3. Your association, church, corporation, estate, irrevocable trust, LLC, partnership and sole proprietorship accounts are grouped with other accounts of the same type if they are registered at the same address and use the same tax ID number for tax reporting. These types of accounts will be grouped with each other, but not with other account types.

Additionally, accounts that do not meet the above criteria with your account, but that meet the above criteria with another person's account in your Pricing Group, will be added to your Pricing Group. Please contact your Financial Advisor if you have questions about your Pricing Group.

In addition, the Program Fee may be lower than the above schedule in the following circumstances:

- Either Edward Jones or your Financial Advisor negotiates a lower Program Fee;
- You are an active or retired associate of Edward Jones; or
- You are a member of an active or retired associate's Pricing Group.

Reducing the Program Fee is at the sole discretion of Edward Jones.

Potential Fee Reductions or Offsets to the Program Fee

Depending on certain factors, you may be eligible to receive fee reductions or offsets to your Program Fee, as described below.

Fee Reductions

If your Financial Advisor Managed Solutions account is funded from an Edward Jones account that incurred commissions or redemption fees within a preceding period, as established by Edward Jones, the Program Fee may be reduced for up to twenty-four (24) full months in which the account is active in Financial Advisor Managed Solutions. The amount of the fee reduction will depend on the type of security held, timing of trade activity for the security, or other characteristics of the account activity in the previous Edward Jones account. Ask your Financial Advisor for additional information about potential fee reductions. Any fee reductions will be applied in accordance with policies established by Edward Jones, which may be amended from time to time. If you close your account in Financial Advisor Managed Solutions before receiving the entire fee reduction, you will not receive any of the remaining fee reduction that may have been available for your account.

If you are selling securities to invest in Financial Advisor Managed Solutions but did not purchase them through Edward Jones, you will not receive a fee reduction.

Program Fee Offsets

Rule 12b-1 Fees: Some mutual fund companies or their affiliates pay Edward Jones Rule 12b-1 fees for distribution and marketing expenses. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive Rule 12b-1 fees for the shares in your account, we will credit the amount received to your account.

Shareholder Accounting Revenue: Some mutual fund companies pay Edward Jones for account recordkeeping and administrative services provided by Edward Jones for the mutual fund companies. This creates a conflict of interest. In order to eliminate this conflict of interest, if we receive shareholder accounting fees for the shares in your account, we will credit the amount received to your account.

Affiliated Mutual Funds: If your account invests in affiliated mutual funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones. Affiliated mutual funds, other than the Money Market Fund, consist of Bridge Builder Funds and will be sub-advised by multiple sub-advisers who are unaffiliated with Edward Jones. Refer to Appendix A which contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones Money Market Fund: JFC directly owns 100% of Olive Street Investment Advisers, LLC (“Olive Street”), the adviser of the Money Market Fund. Olive Street, and its affiliate, Edward Jones, receive various revenues related to assets in the Fund (collectively, “Money Market Revenue”). Appendix A includes a detailed discussion of our Money Market Revenue. For any account investing in the Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

How the Financial Advisor Managed Solutions Fee Is Paid

The Financial Advisor Managed Solutions Fee is deducted directly from your Financial Advisor Managed Solutions account and paid using the cash portion of your account, which may include cash or assets invested in the Money Market Fund. If there is not sufficient cash or assets invested in the Money Market Fund, we are authorized to sell a sufficient amount of assets held in your account to pay the Financial Advisor Managed Solutions Fee. Edward Jones will first sell a sufficient amount of shares of mutual funds held in your account to pay the Financial Advisor Managed Solutions Fee. If there are not sufficient assets in the mutual funds held in your account, Edward Jones will sell a sufficient amount of shares of ETFs or equity securities, and then a sufficient amount of fixed-income securities necessary to pay the Financial Advisor Managed Solutions Fee. If Edward Jones sells mutual funds, ETFs, equity securities or fixed-income securities, this may result in your account being out of alignment with the Target Ranges for your Account Portfolio Objective or with the Investment Diagnostics for your account until portfolio realignment occurs. Such transactions will be effected without regard to tax consequences. You may have to pay redemption fees to a fund company if those shares were held

only for a short time. (See below for more information on redemption fees.) Trades as a result of a liquidation of a mutual fund or ETF in a taxable account may result in a taxable event. Securities transactions effected to pay the Financial Advisor Managed Solutions Fee may necessitate odd-lot sales. Odd-lot sales may result in less favorable pricing conditions. At the sole discretion of Edward Jones, you may be allowed to pay your Financial Advisor Managed Solutions Fee from an alternate Edward Jones account.

Internal Fees and Expenses of Mutual Funds and ETFs, Including Redemption Fees

Mutual funds (including affiliated and unaffiliated mutual funds) and ETFs have internal management fees and ongoing expenses for operating the funds (“internal fees and expenses”) that are deducted from the fund’s assets, which has the effect of reducing the fund’s net asset value (“NAV”). Many mutual funds that are Eligible Investments in Financial Advisor Managed Solutions have different share classes with different fees and expenses for each share class. The fund prospectus and other fund documents will describe the internal fees and expenses.

Please refer to Item 6 below for more information regarding the selection of mutual funds and ETFs as Eligible Investments for Financial Advisor Managed Solutions.

Internal fees and expenses are in addition to the Financial Advisor Managed Solutions Fee described above and vary depending on the particular mutual fund or ETF. You will not see a separate entry on your account statement showing these fees and expenses.

Certain mutual funds may also impose redemption fees if shares of the mutual fund are held for only a short time (typically anywhere from less than thirty (30) days to twelve (12) months). The fund prospectus and other fund documents describe whether the mutual fund has a redemption fee and whether there are instances when the redemption fees will be waived.

Any internal fees and expenses charged by a mutual fund or ETF will reduce your account’s overall returns and investment performance.

Other Fees and Expenses Not Included in the Financial Advisor Managed Solutions Fee

In addition to the Financial Advisor Managed Solutions Fee described above, clients will pay Edward Jones interest on margin loans, if applicable, as set forth in the Margin Disclosure. A client may pay for other services including, but not limited to, debit and check-writing fees, estate service fees and fees to distribute an account pursuant to a transfer on death agreement.

Also, the Financial Advisor Managed Solutions Fee does not cover the following (if applicable to your account): transfer taxes; electronic fund, wire and other account transfer fees; internal fees and expenses incurred by mutual funds or ETFs purchased for your account; mutual fund redemption fees and contingent deferred sales charges; and any other charges imposed by law or otherwise agreed to by Edward Jones and you with regard to

your account.

