## Summary of changes to your Edward Jones Advisory Solutions® Fund Models Brochure

Each year we are required to provide you a summary of material changes we have made to your Advisory Solutions Fund Models Brochure over the past 12 months. The following is a summary of those changes.

### Summary of previous Brochure changes

- On Dec. 13, 2022, Edward Jones entered into a settlement agreement with the Financial Industry Regulatory Authority (FINRA) without admitting or denying the findings therein. FINRA alleged Edward Jones violated FINRA Rules 8210(a)(1) and 2010 by (1) failing to timely, completely, and accurately respond to certain FINRA requests for call detail records that are not required broker-dealer books and records and (2) failing to preserve certain responsive call detail records during the pendency of regulatory requests. Edward Jones was censured, agreed to certify that it has established and implemented policies, procedures, processes and internal controls reasonably designed to address and remediate the issues identified by FINRA in the settlement, and agreed to pay a monetary fine of \$1.1 million.
- Beginning in August 2022, certain Advisory Solutions UMA, Guided Solutions Fund and Advisory Solutions Fund non-retirement accounts will be eligible to serve as collateral in support of securities-based loans offered by Edward Jones SBL, LLC (“Lender”), a non-bank lender affiliated with Edward Jones. The securities-based lending offering is called the Edward Jones Reserve Line of Credit (“Reserve Line”). A Reserve Line will allow clients to borrow money from the Lender and pledge assets within their eligible accounts as collateral for the loan. The availability of the Reserve Line will depend on the state in which you reside and eligibility guidelines; therefore, not all clients will be eligible for the loan. The Reserve Line will be governed by the Edward Jones Reserve Line of Credit Agreement (“Reserve Line Agreement”). Please refer to the Reserve Line Agreement for the terms and conditions of the loan.
- We are introducing, on a limited basis, personalized Research Models as a new, optional approach to investing in Advisory Solutions Fund. In a personalized Research Model, Edward Jones considers factors unique to each client’s situation — things like existing assets, potential capital gains and losses, and the characteristics of the overall portfolio — to create a recommended portfolio. Compared to defined Research Models and Custom Models, a personalized Research Model also considers a broader list of investments for potential inclusion in a recommended portfolio.