Deposits, including interest and dividends, received into your account but not yet invested in Eligible Investments or swept into the Money Market Fund may earn interest that will be retained by Edward Jones. Edward Jones may also earn and retain interest on distributions requested from your account until the time the check is cashed or another payment method is completed. The average overnight interest rate on these deposits may fluctuate daily and is tied to changes in widely referenced interbank lending rates, such as Fed Funds Effective Rate, Fed Funds Target Rate and Secured Overnight Financing Rate. Under these arrangements, banks may pay interest based on a spread to one of these rates or may pay a fixed interest rate.

Financial Advisor Compensation

Most Financial Advisors receive a portion of the Program Fee, though some Financial Advisors receive a salary in addition to, or in lieu of, the Program Fee. Financial Advisors who receive a portion of the Program Fee have a financial incentive not to negotiate the Program Fee. The portion of the Program Fee paid to your Financial Advisor is at the discretion of Edward Jones. The fee rate paid to your Financial Advisor will be the same regardless of the Account Portfolio Objective or Goal Portfolio Objective (if applicable) you select. As a result, your Financial Advisor does not have a financial incentive to recommend one Account Portfolio Objective or Goal Portfolio Objective over another. Your Financial Advisor does not receive a portion of the Platform Fee.

Similarly, the Program Fee rate paid to your Financial Advisor will be the same regardless of the investment advisory program in which you invest. However, your Financial Advisor also may receive compensation in connection with margin loans in Financial Advisor Managed Solutions as described below. As a result, and if you would be eligible for margin lending in Financial Advisor Managed Solutions but ineligible for the Edward Jones securities-based lending offering called the Edward Jones Reserve Line of Credit ("Reserve Line") available in some other Edward Jones investment advisory services, your Financial Advisor will have a financial incentive to recommend Financial Advisor Managed Solutions over another Edward Jones investment advisory program. If you use margin in your account, Edward Jones will receive revenue as a result of charging interest on your margin loan. As a result, there is a material conflict of interest between you and us in connection with margin loans, which we address through disclosure in this Brochure. For example, if you take out or maintain a margin loan rather than withdraw money from your Financial Advisor Managed Solutions account, we retain the Financial Advisor Managed Solutions Fee that such assets are otherwise generating and charge you interest on any outstanding margin loan balances. Depending on your specific circumstances, including the intended duration of the margin loan and the return on your account, over the long term it may cost you more to take out the margin loan than if you had pursued an alternative loan option or liquidated securities and withdrawn the sale proceeds from your account.

Although Edward Jones receives more revenue from a margin

loan than a loan through the Reserve Line available in the other advisory programs, your Financial Advisor is compensated the same on both types of loans. You are encouraged to carefully consider the total cost of taking out any margin loan, and any additional compensation to us or your Financial Advisor, when determining to take out and/or maintain a margin loan.

The amount of your Financial Advisor's compensation may be more or less than what he or she would receive if you had a brokerage account instead of a Financial Advisor Managed Solutions account. If you purchased investments through Edward Jones as a broker-dealer, you would pay sales charges or commissions, a portion of which would be paid to your Financial Advisor. A Financial Advisor will typically earn more in upfront fees and commissions when you use brokerage services. In the alternative, a Financial Advisor will typically earn more over time if you invest in Financial Advisor Managed Solutions. This creates a financial incentive for your Financial Advisor to recommend Financial Advisor Managed Solutions instead of brokerage services.

The Financial Advisor Managed Solutions Fee, as well as assets under care and client margin loan balances, will impact most Financial Advisors' eligibility for a bonus and bonus amount. The Program Fee, as well as assets under care and client margin loan balances, may also impact a Financial Advisors' eligibility for the receipt of certain limited partnership profits interest in The Jones Financial Companies L.L.P. (the "Profits Interest"). This eligibility to receive bonus, bonus amounts, and/or certain Profits Interest creates a conflict of interest in that your Financial Advisor has an incentive to recommend you invest in an investment advisory account(s).

Most Financial Advisors are eligible to participate in the Edward Jones Travel Award Program ("Travel Award Program"), which includes domestic and international travel, or a cash award in lieu of a trip. Eligibility for the Travel Award Program is based upon the amount of new and existing assets under care of a Financial Advisor which creates an additional conflict of interest.

These financial incentives create a conflict between Edward Jones' interest, your Financial Advisor's interest, and your own. We address these conflicts of interest through disclosures you will receive at or before the time of your Financial Advisor's recommendations to you. Additionally, Financial Advisors are subject to training, supervision, regulatory requirements, and internal policies and controls that are reasonably designed so that clients are recommended only those products and services that are appropriate in light of their financial circumstances.

For further information on compensation and conflicts of interest, please see the "Understanding how we are compensated for financial services" document found at edwardjones.com/ compensation.

Comparing Costs, Expenses and Services

The Program Fee is a fee for investment advisory services as described above under "The Program Fee" and, when applicable, the Platform Fee is a fee for platform support services as

described above under “Platform Fee.” Financial Advisor Managed Solutions may cost you more or less than purchasing these services separately, depending on the costs of the services if provided separately, the size of your account, the amount of cash in your account, and the trading activity in your account and the corresponding brokerage commissions that would be charged if you bought and sold individual securities in a brokerage account.

You can choose to forgo the services of Financial Advisor Managed Solutions and buy and sell securities through Edward Jones as a broker-dealer or through other brokers or agents not affiliated with Edward Jones (although you would not receive the benefits of the program described in this Brochure).

We have provided you with materials that explain our brokerage and investment advisory services, including our Client Relationship Summary (“CRS”) and “Making Good Choices” brochure.

Additional copies are available from your Financial Advisor upon request or our CRS is available at www.edwardjones.com/regbidisclosures.

Item 5: Account Requirements and Types of Clients

Your initial investment in a Financial Advisor Managed Solutions account must generally be at least \$25,000. You can fund your Financial Advisor Managed Solutions account with cash and/or securities. If you establish your Financial Advisor Managed Solutions account with Ineligible Investments, the Ineligible Investments will be sold from your account without regard to tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities unless you instruct your Financial Advisor to transfer the assets to another account at Edward Jones eligible to hold such investments prior to the establishment of your initial asset allocation. If you later add Ineligible Investments to your account, your Financial Advisor will liquidate or redeem such Ineligible Investments without first consulting with you and regardless of tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities.

Edward Jones will act in our capacity as a broker-dealer, not as a fiduciary or investment adviser, in connection with such transactions and will sell those securities at no commission.

Edward Jones will not provide advice and/or guidance regarding the securities being sold to fund the Financial Advisor Managed Solutions account. Trades that occur in a taxable account may cause a taxable event as well as additional fees and expenses.

The total value of your account is monitored by Edward Jones. If the value of your account falls significantly (for example, a balance of \$10,000 or below), we may, in our discretion, remove your account from Financial Advisor Managed Solutions.

Edward Jones offers clients a wide range of financial services. Financial Advisor Managed Solutions may not be appropriate for every client or every account type. Generally, Financial Advisor

Managed Solutions is available only to residents or entities of the United States and certain U.S. territories with the following types of accounts: individual; joint; trusts; charitable organizations; corporations and other business entities; and traditional IRAs and Roth IRAs, Savings Incentive Match Plan for Employees (“SIMPLE”) IRAs, Simplified Employee Pension (“SEP”) IRAs, and traditional IRAs linked to an Edward Jones SEP IRAs.

Edward Jones can prohibit any person or entity from investing or remaining in Financial Advisor Managed Solutions for any reason, including if we do not believe it is an appropriate investment strategy for that person or entity. As a general rule, you should intend to invest in Financial Advisor Managed Solutions for a minimum of three (3) years.

You will not be able to purchase certain fixed-income securities if your account value is below \$50,000. We can change the minimum at our discretion. However, you will be able to hold eligible fixed-income securities in your account regardless of account value. For example, if you purchased a bond when your account value exceeded \$50,000, you can continue to hold that bond even if your account value declines. If you hold less than \$50,000 in your account, additional purchases of fixed income holdings will be limited to mutual funds and ETFs that invest in fixed income securities.

If, at any time, you transfer mutual funds into a Financial Advisor Managed Solutions account and those mutual funds are current Eligible Investments but in a different share class from those held for Financial Advisor Managed Solutions, Edward Jones is authorized to convert those shares into a different share class eligible to be held in Financial Advisor Managed Solutions. For more information about share classes, please refer to the Risk of Loss section below.

Mutual fund shares held in your Financial Advisor Managed Solutions account may accumulate and be used to satisfy a letter of intent (“LOI”) associated with multiple Edward Jones brokerage accounts.

However, if a brokerage account transferring into Financial Advisor Managed Solutions is the only account where the LOI can be met, Edward Jones can terminate your LOI and sell a portion of your position to adjust the commission paid in your brokerage account before the transfer of your assets into Financial Advisor Managed Solutions.

Assets in your Financial Advisor Managed Solutions account will not be used to pay any adjustment(s) that apply in the event you fail to satisfy the LOI.

If you request a transfer of securities from your Financial Advisor Managed Solutions account to another Edward Jones account or a third-party account, you authorize Edward Jones to transfer the mutual fund shares in-kind without converting the shares into a different share class. In the event of a transfer of mutual funds and/or fund share classes that cannot be held outside of your Financial Advisor Managed Solutions account, Edward Jones will: (a) convert the mutual fund shares into a different share class before the shares transfer; and/or, (b) liquidate the mutual fund shares

and transfer cash. Edward Jones follows the instructions of mutual fund companies to convert the shares to a different share class, or liquidate the shares, when transferring mutual funds. Conversions could result in higher or lower fees and/or expenses than those paid under the previous share class and liquidations may cause a taxable event.

Item 6: Financial Advisor Managed Solutions Investment Selection and Evaluation

Financial Advisor Managed Solutions is a discretionary wrap fee program sponsored by Edward Jones. Your Financial Advisor will exercise discretion to select investments for your account. Other Financial Advisors and Edward Jones licensed personnel may act on behalf of your Financial Advisor. For more information, see Item 4. As of the date of this brochure, your Financial Advisor must meet training requirements as well as certain minimum tenure, experience and/or educational certification eligibility requirements established by Edward Jones to provide discretionary investment management services under the Financial Advisor Managed Solutions. Your Financial Advisor's eligibility to continue providing discretionary investment management services under Financial Advisor Managed Solutions is subject to ongoing reviews. Edward Jones may modify or eliminate the applicable eligibility criteria at any time and without notice to you. Additionally, other Financial Advisors and Edward Jones personnel may assist your Financial Advisor in providing the program management services to you and are not required to meet the eligibility requirements.

Performance-Based Fees and Side-by-Side Management

This section does not apply to Edward Jones.

Methods of Analysis, Investment Strategies and Risk of Loss

Edward Jones selects the Eligible Investments available in Financial Advisor Managed Solutions based on numerous quantitative and qualitative factors, each of which may be given different weight in the decision-making process, and generally no one factor determines the outcome of any selection.

The processes we use to select and monitor affiliated mutual funds are different from the processes we apply to unaffiliated mutual funds and other Eligible Investments.

In selecting and monitoring sub-advisers for our affiliated mutual funds, the investment adviser, which is affiliated with Edward Jones, follows a process that is similar, but not identical, to the process that we use to evaluate unaffiliated mutual funds and other Program Investments. This process includes quantitative and qualitative analysis, including, but not limited to, an evaluation of the investment process, consistency, portfolio composition, strategies employed, risk management, team depth, quality and experience, operations and compliance of the sub-adviser. The evaluation process includes review of literature and documents, quantitative historical performance evaluation

and discussions with members of the investment team and Edward Jones management. None of the sub-advisers are affiliated with Edward Jones.

Eligible Investments (other than affiliated mutual funds) undergo periodic review by Edward Jones to determine if they remain suitable for Financial Advisor Managed Solutions. An Eligible Investment can be re-categorized from an Eligible Investment to an Ineligible Investment for a variety of reasons, including, but not limited to, the following:

- Inconsistency with Edward Jones' investment philosophy
- Complexity of the investment
- Regulatory concerns
- Termination of an agreement with a mutual fund company
- Lack of ongoing financial information
- A decision by Edward Jones to reduce the overall ownership level of a fund

The Target Ranges for each Account Portfolio Objective are generally based on the Edward Jones investment categories. Depending on market volatility, the asset allocations in your account will sometimes depart from the Target Ranges for your Account Portfolio Objective.

Different asset classes will perform better than others, resulting in an asset allocation that may have more or less risk than you may want. In order to keep your account in alignment, your Financial Advisor will monitor and realign your account if the asset allocations have deviated significantly from the Target Ranges or Investment Diagnostics for your Account Portfolio Objective.

The objective of investing in a variety of Eligible Investments in various types of asset classes allocated in the Target Ranges is to construct a portfolio designed to experience less volatility and show more consistent performance over time. There is no guarantee that this goal will be achieved.

Risk of Loss

All investment strategies and investments involve risk, and the value of your account will fluctuate. As a result, your account may be worth more or less than the amount of money you invested. Past performance does not guarantee future results, and there is no guarantee that your Account Portfolio Objective or Goal Portfolio Objective (if applicable) will be achieved.

Each Eligible Investment will fluctuate in value and, when sold, may be worth more or less than the original cost to purchase. Diversification does not guarantee a profit or protect against loss. You should consider the investment objectives (as applicable), risks, fees and expenses, and past performance of each Eligible Investment before deciding to invest in Financial Advisor Managed Solutions. Information about each Eligible Investment can be obtained from your Financial Advisor.

Implementing an ESG or values-based investing approach, which helps align your portfolio with your personal values by excluding certain investments or targeting issues that are important to you,

has potential risks and trade-offs. Such investments may value non-financial goals more than financial returns. Additionally, while segments of the market or investments that engage in certain business practices can be excluded with an ESG or values-based investing approach, introducing such exclusions or focusing on a narrow area of the market can decrease your portfolio's diversification and materially impact its risk and return. Companies also may not operate as expected or fail to meet the desired ESG or value-based characteristics over time.

Depending on the Eligible Investments selected, your account may also be subject to the following risks:

Concentration Risk. An account with a limited number of Eligible Investments may experience more volatility than a more diversified account with a larger number of Eligible Investments.

Mutual Funds Risk. Mutual funds are diversified, professionally managed portfolios of securities that pool the assets of individuals and organizations to invest toward a common objective such as current income or long-term growth. Mutual funds are subject to investment advisory, transactional, operating and other expenses. Each mutual fund is subject to specific risks, depending on its investments. The value of mutual funds' investments and the NAV of the funds' shares will fluctuate in response to changes in market and economic conditions, as well as the financial condition and prospects of companies and other investments in which the funds invest. The performance of a mutual fund will depend on whether the fund's investment adviser is successful in pursuing the fund's investment strategy. Mutual funds that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. The fund prospectus and the other fund documents describe the risks specific to the fund.

Share Classes. Mutual fund investments in Financial Advisor Managed Solutions can have different share classes. While each share class invests in the same pool of investments and has the same investment objective, each has different internal fees and expenses. Mutual funds often permit the conversion of shares from one class to another, subject to certain conditions as determined by the mutual fund.

Edward Jones considers several factors when selecting a mutual fund share class for Financial Advisor Managed Solutions including, but not limited to, the eligibility criteria set by mutual fund companies and the overall cost structure of the share class. Clients should not assume they will be invested in the share class with the lowest expense ratio.

Edward Jones generally attempts to select institutional and/or advisory share classes for Financial Advisor Managed Solutions, when available. Institutional and/or advisory shares generally do not impose a sales charge or ongoing Rule 12b-1 fees and, as a result, are usually less expensive than Class A shares.

Other share classes, including Class A, may be utilized when no institutional or advisory share classes are available. Class A shares are typically purchased in brokerage accounts and usually carry an upfront sales charge and ongoing Rule 12b-1 fees. If

Class A shares are selected in Financial Advisor Managed Solutions, the upfront sales charges are generally waived, but the Class A shares are still charged the ongoing Rule 12b-1 fees. As described in Item 4 above, if we receive Rule 12b-1 fees for shares held in your account, we will credit the amount received to your account as a fee offset.

Please refer to the appropriate fund prospectus and other fund documents for more information regarding the available share classes of mutual funds used in Financial Advisor Managed Solutions. In our sole discretion, Edward Jones can change the share class of any mutual fund at any time without prior notice to you.

Redemptions. Edward Jones' clients collectively own a large percentage of certain mutual funds that are Eligible Investments. Due to the significant ownership, there may be adverse consequences in the event that Edward Jones, as the investment adviser, re-categorizes a mutual fund from an Eligible Investment to an Ineligible Investment. If the resulting volume or size of redemptions directed by accounts in Financial Advisor Managed Solutions as a result of the re-categorization exceeds the limits set forth in the mutual fund's policies and procedures, the resulting delay in effecting redemptions may result in accounts experiencing increased risk of loss. A mutual fund company can also decide to redeem shares "in-kind" instead of in cash. In that event, you may receive the actual underlying securities of the fund. The underlying securities could lose value before they are sold.

Brokerage and other transaction costs will apply to the sale of the underlying securities. We will work with the mutual fund company to minimize any potential adverse impact to accounts in Financial Advisor Managed Solutions, but there is no assurance that you will be able to avoid the risk of loss and other adverse consequences.

ETFs Risk. ETFs are typically registered investment companies whose shares are listed on a securities exchange. An investment in an ETF generally presents the same primary risks as an investment in a conventional mutual fund (i.e., one that is not exchange-traded) that has the same investment objective, strategies and policies. The price of an ETF can fluctuate within a wide range, gaining or losing value throughout the day. ETF performance may vary from that of its benchmark or its peers.

Like mutual funds, ETFs are subject to investment advisory, transactional, operating and other expenses. Unlike mutual funds, shares of ETFs cannot be directly purchased from and redeemed by the fund. ETFs that use ESG or values-based strategies may forgo certain investment opportunities available to strategies that do not use such criteria and therefore create a risk of underperforming when compared against other strategies. Each fund's prospectus and other fund documents describe the risks specific to the fund.

Equity Securities Risk. Common stocks and other equity securities generally increase or decrease in value based on the earnings of a company and on general industry and market conditions. The value of a company's share price may decline as a result of poor decisions made by management, lower demand

for the company's services or products, or if the company's revenues fall short of expectations. There are also risks associated with the stock market overall. The stock market may experience periods of turbulence and instability.

Preferred Stock Risk. Preferred stock is a class of capital stock that typically pays dividends at a specified rate.

Preferred stock is generally senior to common stock but subordinate to debt securities with respect to the payment of dividends and on liquidation of the issuer. While subject to the same risks affecting equity securities generally, the market value of preferred stock also generally decreases when interest rates rise (interest rate risk) and is also affected by the issuer's ability to make payments on the preferred stock (credit risk).

Fixed-Income Securities Risk. Fixed-income securities, such as bonds, are subject to credit risk and interest rate risk. Credit risk is the possibility that an issuer of an instrument will be unable to make interest payments or repay principal when due. Changes in the financial strength of an issuer or changes in the credit rating of a security may affect its value. Interest rate risk is the risk that interest rates may increase, which tends to reduce the resale value of certain fixed-income securities.

Certificate of Deposit Risk. The price of a CD in the secondary market is governed by prevailing interest rates. If a CD is sold before it matures, you may receive less than the original purchase price if interest rates are higher. Edward Jones, though not obligated to do so, may maintain a secondary market in the CD after the purchase which allows CDs to be sold on any business day. Rates paid on CDs may be lower or higher than the rates available directly through the bank that is issuing the CD. You are responsible for monitoring the total amount of CDs and other bank deposits that you hold with any one bank for Federal Deposit Insurance Corporation ("FDIC") insurance limits.

Municipal Securities Risk. Municipal securities are subject to various risks based on factors such as economic and regulatory developments, changes or proposed changes in the federal and state tax structure, deregulation, court rulings and other factors. Repayment of municipal securities depends on the ability of the issuer or project backing such securities to generate taxes or revenues. There is a risk that the interest on an otherwise tax-exempt municipal security may be subject to federal income tax.

Government Securities Risk. U.S. government securities are subject to interest rate and inflation risks. Not all U.S. government securities are backed by the full faith and credit of the U.S. government. Certain securities issued by agencies and instrumentalities of the U.S. government are only insured or guaranteed by the issuing agency or instrumentality, which must rely on its own resources to repay the debt. As a result, there is risk that these entities will default on a financial obligation.

Money Market Funds Risk. Money market funds are a type of mutual fund that invests in high-quality, short-term debt securities, pays dividends that generally reflect short-term interest rates and seeks to maintain a stable NAV per share (typically \$1). An investment in a money market fund is not insured or guaranteed by

the Federal Deposit Insurance Corporation or any other government agency. Although a money market fund is managed to maintain a stable NAV of \$1 per share, the value of the fund may fluctuate, and you could lose money.

Foreign Investing Risk. Investments in foreign markets or foreign companies may be achieved through investments in securities of foreign issuers; ETFs or mutual funds that hold securities of foreign issuers; or ADRs, which are receipts typically issued by a U.S. bank or trust company evidencing ownership of the underlying securities of a foreign company. Investments in foreign markets or foreign companies carry a number of economic, financial and political considerations that are not associated with the U.S. markets and that could unfavorably affect your account's performance. Among those risks are greater price volatility; weak supervision and regulation of securities exchanges, brokers and issuers; higher brokerage costs; fluctuations in foreign currency exchange rates and related conversion costs; adverse tax consequences; and settlement delays.

Margin Risk. Our Financial Advisors provide information and education regarding the availability of margin loans. However, you decide whether to borrow money from us and you decide when and how to pay back any loans. There are certain risks and conflicts of interest that arise when we make margin loans in our role as lender and broker-dealer rather than investment adviser, including (i) the interest rate charged in connection with your loan may be higher than those charged by other lenders and is in addition to the Program Fee; (ii) we may require additional collateral if there is a decline in the market value of the securities that secure your margin loan; (iii) we can sell any securities in your account to satisfy a margin call without notice to you; (iv) we may be required to liquidate securities we would otherwise not recommend you sell, and which may not otherwise be in your best interests to sell, to satisfy a margin call; (v) you are not entitled to select which securities are liquidated to satisfy a margin call and we can sell securities that you wish to retain or that have a low tax basis without regard to your wishes or any adverse tax consequences of a sale; (vi) depending on market conditions, the prices obtained for the securities may be less than favorable and may be less than the value that we or you believe the securities are worth; (vii) the timing of securities sales in connection with a margin call will be different than if those securities were not used as collateral in connection with a margin loan, and may negatively impact the performance of your account and interrupt your investment strategy; (viii) a situation could arise where the value of your account is zero and you still owe money on a loan; and (ix) with respect to the margin loan and collateral, we will act in the capacity of a lender and may take the actions described above, which may be in conflict with your best interest and our role as an investment adviser to your Financial Advisor Managed Solution account. Any action taken by us against the securities in your Financial Advisor Managed Solution account pursuant to the use of margin will not constitute a breach of our fiduciary duties as an investment adviser.

Cybersecurity Risk. The computer systems, networks and devices used by Edward Jones and our service providers employ a variety of protections designed to protect against damage or interruption from computer viruses, network and computer failures and cyber-attacks. Despite such protections, systems, networks and devices potentially can be breached. Cyber-attacks include, but are not limited to, gaining unauthorized access to digital systems for purposes of corrupting data or causing operational disruption, as well as denial-of-service attacks on websites. Cyber incidents may cause disruptions and impact business operations, potentially resulting in financial losses, the inability of Edward Jones or service providers to trade, violations of privacy and other laws, regulatory fines, reputational damage, reimbursement costs and additional compliance costs, as well as the inadvertent release of confidential information.

Economic Conditions Risk. Economic, political and financial trends and developments may, from time to time, result in periods of volatility or other potentially adverse effects that could negatively impact your account. Domestic and international markets, including sectors and companies within those markets, may respond in significant and unforeseen ways to matters such as public health issues, geopolitical events, natural disasters and social unrest. Those matters, as well as others not listed here, may increase the risk to your account's performance and cause losses.

Tax Considerations

Financial Advisor Managed Solutions does not provide tax efficient strategies or tax advice. Your Financial Advisor may take into account tax considerations as one factor among others when making investment and trading decisions for your account. However, Financial Advisor Managed Solutions does not provide quantitative or programmatic tax loss or gain harvesting services and will not monitor for tax consequences on an ongoing basis. You should consult with your tax advisor for tax advice, including advice on potential tax consequences.

Voting Client Securities

As a registered investment adviser, Edward Jones may vote proxies for clients in accordance with applicable law and has a fiduciary duty to vote those proxies in a timely manner and in our clients' best interests, even if our clients' best interest is in conflict with our interests. Edward Jones votes proxies for all Financial Advisor Managed Solutions accounts unless the client specifically retains the right to vote proxies. If you transfer Ineligible Investments to open or fund an Financial Advisor Managed Solutions account, Edward Jones may also vote proxies for those securities if the date of record occurs before the securities are liquidated. When you invest in Financial Advisor Managed Solutions, you delegate the right to vote on these securities to Edward Jones and cannot direct or recommend how we will vote. By delegating proxy authority, you also authorize us to receive all proxy-related materials, annual and semi-annual reports, and other shareholder materials, including corporate actions, arising from any Eligible Investments or other securities in the account.

Edward Jones has hired an independent third-party proxy voting service to assist us in evaluating and voting proxies in a way that

follows our adopted policies and guidelines. We have established policies and procedures that are intended to ensure that proxies are voted in a manner that is consistent with our clients' best interest. You can receive a copy of proxy-related materials, Edward Jones' proxy voting policy and procedures, voting guidelines and/or proxy voting record by submitting a written request to: Edward Jones, Attention: Investment Advisory, 12555 Manchester Road, St. Louis, MO 63131.

If you want to retain your right to vote proxies, you must inform Edward Jones that we are not to vote on your behalf. Those clients who wish to retain their right to vote proxies will then continue to receive all materials and notices from Edward Jones or the applicable mutual fund company or issuer and will be responsible for voting on the issues that the companies raise. We will not provide recommendations or advice on how to vote on these issues.

Legal Notices

Edward Jones will not take any action or render any advice regarding any legal action on your behalf relating to any Eligible Investments or other assets held in your account (including shares of the Money Market Fund) that may become subject to any legal action, regulatory action, administrative action, bankruptcy, and/or class action lawsuit other than the Class Action Claim Filing service described in this brochure and the CSA. However, Edward Jones will promptly forward any such documents to you, or if you are enrolled in the Class Action Claim Filing service, Edward Jones will execute such service as described in this brochure and the CSA.

Item 7: Client Information Provided to Edward Jones

Client information provided to Edward Jones will be maintained in accordance with our privacy policies.

Over time, your financial goals and objectives may change. Accordingly, you and your Financial Advisor must perform an annual review, as set forth in Item 9B below.

Item 8: Client Contact with Edward Jones

You may contact your Edward Jones Financial Advisor during normal business hours with questions regarding your account.

Item 9: Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations.

Disciplinary Information

Edward Jones is a registered broker-dealer and investment adviser. This section contains information about certain legal and regulatory matters that Edward Jones believes are material to a client's evaluation of our advisory business or the integrity of our management. Edward Jones has also been subject to various legal and regulatory proceedings relating to our brokerage business that are disclosed in Part 1 of our Form ADV, which is available on the SEC's website at www.adviserinfo.sec.gov, as

well as on FINRA's website at www.finra.org/brokercheck.

SEC – Municipal Bond Pricing. On August 13, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement in public administrative and cease-and-desist proceedings with the SEC regarding certain of the firm's municipal securities activities. Pursuant to the settlement, the SEC alleged that Edward Jones violated Sections 17(a)(2) and (3) of the Securities Act of 1933 ("Securities Act"), Sections 15B(c)(1) and 15(b)(4)(E) of the Securities Exchange Act of 1934 ("Exchange Act"), and MSRB Rules G-17, G-11(b) and (d), G-27 and G-30(a). Edward Jones was censured and ordered to cease and desist from violating or causing any current and future violations of Sections 17(a)(2) and (3) of the Securities Act, Section 15B(c)(1) of the Exchange Act and MSRB Rules G-17, G-11, G-27 and G-30. The settlement required Edward Jones to pay \$5,194,401.37 to current and former customers of Edward Jones and to pay a civil money penalty in the amount of \$15 million. In entering into the settlement, the SEC considered remedial acts undertaken by Edward Jones related to this matter.

FINRA – Mutual Fund Sales Charge Waivers. On May 5, 2015, FINRA's Enforcement Division advised Edward Jones that it was investigating whether any violations of the federal securities laws or rules had occurred with respect to mutual fund purchases and sales charge waivers for certain retirement plan and charitable organization accounts. Prior to being advised of the investigation, Edward Jones had commenced a review of this issue and self-reported to FINRA. On October 26, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA to resolve this matter. Pursuant to the settlement, Edward Jones agreed to provide remediation to certain customers, estimated at the time of the settlement agreement to be approximately \$13.5 million. A monetary penalty was not imposed by FINRA. In reaching the settlement, FINRA recognized the extraordinary cooperation of Edward Jones, including its self-reporting of the issue to FINRA.

FINRA – Municipal Securities Transactions Below Minimum Denominations. On June 2, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA's Department of Market Regulation in connection with its investigation of possible violations of MSRB rules regarding transactions in certain municipal securities in amounts lower than the applicable minimum denominations. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$210,000.

FINRA – Supervision of Tools-Generated Reports. On July 13, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA in connection with its investigation of the supervision of the use and dissemination of reports generated through Edward Jones' systems by Financial Advisors. FINRA expressly stated that its review of 65,000 reports did not reveal any instances of reports that were misleading. FINRA also stated that Edward Jones had made changes to enhance its supervisory processes. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$725,000.

FINRA – Call Detail Records Production and Preservation. On December 13, 2022, Edward Jones entered into a settlement agreement with FINRA without admitting or denying the findings therein. FINRA alleged Edward Jones violated FINRA Rules 8210(a)(1) and 2010 by (1) failing to timely, completely, and accurately respond to certain FINRA requests for call detail records that are not required broker-dealer books and records and (2) failing to preserve certain responsive call detail records during the pendency of regulatory requests. Edward Jones was censured, agreed to certify that it has established and implemented policies, procedures, processes and internal controls reasonably designed to address and remediate the issues identified by FINRA in the settlement, and agreed to pay a monetary fine of \$1.1 million.

State of Pennsylvania – Investment Adviser Registration. On January 12, 2024, Edward Jones and the Pennsylvania Department of Banking and Securities entered into a Consent Order. The Department alleged that from in or about January 2015 through the present, Edward Jones failed to register at least one employee as an investment adviser representative in Pennsylvania in violation of Section 301(c.1)(1)(ii) of the Pennsylvania Securities Act of 1972 ("the 1972 Act"), 70 P.S. § 1-301(c.1)(1)(ii). Without admitting or denying the findings in the Order, Edward Jones agreed to pay a monetary fine of \$300,000 and to comply with the relevant provision of the 1972 Act.

Other Financial Industry Activities and Affiliations

You should be aware that Edward Jones, our affiliates and our Financial Advisors perform services for you and other clients outside of Financial Advisor Managed Solutions, including the execution of brokerage transactions (e.g., the purchase or sale of securities or insurance products), research, the retail distribution of securities (e.g., mutual funds), the participation in principal transactions and certain underwritings and other investment advisory services. Edward Jones and our affiliates receive compensation, including fees and commissions, associated with these services. We have a financial interest in our clients' transactions and the recommendations we make to clients to buy or sell securities or investment products.

A conflict of interest exists where Edward Jones has an existing business relationship with the mutual fund families that are available as Eligible Investments through Financial Advisor Managed Solution. Edward Jones receives revenue sharing payments from certain unaffiliated mutual fund families on client assets held outside of Edward Jones' advisory programs. "Revenue sharing" generally means a mutual fund family shares with another company, like Edward Jones, a portion of the revenue it earns through managing mutual fund assets. Edward Jones' receipt of revenue sharing outside of advisory programs creates a conflict of interest in the form of additional financial benefits to us, our Financial Advisors and equity owners. We believe that this conflict of interest is mitigated through internal policies designed to prevent Edward Jones, in our capacity as investment adviser, and any affiliated investment adviser, from considering revenue sharing from existing business relationships when selecting Eligible Investments for Financial Advisor Managed Solutions. Similarly, no affiliated investment adviser considers such business relationships

or revenue sharing in recommending to the board of trustees of any affiliated mutual fund that a sub-adviser be selected to manage the affiliated mutual funds.

For more information regarding revenue sharing, please visit www.edwardjones.com/disclosures or request a revenue sharing disclosure document from your Financial Advisor. Edward Jones does not receive revenue sharing on assets held in Financial Advisor Managed Solutions accounts. Edward Jones and our Financial Advisors also receive compensation for services and recommendations that may differ from advice given to you while participating in Financial Advisor Managed Solutions.

In our capacity as a broker-dealer, Edward Jones performs research and distributes recommendations to buy, sell or hold the equity securities of asset management companies or financial institutions with asset management affiliates that manage mutual funds designated as Eligible Investments in Financial Advisor Managed Solutions. In order to preserve the independence of this process and to address any conflicts of interest, we have adopted a policy under which we do not consider our opinion on equity securities of asset management companies or financial institutions in selecting mutual funds designated as Eligible Investments in Financial Advisor Managed Solutions. Similarly, the affiliated investment adviser does not consider Edward Jones' opinion on equity securities of asset management companies or financial institutions when recommending sub-advisers to the board of trustees of an affiliated mutual fund.

The following summarizes Edward Jones' material relationships or arrangements with other entities that participate in the financial industry.

Edward Jones, the primary operating subsidiary of JFC, is dually registered with the SEC as an investment adviser and broker-dealer, and is a member of FINRA.

Olive Street, a wholly owned subsidiary of JFC, is registered as an investment adviser with the SEC and serves as the investment adviser of the affiliated mutual funds. Certain current or former associates of Edward Jones serve as officers or directors/trustees of the affiliated investment adviser and/or the affiliated mutual funds. Appendix A contains a detailed discussion of our affiliation with the affiliated mutual funds.

Edward Jones, an Ontario limited partnership (Edward Jones in Canada), an indirectly wholly owned subsidiary of JFC, is a broker-dealer registered with the Canadian Investment Regulatory Organization.

EJTC, a wholly owned subsidiary of JFC, is a federally chartered savings and loan association that offers personal trust and investment management services. EJTC also acts as custodian for certain traditional IRAs and Roth IRAs that are participating, or have participated, in Financial Advisor Managed Solutions and other Edward Jones programs. For additional information about this arrangement, please see Item 4.

Edward Jones owns directly or indirectly 100% of three insurance agencies that conduct insurance-related activities in the U.S.:

Edward Jones Insurance Agency of New Mexico, L.L.C., a New Mexico limited liability company; Edward Jones Insurance Agency of Massachusetts, L.L.C., a Massachusetts limited liability company; and Edward Jones Insurance Agency of California, L.L.C., a California limited liability company.

JFC indirectly owns 100% of two insurance agencies that conduct general insurance-related activities in Canada:

Edward Jones Insurance Agency (Quebec) Inc., a Canadian corporation; and Edward Jones Insurance Agency, an Ontario, Canada, limited partnership.

Edward Jones owns 7% of Customer Account Protection Company Holdings, Inc. (CAPCO), a captive insurance group.

JFC indirectly owns 100% of EDJ Insurance Company, Inc., a Missouri captive insurance company.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading; Review of Accounts; Client Referrals and Other Compensation; and Financial Information

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Edward Jones has established a Code of Ethics to ensure that our associates:

- Act with integrity and in an ethical manner with you and all of our clients
- Place your and all of our clients' interests first
- Conduct personal trading in compliance with our Code of Ethics, avoid potential conflicts of interest and make sure they do not abuse the faith and trust you have placed in them
- Comply with all applicable rules, regulations and laws
- Do not use any material nonpublic information they may receive as a result of their employment with Edward Jones

Some Edward Jones associates are deemed "access persons" under our Code of Ethics because they may have access to nonpublic information regarding either the securities in a client's accounts or changes to Eligible Investments, including asset allocations. Under our Code of Ethics, access persons must receive prior approval before acquiring a beneficial ownership interest in any security in an initial public offering, limited offering or hedge fund transaction. Additionally, access persons are required to submit to the chief compliance officer, or his or her delegate, a list of any securities they own and securities transactions they made for any account they control at Edward Jones or another financial institution. You may request a copy of the Edward Jones Code of Ethics from your Financial Advisor.

As a broker-dealer, there may be times when Edward Jones will buy, sell or recommend that our brokerage clients who are not participating in Financial Advisor Managed Solutions buy securities that are also Eligible Investments in Financial Advisor Managed Solutions. These brokerage activities are done in the regular course of our business as a broker-dealer and are

separate from our investment advisory services. There are times when we act as principal, which means we participate in client transactions by buying securities for our own inventory and selling those securities to our clients. To the extent conflicts arise under such transactions, Edward Jones is nevertheless obligated to execute any such transaction in the manner it believes is in the client's best interest.

You should know that Financial Advisors, Edward Jones associates (including those directly involved with Financial Advisor Managed Solutions and/or their family members are permitted to and do invest in Financial Advisor Managed Solutions. This practice could create a conflict of interest if associates placing trades for their own accounts were to place a trade before our clients and receive a better price on a security.

Edward Jones has internal supervisory reviews and procedures to review accounts held by our associates and certain family members and their personal trading practices. The reviews look for improper trading activities, including trading that may be in conflict with the best interests of a client. In addition to the Code of Ethics and the supervisory reviews, we prohibit Financial Advisors from placing trades for their personal accounts before trades for our clients in the same security. In the event a Financial Advisor's personal order fills at a better price than a client's order placed close in time, we will adjust the trade so the client receives the better price.

Review of Accounts

At the time your Financial Advisor Managed Solutions account is opened, Edward Jones' supervisory associates will review your selected Account Portfolio Objective and the funding of your account. If you have sold investments purchased at Edward Jones in order to fund the account, the holding period of those investments will be reviewed for appropriateness. Supervisory personnel may also call you directly to discuss your understanding of Financial Advisor Managed Solutions including the fees and expenses you are or will be paying.

While you are invested in Financial Advisor Managed Solutions, Edward Jones or your Financial Advisor will provide ongoing monitoring to determine whether your account moves out of alignment with the Target Ranges for your Account Portfolio Objective or with the Investment Diagnostics for your account and your Financial Advisor will make necessary adjustments to bring your account back into alignment.

In addition, you and your Financial Advisor must annually review whether there have been any changes to your financial circumstances including, but not limited to, your risk tolerance, Account Portfolio Objective and Goal Portfolio Objective (if applicable) and whether you would like to impose any reasonable investment restrictions on your account. Please see "Investment Restrictions" under Item 4 for more information on the implementation of reasonable investment restrictions.

If you decide to invest in a different Account Portfolio Objective, you must work with your Financial Advisor to select a different Account Portfolio Objective for your account and, once you have taken these actions, Edward Jones and your Financial Advisor

will be responsible for realigning your account to match your new Account Portfolio Objective as described in Item 4.

You will receive a written account statement at least quarterly (monthly in months in which activity occurs in your account) containing a description of all activity in your account during the period, including all transactions, contributions, withdrawals, fees and the value of your account at the beginning and end of the period.

Our review does not substitute for your own continued review and monitoring of your account and performance of your investments. You should review trade confirmations (as applicable), account statements and other information we provide to you. Current and timely information about your account will be available in Edward Jones' online client access system. If you have any questions, please discuss them with your Financial Advisor.

Client Referrals and Other Compensation

From time to time, Edward Jones and our Financial Advisors receive client referrals or potential client leads from third parties. Edward Jones and our Financial Advisors pay for these referrals from third parties that are not affiliated with Edward Jones. Although Edward Jones is not precluded from entering into other types of solicitor arrangements, currently, client referrals result from an individual providing information to a third-party solicitor and subsequently being matched with a Financial Advisor (and, in certain cases, financial advisors associated with financial institutions other than Edward Jones).

Edward Jones entered into a written agreement with the solicitor and pays the solicitor a fee for the referrals. Payments to the solicitor for referrals, along with any other costs associated with this arrangement, are paid entirely by Edward Jones and our Financial Advisors and are not dependent on whether a referral or lead becomes an Edward Jones client.

In addition to the solicitor arrangements disclosed above, from time to time, our Financial Advisors receive uncompensated referrals from other professionals or clients. Our Financial Advisors also may provide uncompensated referrals to other professionals. Other than in connection with Edward Jones-approved solicitor arrangements, Edward Jones policy prohibits Financial Advisors from purchasing or providing any compensation, cash or non-cash, directly or indirectly, in exchange for appointments or referrals. The purchase of lists (such as mailing or calling lists), by Edward Jones and our Financial Advisors, from third parties does not involve solicitation or referrals to Edward Jones.

Edward Jones has contracted with Broadridge Investor Communications Solutions, Inc. ("Broadridge"), an unaffiliated third-party vendor, to distribute proxies, periodic reports and voting instruction information to our clients. Pursuant to the agreement between Edward Jones and Broadridge, and in accordance with regulations, Broadridge charges the issuing company on behalf of Edward Jones for these services. Edward Jones receives from Broadridge a portion of the fees paid by the issuing company.

Certain unaffiliated mutual fund companies and/or ETF sponsors (or their investment advisers) with mutual funds and/or ETFs on the list of Eligible Investments pay certain expenses on behalf of Financial Advisors, including training and educational expenses, and in some instances make payments directly to Edward Jones to subsidize training and educational costs for Financial Advisors. These companies also participate in conferences or other marketing activities with Edward Jones and generally share in the cost of those activities. Edward Jones has not entered into any agreement with any ETF, mutual fund, or its investment adviser or its distributors or affiliates providing for payment of such expenses as a condition of inclusion on the list of Eligible Investments or the selection of a sub-adviser for affiliated mutual funds. Our Financial Advisors are not allowed to consider an advisory product partner's sponsorship of a marketing activity when choosing which Eligible Investments to suggest to you.

Financial Information

This section does not apply to Edward Jones.

Item 10: Requirements for State-Registered Advisers

This section does not apply to Edward Jones.

Appendix A

Disclosures Regarding Affiliated Money Market Fund and Mutual Funds

Edward Jones Money Market Fund. Your Financial Advisor Managed Solutions account may from time to time be invested in shares of the Edward Jones Money Market Fund (the “Money Market Fund”), which is advised by Olive Street Investment Advisers, LLC (“Olive Street”), an affiliate of Edward Jones. Olive Street receives a management fee of 0.20% of average net assets of the Money Market Fund, less any fees paid to its sub-adviser.

The Money Market Fund pays a Rule 12b-1 fee of up to 0.25% of average net assets to Edward Jones for providing distribution and shareholder services to shareholders of the Money Market Fund’s Investment Shares and Retirement Shares, and an Administrative Shareholder Services Fee up to 0.15% of average net assets to Edward Jones for providing administrative services, including banking administrative services and sweep administrative services, to shareholders.

Edward Jones provides distribution services, shareholder services, administrative services, and transfer agent services to the Money Market Fund and the accounts that our clients maintain in the Money Market Fund.

For any Financial Advisor Managed Solutions account investing in the Money Market Fund, Edward Jones or an affiliate will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones or an affiliate, with respect to such account.

Please review the current summary prospectus for the Money Market Fund, which describes the investment characteristics of the Money Market Fund and the fees paid to Olive Street by the Money Market Fund. The prospectus also describes certain revenue received by Edward Jones in connection with the Money Market Fund.

Bridge Builder Mutual Funds. You may choose to invest in shares of the Bridge Builder Mutual Funds (“Bridge Builder Funds”), which are also advised by Olive Street, an affiliate of Edward Jones. Bridge Builder Funds are sub-advised by multiple sub-advisers that are unaffiliated with us. If your account invests in a Bridge Builder Fund, Olive Street charges the fund a management fee which the fund pays directly to the fund’s sub-advisers. Olive Street has entered into an agreement with each Bridge Builder Fund to waive its management fees to the extent management fees charged by Olive Street exceed the management fees the fund is required to pay a fund’s sub-advisers (i.e., as a result of its waivers, Olive Street does not receive any management fees from a fund). The waiver agreement can only be terminated as described in the fund’s registration statement.

Please review the current summary prospectus for each of the relevant Bridge Builder Funds, which describes the investment characteristics of the fund, risks of the fund, and the fees charged by Olive Street to the fund. Certain Bridge Builder Funds are only available in taxable accounts.
